Variable-speed for ultra-quiet performance.

coils for customized performance.

Westinghouse MB7VM Air Handler with Variable Speed

This variable-speed modular air handler can be paired with our C7 coils for customized performance.

Westinghouse B6BMMX Air Handler

Reliable cooling when paired with our air conditioners or heat pumps and includes a Micro-Channel coil.

Westinghouse B6EMMX Air Handler

Reliable cooling when paired with our air conditioner or heat pump. Features Anteater MC technology.

Westinghouse MB7BM Air Handler

This modular air handler can be paired with our C7 coils for customized performance.

Westinghouse B6BMMO Air Handler

Reliable cooling when paired with our air conditioner or heat pump. Features Anteater MC technology.

Westinghouse C7BAMO Indoor Evaporator Coil

A coil sits on top of your furnace to complete your central cooling system.

Westinghouse C7BHMO Indoor Evaporator Coil

A coil sits on top of your furnace to complete your central cooling system.

Westinghouse C7BHMX Indoor Evaporator Coil

A coil sits on top of your furnace to complete your central cooling system.

Westinghouse IQ Drive® Evaporator Coil with Anteater™ Technology

Cased coil made especially for ultra-high-efficiency iQ Drive

Westinghouse C6BH-X Indoor Evaporator Coil, Cased, with Anteater™ Technology

Lessen the chance of experiencing formicary corrosion

Westinghouse B6BW Wall-Mount Air Handler

Reliable cooling for apartments and condos.

Westinghouse B6EW Wall-Mount Air Handler

Reliable cooling for apartments and condos.

systems with additional formicary corrosion protection.

with the C6BH coil. Complete your central cooling system with a coil.

Westinghouse C6BA Cased Indoor Evaporator Coil with Anteater™ Technology

This coil includes innovative Anteater™ technology for increased corrosion resistance. This is the interior portion of your central cooling system.

Furnaces

Westinghouse gas furnaces fulfill your home heating possibilities.

Westinghouse units contain industry-leading technology designed to ensure that homeowners are receiving the best heating unit: like SmartLife® technology. The SmartLife technology system is geared at extending the life of the ignitor in the furnace. The ignitor is able to learn the unique startup characteristics of the specific heating unit and turn on at just the right time, increasing the lifespan of the ignitor.

Not to mention, all Westinghouse gas furnaces meet high quality and reliability standards backed by numerous factory checks – each unit is checked 234 times – and a 10-year long parts warranty.

Explore the other benefits that come with choosing a Westinghouse gas or oil furnace by choosing from the filters to the left. Or, get efficiency tips and helpful advice from the Westinghouse furnace expert located in your area.

Westinghouse iQ Drive® 97% AFUE Modulating Gas Furnace

Our premier furnace. The most efficient, quietest one we offer.

Westinghouse FG7TC, FG7TL 95.1% AFUE Two-Stage Gas Furnace

Extra-high 95% efficiency and very quiet operation in a two-stage, fixed-speed model.

Westinghouse FG7TC FG7TL 95.1% AFUE Two-Stage Variable-Speed Gas Furnace

Exceptional energy efficiency, comfort and quiet with two-stage, variable-speed technology.

Westinghouse FG7SD, FG7SM 95% AFUE Gas Furnace

Extra-high efficiency 95% AFUE heating in a single-stage, fixed-speed model.

Westinghouse FG7SC, FG7SL 92.1% AFUE Gas Furnace

Westinghouse FG7SA, FG7SK 80% AFUE Gas Furnace

Westinghouse FG7TA, FG7TK 80% AFUE Two-Stage Fixed-Speed Gas Furnace

Westinghouse FG7TA, FG7TK 80% AFUE Two-Stage Variable-Speed Gas Furnace

Upflow

Compatible Accessory Feature

High-efficiency 92.1% AFUE heating in a single-stage, fixed-speed model.

Efficient 80% AFUE heating in a single-stage, fixed-speed model.

Efficient 80% AFUE heating and improved home comfort with two-stage technology.

80% efficiency and exceptional comfort and quiet with two-stage, variable-speed technology.

Westinghouse 20 SEER, 81% AFUE iQ Drive® Gas/Electric Packaged Unit
