Goodfellas Pipe Tobacco

Goodfellas House Blends	Dunhill	Erinmore
Mac Baren	McClelland	Brigham
Peterson	Rattray	Robert McConnell
Samuel Gawith	Solani	Vincenzo

Pipe Tobacco List:

Goodfellas House Tobacco Blends

The Balkan - This tobacco is a perfect example of the classic Balkan-style blend. The Balkan is richly spiced with oriental tobaccos and produces a spicy and exotic fragrance when smoked. This blend is seasoned with just the right amount of Latakia to insure a soft burn and mellow flavour.

Black And Tan – This tobacco was based on a popular Danish formula which utilized Virginia and Green River Black Cavendish to spectacular effect. The room note produced by this blend is redolent with the scent of hickory and vanilla; something which all those around the smoker will find pleasing. This mild and mellow mixture has been a favoured smoke for generations of pipe enthusiasts.

Chambord - This is an elegant aromatic with the fragrance and flavor of the liquor which shares its name. The tobacco is soft, light bodied, and subtly flavored. It is a mixture of Virginia and black cavendish tobaccos and remains delicious to the last puff.

Cherry Bomb – Cherry Bomb is a balanced blend of lemon Virginias and Black Cavendish. This blend is made up of 3 different types of Cherry infused tobaccos that will fill the smoker's surroundings with the delicious aroma of cherries.

Columbian Mocha – This is a smooth mixture of Black Cavendish and Virginia tobaccos; tastes and smells of dark chocolate and mellow Columbian coffee beans.

Goodfellas D-965 -This blend is based on the Dunhill classic My Mixture 965. The mixture is composed of Latakia, Virginia, Macedonian & naturally sweet Cavendish tobaccos. Goodfellas D-965 provides a strong, smooth, & mellow smoke which can be enjoyed throughout the day.

East Carolina Ribbon - Mild, bright Virginia's with a just a subtle note of citrus flavour make this tobacco great for a light pipe bowl; brightening up a dark blend; or high quality roll your own.

Golden Virginia – This is a classic flue-cured Virginia tobacco in a fully rubbed-out form. It is ideal for blending with other tobaccos or as a mild, sweet smoke in its own right.

Latakia – This is a traditional Cyprian Latakia. It is ideal for blending with other tobaccos to add a smooth, smoky flavor and dramatic incense-like room note

Luxury Flake – This is a classic Virginia flake tobacco. The pressed flakes produce a sweet, slow-burning smoke with a subtle and fragrant room-note.

Made Man - This is a medium mixture made for everyday smoking. A

Fade Out - This is a medium mixture made for everyday smoking. A generous helping of Latakia ensures that the smoker will enjoy a cool, smokey flavour. The smokiness is balanced by the sweetness of red and yellow Virginias and the spice of top grade Basma leaf from the Middle-East. A classic English mixture.

Midnight Run - Midnight Run is a Sweet and cool-burning black cavendish. Burns remarkably cool and soft for an aromatic tobacco; leaves behind a dry grey ash.

Red Cake Virginia -This tobacco is a classic fully-rubbed version of an English style soft smoking red Virginia cake. A sweet & sophisticated exceptionally soft matured cake with depth.

Saturday Night – Saturday Night tastes and smells of chocolate, coconut, and vanilla. An excellent tobacco for the smoker who prefers classic American Cavendish blends like Captain Black.

Sunday Morning – This tobacco is a crossover blend between English and aromatic style pipe tobaccos. Sunday Morning contains a small portion of Cyprian Latakia which is balanced out with a significant amount of lightly aromatic tobaccos.

Sweet Sunny Virginia - A smooth, light to medium-bodied semi-fine cut Virginia mixture. The orange and yellow Virginia grades which make up the bulk of this mixture are mellow, smooth, and produce a wonderful room aroma. Notes of subtle sweetness and dried fruit aroma make for a great light pipe smoke or while rolling your own.

Tubman - A traditional all-burley blend. Tubman smokes soft and bite-free and is a great choice for the smoker who favours classic American burley blends such as Prince Albert or Carter Hall.

Wise Guy – Wise Guy is Goodfellas' best-selling aromatic blend. This tobacco is mild and mellow in both flavour and aroma; it burns to a dry ash and does not tend to 'ghost' a pipe with its flavour as some aromatic tobaccos are known to do.

Fragrant Matured Cake -A mildly sweet & fragrant aromatic broken flake composed of some dark & light Virginias. It has pleasant noticeable notes of chocolate & creme with a slow & easy burn.

Dunhill Early Morning - This blend consists of a mixture of sweet burning Oriental tobaccos and bright and red Virginia leaves. The mixture is then pressed and lightly heated. To further enhance the blend, a touch of medium-fired Latakia tobacco is added. It is ideal for the 'first pipe' arousing the palate for the further pleasures of the day.

Dunhill My Mixture 965 - For the connoisseurs of full-bodied tobacco. Choicest small Latakia impart a rich nutty flavor and coolness. Macedonia Bright is added for sweetness. The Brown Cavendish completes the blend that all confirmed pipe smokers love.

Dunhill Night Cap - It is a richer, more thoughtful mixture for the evening. A subtle blending of the best American leaf with Latakia and small leafed Turkish tobacco; it is then matured by our blenders and specially processed for a slow, lasting smoke. Just prior to packing, costly Perique tobacco is added to enhance the bouquet.

Dunhill Durbar - A high portion of mature dark as well as yellow Virginias combined with Latakia and Oriental leaf. Wonderful balance, mild in flavour with floral and subtly smoky notes. The Oriental & Turkish flavours are in the forefront with the Latakia and Virginia supporting nicely in the background.

Reference with the Latakia and Virginia supporting nicely in the background. Medium in strength and an excellent cool smoke.

Dunhill Royal Yacht -Truly a luxurious tobacco. Virginias are carefully conditioned to insure sweetness. They are added to rich, heavier and cooler Virginias. A unique flavor is added to the final blend to enhance the subtle and piquant aroma.

Dunhill Standard Mixture - A balanced blend of Virginia and Turkish Tobaccos with some Latakia that creates a fine rich flavour. Spicy notes from the Latakia are complimented by a subtle sweetness from the Virginia alongside woody and tart elements. Leaning towards full without being overbearing, this an excellently balanced english blend. Cool smoking with no bite.

Dunhill Flake - A pure virginia flake that has pronounced earthy notes with underlying hints of citrus, nuttyness and cocoa. A very satisfying Virginia offering that is representative of 'Sweet' virginias. A ton of natural flavour, deep, rich and satisfyingly smooth.

Erinmore Mixture - The characteristics of three different blends can be discerned in the final blend. The first contains orange and mahogany-coloured flue-cured tobaccos which are mixed with light aromatic Burley leaves. This first blend is probably treated separately from the later blends to enhance the natural sweetness of the tobaccos. The second blend is probably a mixture of dark brown tobaccos, which are cooked in steam-heated presses, turning the tobacco black. The final blend contains bright lemon leaves to smooth and lighten the overall character of the product.

Erinmore Flake- This is pipe tobacco made the old fashioned way. The blend is matured in giant steel presses under heat and pressure for three days and then cut into flakes or slices. It is full of good, rich flavor and distinctive aroma. Erinmore Flake is a full bodied pipe tobacco, yet cool and smooth smoking.

Mac Baren Golden Extra - A Ready-Rubbed tobacco made from carefully blended, cask mellowed Burley tobaccos with just a touch of golden virgina. A very pleasent near-straight tobacco flavour with some slightly sweet undertones and very subtle notes of chocolate. Burns smooth with no bite. Excellent choice for Burley lovers and as an all-day option.

Mac Baren Mixture - A mild and lightly aromatic Scottish Blend, manufactured from ready rubbed, matured Virginia tobaccos and golden brown Burley grades, Cavendish and loose, ripe Virginia. Mixture is a very popular blend with a remarkable complexity. Sweet notes of chocolate, nuttiness, caramel and cocoa while a mysterious spice shows itself occasionally in the background. Best if smoked slowly with care and packed loose to avoid unforgiving tongue bite.

Mac Baren Virginia No.1 - It contains a selection of choice Virginia tobaccos that create a mild and sweet smoke. Fruity cherry notes combine with honey flavouring that envelope your palette. A light cake is present in this mild blend that has an excellent room note. Best if smoked slowly with care and packed loose to avoid unforgiving tongue bite.

McClelland Virginia #22 - A balanced blend of Eastern and Middle Belt Virginias aged in cakes to develop their natural sweetness. A zesty tobacco with rich undertones, coarse enough to smoke on windy days outdoors yet easily rubbed out to suit any occasion.

McClelland Virginia #25 - A balanced mixture of our smoothest and most refined red and black aged Virginia cake tobaccos in a fully-rubbed form. Ideal after dinner when a rich, satisfying flavor is most desired.

McClelland Navy Cavendish - With this tobacco we reintroduce the smoker to the traditional Navy Cavendish, pressed in cakes and aged naturally with dark Jamaican rum to achieve its rich depth of flavor, color and aroma.

McClelland Mixture #6 - A balanced, old-style medium mixture, its robust flavor is due to liberal use of Middle and Eastern Belt orange Virginias. This is an invigorating all-day or outdoor tobacco, both satisfying and refreshing

McClelland Mixture #12 - Rich and full-flavored, this tobacco is especially appealing in the evening. Still, spiced gently enough with Latakia and Turkish leaf to be a superb occasional tobacco for the individual who normally prefers lighter mixtures and Matured Virginias

McClelland Mixture #14 - Dark with Latakia and black Virginias, deeply seasoned with Orientals, this is the classic Full Scottish Mixture.

McClelland Dark Star – A mahogany-colored flake, hard-pressed and then stoved; it has a rich, deep taste that is completely natural and is derived from the interplay of flavor in the different Virginia leaves of the base blend. Dark Star is cool and sweet, with brandy cask overtones, and is rich enough to substitute for an after-dinner cigar.

McClelland St. James Woods - Dark with Latakia and black Virginias, deeply seasoned with Orientals, this is the classic Full Scottish Mixture

McClelland Bombay Extra – This is a rich, full Oriental Mixture, perfect after dinner. We begin with Bombay Court and enrich it with mellow, red Virginias, a touch of Perique and added Latakia. The end result is a satisfying tobacco, which provides a naturally fragrant evening smoke.

McClelland Frog Morton – An exceptionally dark, rich and full Latakia mixture designed for those who desire a really satisfying Latakia flavor but want a tobacco soft enough to smoke all day

McClelland Frog Morton on the Town – Frog Morton formulated this exceptionally mellow blend, fragrant with Basma, smoky and rich with Latakia, for his evenings at the opera. This is an elegant companion to the original Frog Morton, our very popular, soft, full Latakia Blend.

McClelland Frog Morton on the Bayou – An exceptionally dark, rich and full Latakia mixture designed for those who desire a really satisfying Latakia flavor but want a tobacco soft enough to smoke all day.

McClelland Rose Of Latakia – A complex, delicate, fragrant blend. Only the most precious, most flavorful leaves are called Rose of Latakia. This tobacco makes a wonderful morning smoke.

McClelland Syrian Full Balkan – This tobacco is mild, cool-smoking, and rich; flavors the smoker with the rich, cool flavor of Syrian Latakia.

McClelland Syrian Super Balkan – This tobacco is mellow, fragrant, and lavishly flavorful from start to finish; Seasoned with the finest Louisiana Perique.

McClelland Black Shag – Sherlock Holmes kept it in the toe of a Persian

McClelland Black Shag – Sherlock Holmes kept it in the toe of a Persian slipper nailed to the mantelpiece. It was dry and strong. Kept at what we today have deduced to be proper smoking moisture and smoked gently, this excellent stoved shag will provide hours of smoking pleasure. Smoke at once, if convenient. Examine the ash carefully.

McClelland Arcadia – It was Dr. Watson's favorite smoke (you know the friend of some guy named Sherlock Holmes). It is a legendary blend said to be the inspiration of a nobleman. Clubs were formed by men devoted to it. Arcadia was said to be of such interesting and absorbing character that it could make the shiest of men a passing conversationalist and could quiet the most offensively talkative (wouldn't that be nice). McClelland Tobacco has enjoyed the challenge of deducing the formula of this singularly celebrated mixture, and we hope you will enjoy the fruit of our effort.

McClelland Honeydew – The sweet, fragrant Honeydew was all gone by the time Susan Cushing offered the container to Sherlock Holmes, but he was undoubtedly familiar with this fine Irish Flake's gratifying flavor, pleasing aroma and gentleness on the palate.

Brigham Anniversary King St. – Virginia, Kentucky and Cavendish tobaccos hand-blended with Latakia - a classic lightly spiced English mixture. Medium strength with the Virginia's and Latakia competing for dominance in the mixture.

Brigham Anniversary Ripley Ave. – Choice Brown and Black Cavendish with a sprinkling of Bright Virginias combine for a wonderfully aromatic Vanilla-Rum mixture. Not overly-cased, a palpable rum flavour is out front with vanilla undertones. Best to gently smoke this blend to maintain no tongue bite.

Peterson Balkan Delight - A traditional mixture comprising of the finest of Virginia tobaccos plus a hint of Louisiana Perique and a generous portion of Cyprus Latakia. Not a typical Balkan by any standard, especially with no Oriental tobacco involved, but it offers some great flavours, with the peppery Perique being most dominant accompanied by smoky notes from the Latakia and sweet undertones.

Peterson Conoisseur's Choice - A satisfying, spicy and aromatic blend of

Peterson Conoisseur's Choice - A satisfying, spicy and aromatic blend of satisfaction to smokers for over a century. Each component works together to create notes of smokiness, hay, leather and dried fruits.

Samuel Gawith Balkan Flake - A beautifully formed dark flake of pressed Virginias and a generous helping of Latakia. Relax and enjoy this medium strength tobacco with its "smokey" flavour and cool smoking, smooth characteristics. The heavy dose of Latakia is tapered with a sweetness in the background. A truly divine flavour: rich, creamy, spicy and just a touch sweet.

Samuel Gawith Best Brown Flake - Medium strength, gentle and slow burning tobacco. Manufactured using hand-stripped flue cured Virginias with no flavours added, Best Brown will reward with a cool, sweet smoke with a delectable aroma and good sidestream. Pure unalduterated tobacco flavour, that remains consistent and satisfying.

Samuel Gawith Full Virginia Flake – A pure pressed Virginia. Created in the heart of Lakeland, the hot-pressed blended Virginias take on a delicious and distinctive dark colour that creates a pipe smokers dream. Delivers a pure, slightly sweet earthy Virginia taste with a touch of pepper and spice. Considered one of the all time great tobaccos and is a "must have" for all Virginia lovers.

Samuel Gawith Grousemoor - This 200 year old blend is comprised of hand-stripped flue-cured Zimbabwe leaf, steamed to a Golden color then stoved into a unique melange of flavors. Initially it may come off as foreign and hard to digest but given time, this tobacco grows and then becomes loved by many a pipe smoker, with its distinct 'lemon-grass' aroma and flavour. It strikes a delicate balance of floral, fruity and herbal in each puff. An aromatic like no other.

Samuel Gawith Squadron Leader - Bright and Dark Virginias blended together with Latakia and Turkish leaf to make this a cool medium bodied smoke. Excellent delicate English blend: smokiness but dominated by Latakia; mild Virginia sweetness but not sugary; good amounts of Oriental spice without acridness; a subtle floral aspect but not parfumy in any way. A refined taste for those with the patience to discover the ebbs and flows and nuances of an expertly blended English variety.

Solani Aged Burley Flake – This is a traditional tobacco derived from a recipe more than 100 years old. It provides a rich, smooth taste to the smoker; slow and cool burning, this also delivers quite the kick. It is a great tobacco to smoke outside on a cold, snowy day but its strength makes it recommended for experienced pipe smokers only

Solani Blue Label - Blend 369; hand selected bright and red Virginias, some burley and mild Black Cavendish sweetened with Perique makes this blend a favorite for a mild and natural sweet smoke. Wild Cut.

Solani English Luxury Mixture - Blend 779; a sophisticated English blend with an extraordinary mixture of red, ripe Virginia, fine oriental tobaccos and Syrian Latakia. This very mild blend will appeal to both Latakia lover and those who prefer a real, natural taste. Crimp cut.

Solani Green Label - Blend 127; broad bright and very ripe red Virginias and double fermented Black Cavendish produce a wonderful natural sweetness, while a touch of apple flavour gives this blend a fresh character. Wild cut.

Solani Red Label - Blend 131; a mild blend of superior Black Cavendish, Burley and old belt Virginias cased with the finest Scotch Whiskey. A pleasant all day smoke with a wonderfully sweet aroma
Solani Virginia Flake - Blend 663; a classic flake with selected bright Virginias sweetened with Louisiana Perique. This cool, slow burning blend has a natural sweetness and a wonderful room aroma. Flake cut.

Solani Sweet Mystery X - Blend 113; a pure Virginia blend with double fermented Black Cavendish a pinch of black current. This tobacco with Bacardi and coco cream added to achieve a sweet taste and wonderful room aroma. Mix of wild cut, cube and broken flake.

Solani Virginia Flake - Blend 663; a classic flake with selected bright Virginias sweetened with Louisiana Perique. This cool, slow burning blend has a natural sweetness and a wonderful room aroma. Flake cut.

Solani White and Black - Blend 763; a black English flake comprised of dark Virginia, Black Cavendish and Syrian Latakia. Ready rubbed.

Vincenzo Black - Smooth black cavendish blended with orange and bright Virginias. Flavours of vanilla and coffee provide a smooth and sweet smoke.

Vincenzo Red - Virginia tobacco and black cavendish blend. The flavour of berries permeates this blend and provides a fantastic room aroma.

Vincenzo Silver - A blend of cavendish, Virginia, and Burley tobaccos cut in various widths to ensure an even burn. Medium-strength and scented with vanilla and almonds to provide a sweet taste and glorious room note.

Goodfellas Traditional Snuff

Nasal Snuff

McChrystal's of Leicester | Samuel Gawith

Wilson's of Sharrow

Nasal Snuff

Snuff is a powdered form of tobacco that is taken by sniffing it through the nose. A very traditional and early European way of enjoying tobacco. They can be a very fine powder or slightly chunkier and also either very dry or slightly moist. The tobacco leaves are ground from their original state and flavoured in various ways, quite often with different menthol varieties.

McChrystal's Original and Genuine (21 g)

Ground using only the finest tobacco available before being enhanced with a highly secret mentholated recipe with the addition of Eucalyptus that has remained un-changed for over 80 years. The Medium Grind and Moisture is enjoyable by the less experienced yet gives enough kick for an all-day snuff.

Medium/Fine Grind - Medium Moisture - Brown Colour

McChrystal's Apricot (21 g)

A fine non-mentholated aromatic snuff. Apricot is front and center here with a very pleasent aroma and sweetness. Great if you're looking for a break from the many menthol snuffs. Relatively mild in terms of nicotine content.

Fine Grind - Medium Moisture

McChrystal's Anisette (21 g)

A nice pure Anisette flavour with just a touch of menthol to round it out. Complimented by a sweet sugary smell. Perfect for lovers of licorice. A somewhat fine grind makes it more suited for more experienced snuffers. Medium level of nicotine.

Fine Grind - Light Moisture - Brown Colour

McChrystal's Clove (21 g)

A very spicy snuff that will cause some burn during use. Once used, the clove smell becomes front and center, much like clove cigarettes. Medium to high nicotine level. Non-mentholated.

Medium Grind - Medium Moisture

McChrystal's English Menthol (21 g)

The classic menthol flavor rises to the top without overwhelming in this popular medicated snuff. Very subtle citrus and tobacco scents emerge as the menthol fades. Medium nicotine content.

Fine Grind - Low Moisture - Brown Colour
McChrystal's Highland Ice (21 g)

McChrystals signature tobacco base, which is comparable to the Original and Genuine with a heavier dose of menthol, which has been balanced with the addition of Camphor and Eucalyptus oils, which takes the edge of the menthol sting whilst remaining a very refreshing flavoursome snuff.

Fine Grind - Medium Moisture - Brown Colour
McChrystal's Hops (21 g)

Similar to an SP style snuff, but with excellent hoppy citrus notes underlying it all to make for a great mixture. A very subtle skunky aroma (from the hops) is complimented by semblances of a delicious citrus ale. Medium nicotine level.

Fine Grind - Low Moisture
McChrystal's Mild Lemon (21 g)

This snuff takes the subtle citrus flavour found in many others, and puts it in the forefront. This holds a pick me up attitude. Mild to medium nicotine content.

Fine Grind - Light Moisture
McChrystal's Super Mint (21 g)

A heavy dose of monit flavour and scent carries this snuff until subtle tobacco notes come through. More of a natural mint flavour than a menthol flavour. Medium nicotine level. Easy to use.

Fine Grind - Medium Moisture - Brown Colour
McChrystal's Raspberry (21 g)

As the name implies, raspberry is center stage in this mix. Not artificial tasting, with very little mentholated, you can enjoy the sweet natural flavour of raspberry without much complication. Medium nicotine.

Fine Grind - Low Moisture
McChrystal's SP (21 g)

McChrystals signature tobacco base, which has been enhanced with a discreet Bergamot flavouring for a true classic English SP. The McChrystals SP is not ideal for the amateur snuff user but makes an ideal entry SP for the moderate user wishing to move away from heavy scented snuffs

Medium/Fine Grind - Medium/Dry Moisture - Golden Brown Colour
Samuel Gawith Apricot (25g)

A nice Apricot flavour and scent is complimented by subtle notes of menthol. Great for beginners with low nicotine content and lower burn. Many a snuffers favourite.

Fine Grind - Medium Moisture - Brown Colour
Samuel Gawith Snuff Black Coffee (25g)

A nice pipe tobacco base supports a strong coffee scent with this heavier snuff. Tastes of Irish Coffee during use with a medium nicotine level.
