In the Matter of Application Serial No. 75/394,241 Published September 15, 1998	
UNOPCO SUB, INC. and CONOPCO, INC., dba ELIZABETH ARDEN CO. Opposers, v. THE WET SEAL, INC. Applicant.	Opposition No. 112,906

NOTICE OF OPPOSITION

Opposers Unopco Sub, Inc., a corporation organized and existing under the laws of the State of Delaware, with its address at 501 Silverside Road, Wilmington, Delaware 19809, and Conopco, Inc. dba Elizabeth Arden Co., a corporation organized and existing under the laws of the State of New York, with offices located at 1345 Avenue of the Americas, New York, New York 10105 (hereinafter referred to collectively as Opposers), hereby oppose registration of the mark ARDEN B. that is the subject of application Serial No. 75/394,241 published in the Official Gazette of September 15, 1998, and request that registration to Applicant be refused.

As grounds for opposition, it is alleged that:

1. Opposer Unopco Sub, Inc. and its exclusive licensee Conopco, Inc. dba Elizabeth Arden Co., by themselves and through their licensees, for many years and since long prior to any date of first use upon which Applicant can rely, have adopted and used the trademark ELIZABETH ARDEN and variants thereof (hereinafter referred to as the Arden Marks), for a variety of products and services, including cosmetics, fragrances, skin and hair care products, eyeglass frames, as well as spa and retail store services.

2. Opposer Unopco Sub, Inc. is the owner of the following trademark registrations for the Arden Marks issued by the United States Patent and Trademark Office:

> ELIZABETH ARDEN, No. 1,073,947 for eyeglass frames, dated September 27, 1977;
>
> ELIZABETH ARDEN, No. 1,656,519 for luggage and umbrellas, dated September 10, 1991;
>
> ELIZABETH ARDEN, No. 1,835,108 for cosmetic bags containing eau de toilette, body lotion, bath and shower gel, sold together as a unit, dated May 10, 1994;
>
> ELIZABETH ARDEN, No. 1,775,644 for home fragrance products, namely, scent sachets and potpourri, and scented candles, dated June 8, 1993;
>
> ELIZABETH ARDEN, No. 1,579,710 for toilet lotions; skin creams; perfumes; face, dusting and talcum powders; make-up

foundations; nail preparations; oils, creams and ointments for the alleviation and prevention of sun burn; sachets in powdered form; rouge; lip pencils, salve; eyebrow pencils; eye shadow; mascara; ointments; shampoos; bath salts and oils; depilatories; and deodorants, dated May 8, 1990;

ELIZABETH ARDEN, No. 1,594,803 for toilet lotions; skin creams; perfumes; face, dusting and talcum powders; make-up foundations; nail preparations; oils, creams and ointments for the alleviation and prevention of sun burn; sachets in powdered form; rouge; lip pencils, salve; eyebrow pencils; eye shadow; mascara; ointments; shampoos; bath salts and oils; depilatories; and deodorants, dated May 8, 1990;

ELIZABETH ARDEN, No. 1,577,216 for skin moisturizers, skin lotions, skin creams and perfumery, dated January 16, 1990;

ELIZABETH ARDEN, No. 545,890 for facial and bath soaps, dated July 31, 1951;

ELIZABETH ARDEN, No. 557,022 for face, body and hair make-up and care, consisting of: face treatment - namely, massages, application of cosmetics, eyelash and eyebrow dyeing, eyebrow tweezing and advice on care of skin and make-up; body massages, passive reducing treatments, hair tinting, hair dyeing, hair shampooing, manicuring, pedicuring, removal of superfluous hair, and corrective exercise and roller treatments, dated April 1, 1952;

ELIZABETH ARDEN RED DOOR, No. 1,704,044 for anti-perspirant deodorant and deodorant, bath and shower gel, body cream, dusting powder and soap, dated July 28, 1992;

ELIZABETH ARDEN 5th AVENUE, No. 2,162,507 for parfum, eau de parfum, eau de toilette, body powder, body lotion and bath and shower gel, dated June 2, 1998;

The aforementioned registrations are valid, subsisting, unrevoked and uncancelled.

3. Applicant has filed an intent-to-use application to register the mark ARDEN B. for eyewear, namely, sunglasses, in International Class 9, jewelry, namely, bracelets, rings, watches, earrings and necklaces in International Class 14, handbags, purses and backpacks in International Class 18, and hair ornaments, namely clips, holders and sticks in International Class 26. That application was filed on November 21, 1997, and was assigned Serial No. 75/394,241.

4. Upon information and belief, Applicant made no use of the mark Arden B. prior to the filing date of its application, November 21, 1997.

5. Applicant's mark so resembles Opposers' previously used and registered Arden Marks as to be likely, when applied to the goods set forth in the Applicant's application, to cause confusion, mistake or deception within the meaning of Section 2(d) of the Trademark Act.

WHEREFORE, Opposers believe they will be damaged by registration of the mark in Application Serial No. 75/394,241, and respectfully request that the registration sought by applicant be denied.

RE: Serial Number: 75/583075

FIRST ACTION

The assigned examining attorney has reviewed the referenced application and determined the following.

REFUSAL

LIKELIHOOD OF CONFUSION—Section 2(d)

The examining attorney refuses registration under Trademark Act Section 2(d), 15 U.S.C. Section 1052(d), because the applicant's mark, when used on or in connection with the identified goods, so resembles the mark in U.S. Registration No. 698,728 as to be likely to cause confusion, to cause mistake, or to deceive. TMEP section 1207. See the enclosed registration.

The examining attorney must analyze each case in two steps to determine whether there is a likelihood of confusion. First, the examining attorney must look at the marks themselves for similarities in appearance, sound, connotation and commercial impression. *In re E. I. DuPont de*

Nemours & Co., 476 F.2d 1357, 177 USPQ 563 (CCPA 1973). Second, the examining attorney must compare the goods to determine if they are related or if the activities surrounding their marketing are such that confusion as to origin is likely. *In re August Storck KG,* 218 USPQ 823 (TTAB 1983); *In re International Telephone and Telegraph Corp.*, 197 USPQ 910 (TTAB 1978); *Guardian Products Co., v. Scott Paper Co.*, 200 USPQ 738 (TTAB 1978).

In determining whether there is a likelihood of confusion, the examining attorney must consider all circumstances surrounding the sale of the goods. *Industrial Nucleonic Corp. v. Hinde Engineering Co.,* 475 F.2d 1197, 177 USPQ 386 (CCPA 1973). These circumstances include the marketing channels, the identity of the prospective purchasers and the degree of similarity between the marks and between the goods. In comparing the marks, similarity in any one of the elements of sound, appearance or meaning is sufficient to find a likelihood of confusion. If the goods of the parties differ, it is necessary to show that they are related in some manner. *In re Mack,* 197 USPQ 755 (TTAB 1977).

Applicant seeks to register the mark "Arden B" in scripted form, for cosmetics. Similarly, registrant owns the following mark "ARDEN PINK" for "nail polish, lipsticks and rouges."

Similarity of the Marks

The examining attorney must compare the marks for similarities in sound, appearance, meaning or connotation. *In re E. I. DuPont de Nemours & Co.*, 476 F.2d 1357, 177 USPQ 563 (CCPA 1973). Similarity in any one of these elements is sufficient to find a likelihood of confusion. *In re Mack,* 197 USPQ 755 (TTAB 1977).

When the applicant's mark is compared to a registered mark, "the points of similarity are of greater importance than the points of difference." *Esso Standard Oil Co. v. Sun Oil Co.*, 229 F.2d 37, 108 USPQ 161 (D.C. Cir.), *cert. denied,* 351 U.S. 973, 109 USPQ 517 (1956).

Here, the marks are highly similar. Both share the common term, "ARDEN." Moreover, the additional element in registrant's mark is the term "pink", which is descriptive for registrant's goods. Clearly, the common element is the dominant element in both marks. The examining attorney must look at the marks in their entireties under Section 2(d). Nevertheless, one feature of a mark may be recognized as more significant in creating a commercial impression. Greater weight is given to that dominant feature in determining whether there is a likelihood of confusion. *In re National Data Corp.*, 224 USPQ 749 (Fed. Cir. 1985); *Tektronix, Inc. v. Daktronics, Inc.*, 534 F.2d 915, 189 USPQ 693 (CCPA 1976). *In re J.M. Originals Inc.*, 6 USPQ2d 1393 (TTAB 1988).

The fact that applicant's mark is featured with a design element will not obviate a likelihood of confusion. When a mark consists of a word portion and a design portion, the word portion is more likely to be impressed upon a purchaser's memory and to be used in calling for the goods or services. *In re Appetito Provisions Co.*, 3 USPQ2d 1553 (TTAB 1987); *Amoco Oil Co. v. Amerco, Inc.*, 192 USPQ 729 (TTAB 1976).

A consumer is likely to get the marks confused as to the source of the goods. The test of likelihood of confusion is not whether the marks can be distinguished when subjected to a side-by-side comparison. The issue is whether the marks create the same overall impression. *Visual Information Institute, Inc. v. Vicon Industries Inc.*, 209 USPQ 179 (TTAB 1980). The focus is on

1207.01(b).

Therefore, the marks are similar in sound, appearance, and commercial impression.

Similarity of the Goods

The goods of the parties need not be identical or directly competitive to find a likelihood of confusion. They need only be related in some manner, or the conditions surrounding their marketing be such, that they could be encountered by the same purchasers under circumstances that could give rise to the mistaken belief that the goods come from a common source. *In re Martin's Famous Pastry Shoppe, Inc.*, 748 F.2d 1565, 223 USPQ 1289 (Fed. Cir. 1984); *In re Corning Glass Works*, 229 USPQ 65 (TTAB 1985); *In re Rexel Inc.*, 223 USPQ 830 (TTAB 1984); *Guardian Products Co., Inc. v. Scott Paper Co.*, 200 USPQ 738 (TTAB 1978); *In re International Telephone & Telegraph Corp.*, 197 USPQ 910 (TTAB 1978).

In this case, the goods of the applicant and the registrant are closely related, namely cosmetics. Indeed, two of the three goods listed by the registrant appear in applicant's identification, namely, nail polish and lipstick.

It is very likely that applicant's goods will be marketed, advertised and sold through the same channels of trade as that of the registrant's goods. For the foregoing reasons, the similarities among the marks and the goods are so great as to cause a likelihood of confusion.

Although the examining attorney has refused registration, the applicant may respond to the refusal to register by submitting evidence and arguments in support of registration. If the applicant chooses to respond to the refusal to register, the applicant must also respond to the following informalities.

INDEFINITE IDENTIFICATION OF GOODS

The wording "**essential oils, for personal use**" in the identification of goods is unacceptable as indefinite. The applicant must amend the identification to specify the commercial name of the goods. If there is no common commercial name for the product, the applicant must describe the product and its intended uses. TMEP section 804.

If accurate, applicant may amend to the following, "**essential oils for personal use**" in class3.

Please note that, while an application may be amended to clarify or limit the identification, additions to the identification are not permitted. 37 C.F.R. Section 2.71(b); TMEP section 804.09. Therefore, the applicant may not amend to include any goods or services that are not within the scope of the goods and services recited in the present identification.

If the applicant has any questions or needs assistance in responding to this Office action, please telephone the assigned examining attorney.

Letter to the shareholders

Dear Shareholders: This year has been one of our most exciting and eventful in the history of Wet Seal, as our growth surpassed even our loftiest of goals. In fiscal 1998, our number of stores increased 17%, our earnings per share increased 25%, and our sales increased 18%. As the impact of our growth takes force, we will enter the new millennium as a strong force in our industry in a broader variety of venues than ever before.

In the 4th quarter of fiscal 1998, we entered the Young Contemporary market with our new Arden B. concept, focused on the 20-40 year old female customer with the intention of holding captive that post-junior as her taste level grows more sophisticated. The acquisition of 19 stores from Mother's Work, Inc., along with 5 openings of our own prototype gave us a powerful jump start for our newest retail division. By the end of the 1st quarter of fiscal 1999 we will be operating approximately 76 Arden B. stores, giving us a national presence from Honolulu to Miami.

In June of 1998, we entered into an agreement to acquire 80 stores from Britches of Georgetowne, Inc., with prime real estate in some of our nations best malls. This fueled the expansion of our Arden B. division, and added units for Wet Seal, Contempo Casuals & Limbo Lounge as well, with conversions of these locations to our various retail formats taking place in the 1st quarter of fiscal 1999.

Within our Wet Seal & Contempo Casuals divisions we will remain focused on building brand equity, as we continue to devote better than 50% of our mix to exclusive product, marketed and designed to our various brands and covering a variety of lifestyles. For the first time in 1999 we will devote 1.5 million in advertising dollars exclusively to our Blue Asphalt brand with placement in national teen magazines.

In our Limbo Lounge division our focus will be on building the store brand with a fine tuned mix of branded apparel and expanded "habitat" selection for that twenty-something consumer.

In a further move toward brand building we will reintroduce our catalog this fall under the Blue Asphalt banner. Our catalog has blossomed into a "magalog" which includes editorial content relevant to our customer. We will also introduce a Blue Asphalt web site this fall to further support the magalog and our strongest brand.

In September of 1998, with the same fervor we have for opportune acquisitions, we engaged in a stock buy back of 1,327,000 shares, realizing the incomparable value of our own stock at that time.

To all of our investors, we again thank you for your support and look forward to another year of growth & evolution.

Sincerely,

Kathy Bronstein, Vice Chairman and CEO

Dressed to Impress

I am writing this letter because I am incredibly impressed with Wet Seal. I love shopping there, you always have a wide selection of clothes, reasonable rates, and good quality. I also like how I can always find my size and my style. Plus the service is great. They always make sure you are being helped. The employees are very nice and polite. The store must put considerable effort into their training. In conclusion, I would like to say it has been a pleasure shopping at your store.

Stores Galore

I have shopped at Wet Seal for many years, and love your products. Recently, another Wet Seal was built by my house, making it easier for me to shop there. I was writing to your company to tell you how much I love your products. It's a pleasure to shop in your stores and order from your catalogs. I find that people who work in your stores are always very helpful, and your catalog is extremely easy to order from. Keep up the good work!

The Complete Package

I am writing to compliment your friendly service, excellent store, and tell you about a past experience in your store. When people walk into Contempo, the employees greet them and ask if they are looking for something special. If you are, the employees help to find that special item. If not, they allow you to look around without pressuring you. When you are ready to try on your findings, a helpful sales person shows you to a dressing room. If the size you grabbed is the wrong size or doesn't fit, they will go and get the right size for you so that you do not have to go yourself. I enjoy shopping at your store because I know I always find something I like that is just the right style and color. In addition, I know that I will find my size since the selection at Contempo is so large. You always have a tremendously large selection of shirts in various colors and styles. The last time I was there, I remember seeing about seven different styles of tank tops. The colors ranged from white and black to three shades of pink and many other colors. Also, you have many styles of shorts, and everyone who walks in your store is bound to find a style that looks great and fits well. If I ever need a dress or skirt for a special occasion, I know I will find one at Contempo. I enjoy shopping at your store and will continue to shop there. The service is great, the prices are reasonable and the selection is huge. Thank you for your courtesy service and excellent selection.

Seeing is Believing

I am an eighth grader and I am writing this letter concerning your products. I find all of the products at Wet Seal to be the very best I've ever seen. I especially love all of the Paris Blue flares. Usually when I walk into a store, it is filled with busy people not really interested in me or what I'm doing. Whenever I walk into Wet Seal there is always someone asking me if they can help me even if there are lots of people in the store. Wet Seal is filled with people giving other people courtesy and respect. Everything is easily priced and easy to see. I always find myself looking and wanting everything I see. Since everything is so affordable, sometimes I can get everything I want. As a customer, I feel like the motto, "the customer is always right" should always be honored. As fashions go in and out that motto is something that never goes out of style. I am always a happy customer when I leave the store. I appreciate everyone's help in making me feel like I really do matter. I would however, like to see some more flares in shorter lengths because not everyone is the same height and it tires a person out when looking and searching and not finding. I would appreciate this to be done in the next six weeks. I will continue to remain a loyal customer and will also continue to recommend the store to my friends. Thank you for everything.

The Pat on the Back

I just wanted to commend you on your store. I am a very big fan of Contempo Casuals. I have never walked into the mall without going to shop at Contempo Casuals first. You have very nice, honest, hard working, and respectful workers. Your clothes, shoes, and accessories are stylish yet affordable. Thank you for making shopping fun and easy.

Like the famous outlet trains of the world, The Wet Seal, Inc. is gaining recently across the USA for the speed of its expansion, the efficiency of its operation and the glamour inherent in its business. Indisputably on the fast track, the company now has four retail divisions and a 17% rate of growth in the number of stores for 1998. This stellar performance has not been lost on the powers that be; the people who publish lists and graphs and charts of these kinds of investment-related figures. Fortune Magazine, for one. The September 1998 issue put Wet Seal in lights, ranking it among the top 30 of America's Fastest Growing Companies.

The incredible energy that has made the company soar, and sustain its rapid operating growth, is evident the minute one steps into its Southern California headquarters or any one of the retail venues. You can feel the pulse. You can hear the excitement. Wet Seal taps this energy to fuel every new collection and every new store. And, as one of nature's most renewable resources, this energy has served Wet Seal well, providing it with a handle on America's most fickle fashion market segment, the "Junior" consumer.

It's grip on this market is enviable. By directing this pulsating energy, creative talent and skill, it has become the dominant player with the 12-to-19 year old teen market that comprises the new "Y" Generation. Calling the shots in the fastest growing market segment under age 50 is so ripe with opportunity it makes demographers salivate. By the year 2010, forecasters project this group will increase by 16%, to upwards of 34 million fashion-hungry, trend-watching USA teens. The company's own projections are 550 total stores among its four divisions by the end of January, 2000.

To own this junior market is to love it. Strategically segmenting the corporation into four divisions has boosted growth and market domination. With a fine line between Wet Seal and Contempo Casuals merchandise mix, customers enjoy the pleasure of cross-shopping the two store chains and the sales stay all-in-the-Wet Seal family. As these young, thinking customers graduate into contemporary tastes, Wet Seal provides the opportunity for transitioning them into a newer more sophisticated market niche with the Arden B. stores. And Limbo Lounge offers a more casual shopping experience for both market segments in a unisex venue, including an expanded habitat collection. Wet Seal has found both these market niches under-served and oozing with expansion potential. Yet another key factor positively impacting growth has blossomed within the Wet Seal structure, the branding of many of its own fashion lines. Brands such as Blue Asphalt, A. Aubrey, Formula X, and Club Contempo are taking on a life, and a following, of their own, quickly growing in both popularity and recognition with the premier brand Blue Asphalt embarking on a national ad campaign this year. It all points to staying power among the fashion fickle and Wet Seal aims to keep that customer shopping by building loyalty to their brands.

Wet Seal has been praised!

Wet Seal knows its girls. The company's fashion forecasters are out there on the teen scene, finding out if she's listening to Britney Spears or Garbage.. looking into who's crushing on Leonardo DiCaprio, James Van Der Beek or some other man of the moment... checking out potential goddesses and future vampire slayers.

There are a few things about girls that Wet Seal knows absolutely for sure. One, she wants the latest, greatest everything. Two, she loves fashion. She wants to put it together to suit her style. Three, you just can't keep her out of the mall. She's got deep pockets with an average of $83 a week in buying power, over $50 of it her own. Some would say she has more clout with retailers than Mom and Dad.

All this research and analysis, taking place in the local malls to the fashion meccas worldwide, lets Wet Seal buyers and designers in

on how much belly to bare, how to crop the next wave of pant legs, which way to angle the stripes and even how sweet the sweater should be. Never clueless, Wet Seal fashion forecasters and buyers who direct the merchandising arm of the company even customize the fashion mix to the neighborhood. Regional differences in fashion attitude play a big role. Why a girl in San Diego wants her shorts shorter than her cousin in New Jersey is one of life's fun little mysteries that a Wet Seal buyer gets to solve. In the Wet Seal stores nationwide, the vibe will be the same, but those subtle little style differences will be picked up in a nanosecond by these savvy 12-to-20 year olds who have claimed the nickname "Generation Y." With Wet

Seal's current accelerated expansion and its new big push to colonize the heartland, the subtleties are growing. Wet Seal and its sister company, Contempo Casuals, are now in 42 states.

Wet Seal's influence in the teen world is staggering. Mixing science, intuition and a little hocus pocus, the company has claimed ownership of many of the looks the girls of this generation will remember as hers alone. Wet Seal is known to launch the trends, not follow them. Predictions of whether bells or whistles will be the hot item with teen quick-change artists are made from experience and day in, day out research. To hedge a bet, buying decisions are made as close to the season as possible, ideally just two months before the styles arrive in stores. All this popularity that translates into sales gives the company enormous clout in the marketplace, too. When not designing and branding its merchandise from within, the team is out there negotiating the kind of exclusive merchandise deals that are the envy of the industry. Wet Seal introduces approximately 6 to 8 such trends per year, and designs anywhere from 8 to 12 collections on its own drawing boards for each brand every year.

One of the most distinguishing characteristics of a Wet Seal is its never-ending newness. New styles arrive daily. Not weekly, not monthly, but every single business day. Inventory is in and out of a Wet Seal almost as fast as you can say fashion. The reasons for a consistently fresh merchandise mix are clear when you think how often those teen customers pay a visit to the mall. For some, it's almost a daily ritual!

She can find just about anything fashion related inside her favorite Wet Seal. Clothes for school, work or date time, not to mention the coolest collection of "stuff" for her room or the latest slumber party gear. From head to toe, hair jewelry to chunky loafers, Wet Seal offers it all.

Inside a Wet Seal, you immediately get the impression that all the fashion goes together. Visually coordinated, the stores have "eye appeal," and that offers that junior girl her own style. She puts it together to suit herself without looking like anyone else. Wet Seal calls it a full shopping experience.

In yet another astute business move, Wet Seal uses teen peer pressure to its advantage. Creating its own branding through private label collections, the labels now have a following. The now famous Blue Asphalt label that started with jeans is now a full collection of casual wear, and soon to be a magazine/catalog and a web site, too. Other proprietary names that a girl loves to drop in the right circles have achieved national brand status. Evolution Not Revolution, Formula X, Urban Vibe among them.

Speaking of names, who can help but love a company that calls itself Wet Seal? With a sign like that over a doorway, a girl knows she is going to have a good time each time she shops.

Contempo Casuals is the chain that pushes more boundaries. The biggest news that will continue to distinguish these stores is the development of their own exclusive label, Club Contempo. No sharing this time. The new Club Contempo brand provides an internally designed collection of "club wear" available nowhere else. Club Contempo definitely builds the loyalty thing.

Contempo

Ever wonder what the demographers haven't told you? Are you curious if words like "edgy," "stylin'," and "fashion forward" are even part of their vocabulary? Sometimes you want to see what's behind the percentages, ratios and bell curves (unless you're talkin' pant legs, that is) and get the human story. Things like personality and attitude speak to the bottom line, too. That's why in the 246-and-counting Contempo Casuals stores, the staff never stops taking the customer's pulse.

Used to be that Contempo Casuals and Wet Seal stores were each other's competition. Now they're Sister Seals and merchandised similarly while retaining their individual store names. With each of the two divisions carrying most of the same styles and private labels, sporting a similar appearance and targeting the same teen girls, much cross-shopping occurs between them. Since it's human nature to be loyal to a certain store but still have the urge to check the competition's prices and selections, The Wet Seal, Inc. has been able to keep the competition all in the family. Brilliant.

Through 1998, the thinking is that it's time to recognize a few of the individual characteristics of the two chains and differentiate them from each other to a modest degree. It's like Contempo Casuals sashaying a few steps to the left while Wet Seal stores lean a tad to the right. Or, you can take a look at it as Contempo Casuals sharpening its image while Wet Seal softens its profile. While keeping its loyal junior customers, a stronger differentiation will allow both chains to cater to a girl's different moods. Subtle differences, like the music or the interiors, might sway an older sister to develop a crush on Contempo while her younger teen sister pops into a Wet Seal more often. Or vice versa.

Contempo Casuals is the chain that pushes more boundaries. The biggest news that will continue to distinguish these stores is the development of their own exclusive label, Club Contempo. No sharing this time.

WS 000409

Making sure the "in" styles are gone before they are "out" necessitates a close watch on inventory and quick markdowns. New looks arrive continuously, so every visit – and this customer makes 40% more visits to the mall than her Mom, so say those demographers – will bring a new fashion temptation.

The new Club Contempo brand provides an internally designed collection of "club wear" available nowhere else. Club Contempo definitely builds the loyalty thing.

With the help of visual merchandisers, Contempo takes on a different vibe than her sister Seal. Merely putting everything together a slightly different way can have a dramatic change in attitude. With an average store size of 4,000 square feet, these visual merchandisers have a lot of room to play with as they pump up the already lively, entertaining environments. Contempo Casuals is as contemporary and fresh as it gets for the next century of fashionable teens.

Being recognized as the favorite teen destination store in the country, along with sister Wet Seal stores, has its challenges as well as its rewards. No one ever said it was easy staying on top of the pop charts! For one thing, a new crop of girls enters this market segment yearly, and that means the courting never stops. This customer base is always in flux. Contempo Casuals knows that keeping the look fresh means the fashions have to move as fast as a girl's life does. Making sure the "in" styles are gone before they are "out" necessitates a close watch on inventory and quick markdowns. New looks arrive continuously, so every visit (keep in mind that this customer makes 40% more visits to the mall than her Mom) will bring a new fashion temptation.

All this posturing and repositioning of Contempo Casuals is like setting the stage for a big production. The performance will be in the sales figures as huge numbers of new teens burst onto the scene in the next ten years. How they'll dress, act and set themselves apart remains to be seen, but we are sure that Contempo Casuals will be first to know. In a nod to the demographic charts, a population explosion second to none is happening right now as teens become the fastest growing group under age 50. Awesome, it seems, when you imagine them all mingling at the mall.

Arden B.

THE ARDEN B. NAME IS COMING TO A MAGAZINE NEAR YOU. IN A DEPARTURE FROM ITS SUCCESSFUL WORD-OF-MOUTH ADVERTISING STRATEGY, WET SEAL HAS LAUNCHED A POWERFUL BRAND-BUILDING IMAGE CAMPAIGN IN THE NATIONAL MEDIA TO INTRODUCE ITS NEWCOMER TO THE FASHION SCENE.

Fashion photos by dah len

It worked for the entertainment industry. Why not the fashion business? Just like a TV series with popular characters that are spun off into their own hit shows, Wet Seal has launched Arden B. from within. Planned from the start as the Next Big Thing, what is now the fourth retail concept in the Wet Seal empire was first introduced as a test collection. What shoppers saw as a label in over 100 Wet Seal and Contempo Casuals stores and the Wet Seal catalog, Wet Seal saw as a screen test for a brand new concept.

If fashion collections had Neilson ratings, the opportunity for Arden B. would top the charts. With the numbers crunched and demographics worked, it was apparent an entire force of savvy young women were out there, patiently waiting for an Arden B. to happen. In retail speak, these are the women sandwiched between the junior and missy classifications, dubbed in the biz as Young Contemporary.

You know this Young Contemporary woman well. She is the one who, despite a full closet, can find absolutely nothing to wear to her best friend's wedding. Next Friday night, when she's ready to tango, she'll hurry to the mall, paycheck in her ultra cool purse, to find something new for the occasion. She loves to shop, and she's totally hip to what's in at any given moment. She's a charter member of this lucrative, untapped market niche, eager to respond to the first retail chain that would excite her with sophisticated, cutting-edge style that fits both her life and her budget.

In November 1998, with the waters tested and any real competition seemingly out to lunch, Wet Seal dove in. The original plan was a nine-store launch. Thanks to recent site acquisitions, 24 Arden B. stores were on the map in this new division's historic first six months. By the time Wet Seal reports this time next year, there will be approximately 79 established Arden B. stores coast to coast. As a result of Wet Seal's aggressive tack on acquisitions, Arden B. will soon be on this shopper's A list in prime mall locations in nearly every major U.S. city. At the start of the next millennium, 14% of all The Wet Seal, Inc. stores will be Arden B. By all indications, Arden B. will be the big destination store of the Year 2000.

Arden B. has felt right from the start. This underserved market is the first reason. Wet Seal's own loyal

teen shoppers are doing what all teens do...growing up. What rosier picture than extending the longevity of a relationship nurtured with one's core customers? Instead of a send-off, you simply promote them. No longer motivated by peer pressure to be one of the crowd, Wet Seal's post-teens now have a new store to help her dress to lead the crowd. Individuality is the key at Arden B. A girl's got to love a store environment that dares her to assert herself.

Arden B.'s fashion appeal is broad and essentially ageless, making it alluring to any woman with a youthful style and mindset. Lifestyle has more impact on this woman's choice of style than how many birthdays she has celebrated. Projections are that the twenty – somethings just stepping up to Arden B. today will be loyal Arden B. shoppers for several decades to come.

Arden B.'s fashion mix covers life 24/7. You won't find your everyday pinstripes. Arden B.'s work style has a little professional edge. Weekend wear runs the gamut from sexy to casual. Accessories give it all an extra ounce of personality. The stores, an average of approximately 3,100 square feet, have an open, airy environment in which to shop. Arden B. is hip, but it also has class. It's upscale. Everything says quality. Customers are assisted by their peers, who know their way around a new trend.

THE STORES, AN AVERAGE OF APPROXIMATELY 3,100 SQUARE FEET, HAVE AN OPEN, AIRY ENVIRONMENT IN WHICH TO SHOP. ARDEN B. IS HIP, BUT IT ALSO HAS CLASS. IT'S UPSCALE. EVERYTHING SAYS QUALITY.

Here a customer can dress herself totally, head to toe, with the best her money can buy. It's not just about an outfit: she can create a total look that works, down to the shoes and every possible accessory. She'll find something new on every visit. Like Wet Seal, Arden B. brings in new items on a continuous schedule. For the serious shopper who visits often, Arden B. will always deliver on its promise of the thrill of discovery.

The Arden B. name is coming to a magazine near you. In a departure from its successful word-of-mouth advertising strategy, Wet Seal has launched a powerful brand-building image campaign in the national media to introduce its newcomer to the fashion scene. Bold, sexy images from the lenses of renowned fashion photographers are set to grace the pages of high profile publications. Like the store, the ads inspire passion. They set it apart from the status quo. They give it a royal send-off on its way to becoming the next great fashion name from Florida to New York and Texas to California and everywhere in between. After all, a rising star really ought to be in pictures!

While girls may never fully understand boys, and men will definitely never fully understand women, there's no reason they can't shop together. With this in mind, Wet Seal has launched it's first unisex division to help bring the two together. Limbo Lounge offers a mix of fashion forward nationally advertised brands along with smaller hip boutique labels to a media savvy consumer. Sixteen year-olds want to be twenty-one, thirty somethings think they still are, and of course at twenty-one, they have no idea how good they have it!

Within this niche, Limbo Lounge has become a destination offering an edgier environment in the mall with women's and men's apparel that reads casual, but is served with it's own unique twist. From Irvine, California to Miami and Mall of America in between, an educated consumer is craving something special to help set their own style and set them apart. Wherever they may live, whoever they may be, Limbo Lounge offers an assortment of styles and trend setting brands to choose from. They all watch MTV, read Rolling Stone and enjoy an active lifestyle. This is evident in not only how they dress, but in the habitat they create to live in.

In 1998, the Livin' in Limbo mantra was created to illustrate the idea that Limbo Lounge offered more than just apparel. Alongside the wide assortment of footwear, apparel and accessories shoppers can choose from, is a world of home accessories that invite passers by to customize their own living environs. From too-cool toys to ultra lounge furniture, guys and girls can find everything they need to do up their first apartment or dorm room. Plans are for an even greater mix of youthful home environment spruce-up accessories as this market niche continues to grow and demand items for the home.

As 1998 drew to a close, ten Limbo Lounge stores were sprinkled across the U.S. from East to West. All of them overflowing with fresh ideas catering to this growing market of twenty something customers who want to express themselves in many ways, not just fashion. The Wet Seal, Inc., has plans for approximately 20 Limbo Lounge stores on our planet by January 2000, concentrating expansion in very select mall-based or high-traffic downtown shopping district locations. Limbo Lounge reaches its shoppers where they play, dine, and wait in line for movies. They understand their customer because they hire their customers as sales representatives and management. It's comfortable here. It's fun to pop in and don headphones to groove at the listening bar. You never know when any particular store will be visited by a roaming DJ. Splashy graphics invite shoppers in, and a familiar staff makes them feel at home so that Livin' in Limbo is something that comes naturally.

Limbo Lounge is the hottest formula going. From superstar fashion names to stellar stuff to live with, it's no wonder that Limbo Lounge is becoming the most popular destination for both men and women to do their shopping.

We are fashion retailers, fashion designers and fashion trendsetters, no question. But we are something even more...fashion architects. We build brands. Brands are the important business at The Wet Seal, Inc. and one of the major ways we differentiate ourselves in the marketplace. Not only does the Wet Seal have a loyal following, but every one of our private brands does, too. There are dozens vying for the youth market with a proprietary look, their own. The Wet Seal has a family of them, all created and developed internally and then marketed as national brands in their own right. The ability to create a portfolio of successful brands allows Wet Seal the luxury of not relying on any one brand in particular.

As fashion architects, we have the ability to fill the needs of a market micro-niche as soon as a demand is identified. We're quick to notice, quick to act. Our audience is broad, and our brands allow us to reach out to more would-be fans day after day. In this way we shape the landscape of the junior fashion world.

Our premier brand, Blue Asphalt, started it all. Like all of our brands, it's got a street-smart name that paved the way for the company's branding enterprise. Now the foundation and epitome of the casual basics business, it was originally a strictly denim brand that evolved into an entire collection of casuals and basics and Americana looks that juniors live in and love – with an image and identity layered over that of Wet Seal. Blue Asphalt has now attained national icon-hood.

With Blue Asphalt covering the basics business, the Arden B. brand took the internal brand concept to its full

INTERNAL BRANDING IS WET SEAL'S WIN-WIN TICKET TO CORPORATE PROSPERITY. DIFFERENTIATION AND EXCLUSIVITY IN THE STORES IS AS GOOD FOR MARGIN AS IT IS FOR SHOPPERS. OVER 50% OF THE SELECTION IN WET SEAL AND CONTEMPO CASUALS STORES IS INTERNALLY DEVELOPED AND EXCLUSIVELY MARKETED. THE REALLY NICE THING ABOUT HAVING STYLES OF YOUR VERY OWN? CUSTOMERS LOVE YOU FOR IT. IT'S THE LOYALTY THING. EVERY RETAILER'S DREAM.

potential. The sophisticated, contemporary niche filled by this brand grew to the degree that warranted the creation of an entire new division for The Wet Seal, Inc.

What about the girls who just want to sparkle? The girls who love girlie stuff? We stepped in with Formula-X to fill this niche. Everything fun that, in the fashion biz, is dubbed novelty is created as Formula-X. This includes club wear to hair, makeup, nail and body thrills in custom designed packages for big days to date nights.

Urban Vibe goes in another direction, an outerwear name loved for its street-wise ways and youthful verve, as the very thing for girls who love life on the cutting edge. The Evolution Not Revolution label can be seen at clubs across the country, it's sleek, totally fabulous styles, the modern girl's kind of thing. The A. Aubrey label was introduced to slip into Arden B.'s slot as the dressier brand in the Wet Seal and Contempo Casuals stores. In a move to further differentiate the two chains, a new Club Contempo brand singles out an even edgier collection merchandised solely within that chain.

We create brands, and we support them. "Red, White and Blue Asphalt," the current image campaign in the national media, is boosting brand identity on the pages of every important young women's magazine. In-store, window displays and signage serve as platforms for the brands. Custom packaging has been designed for branded products, from the bottling of the new Blue Asphalt fragrance, "True" to the Formula-X makeup line.

WE CREATE BRANDS, AND WE SUPPORT THEM. "RED, WHITE AND BLUE ASPHALT," THE CURRENT IMAGE CAMPAIGN IN THE NATIONAL MEDIA, IS BOOSTING BRAND IDENTITY ON THE PAGES OF EVERY IMPORTANT YOUNG WOMEN'S MAGAZINE.

Internal branding is Wet Seal's win-win ticket to corporate prosperity. Differentiation and exclusivity in the stores is as good for margin as it is for shoppers. Over 50% of the selection in Wet Seal and Contempo Casuals stores is internally developed and exclusively marketed. The really nice thing about having styles of your very own? Customers love you for it. It's the loyalty thing, every retailer's dream.

Management's Discussion

Introduction

The Company is one of the largest national mail-based specialty retailers focusing primarily on young women's apparel, and currently operates 522 retail stores in 42 states, Washington D.C. and Puerto Rico under the names "Wet Seal," "Contempo Casuals," "Arden B.," "Limbo Lounge" and "Next." In January 1998, the Company initiated a catalog which operates under the name "Wet Seal."

On July 1, 1995, the Company acquired Contempo Casuals. The purchase price consisted of a $100,000 cash payment and the issuance of 254,676 shares of Class A Common Stock which had a market value of $1,178,000 as of the acquisition date. In addition, the Company assumed approximately $27,700,000 of current liabilities of Contempo Casuals. The transaction was accounted for under the purchase method and resulted in negative goodwill. The acquisition substantially increased the number of stores the Company operates. Effective February 2, 1997, Contempo Casuals, Inc. was merged with and into The Wet Seal, Inc.

As of January 30, 1999, the Company operated 454 stores compared to 389 stores as of January 31, 1998, the end of fiscal 1997. The Company opened 86 stores during fiscal 1998 and closed 21 stores.

Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with the Company's Financial Statements and the Notes thereto.

Results of Operations

Fiscal 1998 consists of the 52 week period ended January 30, 1999, Fiscal 1997 consists of the 52 week period ended January 31, 1998 and Fiscal 1996 consists of the 52 week period ended February 1, 1997. Comparable store sales are defined as sales in stores that were open throughout the full fiscal year and throughout the full prior fiscal year.

The following table sets forth selected income statement data of the Company expressed as a percent of sales for the years indicated:

Fiscal 1998 Compared to Fiscal 1997

Sales in fiscal 1998 were $485,389,000 compared to sales in fiscal 1997 of $412,463,000, an increase of $72,926,000 or 17.7%. The dollar increase in sales in fiscal 1998 compared to fiscal 1997 was primarily due to the impact of the 86 new store openings in fiscal 1998 and the full year impact in 1998 of the net 25 new store openings in fiscal 1997. These increases were somewhat offset by the closing of 21 stores in fiscal 1998. To a lesser extent, the increase in sales was due to an increase in comparable store sales of 2.1%.

Cost of sales, including buying, distribution and occupancy costs, was $336,527,000 in fiscal 1998 compared to $292,644,000 in fiscal 1997, an increase of $43,883,000 or 15.0%. As a percentage of sales, cost of sales decreased to 69.3% in fiscal 1998, from 71.0% in fiscal 1997, a decrease of 1.7%. The dollar increase in cost of sales in fiscal 1998

WS 000428

compared to fiscal 1997 was due primarily to the increase in total sales. Of the 1.7% decrease in cost of sales as a percentage of sales, 1.2% related to a decrease in occupancy costs, 0.6% related to a decrease in the cost of merchandise and 0.1% related to a decrease in buying costs, offset by a 0.2% increase in distribution costs. The decrease in occupancy costs was associated primarily to the leverage of the catalog operation sales on store occupancy costs. To a lesser extent the decrease in occupancy was due to a decrease in store rental expenses as a percent of sales as a result of the expense leverage related to the increase in comparable store sales. The decrease of 0.6% in merchandise cost was due to an increase in the initial markup rates related to a decrease in the cost of merchandise. The 0.1% decrease in buying costs as a percentage of sales was due to the leverage associated with the increase in total sales. The 0.2% increase in distribution costs was related primarily to the catalog operation.

Selling, general and administrative expenses were $110,554,000 in fiscal 1998 compared to $86,999,000 in fiscal 1997, an increase of $23,555,000 or 27.1%. As a percentage of sales, selling, general and administrative expenses was 22.8% in fiscal 1998 compared to 21.1% in fiscal 1997. The dollar increase in selling, general and administrative expenses in fiscal 1998 compared to fiscal 1997 was primarily due to the increase in total sales and to a lesser extent the expenses related to the catalog operation. The increase as a percent of sales was primarily due to the impact of the fixed costs associated with catalog production. Without the impact of the catalog operation, selling, general and administrative expenses increased 0.5%. This increase related primarily to the increase in selling expense as a percentage of sales due to the increases in minimum wage and to the start up costs associated with new store openings. Also contributing to the increase as a percentage of sales was an increase in administrative wages to support the expanded operations in fiscal 1998.

Interest income, net, was $3,894,000 in fiscal 1998 compared to $3,505,000 in fiscal 1997, an increase of $389,000. This increase was due primarily to an increase in the average cash balance invested during the year.

Income tax provision was $18,248,000 in fiscal 1998 compared to $15,075,000 in fiscal 1997. The effective income tax rate in fiscal 1998 was 38.5% compared to 41.5% in fiscal 1997. The decrease in the effective tax rate in fiscal 1998 compared to fiscal 1997 was due to the increase in income generated from states with lower effective tax rates as well as the impact of changes in the corporate cash investment strategy which resulted in higher balances invested in tax exempt securities.

Based on the factors noted above, net income was $25,954,000 in fiscal 1998 compared to $21,250,000 in fiscal 1997, an increase of $4,704,000 or 22.1%. As a percentage of sales, net income was 5.3% in fiscal 1998 compared to 5.2% in fiscal 1997.

Fiscal 1997 Compared to Fiscal 1996

Sales in fiscal 1997 were $412,463,000 compared to sales in fiscal 1996 of $374,942,000, an increase of $37,521,000 or 10%. The dollar increase in sales in fiscal 1997 compared to fiscal 1996 was primarily due to the increase in the comparable store sales and the increase in frequent buyer sales income in fiscal 1997 compared to fiscal 1996. The Company attributes the increase in comparable store sales of 5.8% to the continued resurgence of fashion that began in fiscal 1996. The increase in sales was also due to a slightly lesser extent to the impact of the 34 new store openings in fiscal 1997 and the full year impact in 1997 of the 10 new store openings in fiscal 1996. These increases were somewhat offset by the closing of nine stores in fiscal 1997.

Cost of sales, including buying, distribution and occupancy costs, was $292,644,000 in fiscal 1997 compared to $272,189,000 in fiscal 1996, an increase of $20,455,000 or 7.5%. As a percentage of sales, cost of sales decreased to 71.0% in fiscal 1997, from 72.6% in fiscal 1996, a decrease of 1.6%. The dollar increase in cost of sales in fiscal 1997 compared to fiscal 1996 was due primarily to the increase in total sales. Of the 1.6% decrease in cost of sales as a percentage of sales, 1.0% related to a decrease in occupancy costs, 0.4% related to a decrease in the cost of merchandise and 0.3% related to a decrease in distribution costs, offset by a 0.1% increase in buying costs. The decrease in occupancy costs was due primarily to a decrease in store rental expenses as a percent of sales as a result

WS 000429

of the expense leverage related to the increase in comparable store sales. The decrease of 0.4% in merchandise cost was due to an increase in the initial markup rates related to a decrease in the cost of merchandise. The 0.3% decrease in distribution costs was related to a decrease in depreciation due to the impact of fully depreciated assets in the current year and to cost efficiencies related to processing the merchandise. These decreases were offset by a 0.1% increase in buying costs which was associated with payroll and personnel increases during the year to support the larger operations.

Selling, general and administrative expenses were $86,999,000 in fiscal 1997 compared to $79,238,000 in fiscal 1996, an increase of $7,761,000 or 9.8%. As a percentage of sales, selling, general and administrative expenses remained the same at 21.1% in fiscal 1997 as compared to fiscal 1996. The dollar increase in selling, general and administrative expenses in fiscal 1997 compared to fiscal 1996 was primarily due to the increase in total sales and an increase in management expenses related to bonuses and retirement plans, offset by a decrease in office depreciation related to the impact of fully-depreciated assets, proceeds related to an insurance reimbursement and a decrease in non-payroll related selling expenses as a result of the economies of scale associated with the increase in comparable store sales.

Interest income, net, was $3,505,000 in fiscal 1997 compared to $2,702,000 in fiscal 1996, an increase of $803,000. This increase was due primarily to an increase in the average cash balance invested.

Income tax expense was $15,075,000 in fiscal 1997 compared to $10,965,000 in fiscal 1996. The effective income tax rate in fiscal 1997 was 41.5% compared to a rate of 41.8% in fiscal 1996.

Based on the factors noted above, net income was $21,250,000 in fiscal 1997 compared to $15,252,000 in fiscal 1996, an increase of $5,998,000 or 39.3%. As a percentage of sales, net income was 5.2% in fiscal 1997 compared to 4.1% in fiscal 1996.

Liquidity and Capital Resources

Working capital at the end of fiscal 1998, 1997 and 1996 was $21,856,000, $66,452,000 and $59,791,000, respectively. The decrease in working capital in fiscal 1998 compared to fiscal 1997 was due to a net increase in long term investments of $37,474,000 as current year cash was invested to a larger extent in investments with maturities beyond one year. The decrease in working capital was also due to the purchase of treasury stock for $19,675,000 in the third quarter of fiscal 1998. Net cash provided by operating activities in fiscal 1998, 1997 and 1996 was $43,950,000, $31,948,000 and $28,187,000, respectively. The increase in net cash provided by operating activities in fiscal 1998 was due primarily to the increase in net earnings. Further contributing to the increase was the increase in income taxes payable and accounts payable offset to some extent by the increase in inventory and deferred tax, net. The increase in income taxes payable is due to the timing of tax payments. The increase in accounts payable was attributable to the increase in payables associated with capital expenditures. The increase in inventory over the prior year was related to the increase in the number of stores offset to some extent by the decrease in catalog inventory as compared to prior year.

The increase in cash provided by operating activities in fiscal 1997 was due primarily to the increase in net earnings. Further contributing to the increase was the increase in accounts payable and accrued liabilities offset to some extent by the increase in inventory. The increase in accounts payable was attributable to the increase in payables associated with capital expenditures as well as to the timing of inventory receipts. The increase in inventory over the prior year was related to the increase in the number of stores as well as to the inventory held for the new catalog operations at the end of fiscal 1997.

Additions to property and equipment are the Company's most significant investment activities. In fiscal 1998, 1997 and 1996 the Company invested $26,503,000, $22,973,000 and $8,620,000, respectively, in property and equipment and leasehold improvements. These expenditures related primarily to new store openings and remodels. In fiscal 1997, the Company constructed a new office and distribution facility. On December 1, 1998, the Company acquired the leases and furniture and fixtures for 19 store locations from Mothers Work, Inc. for $1,911,000. The majority of the locations acquired were converted to Arden B. stores. On February 1, 1999, the Company acquired the leases and furniture and fixtures for 80 stores from Britches of Georgetowne, Inc. The Company plans to convert the locations to Arden B., Wet Seal, Contempo Casuals and Limbo Lounge stores by the end of the first quarter of fiscal 1999, with the majority of the

locations planned as Arden B. Primarily as a result of the Company's expanded operations and the real estate acquisition of 80 stores, capital expenditures for fiscal 1999 are currently estimated to be $53,000,000.

In September 1998, the Company's Board of Directors authorized the repurchase of up to 20% of the outstanding shares of the Company's Class A Common Stock. As of January 30, 1999, 1,327,000 shares had been repurchased at a cost of $19,675,000. Such repurchased shares are reflected as treasury stock in the accompanying financial statements.

On May 24, 1996 the Company sold 765,000 shares of Class A Common Stock as part of a public offering pursuant to a registration statement on Form S-3. The net proceeds to the Company from the sale of shares were $14,459,000.

The Company has an unsecured revolving line of credit arrangement with Bank of America National Trust and Savings Association ("Bank of America") in an aggregate principal amount of $30,000,000, maturing on July 1, 1999 and a five year amortizing term loan with Bank of America in the amount of $10,000,000. As of January 30, 1999 the term loan has an outstanding balance of $2,264,000. On March 31, 1999, the line of credit was extended to a maturity date of July 1, 2000. At January 30, 1999, there were no outstanding borrowings under the credit arrangement, and the Company was in compliance with all terms and covenants of the credit arrangement and the term loan. The Company invests its excess funds primarily in a short-term investment grade money market fund, investment grade commercial paper and U.S. Treasury and Agency obligations. Management believes the Company's working capital and cash flows from operating activities will be sufficient to meet the Company's operating and capital requirements in the foreseeable future.

Seasonality and Inflation

The Company's business is seasonal by nature with the Christmas season (beginning the week of Thanksgiving and ending the first Saturday after Christmas) and the back-to-school season (beginning the last week of July and ending the first week of September) historically accounting for the largest percentage of sales volume. In the Company's three fiscal years ended January 30, 1999, the Christmas and back-to-school seasons together accounted for an average of approximately 33% of the Company's annual sales, after adjusting for sales increases related to new stores. The Company does not believe that inflation has had a material effect on the results of operations during the past three years. However, there can be no assurance that the Company's business will not be affected by inflation in the future.

Statement Regarding Forward Looking Disclosure

The preceding "Management's Discussion and Analysis of Financial Condition and Results of Operations" section may contain various forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended, which represent the Company's expectations or beliefs concerning future events. The Company cautions that these statements are further qualified by important factors that could cause actual results to differ materially from those in the forward looking statements, including, without limitation, the retention by the Company of suppliers for both brand name and Company-developed merchandise, the ability of the Company to expand and to continue to increase comparable store sales and the sufficiency of the Company's working capital and cash flows from operating activities. In addition, these statements are further qualified by important factors that could cause actual results to differ materially from those in the forward looking statements, including, without limitation, a decline in demand for the merchandise offered by the Company, the ability of the Company to locate and obtain acceptable store sites and lease terms or renew existing leases, the ability of the Company to obtain adequate merchandise supply, the ability of the Company to hire and train employees, the ability of the Company to gauge the fashion tastes of its customers and provide merchandise that satisfies customer demand, management's ability to manage the Company's expansion, the effect of economic conditions, the effect of severe weather or natural disasters and the effect of competitive pressures from other retailers. The Company disclaims any obligation or undertaking to disseminate any updates or revisions to any forward looking statement contained herein or to reflect any change in the expectations of the Company after the date hereof or any change in events, conditions or circumstances on which any statement is based.

New Accounting Pronouncements

The Company adopted Statement of Financial Accounting Standards No. 130 "Reporting Comprehensive Income" ("SFAS 130") in the first quarter of fiscal 1998. SFAS 130 establishes standards for the reporting and display of comprehensive income. Components of comprehensive income, among other items, may include foreign currency translation adjustments, minimum pension liability adjustments, and unrealized gains and losses on marketable securities classified as available-for-sale.

In Fiscal 1998, the Company adopted Statement of Financial Accounting Standards No. 132 "Employers' Disclosures about Pensions and Other Postretirement Benefits" ("SFAS 132") which is effective for fiscal years beginning after December 15, 1997. This statement standardized the disclosure requirements for pensions and other postretirement benefits to the extent practicable, requires additional information on changes in the benefit obligations and fair values of plan assets that will facilitate financial analysis and eliminates certain disclosures that are no longer as useful as they were under previous statements.

Year 2000 Compliance

The Year 2000 issue is the result of computer programs being written using two digits rather than four to define the applicable year. Any of the Company's computer programs that have date-sensitive software may recognize a date using "00" as the year 1900 rather than the year 2000.

During fiscal 1998 and continuing through fiscal 1999, the Company is in the process of converting substantially all of its computer software systems and hardware. Prior to the purchase of the new systems and hardware the Company obtained or is in the process of obtaining assurance from the vendors that the products purchased are in fact Year 2000 compliant. The Company will also complete an independent review of such systems to further verify Year 2000 compliance. The Company has performed a thorough review of its existing computer software systems and hardware to identify processes which may be affected by Year 2000 problems. At this time, no significant issues have been identified and the Company has developed an adequate plan for Year 2000 compliance should the conversions fall behind schedule.

During fiscal 1998 and fiscal 1999, the Company is also in the process of completing a Year 2000 review of its relationships with suppliers and financial institutions to obtain assurance, where necessary, that these entities are Year 2000 compliant. The Company's total Year 2000 project costs include the estimated costs and time associated with the impact of a third party's Year 2000 issue on the Company, and are based on presently available information. However, there can be no guarantee that the systems of other companies on which the Company's systems rely will be timely converted, or that a failure to convert by another company, or a conversion that is incompatible with the Company's systems, would not have a material adverse effect on the Company's business, results of operations, cash flows and financial condition.

If the Company is not completely successful in mitigating internal and external Year 2000 risks, the result could be a system failure causing disruptions of operations, including, among other things, a temporary inability to process transactions, distribute merchandise, or engage in similar normal business activities at the Company or its vendors and suppliers. The Company believes that under a worst case scenario, it could continue the majority of its normal business activities on a manual basis. With respect to potential Year 2000 failures of its vendors and suppliers, the Company plans to mitigate this risk by not depending on any single vendor or supplier for products or merchandise.

Due to the fact that the majority of the Company's computer software systems and hardware have been purchased or developed recently and were designed to be Year 2000 compliant, the Company does not expect to incur significant additional costs in addressing the Year 2000 issue. The total cost of the Year 2000 project is estimated at $300,000, and will be funded through operating cash flows. Year 2000 costs as of January 30, 1999 totaled $100,000.

quarterly market information

The Company's Class A Common Stock ("Common Stock") is listed on The Nasdaq Stock Market ("Nasdaq") under the symbol "WTSLA". As of April 1, 1999, there were 296 shareholders of record of the Company's Class A Common Stock. Additionally, the number of beneficial owners of the Company's Common Stock was estimated to be in excess of 4,500. The closing price of the Common Stock on April 1, 1999 was $36.

The following table reflects the high and low sale prices of the Company's Common Stock as reported by Nasdaq for the last two fiscal years.

Summary of Significant Accounting Policies

Nature of the Business The Wet Seal, Inc. (the "Company") is a nationwide specialty retailer of fashionable and contemporary apparel and accessory items designed for consumers with a young, active lifestyle. In January 1998, the Company initiated a catalog which operates under the name "Wet Seal". On July 1, 1995, the Company acquired Contempo Casuals, Inc., a 237-store junior women's retail chain. This acquisition substantially increased the Company's size. The Company's success is largely dependent upon its ability to gauge the fashion tastes of its customers and to provide merchandise that satisfies customer demand. The Company's failure to anticipate, identify or react to changes in fashion trends could adversely affect its results of operations. Approximately 35% of the voting stock of the Company is held by a group of companies directly or indirectly controlled by two directors of the Company, one of which is the Chairman of the Board. Effective February 2, 1997, Contempo Casuals, Inc. was merged with and into The Wet Seal, Inc.

The Company's fiscal year ends on the Saturday closest to the end of January. The reporting period includes 52 weeks in each of the fiscal years 1998, 1997 and 1996.

Merchandise Inventories Merchandise inventories are stated at the lower of cost (first-in, first-out) or market. Cost is determined using the retail inventory method.

Equipment and Leasehold Improvements Equipment and leasehold improvements are stated at cost. Expenditures for betterment or improvement are capitalized, while expenditures for repairs that do not significantly increase the life of the asset are expensed as incurred.

Depreciation is provided using primarily the straight-line method over the estimated useful lives of the assets. Furniture, fixtures and equipment are typically depreciated over 3 to 5 years. Leasehold improvements and the cost of acquiring leasehold rights are depreciated over the lesser of the term of the lease or 10 years.

Long-Lived Assets The Company accounts for the impairment and disposition of long-lived assets in accordance with Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of" ("SFAS 121"). In accordance with SFAS 121, long-lived assets to be held are reviewed for events or changes in circumstances which indicate that their carrying value may not be recoverable. At January 30, 1999, the Company believes there has been no impairment of the value of such assets.

Intangible Asset Excess of cost over net assets acquired (goodwill) is being amortized on the straight-line method over 25 years. The Company assesses the recoverability of goodwill at each balance sheet date by determining whether the amortization of the balance over its remaining useful life can be recovered through projected undiscounted future operating cash flows from the acquisition.

Rental Expense Any defined rental escalations are averaged over the term of the related lease in order to provide level recognition of rental expense.

Store Pre-Opening Costs Store opening and pre-opening costs are charged to expense as they are incurred.

Advertising Costs Costs for advertising related to retail operations consisting primarily of in-store signage and promotions are expensed as incurred. Direct response advertising costs consisting primarily of catalog book production and printing costs are capitalized and amortized over the expected life of the catalog, not to exceed 6 months. Direct response advertising costs reported as prepaid assets are $0 and $330,000 at January 30, 1999 and January 31, 1998, respectively. Total advertising expenses related primarily to retail operations in fiscal 1998, 1997 and 1996 were $1,993,000, $1,676,000 and $1,728,000, respectively.

Income Tax The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("SFAS 109"). Deferred tax charges are provided on items, principally depreciation and rent, for which there are temporary differences in recording such items for financial reporting purposes and for income tax purposes.

Net Income per Share The Company adopted Statement of Financial Accounting Standards No. 128, "Earnings Per Share" ("SFAS 128") beginning with the Company's fourth quarter of fiscal 1997. All prior period earnings per common share data have been restated to conform to the provisions of this statement. Net income per share, basic, is computed based on the weighted average number of common shares outstanding for the period. Net income per share, diluted, is computed based on the weighted average number of common and potentially dilutive common equivalent shares outstanding for the period. (See Note 14.)

Statements of Cash Flows For purposes of the statements of cash flows, the Company considers all highly liquid interest-earning deposits purchased with an initial maturity of three months or less to be cash equivalents. At January 30, 1999 and January 31, 1998, cash equivalents totaled $29,298,000 and $72,212,000, respectively, bearing interest at rates ranging from approximately 4.7% to 5.3% at January 30, 1999 and from approximately 5.4% to 5.6% at January 31, 1998.

New Accounting Pronouncements The Company adopted Statement of Financial Accounting Standards No. 130 "Reporting Comprehensive Income" ("SFAS 130"), in the first quarter of fiscal 1998. SFAS 130 establishes standards for the reporting and display of comprehensive income. Components of comprehensive income, among other items, may include foreign currency translation adjustments, minimum pension liability adjustments, and unrealized gains and losses on marketable securities classified as available-for-sale.

In Fiscal 1998, the Company adopted Statement of Financial Accounting Standards No. 132 "Employers' Disclosures about Pensions and Other Postretirement Benefits" ("SFAS 132") which is effective for fiscal years beginning after December 15, 1997. This statement standardized the disclosure requirements for pensions and other postretirement benefits to the extent practicable, requires additional information on changes in the benefit obligations and fair values of plan assets that will facilitate financial analysis and eliminates certain disclosures that are no longer as useful as they were under previous statements.

Use of Estimates The preparation of financial statements in conformity with generally accepted accounting principles necessarily requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments Management believes the carrying amounts of cash and cash equivalents, accounts receivable and accounts payable approximate fair value due to the short maturity of these financial instruments. Long-term debt bears a variable rate of interest; therefore, management believes the carrying amount for the outstanding borrowings at January 30, 1999 and January 31, 1998 approximate fair value.

Stock-based Compensation The Company accounts for stock-based awards to employees using the intrinsic value method in accordance with Accounting Principles Board (APB) Opinion No. 25, "Accounting for Stock Issued to Employees." (See Note 6.)

two Acquisition

On July 1, 1995, the Company acquired the business, assets and properties of Contempo Casuals, Inc., a 237-store junior women's retail chain with stores in 34 states and Puerto Rico. The purchase price consisted of (a) the issuance of 254,676 shares of the Company's Class A Common Stock which had a value of $1,178,000 on the date of the acquisition, and (b) $100,000 in cash. The transaction was accounted for under the purchase method. In connection with the acquisition, the Company assumed certain liabilities which were estimated by the seller. The total amount of these assumed liabilities may not, in fact, be paid as the actual payments will be based on the future claims and losses which are actually submitted and which are related to pre-acquisition events. (See Note 12.)

On December 1, 1998, the Company acquired the leases and furniture and fixtures for 19 store locations from Mothers Work, Inc. The purchase price was recorded as leasehold improvements and furniture, fixtures and equipment in the accompanying financial statements. The majority of the locations acquired were converted to Arden B. stores.

three Investments

Short-term investments consist of highly liquid interest bearing deposits purchased with an initial maturity exceeding three months with a remaining maturity at January 30, 1999 less than twelve months. Long-term investments consist of highly liquid interest bearing securities which mature beyond twelve months from the balance sheet date. It is management's intent to hold short-term and long-term investments to maturity. Short-term and long-term investments are carried at amortized cost plus accrued income, which approximates market at January 30, 1999.

Investments are comprised of the following:

four Provision for Income Taxes

SFAS 109 requires the recognition of deferred tax assets and liabilities for the future consequences of events that have been recognized in the Company's financial statements or tax returns. The measurement of deferred items is based on enacted tax laws. In the event that the future consequences of differences between financial reporting bases and the tax bases of the Company's assets and liabilities result in a deferred tax asset, SFAS 109 requires an evaluation of the probability of being able to realize the future benefits indicated by such asset. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The components of the income tax provision are as follows:

	January 30,1999	January 31,1998	February 1,1997
Current			
Federal	$ 13,442,000	$ 12,886,000	$ 10,674,000
State	3,930,000	4,378,000	3,375,000

five Stockholders' Equity

The 2,912,665 shares of the Company's Class B Common Stock outstanding as of January 30, 1999 are convertible on a share-for-share basis into shares of the Company's Class A Common Stock at the option of the holder. The Class B Common Stock has two votes per share while the Class A Common Stock has one vote per share.

On May 24, 1996 the Company sold 765,000 shares of Class A Common Stock as a part of a public offering pursuant to a registration statement on Form S-3. The net proceeds to the Company from the sale of shares were $14,459,000.

During the year ended February 1, 1997, major stockholders converted 3,895,000 shares of Class B Common Stock to Class A Common Stock. These shares were sold to the public through registration statements on Form S-3. The Company did not receive any proceeds from these transactions.

During the year ended January 30, 1999, the Company's Board of Directors authorized the repurchase of up to 20% of the outstanding shares of the Company's Class A Common Stock. As of January 30, 1999, 1,327,000 shares had been repurchased at a cost of $19,675,000. Such repurchased shares are reflected as treasury stock in the accompanying financial statements.

six Long-Term Incentive Plan

Under the Company's long-term incentive plans (the "Plans"), the Company may grant stock options which are either incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or non-qualified stock options. The Plans provide that the per share exercise price of an incentive stock option may not be less than the fair market value of the Company's Class A Common Stock on the date the option is granted. Options become exercisable over periods of up to five years and generally expire ten years from the date of grant or 90 days after employment or services are terminated. The Plans also provide that the Company may grant restricted stock and other stock-based awards. An aggregate of 1,475,000 shares of the Company's Class A Common Stock may be issued pursuant to the Plans. As of January 30, 1999, 19,756 shares were available for future grants.

Stock option activity for each of the three years in the period ended January 30, 1999 was as follows:

	Number of shares	Weighted Average Exercise Price
Outstanding at February 3, 1996	635,000	$ 5.12

$ 3.00 - $20.00	1,049,500	7.65	$ 14.42	283,500	$ 8.42

During the years ended January 30, 1999, January 31, 1998 and February 1, 1997, the Company recognized tax benefits of $408,000, $144,000 and $1,827,000, respectively, resulting from the exercise of certain non-qualified stock options.

Additional Long-Term Incentive Plan Information As discussed in Note 1, the Company continues to account for its stock-based awards using the intrinsic value method in accordance with APB No. 25, "Accounting for Stock Issued to Employees" and its related interpretations. Accordingly, no compensation expense has been recognized in the financial statements for employee incentive stock options or non-qualified stock options.

Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation," (SFAS 123) requires the disclosure of pro forma net income and earnings per share had the Company adopted the fair value method as of the beginning of fiscal 1995. Under SFAS 123, the fair value of stock-based awards to employees is calculated through the use of option pricing models, even though such models were developed to estimate the fair value of freely tradable, fully transferable options without vesting restrictions, which significantly differ from the Company's stock option awards. These models also require subjective assumptions, including future stock price volatility and expected time to exercise, which greatly affect the calculated values. The Company's calculations were made using the Black-Scholes option pricing model with the following weighted average assumptions: expected life, 48 months following vesting; stock volatility, 49.93% in fiscal 1998, 72.23% in fiscal 1997 and 65.95% in fiscal 1996; risk free interest rates, 4.74% in fiscal 1998, 6.10% in fiscal 1997 and 6.38% in fiscal 1996; and no dividends during the expected term. The Company's calculations are based on a valuation approach and forfeitures are recognized as they occur. If the computed fair values of the fiscal 1998, fiscal 1997 and fiscal 1996 awards had been amortized to expense over the vesting period of the awards, net income and earnings per share would have been reduced to the pro forma amounts indicated below:

		Fiscal 1998	Fiscal 1997	Fiscal 1996
Net Income	As reported	$ 25,954,000	$ 21,250,000	$ 15,252,000
	Pro forma	$ 24,804,000	$ 20,745,000	$ 15,192,000
Net Income Per Share, Basic	As reported	$ 1.98	$ 1.57	$ 1.15
	Pro forma	$ 1.90	$ 1.53	$ 1.15
Net Income Per Share, Diluted	As reported	$ 1.91	$ 1.53	$ 1.13
	Pro forma	$ 1.83	$ 1.49	$ 1.13

WS 000450

The impact of outstanding non-vested stock options granted prior to 1995 has been excluded from the pro forma calculation; accordingly, the above pro forma adjustments are not indicative of future period pro forma adjustments, when the calculation will apply to all applicable stock options.

As of January 30, 1999, the Company has granted an aggregate of 72,244 shares of Class A Common Stock, net of forfeitures, to a group of its key employees under the performance grant award plan which was instituted pursuant to the Company's Plans. Under the performance grant award plan, key employees of the Company receive Class A Common Stock in proportion to their salary. These bonus shares vest at the rate of 33.33% per year and non-vested shares are subject to forfeiture if the participant terminates employment. Compensation expense, equal to the market value of the shares as of the issue date, is being charged to earnings over the period that the employees provide service. In each of the years ended January 30, 1999, January 31, 1998 and February 1, 1997, 12,308, 8,704 and 5,308 shares, respectively, were fully vested and issued. In connection with the issuance of these shares, the Company recorded compensation expense of $463,000, $267,000 and $107,000 for the years ended January 30, 1999, January 31, 1998 and February 1, 1997, respectively.

seven Commitments

Leases The Company leases retail stores, automobiles, computers and corporate office and warehouse facilities under operating lease agreements expiring at various times through 2010. Substantially all of the leases require the Company to pay maintenance, insurance, property taxes and percentage rent ranging from 3% to 12%, based on sales volume over certain minimum sales levels. Effective February 1998, the Company entered into a sublease agreement for its former warehouse facility which expires in August 2002.

Minimum annual rental commitments under non-cancelable leases, including the corporate office and warehouse facility lease, are as follows:

Fiscal year ending	Minimum Lease Commitments	Sublease Income	Net Lease Commitments
2000	$ 51,196,000	$ 647,000	$ 50,549,000
2001	47,962,000	647,000	47,315,000
2002	43,352,000	647,000	42,705,000
2003	36,511,000	377,000	36,134,000
2004	30,793,000	—	30,793,000
Thereafter	95,957,000	—	95,957,000
	$ 305,771,000	$ 2,318,000	$ 303,453,000

Rental expense, including common area maintenance, was $72,533,000, $64,384,000 and $62,391,000, of which $295,000, $377,000 and $345,000 was paid as percentage rent based on sales volume, for the years ended January 30, 1999, January 31, 1998 and February 1, 1997, respectively.

Employment Contracts The Company has employment contracts with two officers, which provide for minimum annual salaries, customary benefits and allowances, and incentive bonuses if specified Company earnings levels are achieved. The agreements provide these same officers with severance benefits which approximate three years' salary if the agreements are terminated without cause before expiration of their terms or if the individual's duties materially change following a change in control of the Company.

Litigation The Company is a defendant in various lawsuits arising in the ordinary course of its business. While the ultimate liability, if any, arising from these claims cannot be predicted with certainty, the Company is of the opinion that their resolution will not likely have a material adverse effect on the Company's financial statements.

Letters of Credit At January 30, 1999, the Company had outstanding letters of credit amounting to approximately $15,994,000.

eight Revolving Credit Arrangement

Under an unsecured revolving line of credit arrangement with a bank, the Company may borrow up to a maximum of $30 million on a revolving basis through July 1, 1999. The cash borrowings under the arrangement bear interest at the bank's prime rate or, at the Company's option, LIBOR plus 1.75%. On March 31, 1999, the line of credit was extended to a maturity date of July 1, 2000.

The credit arrangement imposes quarterly and annual financial covenants requiring the Company to maintain certain financial ratios and achieve certain levels of annual income. In addition, the credit arrangement requires that the bank approve the payment of dividends and restrict the level of capital expenditures. At January 30, 1999 and January 31, 1998, the Company was in compliance with these covenants. The Company had no borrowings outstanding under the credit arrangement at January 30, 1999 or January 31, 1998.

nine Long-Term Debt

In June 1995, the Company entered into an unsecured five-year, $10 million term loan. The loan bears interest at the bank's prime rate plus .25% or, at the Company's option, LIBOR plus 1.75% (6.75% at fiscal year end) payable monthly. Under the terms of the debt agreement, the outstanding balance of $2,264,000 will be repaid in quarterly installments of $500,000, commencing October 31, 1999, until paid. Aggregate principal payments during fiscal 1999 and fiscal 2000 are $1,000,000 and $1,264,000, respectively.

The term loan imposes quarterly and annual financial covenants requiring the Company to maintain certain financial ratios and achieve certain levels of annual income. In addition, the term loan requires that the bank approve the payment of dividends and restricts the level of capital expenditures. At January 30, 1999 and January 31, 1998, the Company was in compliance with these covenants.

ten Related Party Transactions

Certain officers of Suzy Shier, Inc., a shareholder, provide management services to the Company. For these services, the officers earned in the aggregate a management fee of $375,000 in the year ended January 31, 1999 and $250,000 during each of the years ended January 31, 1998 and February 1, 1997.

eleven Retirement Plan

Effective June 1, 1998, the Company established a qualified defined contribution retirement plan under the Internal Revenue Code, Section 401(k). The Wet Seal Retirement Plan (the "Plan") is available to all employees who meet the Plan's eligibility requirements. The Plan is funded by employee contributions, and additional contributions may be made by the Company at its discretion. As of January 30, 1999 the Company had accrued $112,000 as its fiscal 1998 contribution to the Plan.

twelve Accrued Liabilities

Accrued liabilities consist of the following:

	January 30, 1999	January 31, 1998
Reserve for self insurance	$ 2,857,000	$ 3,219,000
Accrued wages, bonuses and benefits	7,272,000	5,972,000
Combination costs	—	1,645,000
Gift certificate and credit memo liability	3,464,000	2,911,000
Sales tax payable	1,651,000	1,204,000
Other	5,186,000	5,619,000
	$ 20,430,000	$ 20,570,000

In connection with the acquisition of Contempo Casuals, Inc., the Company assumed certain accruals, including the reserve for self insurance, which were estimated by the seller. The total amount of these assumed accruals may not, in fact be paid as the actual payments will be based on the future claims and losses which are actually submitted and which are related to pre-acquisition events. The accrual for combination costs consisted of management's estimates for the costs of closing and/or combining certain Contempo Casuals facilities and operations into Wet Seal's, as well as the costs of integrating management information and security systems. As of January 31, 1998, the Company had substantially completed the combination of facilities and the acquisition of necessary management information systems to fully integrate Contempo Casuals' operations into Wet Seal's. The accrued combination costs remaining at January 31, 1998 totaling $1,645,000 were fully utilized with the integration of the Company's in-store security systems in fiscal 1998.

thirteen Supplemental Employee Retirement Plan

The Company maintains a defined benefit supplemental employee retirement plan (the "SERP") for certain of its key employees and a director. The SERP provides for preretirement death benefits through life insurance and for retirement benefits. The Company funded the SERP in 1998 and 1997 through contributions to a trust fund known as a "Rabbi" trust. Assets held in the Rabbi trust ($861,000 and $261,000 at January 30, 1999 and January 31, 1998, respectively) are subject to claims of the Company's creditors but otherwise must be used only for purposes of providing benefits under the SERP.

In accordance with SFAS 132, the following presents a reconciliation of the SERP's funded status:

fifteen Shareholder Rights Plan

On August 19, 1997, the Company's Board of Directors adopted a Shareholder Rights Plan (the "Rights Plan") designed to protect company stockholders in the event of takeover action that would deny them the full value of their investment. Terms of the Rights Plan provide for a dividend distribution of one right for each share of common stock to holders of record at the close of business on August 29, 1997. The rights become exercisable only in the event, with certain exceptions, an acquiring party accumulates 12 percent or more of the Company's voting stock, or if a party announces an offer to acquire 20 percent or more of the Company's voting stock. Unless earlier redeemed, the rights will expire on August 29, 2007. Each right will entitle the holder to buy one one-hundredth of a share of a new series of preferred stock at a price of $73.00, subject to adjustment upon the occurrence of certain events. The Company will be entitled to redeem the rights at $0.01 per right at any time until the tenth day following the acquisition of a 12 percent position in its voting stock.

seventeen Subsequent Event

On February 1, 1999, the Company acquired the leases and furniture and fixtures for 80 stores from Britches of Georgetowne, Inc. The Company plans to convert the locations to Arden B., Wet Seal, Contempo Casuals and Limbo Lounge stores by the end of the first quarter of fiscal 1999, with the majority of the locations planned as Arden B.

independent auditors' report

To the Board of Directors and Stockholders of The Wet Seal, Inc.:

We have audited the accompanying balance sheets of The Wet Seal, Inc. as of January 30, 1999 and January 31, 1998 and the related statements of income, comprehensive income, stockholders' equity and cash flows for each of the three fiscal years in the period ended January 30, 1999. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Wet Seal, Inc. as of January 30, 1999 and January 31, 1998 and the results of its operations and its cash flows for each of the three fiscal years in the period ended January 30, 1999, in conformity with generally accepted accounting principles.

Makeover

THE TWO MILLION TEENS AND YOUNG WOMEN WHO RECEIVE THE NEW MAGALOG CAN ORDER BY USUAL MEANS, UTILIZING THE MAIL ORDER FORM OR TOLL-FREE PHONE LINE. BUT NOW THERE'S A HIPPER WAY.

The before picture. Wet Seal's first venture into direct mail is just a year old, but has already proven itself valuable. Each presentation of junior fashion, accessories and shoes has also been the ideal vehicle to hype Wet Seal's own brands, even in testing the Arden B. concept prior to its launch as a new Wet Seal division. It has been successful in reaching new Wet Seal shoppers outside of major metropolitan areas where the stores are located, broadening the customer base. It has also inspired the Wet Seal creative thinkers to let it "be all it can be." And so the makeover begins.

Ever the innovator, Wet Seal is changing the face, personality and even the name of this fledgling direct mail catalog. Part magazine, part catalog, this is direct mail for a new generation, made over to a new way of thinking on how to motivate, effect and sustain catalog sales. By Back-to-School fashion season, girls coast-to-coast will have a new fashion bible in hand – the first Blue Asphalt Magalog. It will capture the vibe.

The Blue Asphalt magalog puts an edgier spin on the fashion. Chock full of editorial content focusing on youth interests and issues, it will cover music topics, entertainment scoop and fashion. It will speak to girls, critiquing such things as new movies, CD releases and TV programming from her point of view. The real star of the magalog will be the Blue Asphalt collection, one that has consistently been promoted as a successful national brand rather than as Wet Seal's premier private label. Originally a line of jeans and now a full casual collection sold at the company's Wet Seal and Contempo Casuals stores, Blue Asphalt for back to school will be introduced piece by piece within the new format.

The two million girls and young women who receive the new magalog can order by usual means, utilizing the mail order form or toll-free phone line. But now there's a hipper way. The fashions can be purchased online through the magalog link at the new Blue Asphalt website. The internet, with its wonderful web-like, elaborate infrastructure, will also provide magalog exposure, turning casual net surfers into new Wet Seal customers. Who knew, 30 years ago, when Wet Seal grew out of the California beach culture, that it'd be part of a new surfer culture today?

The real beauty of the magalog is in the economics. Back to those two million girls. Think of all those enterprises with messages of their own craving new ways to reach the hearts and souls of these young women, among them beverage companies, movie studios, electronics makers, music companies and oodles of other entertainment-related concerns. The opportunities for partnering with third parties for this new venture have not been lost on Wet Seal. The company's huge and growing influence in the marketplace is allowing it to dance with the real players and form associations within the magalog that will build Wet Seal's own brands and lend them cachet.

Like all popular fashion magazines, the magalog will have staying power. With a longer shelf life than a traditional catalog – or bedroom life as the case may be...it is certain to reach a huge number of girls for whom shopping is, next to boys, one of the best things in life. As a concept, the magalog is fresh and it's fun, and such a good business model that it is sure to work on multiple levels. What's good for Wet Seal sales will be boon for the advertiser and a natural for tie-in promotions with related companies and organizations. The after picture: win-win-win.

PISCES (February 20-March 20)
You're of two minds on this Y2K thing. Apocalypse or opportunity? Answers will come to you as time passes, so focus your intuitive abilities on more pressing projects. Follow your dreams. Swim with the dolphins instead of the sharks. Learn a new language that will make you new friends. Speculate in new waters.
Fellow Fish: Rachmaninoff, Albert Einstein

ARIES (March 21-April 20)
The new century will have its pioneers. It is likely to be you. As the first sign of the Zodiac, you will sow the seeds and lead the way. Exercise caution, for a ram can go to extremes at the first opportunity. Choose worthy opponents and champion noble causes.
Fellow Rams: Houdini, Thomas Jefferson

TAURUS (April 21-May 21)
Bulls, this is your market. Your fierce dedication will win you extra points right and left. This persistence could help move everything from the Dow to that basketball team up up up. With a cool planet like Venus watching over you, things are tops in the romance department too. Let go of past possessions in a big millennium garage sale.
Fellow Bulls: Karl Marx, Elizabeth II

GEMINI (May 22-June 21)
Multi-tasking is your forte. No one juggles better than you, the "twins." You play favorites, small caps one week, large caps the next. Pool your resources and talents of the "two of you" and enter Year 2000 with will and purpose. Let your wit and intellect shine.
Fellow Twins: John F. Kennedy, Frank Lloyd Wright

CANCER (June 22-July 23)
Moonchildren are destined to be the creative historians of the Year 2000 transition, recording the events of the momentous times in journals and albums. You, with your psychic sixth sense, will help reveal the meaning of it all. Emerge from your protective shell for the excitement. Heed lunar rhythms and feather your nest with art and antiques.
Fellow Crabs: H. Ross Perot, Princess Diana

LEO (July 24-August 23)
No one loves a pageant better than a Leo. Ring out the old and usher in the biggest cosmic event in 2000 years with all the drama and grandeur you can muster. The world needs an extrovert and idealist like you to trumpet the call to revelry. Be tolerant of others who do not live in your same state of bliss. Be the boss but not a bully.
Fellow Lions: Coco Chanel, Neil Armstrong

VIRGO (August 24-September 23)
As the worry-wort of the Zodiac, stop obsessing on the rumors of a champagne shortage this New Year's Eve. Just start celebrating early. Use your inestimable charms and practicality to further charitable causes. This is not the end of the world. Read instruction manuals. Put business cards in alphabetical order. A Virgo wants to be ready.
Fellow Virgins: Mother Teresa, Elizabeth I

LIBRA (September 24-October 23)
Many may own the finer things in life but few appreciate them as much as you. You're the kinder, gentler Zodiac sign, a lover of great beauty. You, who gets entangled in your scales, weighing the pros and cons right and left, will do well to make a commitment. Any commitment.
Fellow Scalers: Luciano Pavarotti, Margaret Thatcher

SCORPIO (October 24-November 22)
Into art, science, space exploration and even espionage, scorpions are spiritual warriors. It's a magnetic thing, and new investments will have a strong attraction. Beware. Your high risk tolerance could bring a sting. As the Year 2000 draws closer, your own quest for truth and adventure will be right up there with Superman's.
Fellow Scorpions: Pablo Picasso, Bill Gates

SAGITTARIUS (November 23-December 22)
By Jupiter, don't let your restlessness nature and penchant for globe trotting keep you from getting your ducks in row. Button down the details and then let your enthusiasm lead you in search of ancient wisdom. Map out strategies before leaving. Look out for #1, but be tactful!
Fellow Archers: J. Paul Getty, Sir Winston Churchill

CAPRICORN (December 23-January 20)
Your infinite patience gives way to major anticipation with a birthday smack dab in the midst of the New Millennium. Whether you celebrate being the final '99 baby or numero uno of '00, you'll do it with your usual sense of purpose. Plan the music now. Life without music is never an option for you. And just for fun, grow a goatee. (Gents only.)
Fellow Goats: Howard Hughes, Benjamin Franklin

AQUARIUS (January 21-February 19)
Allocate some of your precious liquid assets for a no-holds barred New Age of Aquarius. In your copious planning for the future, start with a flow chart for the champagne. Your inventive, idealistic nature will take your big millennium bash well beyond the status quo. Remember to reward true friends for their loyalty.

(3) In fiscal 1995, the 53rd week of sales was excluded from "Sales" for purposes of calculating "Average sales per square foot" and "Average sales per store" in order to make fiscal 1995 comparable to prior years.

(4) In fiscal 1999, "Comparable store sales" were calculated by excluding sales during the first week of fiscal 1999 in order to make fiscal 1999 comparable to fiscal 1998. In fiscal 1998, "Comparable store sales" were calculated by adding the first week of fiscal 1995 to fiscal 1994 sales in order to make fiscal 1999 comparable to fiscal 1995. Through 1998, "Comparable store sales" were defined as sales in stores that were open throughout the full fiscal year and throughout the full prior fiscal year. "Comparable store sales" for fiscal 1999 are defined as sales in stores that were open at least 14 months.

Management's Discussion and Analysis of Financial Condition and Results of Operations

Introduction

The Company is one of the largest national mall-based specialty retailers focusing primarily on young women's apparel, and currently operates 542 retail stores in 42 states, Washington D.C. and Puerto Rico. The Company operates the stores under the names "Wet Seal," "Contempo Casuals," "Arden B." and "Limbo Lounge." The Company initiated a catalog in fiscal 1998 and an e-commerce web-site in August 1999. In fiscal 2000, the Company does not plan to mail any catalogs, but will continue its e-commerce initiatives.

On July 1, 1995, the Company acquired Contempo Casuals. The purchase price consisted of a $100,000 cash payment and the issuance of 254,678 shares of Class A Common Stock which had a market value of $1,170,000 as of the acquisition date. In addition, the Company assumed approximately $27,700,000 of current liabilities of Contempo Casuals. The transaction was accounted for under the purchase method and resulted in negative goodwill. The acquisition substantially increased the number of stores the Company operates. Effective February 2, 1997, Contempo Casuals, Inc. was merged with and into The Wet Seal, Inc.

On December 1, 1998, the Company acquired the leases and furniture and fixtures for 19 store locations from Mothers Work, Inc. The purchase price of $1,911,000 was allocated to leasehold improvements and furniture, fixtures and equipment. The majority of the locations acquired were converted to Arden B. stores.

On February 1, 1999, the Company acquired the leases and furniture and fixtures for 78 store locations from Britches of Georgetowne, Inc. for $16,704,000. Based upon a third-party appraisal, the purchase price was allocated to leasehold improvements, lease rights, and furniture, fixtures and equipment. Excess of cost over net assets acquired (goodwill) totaling $6,972,000 is being amortized on the straight-line method over 20 years. The majority of the locations acquired were converted to Arden B. stores.

As of January 29, 2000, the Company operated 548 stores compared to 454 stores as of January 30, 1999, the end of fiscal 1998. The Company opened 109 stores during fiscal 1999 and closed 15 stores.

Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with the Company's consolidated financial statements and the notes thereto.

Results of Operations

Fiscal 1999 consists of the 52 week period ended January 29, 2000, fiscal 1998 consists of the 52 week period ended January 30, 1999 and fiscal 1997 consists of the 52 week period ended January 31, 1998. Comparable store sales for fiscal 1999 are defined as sales in stores that were open at least 14 months. Comparable store sales for fiscal 1998 and prior are defined as sales in stores that were open throughout the full fiscal year and throughout the full prior fiscal year. The change in the method of calculating comparable store sales in fiscal 1999 would not have resulted in any material change to the results of fiscal 1998 and fiscal 1997 if applied retroactively to these fiscal years.

The following table sets forth selected income statement data of the Company expressed as a percentage of sales for the years indicated:

As a Percentage of Sales

Fiscal 1999 Compared to Fiscal 1998

Sales in fiscal 1999 were $524,407,000 compared to sales in fiscal 1998 of $485,389,000, an increase of $39,018,000, or 8.0%. The dollar increase in sales in fiscal 1999 compared to fiscal 1998 was due to the impact of the 100 new store openings in fiscal 1999 and the full year impact in 1999 of the net 65 new store openings in fiscal 1998. These increases were somewhat offset by the closing of 15 stores in fiscal 1999 and by the decrease in comparable store sales of 9.8%.

Cost of sales, including buying, distribution and occupancy costs, was $380,012,000 in fiscal 1999 compared to $336,527,000 in fiscal 1998, an increase of $43,485,000 or 12.9%. As a percentage of sales, cost of sales increased to 72.5% in fiscal 1999, from 69.3% in fiscal 1998, an increase of 3.2%. The dollar increase in cost of sales in fiscal 1999 compared to fiscal 1998 was due primarily to the increase in the number of stores. The increase in cost of sales as a percentage of sales related primarily to an increase in occupancy costs as a percentage of sales due to the decrease in comparable store sales. To a lesser extent, the increase was due to an increase in buying costs as a percentage of sales due to additional headcount added in fiscal 1998 to support the increase in the number of stores. Offsetting these increases was a decrease in distribution costs related primarily to the decrease in the unit cost of processing in the current year and to leveraging of fixed costs such as rent and depreciation due to the increase in total sales. The cost of merchandise as a percentage of sales was the same as the prior year. There was an improvement in the initial mark up and the shrink rate in fiscal 1999 compared to fiscal 1998, which was offset by an increase in markdowns. The increase in markdowns was related primarily with the need to clear merchandise due to the decrease in comparable store sales, particularly in the fourth quarter.

Selling, general and administrative expenses were $124,712,000 in fiscal 1999 compared to $110,554,000 in fiscal 1998, an increase of $14,158,000, or 12.8%. As a percentage of sales, selling, general and administrative expenses was 23.8% in fiscal 1999 compared to 22.8% in fiscal 1998, an increase of 1%. The dollar increase in selling, general and administrative expenses in fiscal 1999 compared to fiscal 1998 was primarily due to the increase in total sales. The increase as a percentage of sales was primarily related to the increases in selling wages and advertising expenses in the current year as a percentage of sales offset somewhat by a decrease in the fixed costs associated with catalog production as a percentage of sales. Without the impact of the catalog operation, selling, general and administrative expenses increased 1.8%. This increase related primarily to the increase in selling

expense as a percentage of sales due to the impact of the decrease in the comparable store sales on the fixed portion of store wages. Also contributing to the increase as a percentage of sales was an increase in advertising expense related to a national advertising campaign in fiscal 1999 for both the Blue Asphalt and Arden B. brands.

Other income, net, was $1,154,000 or 0.2% of sales in fiscal 1999. Other income, net, was related to the sale of one store lease.

Interest income, net, was $3,005,000 in fiscal 1999 compared to $3,894,000 in fiscal 1998, a decrease of $889,000. This decrease was due primarily to a decrease in the average cash balance invested during the year.

Income tax provision was $9,659,000 in fiscal 1999 compared to $16,248,000 in fiscal 1998. The effective income tax rate in fiscal 1999 was 40.5% compared to 38.5% in fiscal 1998. The increase in the effective tax rate in fiscal 1999 compared to fiscal 1998 was due to the impact of the lower pretax income in fiscal 1999 and the permanent timing differences between book and tax, as well as to the decrease in tax exempt securities.

Based on the factors noted above, net income was $14,183,000 in fiscal 1999 compared to $25,954,000 in fiscal 1998, a decrease of $11,771,000 or 45.4%. As a percentage of sales, net income was 2.7% in fiscal 1999 compared to 5.3% in fiscal 1998.

Fiscal 1998 Compared to Fiscal 1997

Sales in fiscal 1998 were $485,389,000 compared to sales in fiscal 1997 of $412,463,000, an increase of $72,926,000 or 17.7%. The dollar increase in sales in fiscal 1998 compared to fiscal 1997 was primarily due to the impact of the 86 new store openings in fiscal 1998 and the full year impact in 1998 of the net 25 new store openings in fiscal 1997. These increases were somewhat offset by the closing of 21 stores in fiscal 1998. To a lesser extent, the increase in sales was due to an increase in comparable store sales of 2.1%.

Cost of sales, including buying, distribution and occupancy costs, was $336,527,000 in fiscal 1998 compared to $292,844,000 in fiscal 1997, an increase of $43,883,000 or 15.0%. As a percentage of sales, cost of sales decreased to 69.3% in fiscal 1998, from 71.0% in fiscal 1997, a decrease of 1.7%. The dollar increase in cost of sales in fiscal 1998 compared to fiscal 1997 was due primarily to the increase in total sales. Of the 1.7% decrease in cost of sales as a percentage of sales, 1.2% related to a decrease in occupancy costs, 0.6% related to a decrease in the cost of merchandise and 0.1% related to a decrease in buying costs, offset by a 0.2% increase in distribution costs. The decrease in occupancy

costs was associated primarily to the leverage of the catalog operation sales on store occupancy costs. To a lesser extent, the decrease in occupancy was due to a decrease in store rental expenses, as a percentage of sales, as a result of the expense leverage related to the increase in comparable store sales. The decrease of 0.6% in merchandise cost was due to an increase in the initial markup rates related to a decrease in the cost of merchandise. The 0.1% decrease in buying costs as a percentage of sales was due to the leverage associated with the increase in total sales. The 0.2% increase in distribution costs was related primarily to the catalog operation.

Selling, general and administrative expenses were $110,584,000 in fiscal 1998 compared to $86,999,000 in fiscal 1997, an increase of $23,555,000 or 27.1%. As a percentage of sales, selling, general and administrative expenses was 22.8% in fiscal 1998 compared to 21.1% in fiscal 1997. The dollar increase in selling, general and administrative expenses in fiscal 1998 compared to fiscal 1997 was primarily due to the increase in total sales and, to a lesser extent, the expenses related to the catalog operation. The increase as a percentage of sales was primarily due to the impact of the fixed costs associated with catalog production. Without the impact of the catalog operation, selling, general and administrative expenses increased 0.5%. This increase related primarily to the increase in selling expense as a percentage of sales due to the increases in minimum wage and to the start-up costs associated with new store openings. Also contributing to the increase as a percentage of sales was an increase in administrative wages to support the expanded operations in fiscal 1998.

Interest income, net, was $3,894,000 in fiscal 1998 compared to $3,505,000 in fiscal 1997, an increase of $389,000. This increase was due primarily to an increase in the average cash balance invested during the year.

Income tax provision was $16,248,000 in fiscal 1998 compared to $15,075,000 in fiscal 1997. The effective income tax rate in fiscal 1998 was 38.5% compared to 41.5% in fiscal 1997. The decrease in the effective tax rate in fiscal 1998 compared to fiscal 1997 was due to the increase in income generated from states with lower effective tax rates, as well as the impact of changes in the corporate cash investment strategy, which resulted in higher balances invested in tax exempt securities.

Based on the factors noted above, net income was $25,954,000 in fiscal 1998 compared to $21,250,000 in fiscal 1997, an increase of $4,704,000 or 22.1%. As a percentage of sales, net income was 5.3% in fiscal 1998 compared to 5.2% in fiscal 1997.

Liquidity and Capital Resources

Working capital at the end of fiscal 1999, 1998 and 1997 was $47,707,000, $21,856,000 and $66,452,000, respectively. The increase in working capital in fiscal 1999 compared to fiscal 1998 was due to a net decrease in long-term investments of $30,886,000, as current year cash was invested to a larger extent in investments with maturities less than one year. Net cash provided by operating activities in fiscal 1999, 1998 and 1997 was $28,798,000, $43,950,000 and $31,948,000, respectively. The decrease in net cash provided by operating activities in fiscal 1999 compared to fiscal 1998 was due primarily to the decrease in net earnings. Further contributing to the decrease was the decrease in income taxes payable and the increase in inventory. This was offset to some extent by the increase in accounts payable. The decrease in income taxes payable was due to the decrease in taxable income, particularly in the fourth quarter. The increase in inventory over the prior year was related to the increase in the number of stores. The increase in accounts payable over the prior year related to the increase in inventory.

The increase in net cash provided by operating activities in fiscal 1998 compared to fiscal 1997 was due primarily to the increase in net earnings. Further contributing to the increase was the increase in income taxes payable and accounts payable offset, to some extent, by the increase in inventory and deferred tax, net. The increase in income taxes payable was due to the timing of tax payments. The increase in accounts payable was attributable to the increase in payables associated with capital expenditures. The increase in inventory over the prior year was related to the increase in the number of stores offset to some extent by the decrease in catalog inventory as compared to the prior year.

Additions to equipment and leasehold improvements are the Company's most significant investment activities. In fiscal 1999, 1998 and 1997 the Company invested $26,819,000, $26,503,000 and $22,973,000, respectively, in property and equipment and leasehold improvements. These expenditures relate primarily to new store openings and remodels. On February 1, 1999, the Company acquired the leases and equipment and leasehold improvements for 78 store locations from Britches of Georgetowne, Inc. for $15,704,000, of which $6,972,000 was classified as goodwill. On December 1, 1998, the Company acquired the leases and equipment and leasehold improvements for 19 store locations from Mothers Work, Inc. for $1,911,000. The majority of the locations acquired were converted to Arden B. stores.

In September 1998, the Company's Board of Directors authorized the repurchase of up to 20% of the outstanding shares of the Company's Class A Common Stock. As of January 29, 2000, 1,347,600 shares had been repurchased at a cost of $20,050,000. Such repurchased shares are reflected as treasury stock in the accompanying consolidated financial statements.

The Company has a secured revolving line of credit arrangement with Bank of America National Trust and Savings Association ("Bank of America") in an aggregate principal amount of $50,000,000, maturing on July 1, 2001 and a five year amortizing unsecured term loan with Bank of America in an amount up to $10,000,000. As of January 29, 2000, the term loan had an outstanding balance of $1,764,000. On October 29, 1999, the line of credit was extended to a maturity date of July 1, 2001. At January 29, 2000, there were no outstanding borrowings under the credit arrangement and there were $4,836,000 open letters of credit related to imported inventory order. The Company was in compliance with all terms and covenants of the credit arrangement and the term loan. The Company invests its excess funds primarily in a short-term investment grade money market fund, investment grade commercial paper and U.S. Treasury and Agency obligations. Management believes the Company's working capital and cash flows from operating activities will be sufficient to meet the Company's operating and capital requirements in the foreseeable future.

Seasonality and Inflation

The Company's business is seasonal by nature with the Christmas season (beginning the week of Thanksgiving and ending the first Saturday after Christmas) and the back-to-school season (beginning the last week of July and ending the first week of September), historically accounting for the largest percentage of sales volume. In the Company's three fiscal years ended January 30, 1999, the Christmas and back-to-school seasons together accounted for an average of approximately 32% of the Company's annual sales, after adjusting for sales increases related to new stores. The Company does not believe that inflation has had a material effect on the results of operations during the past three years. However, there can be no assurance that the Company's business will not be affected by inflation in the future.

Statement Regarding Forward Looking Disclosure

The preceding "Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections may contain various forward looking statements within the meaning of

Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended, which represent the Company's expectations or beliefs concerning future events. The Company cautions that these statements are further qualified by important factors that could cause actual results to differ materially from those in the forward looking statements, including, without limitation, the retention by the Company of suppliers for both brand name and Company-developed merchandise, the ability of the Company to expand and to continue to increase comparable store sales, and the sufficiency of the Company's working capital and cash flows from operating activities. In addition, these statements are further qualified by important factors that could cause actual results to differ materially from those in the forward looking statements, including, without limitation, a decline in demand for the merchandise offered by the Company, the ability of the Company to locate and obtain acceptable store sites and lease terms or renew existing leases, the ability of the Company to obtain adequate merchandise supply, the ability of the Company to hire and train employees, the ability of the Company to gauge the fashion tastes of its customers and provide merchandise that satisfies customer demand, management's ability to manage the Company's expansion, the effect of economic conditions, the effect of severe weather or natural disasters and the effect of competitive pressures from other retailers. The Company disclaims any obligation or undertaking to disseminate any updates or revisions to any forward looking statement contained herein or to reflect any change in the expectations of the Company after the date hereof or any change in events, conditions or circumstances on which any statement is based.

New Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board issued Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS No. 133"). SFAS No. 133 establishes accounting and reporting standards for derivative instruments and for hedging activities. SFAS No. 133 was initially effective for fiscal years beginning after June 15, 1999. In July 1999, the FASB issued SFAS No. 137, "Accounting for Derivative Instruments and Hedging Activities - Deferral of the Effective Date of FASB Statement No. 133," which delays the effective date of SFAS No. 133 to fiscal years beginning after June 15, 2000. The Company does not believe the adoption of SFAS No. 133 will have a material effect on the Company's consolidated results of operations or financial condition.

Year 2000 Compliance

On January 1, 2000, many companies faced a potentially serious information systems (computer) problem because many software applications and operational programs written in the past did not properly recognize calendar dates beginning in the Year 2000. This problem could have forced computers or machines which utilize date dependent software to either shut down or provide incorrect data or information. We examined our computer and information systems and were assured by our software and hardware providers that our computer systems were fully compliant with the Year 2000. We also performed our own internal tests of our software and hardware to confirm that they were Year 2000 compliant.

At this time, we have not experienced any material Year 2000 related problems with our information systems and computer software, and we have not experienced any material problems with our key suppliers or customers related to Year 2000.

It is not possible to quantify the aggregate cost of upgrading our computer operating system and software since they were part of the software and hardware providers' normal upgrades to our systems. The costs for upgrading our information systems were funded through our operating cash flows, and we have spent approximately $170,000 since 1998 for upgrades of our information systems and services associated with such upgrades.

We intend to continue to review our information systems as well as monitor our key suppliers and customers for any undetected Year 2000 problems which may not be apparent yet. However, we do not currently believe that there are any undetected Year 2000 problems that could have a material impact on our business, financial condition or results of operations.

Quarterly Market Information

The Company's Class A common Stock ("Common Stock") is listed on The NASDAQ Stock Market ("NASDAQ") under the symbol "WISLA". As of March 20, 2000, there were 312 shareholders of record of the Company's Class A Common Stock. Additionally, the number of beneficial owners of the Company's Common Stock was estimated to be in excess of 4,500. The closing price of the Common Stock on March 20, 2000 was $14 9/16.

The following table reflects the high and low sale prices of the Company's Common Stock as reported by Nasdaq for the last two fiscal years.

	Fiscal 1999		Fiscal 1998	
Quarter	High	Low	High	Low
First Quarter	$ 44 5/8	$ 32 1/2	$ 38 1/4	$ 26 7/8

Notes to Consolidated Financial Statements

for the years ended January 29, 2000, January 30, 1999 and January 31, 1998

Note 1. Summary of Significant Accounting Policies

Nature of the Business The Wet Seal, Inc. (the "Company") is a nationwide specialty retailer of fashionable and contemporary apparel and accessory items designed for consumers with a young, active lifestyle. The Company's success is largely dependent upon its ability to gauge the fashion tastes of its customers and to provide merchandise that satisfies customer demand. The Company's failure to anticipate, identify or react to changes in fashion trends could adversely affect its results of operations.

Approximately 34% of the voting stock of the Company is held by a group of companies directly or indirectly controlled by two directors of the Company, one of which is the Chairman of the Board. On July 1, 1996, the Company acquired Contempo Casuals, Inc., a 237-store junior women's retail chain. Effective February 2, 1997, Contempo Casuals, Inc. was merged with and into The Wet Seal, Inc.

The Company's fiscal year ends on the Saturday closest to the end of January. The reporting period includes 52 weeks in each of the fiscal years 1999, 1998 and 1997.

Principles of Consolidation The consolidated financial statements include the accounts of The Wet Seal, Inc. and its wholly owned subsidiary, The Wet Seal Retail, Inc. All significant intercompany balances and transactions have been eliminated in consolidation.

Merchandise Inventories Merchandise inventories are stated at the lower of cost (first-in, first-out) or market. Cost is determined using the retail inventory method.

Equipment and Leasehold Improvements Equipment and leasehold improvements are stated at cost. Expenditures for betterment or improvement are capitalized, while expenditures for repairs that do not significantly increase the life of the asset are expensed as incurred.

Depreciation is provided using primarily the straight-line method over the estimated useful lives of the assets. Furniture, fixtures and equipment are typically depreciated over three to five years. Leasehold improvements and the cost of acquiring leasehold rights are depreciated over the lesser of the term of the lease or 10 years.

Page > 0&9 WTSLA 99A9

Long-Lived Assets The Company accounts for the impairment and disposition of long-lived assets in accordance with Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of" ("SFAS No. 121"). In accordance with SFAS No. 121, long-lived assets to be held are reviewed for events or changes in circumstances which indicate that their carrying value may not be recoverable. At January 29, 2000, the Company believes there has been no impairment of the value of such assets.

Intangible Assets Excess of cost over net assets acquired (goodwill) which resulted from the acquisition of certain store assets in 1990 and 1999 is being amortized on the straight-line method over 20 years for the 1999 acquisition and over 25 years for the 1990 acquisition. The Company assesses the recoverability of goodwill at each balance sheet date by determining whether the amortization of the balance over its remaining useful life can be recovered through projected undiscounted future operating cash flows from the acquired assets.

Rental Expense Any defined rental escalation is averaged over the term of the related lease in order to provide level recognition of rental expense.

Store Pre-Opening Costs Store opening and pre-opening costs are charged to expense as they are incurred.

Advertising Costs Costs for advertising related to retail operations consisting of magazine ads, in-store signage and promotions are expensed as incurred. Direct response advertising costs consisting primarily of catalog book production and printing costs are capitalized and amortized over the expected life of the catalog, not to exceed six months. In fiscal 1999, the Company embarked on a national magazine advertising campaign which included print ads promoting the Blue Asphalt name and the Arden B. concept which were placed in magazines such as Seventeen, Cosmopolitan, Glamour, In-Style, Jane, Teen People, Spin and Entertainment Weekly. Total advertising expenses related primarily to retail operations in fiscal 1999, 1998 and 1997 were $5,667,000, $1,993,000, and $1,676,000, of which approximately $2,872,000 was related to the print media advertising campaign in fiscal 1999.

Page > K61 WISLA 99AR

Income Tax The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("SFAS No. 109"). Deferred tax charges are provided on items, principally depreciation and rent, for which there are temporary differences in recording such items for financial reporting purposes and for income tax purposes.

Net Income per Share In accordance with Statement of Financial Accounting Standards No. 128, "Earnings Per Share" ("SFAS No. 128"), net income per share, basic, is computed based on the weighted average number of common shares outstanding for the period. Net income per share, diluted, is computed based on the weighted average number of common and potentially dilutive common equivalent shares outstanding for the period (see note 14).

Statements of Cash Flows For purposes of the statements of cash flows, the Company considers all highly liquid interest earning deposits purchased with an initial maturity of three months or less to be cash equivalents. At January 29, 2000 and January 30, 1999, cash equivalents totaled $40,230,000 and $29,290,000, respectively, bearing interest at rates ranging from approximately 3.6% to 5.7% at January 29, 2000 and from approximately 4.7% to 5.3% at January 30, 1999.

New Accounting Pronouncements In June 1998, the Financial Accounting Standards Board ("FASB") issued Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS No. 133"). SFAS No. 133 establishes accounting and reporting standards for derivative instruments and for hedging activities. SFAS No. 133 was initially effective for fiscal years beginning after June 15, 1999. In July 1999, the FASB issued SFAS No. 137, "Accounting for Derivative Instruments and Heading Activities - Deferral of the Effective Date of FASB Statement No. 133," which delays the effective date of SFAS No. 133 to fiscal years beginning after June 15, 2000. The Company does not believe the adoption of SFAS No. 133 will have a material effect on the Company's consolidated results of operations or financial condition.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Page > 1662 WISLA 98AR

Fair Value of Financial Instruments Management believes the carrying amounts of cash and cash equivalents, other receivables and accounts payable approximate fair value due to the short maturity of these financial instruments. Long-term investments consist of highly liquid interest bearing securities that are carried at amortized cost plus accrued income, which management believes approximates market. Long-term debt bears a variable rate of interest which management believes the carrying amount for the outstanding borrowings at January 29, 2000 and January 30, 1999 approximate fair value.

Stock-based Compensation The Company accounts for stock-based awards to employees using the intrinsic value method in accordance with Accounting Principles Board (APB) Opinion No. 25, "Accounting for Stock Issued to Employees" (see note 6).

Segment Information In June 1997, the Financial Accounting Standards Board issued Statement No. 131, "Disclosures about Segments of an Enterprise and Related Information" ("SFAS No. 131"). This statement establishes standards for the way companies report information about operating segments in financial statements. It also establishes standards for related disclosures about products and services, geographic areas, and major customers. In accordance with the provisions of SFAS No. 131, the Company has determined that it does not currently have any separately reportable operating segments.

Note 2. Acquisition

On July 1, 1995, the Company acquired the business, assets and properties of Contempo Casuals, Inc., a 237-store junior women's retail chain with stores in 34 states and Puerto Rico. The purchase price consisted of: (a) the issuance of 254,076 shares of the Company's Class A Common Stock which had a value of $1,170,000 on the date of the acquisition, and (b) $100,000 in cash. The transaction was accounted for under the purchase method. In connection with the acquisition, the Company assumed certain liabilities which were estimated by the seller. The total amount of these assumed liabilities may not, in fact, be paid as the actual payments will be based on the future claims and losses which are actually submitted and which are related to pre-acquisition events (see note 12).

On December 1, 1998, the Company acquired the leases and furniture and fixtures for 19 store locations from Mothers Work, Inc. The purchase price of $1,911,000 was allocated to leasehold improvements and furniture, fixtures and equipment in the accompanying consolidated financial statements. The majority of the locations acquired were converted to Arden B. stores.

On February 1, 1999, the Company acquired the leases and furniture and fixtures for 78 store locations from Britches of Georgetowne, Inc. for $19,704,000. Based upon a third-party appraisal, the purchase price was allocated to leasehold improvements, lease rights, and furniture, fixtures and equipment in the accompanying consolidated financial statements. Excess of cost over net assets acquired (goodwill) totaling $9,972,000 is being amortized on the straight-line method over 20 years. The majority of the locations acquired were converted to Arden B. stores.

Note 3. *Investments*

Short-term investments consist of highly liquid interest bearing deposits purchased with an initial maturity exceeding three months with a remaining maturity at January 29, 2000 less than 12 months. Long-term investments consist of highly liquid interest bearing securities that mature beyond 12 months from the balance sheet date. It is management's intent to hold short-term and long-term investments to maturity. Short-term and long-term investments are carried at amortized cost plus accrued income, which approximates market at January 29, 2000.

Investments are comprised of the following (in thousands):

Description	Maturity Dates	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
January 29, 2000					
Corporate bonds	Within one year	$ 3,588	$ –	$ 90	$ 3,498

Note 4. ***Provision for Income Taxes***

SFAS No. 109 requires the recognition of deferred tax assets and liabilities for the future consequences of events that have been recognized in the Company's consolidated financial statements or tax returns. The measurement of deferred items is based on enacted tax laws. In the event that the future consequences of differences between financial reporting bases and the tax bases of the Company's assets and liabilities result in a deferred tax asset, SFAS No. 109 requires an evaluation of the probability of being able to realize the future benefits indicated by such asset. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The components of the income tax provision are as follows (in thousands):

	January 29, 2000	January 30, 1999	January 31, 1998
Current:			
Federal	$ 7,067	$ 13,442	$ 12,886
State	2,321	3,930	4,378
	9,388	17,372	17,264
Deferred:			
Federal	(47)	(1,126)	(1,535)
State	318	2	(654)
	271	(1,124)	(2,189)
	$ 9,659	$ 16,248	$ 15,075

A reconciliation of the income tax provision to the amount of the provision that would result from applying the federal statutory rate (35%) to income before taxes is as follows:

	January 29, 2000	January 30, 1999	January 31, 1998
Provision for income taxes at federal statutory rate	35.0%	35.0%	35.0%
State income taxes, net of federal income tax benefit	7.2	5.6	7.2
Tax exempt interest	(1.7)	(1.5)	(2.0)
Inventory contributions	(2.0)	–	–
Other	2.0	(0.6)	1.3
Effective tax rate	40.5%	38.5%	41.5%

As of January 29, 2000 and January 30, 1999, the Company's net deferred tax asset was $10,438,000 and $10,709,000 respectively. The major components of the Company's net deferred taxes at January 29, 2000 and January 30, 1999 are as follows (in thousands):

	January 29, 2000	January 30, 1999
Deferred rent	$ 3,316	$ 2,987
Acquisition related reserves	608	630
Inventory cost capitalization	919	1,080
Difference between book and tax basis of fixed assets	4,022	4,632
State income taxes	(279)	(179)
Supplemental Employee Retirement Plan	860	594
Other	992	965
	$ 10,438	$ 10,709

Note 5. *Stockholders' Equity*

The 2,912,665 shares of the Company's Class B Common Stock outstanding as of January 29, 2000 are convertible on a share-for-share basis into shares of the Company's Class A Common Stock at the option of the holder. The Class B Common Stock has two votes per share while the Class A Common Stock has one vote per share.

During the year ended January 30, 1999, the Company's Board of Directors authorized the repurchase of up to 20% of the outstanding shares of the Company's Class A Common Stock. As of January 29, 2000, 1,347,600 shares had been repurchased at a cost of $20,059,000. Such repurchased shares are reflected as treasury stock in the accompanying consolidated financial statements.

Note 6. *Long-Term Incentive Plan*

Under the Company's long-term incentive plans (the "Plans"), the Company may grant stock options which are either incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or non-qualified stock options. The Plans provide that the per share exercise price of an incentive stock option may not be less than the fair market value of the Company's

Class A Common Stock on the date the option is granted. Options become exercisable over periods of up to five years and generally expire 10 years from the date of grant or 90 days after employment or services are terminated. The Plans also provide that the Company may grant restricted stock and other stock-based awards. An aggregate of 2,428,000 shares of the Company's Class A Common Stock may be issued pursuant to the Plans. As of January 29, 2000, 296,007 shares were available for future grants.

Stock option activity for each of the three years in the period ended January 29, 2000 was as follows:

	Number of Shares	Weighted Average Exercise Price
Outstanding at February 1, 1997	412,500	$ 6.64
Granted	595,000	20.00
Canceled	(21,000)	17.70
Exercised	(19,000)	11.24
Outstanding at January 31, 1998	967,500	14.53
Granted	130,000	16.93
Canceled	(12,000)	13.57
Exercised	(36,000)	7.58
Outstanding at January 30, 1999	1,049,500	14.42
Granted	705,500	15.13
Canceled	(58,000)	16.17
Exercised	(185,000)	9.24
Outstanding at January 29, 2000	1,512,000	$ 15.32

At January 29, 2000, January 30, 1999 and January 31, 1998 there were 380,500, 283,500 and 119,500 outstanding options exercisable at a weighted average exercise price of $11.71, $8.42 and $4.65, respectively.

Page > 1:58 WTSLA 99AR

The following table summarizes information on outstanding and exercisable stock options as of January 29, 2000:

	Options Outstanding			Options Exercisable	
Range of Exercise Prices	Number Outstanding as of Jan. 29, 2000	Weighted Average Remaining Contractual Life	Weighted Average Exercise Price	Number Exercisable as of Jan. 29, 2000	Weighted Average Exercise Price
$ 3.00 - $ 3.69	17,000	4.36	$ 3.52	17,000	$ 3.52
4.13 - 5.13	183,500	4.22	4.18	161,500	4.17
8.00 - 16.59	911,000	9.17	15.39	78,000	15.96
19.31 - 20.00	420,000	7.62	19.97	124,000	19.98
$ 3.00 - $20.00	1,512,000	8.15	$ 15.32	380,500	$ 11.71

During the years ended January 29, 2000, January 30, 1999 and January 31, 1998, the Company recognized tax benefits of $2,336,000, $408,000 and $144,000, respectively, resulting from the exercise of certain non-qualified stock options.

Additional Long-Term Incentive Plan Information As discussed in Note 1, the Company continues to account for its stock-based awards using the intrinsic value method in accordance with APB No. 25, "Accounting for Stock Issued to Employees," and its related interpretations. Accordingly, no compensation expense has been recognized in the consolidated financial statements for employee incentive stock options or non-qualified stock options.

Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation," (SFAS No. 123) requires the disclosure of pro forma net income and earnings per share had the Company adopted the fair value method as of the beginning of fiscal 1995. Under SFAS No. 123, the fair value of stock-based awards to employees is calculated through the use of option pricing models, even though such models were developed to estimate the fair value of freely tradable, fully transferable options without vesting restrictions, which significantly differ from the Company's stock option awards. These models also require subjective assumptions, including future stock price volatility and expected time to exercise, which greatly affect the calculated values.

The Company's calculations were made using the Black-Scholes option-pricing model with the following weighted average assumptions:

	Fiscal 1999	Fiscal 1998	Fiscal 1997
Dividend Yield	0.00%	0.00%	0.00%
Expected Volatility	62.74%	49.93%	72.23%
Risk-Free Interest Rate	5.81%	4.74%	6.10%
Expected Life of Option following Vesting (in Months)	48	48	48

The Company's calculations are based on a valuation approach and forfeitures are recognized as they occur. If the computed fair values of the fiscal 1999, fiscal 1998 and fiscal 1997 awards had been amortized to expense over the vesting period of the awards, net income (in thousands) and earnings per share would have been reduced to the pro forma amounts indicated below:

		Fiscal 1999	Fiscal 1998	Fiscal 1997
Net Income	As reported	$ 14,183	$ 25,954	$ 21,250
	Pro forma	$ 12,759	$ 24,804	$ 20,745
Net Income Per Share, Basic	As reported	$ 1.14	$ 1.98	$ 1.57
	Pro forma	$ 1.03	$ 1.90	$ 1.53
Net Income Per Share, Diluted	As reported	$ 1.11	$ 1.91	$ 1.53
	Pro forma	$ 1.00	$ 1.83	$ 1.49

The impact of outstanding non-vested stock options granted prior to 1995 has been excluded from the pro forma calculation; accordingly, the above pro forma adjustments are not indicative of future period pro forma adjustments, when the calculation will apply to all applicable stock options.

As of January 29, 2000, the Company has granted an aggregate of 96,493 shares of Class A Common Stock, net of forfeitures, to a group of its key employees under the performance grant award plan which was instituted pursuant to the Company's Plans. Under the performance grant award plan, key employees

of the Company receive Class A Common Stock in proportion to their salary. These bonus shares vest at the rate of 33.33% per year and non-vested shares are subject to forfeiture if the participant terminates employment. Compensation expense, equal to the market value of the shares as of the issue date, is being charged to earnings over the period that the employees provide service. In each of the years ended January 29, 2000, January 30, 1999, and January 31, 1998, 10,137, 12,308, and 8,704 shares, respectively, were fully vested and issued. In connection with the issuance of these shares, the Company recorded compensation expense of $111,000, $463,000, and $267,000 for the years ended January 29, 2000, January 30, 1999, and January 31, 1998, respectively.

Note 7. *Commitments and Contingencies*

Leases The Company leases retail stores, automobiles, computers and corporate office and warehouse facilities under operating lease agreements expiring at various times through 2010. Substantially all of the leases require the Company to pay maintenance, insurance, property taxes and percentage rent based on sales volume over certain minimum sales levels. Effective February 1998, the Company entered into a sublease agreement for its former warehouse facility which expires in August 2002.

Minimum annual rental commitments under non-cancelable leases, including the corporate office and warehouse facility lease, are as follows (in thousands):

Fiscal year ending	Minimum Lease Commitments	Sublease Income	Net Lease Commitments
2000	$ 66,416	$ 647	$ 65,769
2001	60,441	647	59,794
2002	53,390	377	53,013
2003	47,421	–	47,421
2004	41,002	–	41,002
Thereafter	127,835	–	127,835
	$ 396,505	$ 1,671	$ 394,834

Rental expense, including common area maintenance, was $90,613,000, $72,533,000, and $64,384,000, of which $28,000, $295,000, and $377,000 was paid as percentage rent based on sales volume, for the years ended January 29, 2000, January 30, 1999 and January 31, 1998, respectively.

Employment Contracts The Company has employment contracts with two officers, which provide for minimum annual salaries, customary benefits and allowances, and incentive bonuses if specified Company earnings levels are achieved. The agreements provide these same officers with severance benefits which approximate three years' salary if the agreements are terminated without cause before expiration of their terms or if the individual's duties materially change following a change in control of the Company.

Litigation The Company is a defendant in various lawsuits arising in the ordinary course of its business. While the ultimate liability, if any, arising from these claims cannot be predicted with certainty, the Company is of the opinion that their resolution will not likely have a material adverse effect on the Company's financial statements.

Letters of Credit At January 29, 2000, the Company had outstanding letters of credit amounting to $4,836,000.

Note 8. *Revolving Credit Arrangement*

Under a secured revolving line of credit arrangement with a bank, the Company may borrow up to a maximum of $50,000,000 on a revolving basis through July 2001. The cash borrowings under the arrangement bear interest at the bank's prime rate or, at the Company's option, LIBOR plus 1.5%.

The credit arrangement imposes quarterly and annual financial covenants requiring the Company to maintain certain financial ratios and achieve certain levels of annual income. In addition, the credit arrangement requires that the bank approve the payment of dividends and restrict the level of capital expenditures. At January 29, 2000 and January 30, 1999, the Company was in compliance with these covenants. The Company had no borrowings outstanding under the credit arrangement at January 29, 2000 or January 30, 1999.

Note 9. Long-Term Debt

In June 1995, the Company entered into an unsecured five-year, $10,000,000 term loan. The loan bears interest at the bank's prime rate plus .25% or, at the Company's option, LIBOR plus 1.5% (6.1% at fiscal year end) payable monthly. The outstanding debt balance as of January 29, 2000 was $1,764,000, which will be repaid in quarterly installments of $500,000, until paid in fiscal 2000.

The term loan imposes quarterly and annual financial covenants requiring the Company to maintain certain financial ratios and achieve certain levels of quarterly income. In addition, the term loan requires that the bank approve the payment of dividends and restricts the level of capital expenditures. At January 29, 2000 and January 30, 1999, the Company was in compliance with these covenants.

Note 10. Related Party Transactions

Certain officers of Suzy Shier, Inc., a shareholder, provide management services to the Company. For these services, the officers earned in the aggregate a management fee of $437,500 in the year ended January 29, 2000 and $375,000 in the year ended January 30, 1999 and $250,000 in the year ended January 31, 1998. The Company has entered into an agreement with these officers, requiring annual payments of $500,000 through 2004.

Note 11. Retirement Plan

Effective June 1, 1993, the Company established a qualified defined contribution retirement plan under the Internal Revenue Code, Section 401(k). The Wet Seal Retirement Plan (the "Plan") is available to all employees who meet the Plan's eligibility requirements. The Plan is funded by employee contributions, and additional contributions may be made by the Company at its discretion. As of January 29, 2000, the Company had accrued $145,000 as its fiscal 1999 contribution to the Plan.

Note 12. *Accrued Liabilities*

Accrued liabilities consist of the following (in thousands):

	January 29, 2000	January 30, 1999
Reserve for self insurance	$ 2,672	$ 2,857
Accrued wages, bonuses and benefits	5,570	7,272
Gift certificate and credit memo liability	4,261	3,464
Sales tax payable	2,376	1,651
Other	5,732	5,186
	$ 20,611	$ 20,430

In connection with the acquisition of Contempo Casuals, Inc., the Company assumed certain accruals, including the reserve for self-insurance, which were estimated by the seller. The total amount of this assumed accrual may not, in fact, be paid as the actual payments will be based on the future claims and losses which are actually submitted and which are related to pre-acquisition events.

Note 13. *Supplemental Employee Retirement Plan*

The Company maintains a defined benefit Supplemental Employee Retirement Plan (the "SERP") for certain of its key employees and a director. The SERP provides for preretirement death benefits through life insurance and for retirement benefits. The Company funded the SERP in 1998 and 1997 through contributions to a trust fund known as a "Rabbi" trust. Assets held in the Rabbi trust ($1,292,000 and $861,000 at January 29, 2000 and January 30, 1999, respectively) are subject to claims of the Company's creditors but otherwise must be used only for purposes of providing benefits under the SERP.

In accordance with Statement of Financial Accounting Standard No. 132, "Employers' Disclosures about Pensions and other Postretirement Benefits", the following presents a reconciliation of the SERP's funded status (in thousands):

	January 29, 2000	January 30, 1999

Effect of dilutive securities - stock options	0.03	0.07	0.04
Diluted	$ 1.11	$ 1.91	$ 1.53

Note 15. Shareholder Rights Plan

On August 19, 1997, the Company's Board of Directors adopted a Shareholder Rights Plan (the "Rights Plan") designed to protect Company stockholders in the event of takeover action that would deny them the full value of their investment. Terms of the Rights Plan provide for a dividend distribution of one right for each share of common stock to holders of record at the close of business on August 29, 1997. The rights become exercisable only in the event, with certain exceptions, an acquiring party accumulates 12 percent or more of the Company's voting stock, or if a party announces an offer to acquire 20 percent or more of the Company's voting stock. Unless earlier redeemed, the rights will expire on August 29, 2007. Each right will entitle the holder to buy one one-hundredth of a share of a new series of preferred stock at a price of $73.00, subject to adjustment upon the occurrence of certain events. The Company will be entitled to redeem the rights at $0.01 per right at any time until the tenth day following the acquisition of a 12 percent position in its voting stock.

Independent Auditors' Report

To the Board of Directors and Stockholders of the The Wet Seal, Inc.:

We have audited the accompanying consolidated balance sheets of The Wet Seal, Inc. (the Company) as of January 29, 2000 and January 30, 1999 and the related consolidated statements of income, comprehensive income, stockholders' equity and cash flows for each of the three fiscal years in the period ended January 29, 2000. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Wet Seal, Inc. as of January 29, 2000 and January 30, 1999 and the results of its operations and its cash flows for each of the three fiscal years in the period ended January 29, 2000, in conformity with accounting principles generally accepted in the United States of America.

finding the perfect dress, the cutest sweater, the best-fitting jeans. For young women, it's without question the next best thing to finding Mr. Right. (And how better to attract him?) Truth is, when most Gen Y'ers open their closets, they see a closet full of nothing to wear. Enter Wet Seal. We consistently provide a refreshingly cool, ever-exciting place to shop that never ceases to amaze and tantalize. As we've risen to become the dominant fashion brand for girls 13 to 25, Wet Seal is counted on to offer everything from elegant to comfy and everything edgy in between. So girls walk in needing a fashion fix and walk out feeling that they've made the perfect purchase. And we feel good knowing that we were able to help. Talk about a perfect relationship.

No question our customer lives for shopping. So we focused the company's attention on being the first place she's going to head for something that will make her feel wonderful and boost her self-esteem. But we also understand that she's very selective and expects to be constantly allured, enticed, amazed and wowed

with fashions and accessories that lead, not follow. Our fashion team is obsessed with building a collection that won't let our customer down. We know who's wearing what and what's yesterday's news. New apparel and accessories arrive fresh daily in our stores and rule-breaking fashion themes are rolled out every 4 to 6 weeks. This concept provides our customers with a never-boring, never-ceasing, constantly changing arena of fun and affordable fashion. Not to mention an irresistible new reason to buy at Wet Seal.

It's true, location is everything. That's why, following our strategy to further bolster Wet Seal's image as the dominant Gen-Y retailer, we will be converting all but approximately 60 Contempo Casuals stores (primarily in premier malls where we have duplicate stores) to Wet Seal locations by mid-July 2001. And in Spring 2001, we're planning the launch of our new Wet Seal prototype store. It will be modern, clean and exciting in every way imaginable, with music and video playing a key role.

Wet Seal is committed to a powerful marketing and public relations campaign that speaks to our target customer, creates hype for the brand and image, and will increase traffic to Wet Seal stores. Our public relations efforts will focus on regional product placement and advertising in 2001, as well as intensifying marketing efforts all the way from grassroots to national. To increase brand awareness and drive traffic to store locations, top editorial product placement in national magazines is underway, plus a multitude of in-store events, fashion shows, contests and community outreach events are planned. Wet Seal is more than just a retail store to our customers. It's a place where girls get that most important feeling of belonging, of being understood, of being appreciated for their individuality and fashion sense. It's an experience that's upbeat and interactive on every level, and reflects the ever-changing moods and attitude of the young women who shop here.

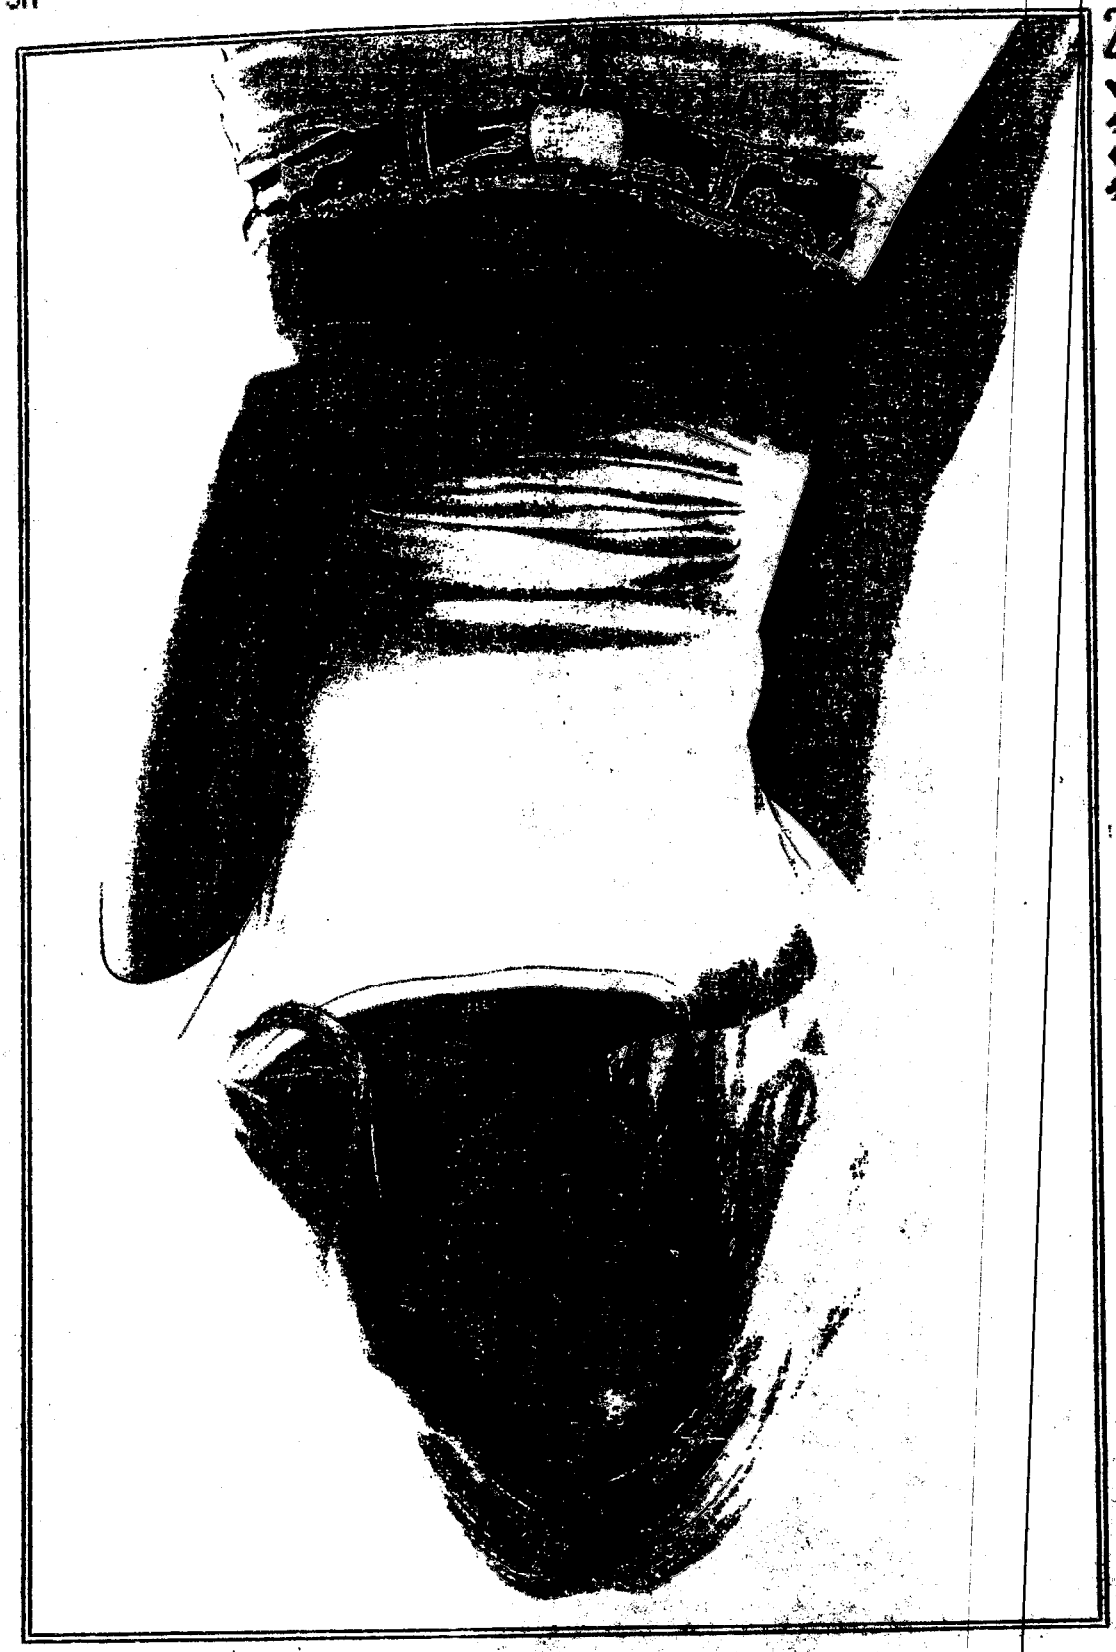
As Wet Seal's fun and forward sister store, the vibe has always been jumping with up-to-the-second fashion and a loyal customer following. Our job has been to keep our trend-setting customers happy by providing them with a seemingly endless array of styles and selections.

And yet, Contempo Casuals still seemed almost like a competitive afterthought to the more vibrantly successful Wet Seal stores. We knew something had to change and soon arrived at a solution that, turns out, will benefit the Company. We believe that the smartest way to launch the new Contempo Casuals is to shrink to approximately 60 prime locations by converting most of the existing stores to Wet Seal locations. In the back half of 2001,



we will be focusing on creating a new strategy for Contempo Casuals which will include immediately differentiating the leaseline marketing, music and visual merchandising of the stores. The plan calls for the testing and intensification of key categories. We will relaunch Contempo Casuals in 2002 with a great new look and feel all its own.

Our strategy is to boost brand equity and increase product familiarity with a series of strategically located premier stores that will host core events and fashion shows. Our 19–35-year-old customers will continue to be in their element with a seemingly endless array of apparel spanning dressy to casual, business to funky and basic to trendy. By focusing on the college to young career woman, we will define a store that's created just for them. By providing great pieces put together just the way she would herself, we make it easy to find exactly what she can't live without.

As a fashion-driven, lifestyle-oriented shopping destination for contemporary young women 20 to 35, Arden B. is all about providing customers with smart, urban, modern fashions that don't just fit their busy lifestyles, they enhance them. With a unique mix of high-quality European and custom in-house designs offered at an affordable price, these fashions are sophisticated and hip in every sense. With a very full and busy life packed with career, friends and interests, the Arden B. customer constantly seeks out what's new, what's in and what's different. We are continuing to evolve and leverage the Arden B. brand through the synergy and interaction of unique fashion, housed in a style-conscious, energetic and customer-catered store environment. In fiscal 2001, we will begin a design concept for an exciting new store environment to be tested by Spring 2002, while also opening 5 stores and remodeling 2 others.

Arden B. is committed to a powerful marketing and public relations campaign that speaks to our target customer, creates hype for the Arden B. brand and image and will increase traffic to Arden B. stores. Excitingly, our fashions have also hit the small screen with Arden B. clothes starring on such award-winning shows as *Will and Grace* and *Entertainment Tonight*, plus a slew of monthly editorial credits in major women's fashion magazines.

On a more intimate scale, we will continue to pursue direct mail advertising, local publications and local marketing vehicles to further develop the Arden B. brand. An aggressive regional product placement plan has been established, as well as a multitude of in-store events and fashion shows. Additionally, we're developing a fashion information exchange between the buyers, designers and sales staff to provide a communication infrastructure to further benefit the customer. With all of these exciting components in place, the Arden B. retail experience will be nothing short of high-energy, exciting and fulfilling with a sales staff that is fashion-savvy, warm and extremely helpful.

As the youngest and most recent acquisition, Zutopia acts as a much-needed link to the junior fashion set — namely Gen-Z. The brand was originally developed to appeal to young tweens who wanted more than anything to dress like their cool big sisters and the hip celebrities they worship. But mixed signals went up when moms and grandmas were simultaneously targeted. So, in acquiring the brand, we also stayed true to our history of marketing directly to our customer. We walk their walk and talk their talk, which makes this a good fit, because girls this age already have a keen fashion sense. They know and want what's hip, what's now and what's in. And as an added bonus we're able to build our relationship with girls at a much earlier age, which positions us for further growth.

To follow in the successful footsteps of our other flagship brands, the Zutopia brand will be built on the same fashion-forward structure and platform. This means consistently providing our customers with the same fashion trends that her big sister finds in Wet Seal. Our windows and storefronts will reflect the latest and greatest with a showcase of the hottest new fashion. Our accessories area will be structured as a must-have destination for fun, hip accoutrements. There is tremendous brand awareness within the malls where Zutopia stores are located, and plans are underway to build two new stores in fiscal 2001 as well as to remodel and to relocate another existing store. Fun, interactive and eclectic defines the entire store's environment as well as the lifestyle of our customer. And, reflecting her beliefs, spirit and dreams, Zutopia will be her store to hang out in, meet friends in and feel welcome in. We're excited to have Zutopia in our fashion family and for the opportunity to keep girls looking fabulous at every age.

The Wet Seal success story is due to the efforts of the management teams. With a blending of new appointments and seasoned managers, the company has taken on new life and renewed commitment. There is a palpable excitement and synergy in the hallways, in the conference rooms and in the stores due to the people leading this vital energy front. You can feel it everywhere. In marketing, an in-house agency is being aggressively established. The design team is being streamlined and strengthened. Reorganizations are taking place in merchandising. New additions and promotions are lending a renewed entrepreneurial spirit. LETTER TO SHAREHOLDERS

For Wet Seal, 2000 was a year of major change. First, we succeeded in turning around a negative comparative store sales trend. Then we completely refocused the company by returning to our roots as the leader in young women's fashion with our Wet Seal/Contempo Casuals division and firmly established a true brand identity in our Arden B. division as well.

Beyond the concrete changes, the year was also a philosophical turning point in determining our focus for the future. We realized the importance of separating the identity and vision of Wet Seal and Arden B. With that came the necessity to separate the identity and management of all divisions in merchandising. After the initial growing pains of adding the Arden B. division plus 97 additional Wet Seal/ Contempo Casuals stores in 1998 and 1999, we sought to solidify our management team. By adding a President for the Arden B. division, a General Merchandising Manager for the Wet Seal division and Senior Vice President of Marketing and Creative Services for Wet Seal corporate, we were now able to concentrate our efforts on finding solutions for each individual division rather than spreading ourselves too thin. Thus, the entire focus of the company turned to building our various brand identities while maximizing sales and profits.

With that in mind, we then faced some difficult decisions about our Limbo Lounge division, which, after 4 years, still had not established a clear identity or target customer. It was clear to us that the importance of keeping our focus on fashion for the young female customer was not in sync with growing the Limbo Lounge division. The decision was then made to redeploy these assets to other brands.

Ironically, in the midst of our metamorphosis, we were given the opportunity to purchase Zutopia; a small chain of "tween" targeted specialty stores with some of the best real estate in the United States. When we took possession of the 18 store chain on March 25, 2001 there was no question that Zutopia would fit perfectly with our renewed vision. Never before have we had the opportunity to nurture the pre-Wet Seal customer. Eventually, she will evolve into the junior customer of Wet Seal and ultimately, as her taste for forward contemporary fashion evolves, to Arden B. This seamless lineage has become the focal point for our long-term strategy.

Firmly committed to our focus on brand building, we determined (with the support of extensive market research) that it was no longer advantageous to continue to divide the brand equity of our junior division between Wet Seal and Contempo Casuals. Therefore, beginning in April 2001, we will convert the majority of our Contempo Casuals locations to the more popular Wet Seal banner. This will clearly enable us to continue to build premium equity in our core brand, as well as market more cohesively as the premium fashion retailer for the Gen Y customer. We will maintain approximately 60 Contempo Casuals locations, while keeping an eye on the future possibility of spinning off a separate brand under that banner which will stay focused on the young, fashion-savvy female customer.

WS 001014

As we move forward into the next decade, it is with a reinvigorated passion to being a fashion leader and a revitalized commitment to increasing sales and profitability. I would like to thank our stockholders for their continued loyalty and interest in The Wet Seal, Inc., as well as our employees who are at the helm of our evolution. We will continue to inspire the highest level of dedication in all Wet Seal employees toward accomplishing our goals of fashion leadership, comparative store sales gains and maintaining a strong grip on the bottom line.

Our thanks go to all who have supported us and continue to believe in The Wet Seal, Inc. as we move into a very promising future.

Sincerely,

Kathy Bronstein
Vice Chairman and Chief Executive Officer

MANAGEMENT'S DISCUSSION AND ANALYSIS
of Financial Condition and Results of Operations

Introduction

The Company is one of the largest national mall-based specialty retailers focusing primarily on young women's apparel, and currently operates 552 retail stores in 42 states, Washington D.C. and Puerto Rico. The Company operates the stores under the names "Wet Seal," "Contempo Casuals" and "Arden B." The Company initiated a catalog in fiscal 1998 and an e-commerce web-site in August 1999. In fiscal 2000, the Company did not mail any catalogs, but continued its e-commerce initiatives. Limbo Lounge was discontinued as a retail concept by the Company at the end of fiscal 2000. The majority of the 26 Limbo Lounge stores were converted or are in the process of converting to Wet Seal or Contempo Casuals stores.

On December 1, 1998, the Company acquired the leases and furniture and fixtures for 19 store locations from Mothers Work, Inc. The purchase price of $1,911,000 was allocated to leasehold improvements and furniture, fixtures and equipment. The majority of the locations acquired were converted to Arden B. stores.

On February 1, 1999, the Company acquired the leases and furniture and fixtures for 78 store locations from Britches of Georgetowne, Inc. for $15,704,000. Based upon a third-party appraisal, the purchase price was allocated to leasehold improvements, lease rights, and furniture, fixtures and equipment. Excess of cost over net assets acquired (goodwill) totaling $6,972,000 is being amortized on the straight-line method over 20 years. The majority of the locations acquired were converted to Arden B. stores.

As of February 3, 2001, the Company operated 552 stores compared to 548 stores as of January 29, 2000, the end of fiscal 1999. The Company opened 36 stores during fiscal 2000 and closed 32 stores.

Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with the Company's consolidated financial statements and the notes thereto.

Results of Operations

Fiscal 2000 consists of the 53 week period ended February 3, 2001, fiscal 1999 consists of the 52 week period ended January 29, 2000 and fiscal 1998 consists of the 52 week period ended January 30, 1999. Comparable store sales for fiscal 2000 and fiscal 1999 are defined as sales in stores that were open at least 14 months. Comparable store sales for fiscal 1998 are defined as sales in stores that were open throughout the full fiscal year and throughout the full prior fiscal year. The change in the method of calculating comparable store sales in fiscal 1999 would not have resulted in any material change to the results of fiscal 1998 if applied retroactively to that fiscal year.

The following table sets forth selected income statement data of the Company expressed as a percent of sales for the years indicated:

	AS A PERCENTAGE OF SALES

Fiscal 2000 Compared to Fiscal 1999

Sales in fiscal 2000 were $580,182,000 for the 53 week fiscal year compared to sales in fiscal 1999 of $524,407,000 for the 52 week fiscal year, an increase of $55,775,000, or 10.6%. The dollar increase in sales in fiscal 2000 compared to fiscal 1999 was due to the impact of the 36 new store openings in fiscal 2000 and the full year impact in 2000 of the 94 net new store openings in fiscal 1999. The increase in sales was also due to the increase in comparable store sales of 3.9 percent for the 52 weeks ended January 27, 2001 compared to the 52 weeks ended January 29, 2000. These increases were somewhat offset by the closing of 32 stores in fiscal 2000.

Cost of sales, including buying, distribution and occupancy costs, was $419,310,000 in fiscal 2000 compared to $380,012,000 in fiscal 1999, an increase of $39,298,000, or 10.3%. As a percentage of sales, cost of sales decreased to 72.3% in fiscal 2000, from 72.5% in fiscal 1999, a decrease of 0.2%. The dollar increase in cost of sales in fiscal 2000 compared to fiscal 1999 was due primarily to the increase in the number of new stores and the increase in total sales. The decrease in cost of sales as a percentage of sales related primarily to a decrease in markdowns from the prior year. The prior year markdowns were higher due to the need to clear excess merchandise. Offsetting this decrease in the cost of sales were increases in buying costs, distribution costs and, to a lesser extent, occupancy costs. The increase in buying costs as a percentage of sales was due to additional headcount added to support the new divisions and further augment current infrastructure. Occupancy costs as a percentage of sales increased slightly as a result of an increase in depreciation.

WS 001022

Selling, general and administrative expenses were $134,002,000 in fiscal 2000 compared to $124,712,000 in fiscal 1999, an increase of $9,290,000, or 7.4%. As a percentage of sales, selling, general and administrative expenses was 23.1% in fiscal 2000 compared to 23.8% in fiscal 1999, a decrease of 0.7%. The dollar increase in selling, general and administrative expenses in fiscal 2000 compared to fiscal 1999 was primarily due to leveraging expenses against the increase in total sales. The decrease as a percentage of sales was related to a decrease in advertising from the prior year, a decrease in costs related to the catalog which was discontinued and a decrease in the merchandise delivery cost. Offsetting this decrease to selling, general and administrative expenses as a percentage of sales was an increase in executive salaries due to the separation payment to the former president of the company and an increase in office wages related to the additional headcount added to support a larger organization. Included in selling, general and administrative expenses was the loss on disposal of the assets for the Limbo Lounge division of $2.0 million and the income derived from the reversal of a reserve for self insurance (see Note 11 of Notes To Consolidated Financial Statements).

The Company had no other income, net, in fiscal 2000 compared to $1,154,000 in fiscal 1999. Other income, net, for fiscal 1999 was related to the sale of one store lease.

Interest income, net, was $4,857,000 in fiscal 2000 compared to $3,005,000 in fiscal 1999, an increase of $1,852,000. This increase was due primarily to an increase in the average cash balance invested during the year as well as an increase in the effective interest rates for the year.

Income tax provision was $12,215,000 in fiscal 2000 compared to $9,659,000 in fiscal 1999. The effective income tax rate in fiscal 2000 was 38.5% compared to 40.5% in fiscal 1999. The decrease in the effective tax rate in fiscal 2000 compared to fiscal 1999 was due to an increase in income generated from states with lower effective tax rates.

Based on the factors noted above, net income was $19,512,000 in fiscal 2000 compared to $14,183,000 in fiscal 1999, an increase of $5,329,000, or 37.6%. As a percentage of sales, net income was 3.4% in fiscal 2000 compared to 2.7% in fiscal 1999.

Fiscal 1999 Compared to Fiscal 1998

Sales in fiscal 1999 were $524,407,000 compared to sales in fiscal 1998 of $485,389,000, an increase of $39,018,000, or 8.0%. The dollar increase in sales in fiscal 1999 compared to fiscal 1998 was due to the impact of the 109 new store openings in fiscal 1999 and the full year impact in 1999 of the net 65 new store openings in fiscal 1998. These increases were somewhat offset by the closing of 15 stores in fiscal 1999 and by the decrease in comparable store sales of 9.8%.

Cost of sales, including buying, distribution and occupancy costs, was $380,012,000 in fiscal 1999 compared to $336,527,000 in fiscal 1998, an increase of $43,485,000 or 12.9%. As a percentage of sales, cost of sales increased to 72.5% in fiscal 1999, from 69.3% in fiscal 1998, an increase of 3.2%. The dollar increase in cost of sales in fiscal 1999 compared to fiscal 1998 was due primarily to the increase in the number of stores. The increase in cost of sales as a percentage of sales related primarily to an increase in occupancy costs as a percent of sales due to the decrease in comparable store sales. To a lesser extent, the increase was due to an increase in buying costs as a percentage of sales due to additional headcount added in fiscal 1999 to support the increase in the number of stores. Offsetting these increases was a decrease in distribution costs related primarily to the decrease in the unit cost of processing in the current year and to leveraging of fixed costs, such as rent and depreciation, due to the increase in total sales. The cost of merchandise as a percent of sales was the same as the prior year. There was an improvement in the initial mark up and the shrink rate in fiscal 1999 compared to fiscal 1998, which was offset by an increase in markdowns. The increase in markdowns was related primarily with the need to clear merchandise due to the decrease in comparable store sales, particularly in the fourth quarter.

Selling, general and administrative expenses were $124,712,000 in fiscal 1999 compared to $110,554,000 in fiscal 1998, an increase of $14,158,000, or 12.8%. As a percentage of sales, selling, general and administrative expenses was 23.8% in fiscal 1999 compared to 22.8% in fiscal 1998, an increase of 1%. The dollar increase in selling, general and administrative expenses in fiscal 1999 compared to fiscal 1998 was primarily due to the increase in total sales. The increase as a percentage of sales was primarily related to the increases in selling wages and advertising expenses in the current year as a percentage of sales offset somewhat by a decrease in the fixed costs associated with catalog production as a percentage of sales. Without the impact of the catalog operation, selling, general and administrative expenses increased 1.8%. This increase related primarily to the increase in selling expense as a percentage of sales due to the impact of the decrease in the comparable store sales on the fixed portion of store wages. Also contributing to the increase as a percentage of sales was an increase in advertising expense related to a national advertising campaign in fiscal 1999 for both the Blue Asphalt and Arden B. brands.

Other income, net, was $1,154,000, or 0.2% of sales in fiscal 1999. Other income, net, was related to the sale of one store lease.

Interest income, net, was $3,005,000 in fiscal 1999 compared to $3,894,000 in fiscal 1998, a decrease of $889,000. This decrease was due primarily to a decrease in the average cash balance invested during the year.

Income tax provision was $9,659,000 in fiscal 1999 compared to $16,248,000 in fiscal 1998. The effective income tax rate in fiscal 1999 was 40.5% compared to 38.5% in fiscal 1998. The increase in the effective tax rate in fiscal 1999 compared to fiscal 1998 was due to the impact of the lower pretax income in fiscal 1999 and the permanent timing differences between book and tax, as well as to the decrease in tax exempt securities.

Based on the factors noted above, net income was $14,183,000 in fiscal 1999 compared to $25,954,000 in fiscal 1998, a decrease of $11,771,000, or 45.4%. As a percentage of sales, net income was 2.7% in fiscal 1999 compared to 5.3% in fiscal 1998.

Liquidity and Capital Resources

Working capital at the end of fiscal 2000, 1999 and 1998 was $44,213,000, $47,707,000 and $21,856,000, respectively. The decrease in working capital in fiscal 2000 compared to fiscal 1999 was primarily due to a net increase in long-term investments of $32,731,000, as current year excess cash has been invested in long-term investments with maturities of more than one year. This decrease was offset to some extent by the increase in prepaid expenses and the decrease in the current portion of long-term debt. Net cash provided by operating activities in fiscal 2000, 1999 and 1998 was $46,395,000, $28,795,000, and $43,950,000, respectively. The increase in net cash provided by operating activities in fiscal 2000 compared to fiscal 1999 was due primarily to the increase in net earnings. Further contributing to the increase was the increase in income taxes payable and the decrease in the current portion of long-term debt. This was offset to some extent by the increase in prepaid rent expenses and net deferred taxes. The increase in income taxes payable was due to the increase in taxable income, particularly in the fourth quarter. The decrease in inventory over the prior year was related to the planned decrease in inventory levels.

In fiscal 2000, 1999 and 1998 the Company invested $18,134,000, $26,819,000, and $26,503,000, respectively, in property and equipment and leasehold improvements. These expenditures related primarily to new store openings and remodels. In fiscal 2000, the Company opened 36 stores and remodeled 20 stores. In fiscal 1999, the Company acquired the leases and equipment and leasehold improvements for 78 store locations from Britches of Georgetowne, Inc. for $15,704,000, of which $6,972,000 was classified as goodwill. In fiscal 1998, the Company acquired the leases and equipment and leasehold improvements for 19 store locations from Mothers Work, Inc. for $1,911,000. The majority of the locations acquired were converted to Arden B. stores. Capital expenditures for fiscal 2001 are currently estimated to be $44,000,000, related primarily to planned new store openings and remodels.

WS 001026

On March 25, 2001, the Company acquired the leases, merchandise inventory and furniture and fixtures for 18 Zutopia stores from Gymboree, Inc. Zutopia is a "tween" retail concept which caters to the female customer ages 5 to 12. The Company intends to continue to operate the acquired store locations under the Zutopia name.

In September 1998, the Company's Board of Directors authorized the repurchase of up to 20% of the outstanding shares of the Company's Class A Common Stock. As of February 3, 2001, 1,367,600 shares had been repurchased at a cost of $20,349,000. Such repurchased shares are reflected as treasury stock in the accompanying consolidated financial statements.

The Company has a secured revolving line of credit arrangement with Bank of America National Trust and Savings Association ("Bank of America") in an aggregate principal amount of $50,000,000, maturing on July 1, 2001. The Company also had a five year amortizing unsecured term loan with Bank of America in an amount up to $10,000,000. This loan was repaid in full on May 24, 2000. At February 3, 2001, there were no outstanding borrowings under the credit arrangement and there were $5,512,000 open letters of credit related to imported inventory orders. The Company was in compliance with all terms and covenants of the credit arrangement. The Company invests its excess funds primarily in a short-term investment grade money market fund, investment grade commercial paper and U.S. Treasury and Agency obligations. Management believes the Company's working capital, investments and cash flows from operating activities will be sufficient to meet the Company's operating and capital requirements in the foreseeable future.

Seasonality and Inflation

The Company's business is seasonal by nature with the Christmas season (beginning the week of Thanksgiving and ending the first Saturday after Christmas) and the back-to-school season (beginning the last week of July and ending the first week of September), historically accounting for the largest percentage of sales volume. In the Company's three fiscal years ended February 3, 2001, the Christmas and back-to-school seasons together accounted for an average of approximately 31% of the Company's annual sales, after adjusting for sales increases related to new stores. The Company does not believe that inflation has had a material effect on the results of operations during the past three years. However, there can be no assurance that the Company's business will not be affected by inflation in the future.

Statement Regarding Forward Looking Disclosure

The preceding "Management's Discussion and Analysis of Financial Condition and Results of Operations" section may contain various forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended, which represent the Company's expectations or beliefs concerning future events. The Company cautions that these statements are further qualified by important factors that could cause actual results to differ materially from those in the forward looking statements, including, without limitation, the retention by the Company of suppliers for both brand name and Company-developed merchandise, the ability of the Company to expand and to continue to increase comparable store sales, and the sufficiency of the Company's working capital and cash flows from operating activities. In addition, these statements are further qualified by important factors that could cause actual results to differ materially from those in the forward looking statements, including, without limitation, a decline in demand for the merchandise offered by the Company, the ability of the Company to locate and obtain acceptable store sites and lease terms or renew existing leases, the ability of the Company to obtain adequate merchandise

supply, the ability of the Company to hire and train employees, the ability of the Company to gauge the fashion tastes of its customers and provide merchandise that satisfies customer demand, management's ability to manage the Company's expansion, the effect of economic conditions, the effect of severe weather or natural disasters and the effect of competitive pressures from other retailers. The Company disclaims any obligation or undertaking to disseminate any updates or revisions to any forward looking statement contained herein or to reflect any change in the expectations of the Company after the date hereof or any change in events, conditions or circumstances on which any statement is based.

New Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board ("FSAB") issued Statement of Financial Accounting Standard ("SFAS") No. 133, "Accounting for Derivative Instruments and Hedging Activities". SFAS No. 133 establishes accounting and reporting standards for derivative instruments and for hedging activities. In July 1999, the FASB issued SFAS No. 137, "Accounting for Derivative Instruments and Hedging Activities – Deferral of the Effective Date of FASB Statement No. 133," which delays the effective date of SFAS No. 133 to fiscal years beginning after June 15, 2000. The Company adopted SFAS No. 133 effective February 4, 2001. The adoption of SFAS No. 133 will not have a material effect on the Company's consolidated results of operations or financial condition.

In December 1999, the Securities and Exchange Commission issued Staff Accounting Bulletin ("SAB") No. 101, "Revenue Recognition in Financial Statements". SAB No. 101 summarizes the staff's views in applying accounting principles generally accepted in the United States of America to revenue recognition in financial statements. The Company adopted SAB No. 101 in the fourth quarter of fiscal year 2000. The adoption of SAB No. 101 did not have a material impact on the Company's consolidated results of operations or equity.

In March 2000, the FASB issued Interpretation ("FIN") No. 44, "Accounting for Certain Transactions involving Stock Compensation." FIN No. 44 is an interpretation of Accounting Principal Board's ("APB") Opinion No. 25, "Accounting for Stock Issued to Employee.". Among other matters, FIN No. 44 clarifies the application of APB Opinion No. 25 regarding the definition of employee for purposes of applying APB Opinion No. 25, the criteria for determining whether a plan qualifies as non compensatory and the accounting consequences of modifications to the terms of a previously issued stock options or similar awards. The Company adopted the provisions of FIN No. 44 in the third quarter of fiscal 2000. The adoption of FIN No. 44 did not have a material impact on the Company's consolidated results of operations or financial condition.

Quantitative and Qualitative Disclosures About Market Risk

To the extent the Company borrows under its credit facility, the Company would be exposed to market risk related to changes in interest rates. At February 3, 2001 no borrowings were outstanding under the Company's credit facility. See Notes 1 and 3 to the Company's Consolidated Financial Statements for further discussion of the Company's accounting policies for financial instruments. The Company is not a party with respect to derivative financial instruments.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended February 3, 2001, January 29, 2000 and January 30, 1999

1 // Summary of Significant Accounting Policies

Nature of the Business

The Wet Seal, Inc. (the "Company") is a nationwide specialty retailer of fashionable and contemporary apparel and accessory items designed for consumers with a young, active lifestyle. The Company's success is largely dependent upon its ability to gauge the fashion tastes of its customers and to provide merchandise that satisfies customer demand. The Company's failure to anticipate, identify or react to changes in fashion trends could adversely affect its results of operations.

Approximately 32% of the voting stock of the Company is held by a group of companies directly or indirectly controlled by two directors of the Company, one of whom is the Chairman of the Board.

The Company's fiscal year ends on the Saturday closest to the end of January. The reporting period includes 53 weeks in fiscal 2000 and 52 weeks in each of the fiscal years 1999 and 1998.

Principles of Consolidation

The consolidated financial statements include the accounts of The Wet Seal, Inc. and its wholly owned subsidiary, The Wet Seal Retail, Inc. All significant intercompany balances and transactions have been eliminated in consolidation.

Basis of Presentation

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

WS 001048

Cash and Cash Equivalents
The Company considers all highly-liquid debt instruments purchased with an initial maturity of three months or less to be cash equivalents.

Merchandise Inventories
Merchandise inventories are stated at the lower of cost (first-in, first-out) or market. Cost is determined using the retail inventory method.

Equipment and Leasehold Improvements
Equipment and leasehold improvements are stated at cost. Expenditures for betterment or improvement are capitalized, while expenditures for repairs that do not significantly increase the life of the asset are expensed as incurred.

Depreciation is provided using primarily the straight-line method over the estimated useful lives of the assets. Furniture, fixtures and equipment are typically depreciated over three to five years. Leasehold improvements and the cost of acquiring leasehold rights are depreciated over the lesser of the term of the lease or 10 years.

Long-Lived Assets
The Company accounts for the impairment and disposition of long-lived assets in accordance with Statement of Financial Accounting Standards ("SFAS"), No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of". In accordance with SFAS No. 121, long-lived assets to be held are reviewed for events or changes in circumstances which indicate that their carrying value may not be recoverable. At February 3, 2001, the Company believes there has been no impairment of the value of such assets.

Intangible Assets
Excess of cost over net assets acquired (goodwill), which resulted from the acquisition of certain store assets in 1990 and 1999 is being amortized on the straight-line method over 20 years for the 1999 acquisition and over 25 years for the 1990 acquisition. The Company assesses the recoverability of goodwill at each balance sheet date by determining whether the amortization of the balance over its remaining useful life can be recovered through projected undiscounted future operating cash flows from the acquired assets. At February 3, 2001 the Company determined the goodwill was recoverable.

Revenue Recognition
Sales are recognized upon purchase by customer.

Rental Expense
Any defined rental escalation is averaged over the term of the related lease in order to provide level recognition of rental expense.

Store Pre-Opening Costs
Store opening and pre-opening costs are charged to expense as they are incurred.

Advertising Costs
Costs for advertising related to retail operations consisting of magazine ads, in-store signage and promotions are expensed as incurred. Total advertising expenses related primarily to retail operations in fiscal 2000, 1999 and 1998 were $2,788,000, $5,567,000, and $1,993,000. In fiscal 1999, approximately $2,872,000 was related to a print media advertising campaign.

Income Tax
The Company accounts for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes" ("SFAS No. 109"). Deferred tax charges are provided on items, principally depreciation and rent, for which there are temporary differences in recording such items for financial reporting purposes and for income tax purposes.

Net Income per Share
In accordance with SFAS No. 128, "Earnings Per Share", net income per share, basic, is computed based on the weighted-average number of common shares outstanding for the period. Net income per share, diluted, is computed based on the weighted-average number of common and potentially dilutive common equivalent shares outstanding for the period (see note 13).

New Accounting Pronouncements

In June 1998, the Financial Accounting Standards Board ("FSAB") issued Statement of Financial Accounting Standard ("SFAS") No. 133, "Accounting for Derivative Instruments and Hedging Activities". SFAS No. 133 establishes accounting and reporting standards for derivative instruments and for hedging activities. In July 1999, the FASB issued SFAS No. 137, "Accounting for Derivative Instruments and Hedging Activities – Deferral of the Effective Date of FASB Statement No. 133," which delays the effective date of SFAS No. 133 to fiscal years beginning after June 15, 2000. The Company adopted SFAS No. 133 effective February 4, 2001. The adoption of SFAS No. 133 will not have a material effect on the Company's consolidated results of operations or financial condition.

In December 1999, the Securities and Exchange Commission issued Staff Accounting Bulletin ("SAB") No. 101, "Revenue Recognition in Financial Statements". SAB No. 101 summarizes the staff's views in applying accounting principles generally accepted in the United States of America to revenue recognition in financial statements. The Company adopted SAB No. 101 in the fourth quarter of fiscal year 2000. The adoption of SAB No. 101 did not have a material impact on the Company's consolidated results of operations or equity.

In March 2000, the FASB issued Interpretation ("FIN") No. 44, "Accounting for Certain Transactions involving Stock Compensation." FIN No. 44 is an interpretation of Accounting Principal Board's ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees". Among other matters, FIN No. 44 clarifies the application of APB Opinion No. 25 regarding the definition of employee for purposes of applying APB Opinion No. 25, the criteria for determining whether a plan qualifies as non compensatory and the accounting consequences of modifications to the terms of a previously issued stock options or similar awards. The Company adopted the provisions of FIN No. 44 in the third quarter of fiscal 2000. The adoption of FIN No. 44 did not have a material impact on the Company's consolidated results of operations or financial condition.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments
Management believes the carrying amounts of cash and cash equivalents, other receivables and accounts payable approximate fair value due to the short maturity of these financial instruments. Long-term investments consist of highly liquid interest bearing securities that are carried at amortized cost plus accrued income, which management believes approximates market.

Stock-based Compensation
The Company accounts for stock-based awards to employees using the intrinsic value method in accordance with APB Opinion No. 25, "Accounting for Stock Issued to Employees" (see note 6).

Segment Information
In June 1997, the FASB issued SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information". This statement establishes standards for the way companies report information about operating segments in financial statements. It also establishes standards for related disclosures about products and services, geographic areas, and major customers. In accordance with the provisions of SFAS No. 131, the Company has determined that it does not currently have any separately reportable operating segments.

2 // Acquisition

On December 1, 1998, the Company acquired the leases and furniture and fixtures for 19 store locations from Mothers Work, Inc. The purchase price of $1,911,000 was allocated to leasehold improvements and furniture, fixtures and equipment in the accompanying consolidated financial statements. The majority of the locations acquired were converted to Arden B. stores.

On February 1, 1999, the Company acquired the leases and furniture and fixtures for 78 store locations from Britches of Georgetowne, Inc. for $15,704,000. Based upon a third-party appraisal, the purchase price was allocated to leasehold improvements, lease rights, and furniture, fixtures and equipment in the accompanying consolidated financial statements. Excess of cost over net assets acquired (goodwill) totaling $6,972,000 is being amortized on the straight-line method over 20 years. The majority of the locations acquired were converted to Arden B. stores.

3 // Investments

Short-term investments consist of highly liquid interest bearing deposits purchased with an initial maturity exceeding three months with a remaining maturity at February 3, 2001 less than 12 months. Long-term investments consist of highly liquid interest bearing securities that mature beyond 12 months from the balance sheet date. It is management's intent to hold short-term and long-term investments to maturity. Short-term and long-term investments are carried at amortized cost plus accrued income, which approximates market at February 3, 2001.

Investments are comprised of the following (in thousands):

4 // Provision for Income Taxes

SFAS No. 109 requires the recognition of deferred tax assets and liabilities for the future consequences of events that have been recognized in the Company's consolidated financial statements or tax returns. The measurement of deferred items is based on enacted tax laws. In the event that the future consequences of differences between financial reporting bases and the tax bases of the Company's assets and liabilities result in a deferred tax asset, SFAS No. 109 requires an evaluation of the probability of being able to realize the future benefits indicated by such asset. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

WS 001046

The components of the income tax provision are as follows (in thousands):

	FEBRUARY 3, 2001	JANUARY 29, 2000	JANUARY 30, 1999
Current:			
Federal	$ 12,375	$ 7,067	$ 13,442

Other	596	992
	$ 13,180	$ 10,438

5 // Stockholders' Equity

The 2,912,665 shares of the Company's Class B Common Stock outstanding as of February 3, 2001 are convertible on a share-for-share basis into shares of the Company's Class A Common Stock at the option of the holder. The Class B Common Stock has two votes per share while Class A Common Stock has one vote per share.

During the year ended January 30, 1999, the Company's Board of Directors authorized the repurchase of up to 20% of the outstanding shares of the Company's Class A Common Stock. As of February 3, 2001, 1,367,600 shares had been repurchased at a cost of $20,349,000. Such repurchased shares are reflected as treasury stock in the accompanying consolidated financial statements. As of February 3, 2001 there were 767,716 shares remaining that are authorized for repurchase.

6 // Long-Term Incentive Plan

Under the Company's long-term incentive plans (the "Plans"), the Company may grant stock options which are either incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or non-qualified stock options. The Plans provide that the per share exercise price of an incentive stock option may not be less than the fair market value of the Company's Class A Common Stock on the date the option is granted. Options become exercisable over periods of up to five years and generally expire 10 years from the date of grant or 90 days after employment or services are terminated. The Plans also provide that the Company may grant restricted stock and other stock-based awards. An aggregate of 2,425,000 shares of the Company's Class A Common Stock may be issued pursuant to the Plans. As of February 3, 2001, 406,652 shares were available for future grants.

Stock option activity for each of the three years in the period ended February 3, 2001 was as follows:

	NUMBER OF SHARES	WEIGHTED AVERAGE EXERCISE PRICE
Outstanding at January 31, 1998	967,500	$ 14.53
Granted	130,000	16.93
Canceled	(12,000)	13.57

$ 3.00 - $27.63	1,564,600	8.12	$ 15.14	355,300	$ 16.24

During the years ended February 3, 2001, January 29, 2000 and January 30, 1999, the Company recognized tax benefits of $1,925,000, $2,336,000 and $408,000, respectively, resulting from the exercise of certain non-qualified stock options.

Additional Long-Term Incentive Plan Information

As discussed in Note 1, the Company continues to account for its stock-based awards using the intrinsic value method in accordance with APB No. 25, "Accounting for Stock Issued to Employees," and its related interpretations. Accordingly, no compensation expense has been recognized in the consolidated financial statements for employee incentive stock options or non-qualified stock options.

SFAS No. 123, "Accounting for Stock-Based Compensation," requires the disclosure of pro forma net income and earnings per share had the Company adopted the fair value method as of the beginning of fiscal 1995. Under SFAS No. 123, the fair value of stock-based awards to employees is calculated through the use of option pricing models, even though such models were developed to estimate the fair value of freely tradable, fully transferable options without vesting restrictions, which significantly differ from the Company's stock option awards. These models also require subjective assumptions, including future stock price volatility and expected time to exercise, which greatly affect the calculated values.

The Company's calculations were made using the Black-Scholes option-pricing model with the following weighted average assumptions:

	FISCAL 2000	FISCAL 1999	FISCAL 1998
Dividend Yield	0.00%	0.00%	0.00%
Expected Volatility	78.16%	62.74%	49.93%
Risk-Free Interest Rate	4.84%	5.81%	4.74%
Expected Life of Option following Vesting (in Months)	48	48	48

The Company's calculations are based on a valuation approach and forfeitures are recognized as they occur. If the computed fair values of the fiscal 2000, fiscal 1999 and fiscal 1998 awards had been amortized to expense over the vesting period of the awards, net income (in thousands) and earnings per share would have been reduced to the pro forma amounts indicated below:

		FISCAL 2000	FISCAL 1999	FISCAL 1998
Net Income	As reported	$ 19,512	$ 14,183	$ 25,954
	Pro forma	$ 17,480	$ 12,759	$ 24,804
Net Income Per Share, Basic	As reported	$ 1.56	$ 1.14	$ 1.98
	Pro forma	$ 1.40	$ 1.03	$ 1.90
Net Income Per Share, Diluted	As reported	$ 1.54	$ 1.11	$ 1.91
	Pro forma	$ 1.38	$ 1.00	$ 1.83

The impact of outstanding non-vested stock options granted prior to 1995 has been excluded from the pro forma calculation; accordingly, the above pro forma adjustments are not indicative of future period pro forma adjustments, when the calculation will apply to all applicable stock options.

As of February 3, 2001, the Company has granted an aggregate of 98,639 shares of Class A Common Stock, net of forfeitures, to a group of its key employees under the performance grant award plan which was instituted pursuant to the Company's Plans. Under the performance grant award plan, key employees of the Company receive Class A Common Stock in proportion to their salary. These bonus shares vest at the rate of 33.33% per year and non-vested shares are subject to forfeiture if the participant terminates employment. Compensation expense, equal to the market value of the shares as of the issue date, is being charged to earnings over the period that the employees provide service. In each of the years ended February 3, 2001, January 29, 2000, and January 30, 1999, 12,756, 10,137, and 12,398 shares, respectively, were fully vested and issued. In connection with the issuance of these shares, the Company recorded compensation expense of $395,000, $111,000, and $463,000 for the years ended February 3, 2001, January 29, 2000, and January 30, 1999, respectively.

7 // Commitments and Contingencies

Leases

The Company leases retail stores, automobiles, computers and corporate office and warehouse facilities under operating lease agreements expiring at various times through 2013. Substantially all of the leases require the Company to pay maintenance, insurance, property taxes and percentage rent based on sales volume over certain minimum sales levels. Effective February 1998, the Company entered into a sublease agreement for its former warehouse facility which expires in August 2002.

Minimum annual rental commitments under non-cancelable leases, including the corporate office and warehouse facility lease, are as follows (in thousands):

FISCAL YEAR ENDING	MINIMUM LEASE COMMITMENTS	SUBLEASE INCOME	NET LEASE COMMITMENTS
2001	$ 63,150	$ 677	$ 62,473
2002	51,303	395	50,908
2003	47,888	–	47,888
2004	41,737	–	41,737
2005	35,992	–	35,992
Thereafter	103,903	–	103,903
	$ 343,973	$ 1,072	$ 342,901

US 001052

Rental expense, including common area maintenance, was $98,543,000, $90,613,000, and $72,533,000, of which $32,000, $28,000, and $295,000 was paid as percentage rent based on sales volume, for the years ended February 3, 2001, January 29, 2000 and January 30, 1999, respectively.

Employment Contracts

The Company has an employment contract with one officer, which provides for minimum annual salary, customary benefits and allowances, and incentive bonus if specified Company earnings levels are achieved. The agreement provides this same officer with severance benefits which approximate three years' salary if the agreement is terminated without cause before expiration of its term or if the individual's duties materially change following a change in control of the Company.

Litigation

The Company is a defendant in a lawsuit entitled Agnes Trouble vs The Wet Seal, Inc. pending in the United States District Court for the Southern District of New York. The plaintiff seeks money damages in an unspecified amount and an injunction against the Company's use of the trademark Arden B. Plaintiff contends that its trademark and style agnes b. are infringed by Arden B. which the Company denies. Trial is likely to occur in calendar year 2001. If the Company were to lose at trial and is ordered to change the Arden B. name or logo it could have a negative impact on the business of the Arden B. division and the Company would incur costs to comply with the orders of the Court.

Additionally, the Company is a defendant in various lawsuits arising in the ordinary course of its business. While the ultimate liability, if any, arising from these claims cannot be predicted with certainty, the Company is of the opinion that their resolution will not likely have a material adverse effect on the Company's financial statements.

Letters of Credit

At February 3, 2001, the Company had outstanding letters of credit amounting to $5,512,000.

8 // Revolving Credit Arrangement

Under a secured revolving line of credit arrangement with a bank, the Company may borrow up to a maximum of $50,000,000 on a revolving basis through July 2001. The cash borrowings under the arrangement bear interest at the bank's prime rate or, at the Company's option, LIBOR plus 1.5%.

The credit arrangement imposes quarterly and annual financial covenants requiring the Company to maintain certain financial ratios and achieve certain levels of annual income. In addition, the credit arrangement requires that the bank approve the payment of dividends and restrict the level of capital expenditures. At February 3, 2001 and January 29, 2000, the Company was in compliance with these covenants. The Company had no borrowings outstanding under the credit arrangement at February 3, 2001 or January 29, 2000.

9 // Related Party Transactions

Certain officers of Suzy Shier, Inc., a shareholder, provide management services to the Company. For these services, the officers earned in the aggregate a management fee of $500,000 in the year ended February 3, 2001, $437,500 in the year ended January 29, 2000 and $375,000 in the year ended January 30, 1999. The Company has entered into an agreement with these officers, requiring annual payments of $575,000 through 2002.

10 // Retirement Plan

Effective June 1, 1993, the Company established a qualified defined contribution retirement plan under the Internal Revenue Code, Section 401(k). The Wet Seal Retirement Plan (the "Plan") is available to all employees who meet the Plan's eligibility requirements. The Plan is funded by employee contributions, and additional contributions may be made by the Company at its discretion. As of February 3, 2001, the Company had accrued $145,000 as its fiscal 2000 contribution to the Plan.

	$ 17,811	$ 20,611

In connection with the acquisition of Contempo Casuals, Inc. in fiscal 1995, the Company assumed certain accruals, including the reserve for self-insurance, which were estimated by the seller. In fiscal 2000 the Company reversed $1,900,000 of the reserve for self-insurance based upon management's estimate of its remaining liability.

12 // Supplemental Employee Retirement Plan

The Company maintains a defined benefit Supplemental Employee Retirement Plan (the "SERP") for certain of its key employees and a director. The SERP provides for preretirement death benefits through life insurance and for retirement benefits. The Company funded the SERP in 1998 and 1997 through contributions to a trust fund known as a "Rabbi" trust. Assets held in the Rabbi trust ($1,024,000 and $1,292,000 at February 3, 2001 and January 29, 2000, respectively) are subject to claims of the Company's creditors but otherwise must be used only for purposes of providing benefits under the SERP.

In accordance with SFAS No. 132, "Employers' Disclosures about Pensions and other Postretirement Benefits". the following presents a reconciliation of the SERP's funded status (in thousands):

14 // Shareholder Rights Plan

On August 19, 1997, the Company's Board of Directors adopted a Shareholder Rights Plan (the "Rights Plan") designed to protect Company stockholders in the event of takeover action that would deny them the full value of their investment. Terms of the Rights Plan provide for a dividend distribution of one right for each share of common stock to holders of record at the close of business on August 29, 1997. The rights become exercisable only in the event, with certain exceptions, an acquiring party accumulates 12 percent or more of the Company's voting stock, or if a party announces an offer to acquire 20 percent or more of the Company's voting stock. Unless earlier redeemed, the rights will expire on August 29, 2007. Each right will entitle the holder to buy one one-hundredth of a share of a new series of preferred stock at a price of $73.00, subject to adjustment upon the occurrence of certain events. The Company will be entitled to redeem the rights at $0.01 per right at any time until the tenth day following the acquisition of a 12 percent position in its voting stock.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders of the The Wet Seal, Inc.:

We have audited the accompanying consolidated balance sheets of The Wet Seal, Inc. (the Company) as of February 3, 2001 and January 29, 2000 and the related consolidated statements of income, comprehensive income, stockholders' equity and cash flows for each of the three fiscal years in the period ended February 3, 2001. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Wet Seal, Inc. as of February 3, 2001 and January 29, 2000 and the results of its operations and its cash flows for each of the three fiscal years in the period ended February 3, 2001, in conformity with accounting principles generally accepted in the United States of America.

WS 001150

Dear Shareholders,

As we continue on our evolutionary journey of brand building into the year 2002, we reflect back on last year's results realizing that our goals are coming to fruition.

We entered 2001 with a strong agenda of rebuilding: our management team, our brands, and our vision. Our focus remained singular. We believed that to build our three concepts into Class A brands, we needed to reinvent ourselves. With that belief came the confidence for change and real change requires strong action.

We began by looking at our most established business, Wet Seal and Contempo Casuals, which was known more as a channel of distribution for a teenage customer than as a true brand. We determined that in order to reposition that business into a fashion retailer for young women, with no age limitations, we had to do two things. First and foremost, we needed to convert as many stores as possible to the Wet Seal banner. This would not only maximize our advertising and marketing efforts, but it would also focus us on one image of what that brand should represent. Secondly, we needed to reformulate our merchandising strategy and our sizing to reach a broader age range audience. To date, both of those goals have been accomplished.

Our contemporary business, Arden B. launched in 1998, had come into its stride but it was lacking a niche upon which to build. Under the direction of a new President for that brand, we entered 2001 with some momentum behind us, and again, reformulated a merchandising strategy which continued to evolve into a world-class fashion forward brand. Arden B. found its niche in the hearts of women of all ages who love fashion. It is the sweetheart of fashion editors and the first choice for "right off the runway" fashion for the hip female customer. Again, we disposed of the age barriers that previously had limited the direction of Arden B. and moved into a new arena: trendsetter.

Zutopia, our preteen concept, which was purchased from Gymboree in March 2001, has also seen the light. To maximize and leverage the strengths of its "big sisters", we made a choice to evolve that preteen business into a "first for fashion" brand with the same focus of our other brands – to be a fashion leader and first to market.

As we continue our brand-building mission, our focus now turns to growth. We are well positioned for rapid expansion in all three brands with a very strong balance sheet, an invigorated and innovative management team and the right formula for distinction of each brand. We look forward with confidence to increased sales and profitability, and an exciting future.

I would like to extend a special note of thanks to all of our employees who continue to "make it happen" and pave the way for our future success.

Sincerely,

Kathy Bronstein

Vice Chairman & Chief Executive Officer

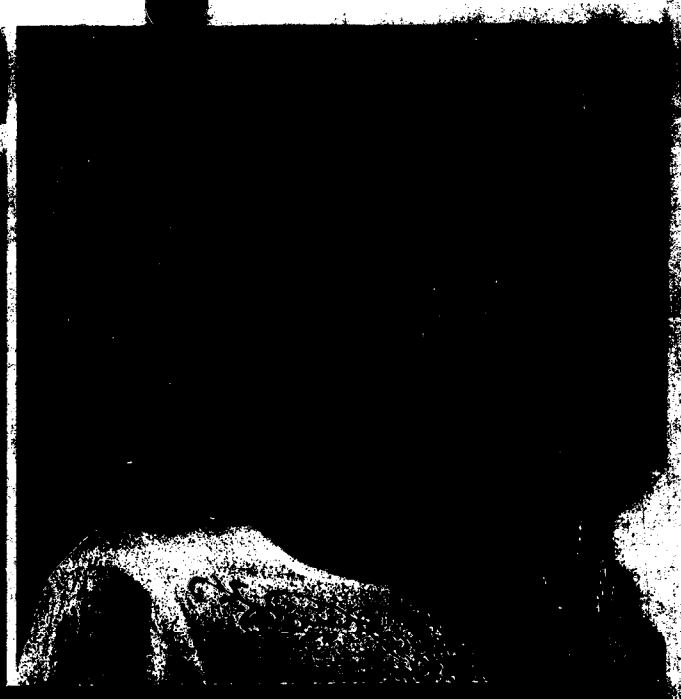
WS 001151

And with confidence follows growth.

WS 001152

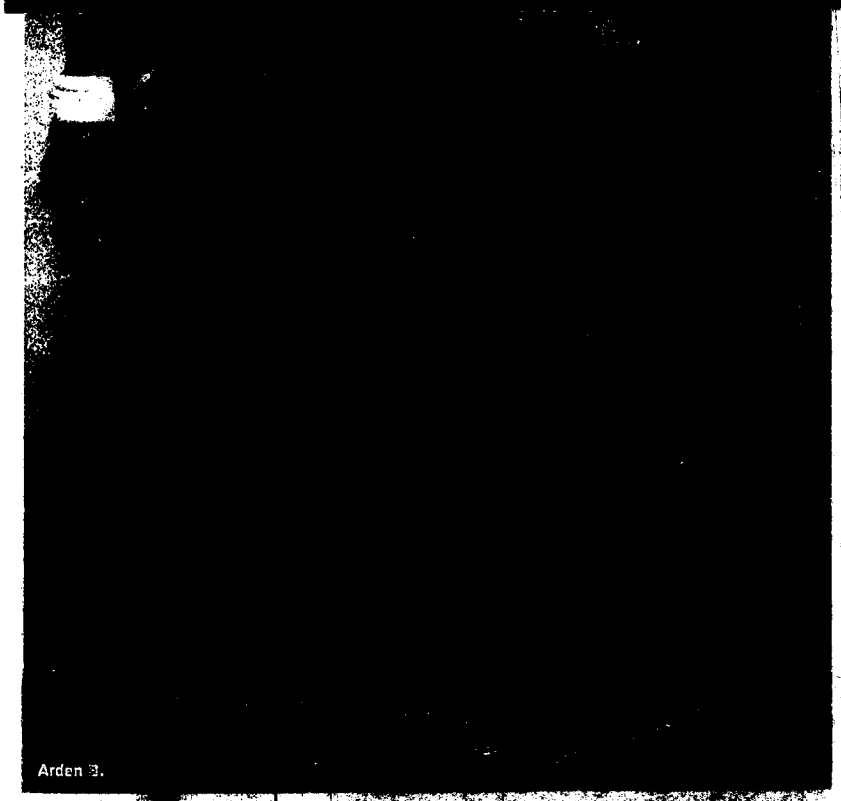
Confidence comes from knowing who you are. For us, it comes from knowing our customers. Knowing who they are, and what they want, is the very fabric of our company culture. It's the proof behind our profits and the drive to give our customers more. More creative shopping experiences. More exciting marketing and promotional campaigns. Not to mention more style from the three most exciting brands in the industry.

WS 001153

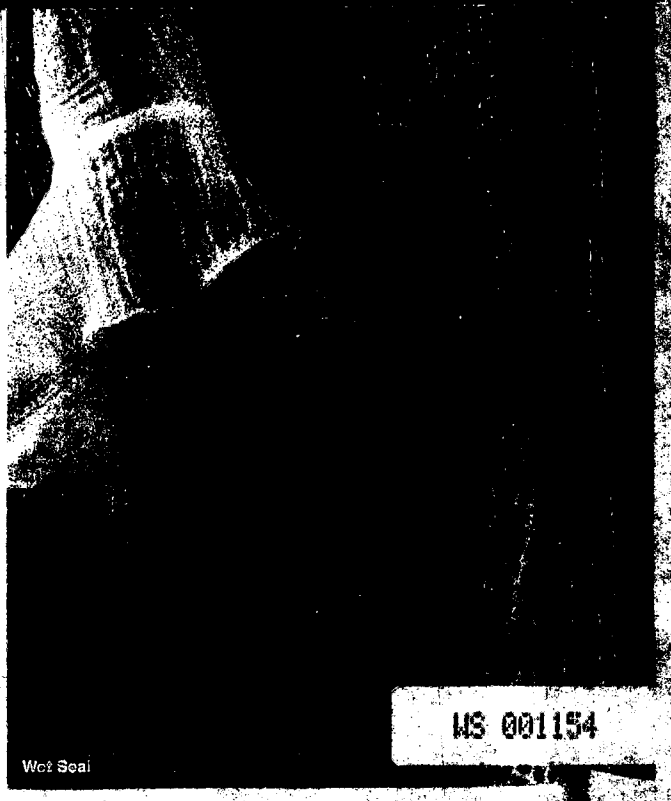


3 Leading Brands.

Fashion may be fickle but, year after year, stylish women of all ages rely on us to provide the looks they love. No matter where on the style spectrum their tastes may fall, we've got a brand that fits. With forty years in the business, we know it takes more than style to earn a loyal following. It takes a leader. In fact, it takes three.



Arden B.



Wet Seal

WS 001154

Wet Seal: Whatever look young women crave, Wet Seal is the first place they go for the last word on style. This group tries on personalities as easily as they try on clothes, and they count on Wet Seal to supply an ever-changing, always fresh array of style choices. With new apparel and accessories arriving daily, Wet Seal gives trendy young women the opportunity to explore every look under the sun, from casual to funky to glamorous. Offering constant change, Wet Seal also gives them a reason to come back again and again. **Arden B.** For the woman who loves fashion right off the runway, the trend-setter, Arden B. finds its niche. With a unique mix of high quality European and custom in-house designs, Arden B. delivers the hip, sophisticated wardrobe that women need to suit their lifestyle. While they seek out the new, they can count on Arden B. to find it. This world-class brand has been an important addition to our company stable. **Zutopia** Style is ageless, which is why two years ago our company grew to include girls 5 to 12. Just as young girls are right in step with their trend-setting older sisters, our Zutopia brand is also in step with its sophisticated sister brands, Wet Seal and Arden B. Preteens know they can count on Zutopia for the styles they need to keep up with the big girls. Zutopia is perfectly positioned to help them develop their already keen fashion sense, and to be there down the road as they grow into our other brands.

WS 001155

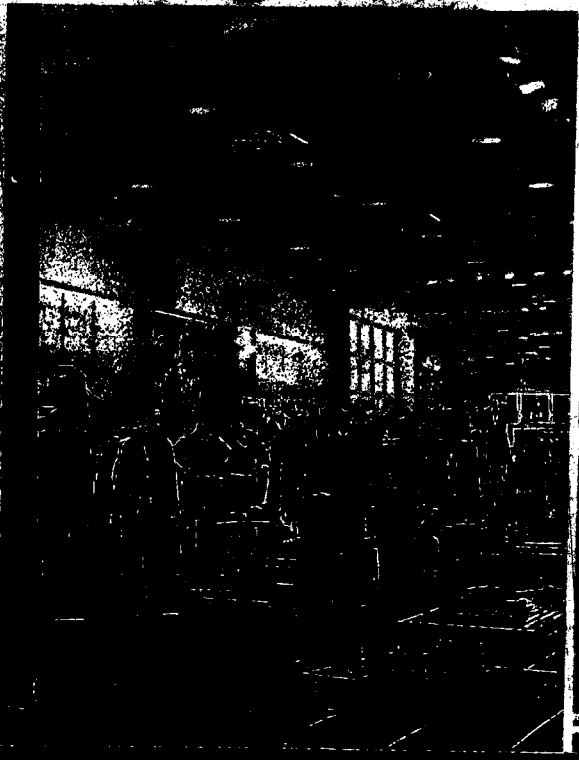
2,212,146 Square Feet.

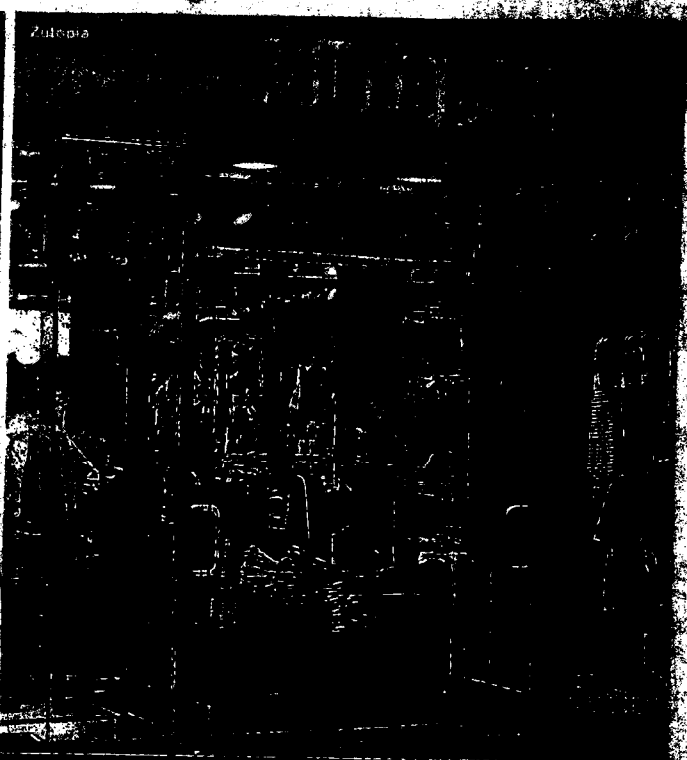
Sometimes it's hard even for us to believe how much square footage we've grown into over the last [illegible] decades. This year we've experienced phenomenal growth, with our three brands now occupying over two million square feet of retail space. And with the changes we're making to improve all that space, our customers are finding out that shopping for clothes is even more fun than they thought.

Wet Seal

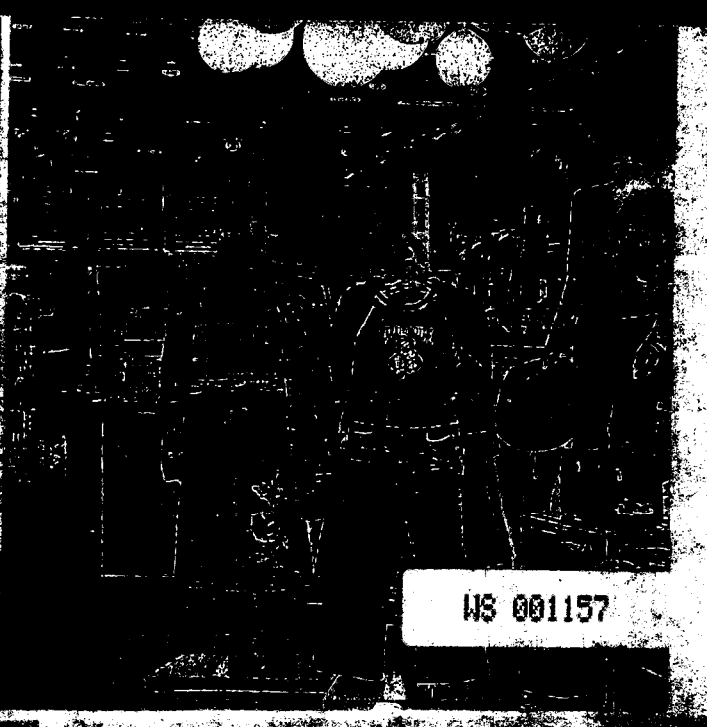
Arden B.

WS 001196





Wet Seal Great style is not just about the way things look. That's why we've designed our Wet Seal stores to engage every one of our customers' senses. In an effort to make Wet Seal as exciting a destination as possible, we've designed every inch as carefully as the clothes themselves. Life-sized fashion photography and an inspired mix of music, color and fashion will keep our shoppers captivated and stimulated. By grouping clothes and accessories together in theme-based presentations, we make sure the Wet Seal girl is always within reach of everything she wants. **Arden B.** Last year, we launched our new Arden B. store prototype, with clean modern lines based on the timeless designs of American Masters like Charles & Ray Eames and William Haines. We also retrofitted our stores with new mannequins and fixtures that reflect a more contemporary and simplistic environment that coexists well with our sleek, sophisticated fashions. With a more refined color palette and elegant furnishings, Arden B. store environments perfectly reflect our customers' maturing tastes. **Zutopia** With brightly colored floors and video walls playing the latest music videos, the new Zutopia store environment undeniably reflects the energetic spirit of our younger customers. We've also designated a new area to showcase must-have accessories, giving young girls the chance to interact with merchandise. Instead of playing dress-up with their mother's clothes, they can try on jewelry, hair accessories and hats that have all been designed just for them.



WS 001157

Over 25 Million Impressions.

Through print advertising, celebrity media coverage, and television exposure, our brands are hitting the fashion conscious every time. While we've got big plans for going after them, the fact is more often than not, they're coming after us. Because we know who they are, and we have what they want. Nevertheless, we're committed to finding new and interesting ways to get, and keep, the attention of stylish women of all ages.

WS 001158

Wet Seal By working closely with MTV, Sony/Epic and Maverick Records, Glamour, YM and Teen People, we're making quite an impression on our customers. In fact, during March 2002 alone, we made an impression on 7 million of them. In the fall of 2001, Wet Seal was written into the WB Network's reality show "Popstars 2". And, in a fusion of music, fashion and celebrity, we've launched our own in-house network, SEALtv. With exclusive interviews, concerts and trend previews, it's yet another reason for our customers to visit Wet Seal. **Arden B.** Hiring a national PR firm is paying off in the form of monthly editorial credits in first-rate fashion magazines such as Bazaar, Vogue, Glamour, Marie Claire and InStyle. Arden B. fashions have also hit the big time on the small screen, starring on shows like Will&Grace and Entertainment Tonight. With an aggressive regional product placement plan, Arden B. is currently helping VJs on MTV and VH1, as well as HBO's The Soprano's look their best by dressing their casts and media personalities. **Zutopia** To attract more young girls to Zutopia stores, we're concentrating our energy on in-store promotions, giving young girls several reasons to visit. Our ZuGirl Club, launched in Fall 2001, rewards loyalty with 10% off all purchases for one year and a 20% off birthday coupon. We're also testing a targeted direct mail program near existing Zutopia stores and plan to continue to leverage Wet Seal's current relationship with the media to create similar opportunities for its little sister brand.

To the **Wet Seal, Inc.** Shareholders: **Fiscal 2002** was a year of highs and lows for our company, but we believe our ability to meet the challenges we have faced only underscores our staying power. * We began the year on a high note, carrying the momentum of the prior year — a period that brought historic change and unprecedented financial performance. However, as the year progressed, we were faced with unique challenges, both inside and outside the fashion world — from a dock workers' strike in Los Angeles, to a soft economy, to geo-political unrest. In addition, and perhaps most directly, our business, so dependent on new fashion styles, found no significant trend to drive sales, unlike in previous years. This void led to a very disappointing second half for us, with poor back-to-school and holiday sales seasons. * To be sure, this year's performance was in stark contrast to the prior year. However, at each turn, we acted to address issues as they arose. Perhaps most critical was an aggressive inventory management program which, in light of lower sales, necessitated extensive markdowns to clear older merchandise and enable the flow of fresh, new product to our stores. Particularly in our segment of retail, timeliness is crucial. Our ability to stay current and meet the ever-changing demands of our fashion-conscious customer is paramount to success. Our experienced team of buyers is dedicated to ensuring we will be first to market, ready to capitalize on the next big fashion wave. * To briefly recap this year's financial results, the company earned $0.14 per diluted share for fiscal 2002, ended February 1, 2003. Net sales for the year totaled over $600 million, with comparable store sales declining 5.6 percent. Lower gross margin

US 001065

rates reflected the impact of higher markdown activity, resulting from weaker sales. Despite all of this, the company's balance sheet remained strong, with cash and investments totaling nearly $[illegible]5 million at year-end, and no debt. With strict inventory management, inventory at year-end was the same level as last year. * We continue to work toward increasing the national presence of our three brands. Under our expansion program, we opened 45 Wet Seal stores, 17 Arden B. stores and 7 Zutopia stores. I am pleased to report that our newer stores, those open for less than a year, are, as a whole, performing far better than the chain average. We also closed a total of 34 locations, most of those Wet Seal stores. In the coming year, we will continue our expansion efforts to broaden and strengthen the reach of our brands, proceeding with caution, however, letting prudence be our guide. * In this time of uncertainty, it is difficult to foretell what triumphs and challenges lie ahead. As we work to fortify our management ranks and continue to explore new opportunities, we will stay the course and hold true to the core strategies that shape our business. * The coming year will be a period of recovery and rebuilding. The difficulties of this past year notwithstanding, we remain committed, confident, inspired. Building on a 40-year history, we believe our long-term prospects are brighter than ever, and we look forward to future growth. * I would like to extend a deep appreciation to our entire team of dedicated employees, to our vendors and other constituents and to you, our shareholders, for your continued interest and trust.

Sincerely,

WS 001066

PART I

Item 1. Business

General

Founded in 1962 as a Delaware corporation, we are a national specialty retailer of fashionable and contemporary apparel and accessory items designed for female customers with a young, active lifestyle. As of March 13, 2003, we operated 608 retail stores in 46 states, Puerto Rico and Washington D.C. under the names Wet Seal®, Contempo Casuals®, Arden B.™ and Zutopia®. Of the 608 stores, 452 were Wet Seal locations, 26 were Contempo Casuals locations, 100 were Arden B. locations and 30 were Zutopia locations. Both the Wet Seal and Contempo Casuals stores are merchandised similarly and target the same fashion-conscious junior customer by providing a balance of moderately priced fashionable brand name and company-developed apparel and accessories. During fiscal 2002, we converted 22 of the Contempo Casuals stores to the Wet Seal name in order to build a stronger brand presence for Wet Seal. We believe that our company-developed apparel differentiates us from our competitors.

In the fourth quarter of fiscal 1998, we opened the first Arden B. location. Arden B. stores cater to the fashionable, sophisticated contemporary customer. Arden B. stores offer a collection of fashion separates and accessories for all facets of the customer's lifestyle: everyday, wear-to-work, special occasion and casual, predominantly under the "Arden B." brand name.

In the third quarter of fiscal 1999, we launched WetSeal.com, an online store, offering Wet Seal merchandise to customers over the Internet. The online store was designed as an extension of the in-store experience, and offers a wide selection of our merchandise. Our online business was expanded August of 2002 to include ArdenB.com, offering Arden B. merchandise over the internet.

In the first quarter of fiscal 2001, we acquired the Zutopia brand name and 18 retail stores. Zutopia caters to the "tween" customer, those between the ages of 5 and 12. The Zutopia concept complements the Wet Seal concept by introducing fun and fashionable female clothing and accessories at a prime age, creating a natural progression to the Wet Seal concept as the "tween" becomes a teenager.

At the end of the second quarter of fiscal 2002, we launched the Wet Seal catalog for the back-to-school season and again in the fourth quarter for the holiday season in an effort to further build the Wet Seal brand and increase the opportunity for sales to new and existing customers. However, due to relatively high costs and disappointing sales results, we are reevaluating the future of the catalog business.

Design, Buying and Product Development

Our experienced design and buying teams are responsible for identifying evolving fashion trends, and then developing themes to guide our merchandising strategy. Each retail concept has a separate buying team. The merchandising team for each retail concept develops fashion themes and strategies through the references of fashion services and publications, shopping the European market, shopping the appropriate domestic vendor base and through customer responses to current trends in each division. After selecting fashion themes to promote, the design and buying teams work closely with vendors to modify colors, materials and designs and create images consistent with the themes for our product offerings. Additionally, we have increased our focus on developing exclusive designs and brands to reinforce the fashion statements of our merchandise offerings, as well as to increase the perception of Wet Seal, Arden B. and Zutopia as destination stores for the customer.

Sourcing and Vendor Relationships

We purchase our merchandise from both domestic and foreign vendors. Approximately 15% of our retail receipts are imported from foreign vendors. Although in fiscal 2002 no single vendor provided more than 5% of

WS 001070

our merchandise, management believes we are the largest customer of many of our smaller vendors. Quality control is monitored carefully at the distribution points of our largest vendors and manufacturers, and all merchandise is inspected upon arrival at our Foothill Ranch, California distribution center.

We do not maintain any long-term or exclusive commitments or arrangements to purchase merchandise from any single supplier and there are many vendors who could supply our merchandise.

Allocation and Distribution

Our merchandising effort primarily focuses on maintaining a regular flow of fresh, fashionable merchandise into our stores. Successful execution depends in large part on our integrated planning, allocation and distribution functions. By working closely with District and Regional Directors and Merchandise Buyers, our team of planners and allocators manage inventory levels and coordinate the allocation of merchandise to each of our stores based on sales volume, climate and other factors that may influence an individual store's product mix.

All merchandise for retail stores is received from vendors at our Foothill Ranch, California distribution facility, where items are inspected for quality and fit and prepared for shipping to our stores. Merchandise for the e-commerce web-site and catalog is distributed through a third party fulfillment center. We ship all of our merchandise to our stores by common carrier. Consistent with our goal of maintaining the freshness of our product offerings, we ship new merchandise to stores daily, and markdowns are taken regularly to effect the rapid sale of slow-moving inventory. Merchandise that remains unsold is periodically shipped to our clearance stores where further markdowns are taken as needed in order to move the merchandise.

Marketing, Advertising and Promotion

We believe that our three brands are among our most important assets. Our ability to successfully increase brand awareness is dependent upon our ability to address the changing needs and priorities of each brand's target customers. We continue to invest in the development of our brands through customer research, print advertising, in-store marketing and the maintenance of an internet presence.

During fiscal 2002, 2001 and 2000, we spent 1.5%, 1.0% and 0.5% respectively, of our sales on marketing. The increase in fiscal 2002 was the result of the continued investment in national print advertising and the roll out of the new Wet Seal catalog for the back-to-school and holiday seasons.

We offer a frequent shopper card in our Wet Seal, Contempo Casuals and Zutopia stores, in order to develop an in-house loyalty program. As part of this loyalty program, sales representatives telephone selected cardholders personally to notify them of special in-store promotions, such as preferred customer sales during which cardholders receive additional incentives. Our management believes these promotions foster customer loyalty and encourage frequent visits and multiple item purchases.

In the spring of 2002, we launched Seal TV, our in-house fashion and entertainment network designed to broadcast original programming, exclusive video footage, music videos and red carpet interviews from today's hottest music, film and television stars in Wet Seal stores nationwide.

The new Wet Seal catalog was introduced in the fall for the back-to-school season and again in November for the holiday season as a tool to further enhance brand awareness. Due to relatively high costs and disappointing sales results, we are reevaluating the future of the catalog business.

Given the decline in sales in the latter half of 2002, we have reduced our expected advertising expenditures for fiscal 2003 in an effort to curtail costs.

WS 001071

Information and Control Systems

In the fall of fiscal 2000, we implemented a new comprehensive merchandising information system to provide improved systems support for our merchandising functions. This new system serves as our central source of information regarding merchandise items, inventory management, purchasing, replenishment, receiving and distribution.

In the third quarter of fiscal 2002, all stores were converted to a new point-of-sale software system, which has enhanced customer service capabilities at the store level. Our point-of-sale system is operating on in-store computer hardware and is networked to the central office. The system features bar-coded ticket scanning, check and credit authorization, and provides nightly polling transmittal of sales and inventory data between the stores and our corporate office. In addition, we installed new sales audit and financial systems software in the fall of fiscal 2002 to provide a foundation for future growth as well as improved financial information.

Stores and Expansion Strategy

We make investments to enhance our customers' experience through the opening of new stores and the renovation of existing stores.

The following table sets forth the number of stores by state or territory as of March 13, 2003:

State	# of Stores	State	# of Stores	State	# of Stores
Alabama	3	Kentucky	7	North Dakota	1
Alaska	1	Louisiana	5	Ohio	23
Arizona	13	Maine	2	Oklahoma	5
Arkansas	2	Maryland	14	Oregon	3
California	87	Massachusetts	19	Pennsylvania	24
Colorado	11	Michigan	16	Rhode Island	3
Connecticut	8	Minnesota	15	South Carolina	6
Delaware	2	Mississippi	1	Tennessee	8
Florida	55	Missouri	6	Texas	46
Georgia	18	Nebraska	3	Utah	8
Hawaii	8	Nevada	7	Virginia	19
Idaho	1	New Hampshire	3	Washington	9
Illinois	39	New Jersey	29	West Virginia	1
Indiana	11	New Mexico	2	Wisconsin	9
Iowa	3	New York	29	Washington D.C	2
Kansas	5	North Carolina	13	Puerto Rico	3

During fiscal 2003, we anticipate opening approximately 35 new stores and closing approximately 10 to 15 stores. Of the approximately 35 new stores, it is anticipated that about 7 will be Arden B. stores, 1 will be a Zutopia store, and the remainder will be Wet Seal stores. We believe that the new Wet Seal stores will average approximately 3,800 square feet, the new Arden B. stores will average approximately 2,800 square feet and the new Zutopia store will be approximately 2,600 square feet.

During fiscal 2003, we also plan to renovate approximately 17 stores. Of these, approximately 14 will be Wet Seal stores with completely new store frontage, flooring, wall and light fixtures and video displays. The remaining renovations will be for Arden B. stores that mirror new stores in appearance.

Our strategy for geographic expansion is to establish a presence in a particular geographic region with a base of two or three well-performing stores. Once we have established two or three well-performing stores, we may continue expansion in that geographic region. When deciding whether to open a new store, we typically

WS 001072

target regional malls as well as prime street locations in select markets. In making our selection, we evaluate, among other factors, market area, demographics, "anchor stores," location, the volume of consumer traffic, rent payments and other costs associated with opening a store. In making our decision, management reviews all leases in order to match closely the store size to the sales potential of the store.

Our ability to expand in the future will depend, in part, on general business conditions, the demand for our merchandise, our ability to find suitable mall or other locations with acceptable sites on satisfactory terms, and continued satisfactory cash flows from existing operations. Our management does not believe there are significant geographic constraints on the locations of future stores. Our expansion plans for fiscal 2003 have been scaled back due to fiscal 2002 financial results. At such time as there is reasonable growth of the U.S. economy and a satisfactory level of consumer acceptance of our offering, we expect to accelerate store openings.

We may, in limited instances and to the extent we deem advisable, seek to acquire additional businesses that complement or enhance our operations. We currently have no commitments or understandings with respect to any business opportunities of this type.

Seasonal

Our business is seasonal by nature, with the Christmas season, beginning the week of Thanksgiving and ending the first Saturday after Christmas, and the back-to-school season, beginning the last week of July and ending the first week of September, historically accounting for a large percentage of sales volume. For the past three fiscal years, the Christmas and back-to-school seasons together accounted for an average of approximately 30% of our annual sales, after adjusting for sales increases related to new stores. Our profitability depends, to a significant degree, on the sales generated during these peak periods. Any decrease in sales or margins during these periods, whether as a result of economic conditions, poor weather or other factors, could have a material adverse effect on our company.

Trademarks

Our primary trademarks and service marks are WET SEAL®, CONTEMPO CASUALS®, and ZUTOPIA®, which are registered in the U.S. Trademark Office. We have registrations pending in a number of classes for the Arden B. trademark. We also use and have registered, or have pending applications for, a number of other U.S. trademarks, including, but not limited to, A. AUBREY®, ACCESSORIES FOR LIFE®, ACCOMPLICE®, BLUE ASPHALT®, CEMENT®, CLUB CONTEMPO™, EVOLUTION NOT REVOLUTION®, FORMULA X®, MEOW GENES®, SEAL™, SEAL GLAMOUR™, SEAL TV™, SEAL MAGAZINE™, UNCIVILIZED®, URBAN LIFE®, URBAN VIBE®, and a particular flower design. In general, the registrations for these trademarks and service marks are renewable indefinitely, as long as we continue to use the marks as required by applicable trademark law. We are the owner of an allowed and currently pending service mark application for the mark SEAL PUPS. We are not aware of any adverse claims or infringement actions relating to our trademarks or service marks.

Competition

The women's retail apparel industry is highly competitive, with fashion, quality, price, location, in-store environment and service being the principal competitive factors. We compete with specialty apparel retailers, department stores and certain other apparel retailers, including Charlotte Russe, Gap, Gadzooks, Pacific Sunwear, Forever 21, Express, bebe, and Limited Too. Many of our competitors are large national chains, which have substantially greater financial, marketing and other resources than we do. While we believe we compete effectively for favorable site locations and lease terms, competition for prime locations within malls, in particular, and other locations is intense, and we cannot ensure that we will be able to obtain new locations on terms favorable to us, if at all.

WS 001073

Employees

As of February 1, 2003, we had 7,361 employees, consisting of 2,447 full-time employees and 4,914 part-time employees. Full-time personnel consisted of 1,005 salaried employees and 1,442 full-time hourly employees. All part-time personnel are hourly employees. Of all employees, 7,015 were sales personnel and 346 were administrative and distribution center personnel. Personnel at all levels of store operations are provided with cash incentives based upon various individual store sales targets.

All of our employees are non-union, and, in management's opinion, are paid competitively with current standards in the industry. We believe that our relationship with our employees is good.

Statement Regarding Forward Looking Disclosure and Risk Factors

Certain sections of this Annual Report on Form 10-K, including "Item 1. Business" and "Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations," may contain various forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended, which represent our expectations or beliefs concerning future events.

Forward-looking statements include statements that are predictive in nature, which depend upon or refer to future events or conditions, which include words such as "believes," "plans," "anticipates," "estimates," "expects" or similar expressions. In addition, any statements concerning future financial performance, ongoing business strategies or prospects, and possible future actions, which may be provided by our management, are also forward-looking statements. Forward-looking statements are based on current expectations and projections about future events and are subject to risks, uncertainties, and assumptions about our company, economic and market factors and the industry in which we do business, among other things. These statements are not guaranties of future performance and we undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Actual events and results may differ from those expressed in any forward-looking statements due to a number of factors. Factors that could cause our actual performance, future results and actions to differ materially from any forward-looking statements include, but are not limited to, those discussed in Exhibit 99.1 attached to this report and elsewhere in this report. **We strongly urge you to review and consider the risk factors set forth in Exhibit 99.1.**

Item 2. Properties

Our corporate headquarters is located at 26972 Burbank, Foothill Ranch, California, and has 300,180 square feet of leased office and distribution facility space, including 212,544 square feet of merchandise handling and storage mezzanine space in the distribution facility and 87,636 square feet of office space. This lease expires on December 4, 2007.

We lease all of our stores. Lease terms for our stores are typically 10 years in length and generally do not contain renewal options. The leases generally provide for a fixed minimum rental and additional rental based on a percentage of sales once a minimum sales level has been reached. When a lease expires, we generally renew that lease at current market terms. However, each renewal is based upon an analysis of the individual store's profitability and sales potential. At the end of fiscal 2002, we had 2,279,517 square feet of leased space, not including our corporate headquarters.

US 000074

The following table sets forth information with respect to store openings and closings since fiscal 1998:

	Fiscal Years

Stores closed during period	34	50	32	15	21
Stores open at end of period	606	571	552	548	454

(1) 2001: We acquired 18 Zutopia stores on March 25, 2001 from Gymboree, Inc.
1999: We acquired 78 stores on February 1, 1999 from Britches of Georgetowne, Inc.
1998: We acquired 19 store locations from Mothers Work, Inc. on December 1, 1998.

Item 3. Legal Proceedings

Kathy Bronstein was relieved of her duties as Chief Executive Officer on February 5, 2003. Ms. Bronstein continues to be on salary pending resolution of her employment contract. There can be no assurance that Ms. Bronstein and our company will reach an amicable agreement on her status.

From time to time, we are involved in litigation relating to claims arising out of our operations in the normal course of business. Our management believes that, in the event of a settlement or an adverse judgment of any of the pending litigations, we are adequately covered by insurance. As of March 13, 2003, we were not engaged in any legal proceedings that are expected, individually or in the aggregate, to have a material adverse effect on us.

Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted to a vote of security holders through solicitations of proxies or otherwise during the fourth quarter of the fiscal year covered by this report.

WS 001075

Item 5. Market for the Registrant's Common Equity and Related Stockholder Matters

We have two classes of common stock: Class A and Class B. Our Class A Common Stock is listed on The NASDAQ Stock Market under the symbol "WTSLA." As of March 13, 2003, there were 220 stockholders of record of the Class A Common Stock. Additionally, the number of beneficial owners of our Class A Common Stock was estimated to be in excess of 4,000. The closing price of our Class A Common Stock on March 13, 2003 was $7.21. No established public trading market exists for our Class B Common Stock. As of March 13, 2003, there were four stockholders of record of our Class B Common Stock.

The following table reflects the high and low sale prices of our Class A Common Stock as reported by NASDAQ for the last two fiscal years. Fiscal 2002 and fiscal 2001 sales prices have been adjusted for the three-for-two stock split effective May 9, 2002.

Quarter	Fiscal 2002		Fiscal 2001	
	High	Low	High	Low
First Quarter	$25.73	$17.17	$16.67	$ 9.76
Second Quarter	$24.90	$11.55	$16.93	$ 8.30
Third Quarter	$12.97	$ 8.40	$14.21	$ 8.67
Fourth Quarter	$12.27	$ 8.18	$18.33	$12.37

We have reinvested earnings in the business and have never paid any cash dividends to holders of our Common Stock. The declaration and payment of future dividends, which are subject to the terms and covenants contained in our bank line of credit, are at the sole discretion of the Board of Directors and will depend upon our profitability, financial condition, cash requirements, future prospects and other factors deemed relevant by the Board of Directors.

Item 6. Selected Financial Data

The following table of certain selected data should be read in conjunction with the consolidated financial statements and notes thereto and with "Management's Discussion and Analysis of Financial Condition and Results of Operations." The data for the fiscal years ended February 1, 2003 and February 2, 2002, and the income statement for the fiscal year ended January 29, 2000 are derived from the financial statements included herein. The data (other than store, square footage and related data) for the fiscal years ended January 30, 1999 and January 31, 1998, and the balance sheet data for the fiscal year ended January 29, 2000 are derived from our consolidated financial statements for such years, which are not included herein.

(3) Sales during the 53rd week of fiscal 2000 were excluded from "Sales" for purposes of calculating "Average sales per square foot" and "Average sales per store" in order to make fiscal 2000 comparable.

(4) "Comparable store sales" for fiscal 2001 were calculated by excluding sales during the last week of fiscal 2000 (a 53-week year) in order to make fiscal 2000 comparable to fiscal 2001. "Comparable store sales" are defined as sales in stores that were open at least 14 months.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with our consolidated financial statements and notes thereto included elsewhere in this Form 10-K. The following discussion contains forward-looking statements which involve risks and uncertainties, and our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including those set forth under the heading "Statement Regarding Forward Looking Disclosure and Risk Factors" included elsewhere in this Form 10-K.

Critical Accounting Policies and Estimates

Our consolidated financial statements were prepared in conformity with accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with generally accepted accounting principles requires the appropriate application of certain accounting policies, some of which require us to make estimates and assumptions about future events and their impact on amounts reported in our financial statements. Since future events and their impact cannot be determined with absolute certainty, the actual results will inevitably differ from our estimates.

Our accounting policies are generally straightforward, but inventory valuation requires more significant management judgments and estimates.

Merchandise inventories are stated at the lower of cost (first in, first out) or market. Cost is calculated using the retail inventory method. The retail inventory method is used to estimate the ending inventory at cost by employing a cost to retail (selling price) ratio. The ending inventory is first determined at selling price and then converted to cost. Purchases, sales, net markdowns (less mark-ups), charity, discounts and estimated shrink are considered in arriving at the cost to retail ratio. Inventories include items that have been marked down to management's best estimate of their fair market value. Management's decision to mark down merchandise is based on maintaining the freshness of our product offering. Markdowns are taken regularly to effect the rapid sale of slow moving inventory and to make room for new merchandise arriving daily to the stores. To the extent that management's estimates differ from actual results, additional markdowns may be required that could reduce our gross margin, operating income and carrying value of inventories. Our success is largely dependent on our ability to anticipate the changing fashion tastes of our customers and to respond to those changing tastes in a timely manner. If we fail to anticipate, identify or react appropriately to changing styles, trends or brand preferences of our customers, we may experience lower sales, excess inventories and more frequent and extensive markdowns which would adversely affect our operating results.

We believe the application of our accounting policies, and the estimates inherently required therein, are reasonable. Our accounting policies and estimates are reevaluated on an ongoing basis, and adjustments are made when facts and circumstances dictate a change. Our accounting policies are more fully described in Note 1 to the Consolidated Financial statements included herein.

Current Trends and Outlook

Sales in the fourth quarter of fiscal 2002 continued to be weak in all three divisions with continued declining comparable store sales following the lower than expected results of the third quarter. The holiday selling season for fiscal 2002 did not meet our expectations. There was no dominant fashion trend driving sales, compared to fiscal 2001. Starting with the back-to-school season, we were not able to capitalize on a fashion trend to replace the "bohemian" style apparel, which was the dominant fashion trend for spring of fiscal 2002.

We have made substantial efforts to evaluate our key customers in the Wet Seal division, and concluded that our Wet Seal division focused on a sophisticated product line while girls and young women were gravitating toward a more basic and junior look. The initial stages of the Wet Seal division's change in presentation to reach out to its customers and carry basics are reflected in its spring assortment.

WS 001073

Our gross margins during the second through fourth quarters were further eroded by the large amount of markdowns necessary to move the poor performing merchandise in order to make room for new receipts. This was especially true during the fourth quarter, including a write-down of inventory at year-end through a mark-out-of-stock process.

We are also evaluating our cost structure, given the disappointing results for fiscal 2002. Cost saving strategies are being developed and implemented. We recently reduced our staffing levels, and plan to continue this process by eliminating positions where practical. Other cost saving initiatives are also under way to reduce selling, general and administrative and distribution and buying costs.

During fiscal 2003, we anticipate opening fewer stores than originally anticipated, with approximately 35 new locations, consisting of 7 Arden B. locations, 1 Zutopia location with the remainder of the openings being Wet Seal locations. Total capital expenditures anticipated for Fiscal 2003 are now expected to be less than $17.5 million. This capital expenditure estimate includes the anticipated costs of renovating 17 stores whose leases will expire but that we expect to renew.

Results of Operations

Fiscal 2002 and 2001 consisted of the 52 week periods ended February 1, 2003 and February 2, 2002, respectively and fiscal 2000 consisted of the 53 week period ended February 3, 2001. Comparable store sales are defined as sales in stores that were open at least 14 months.

The following table sets forth selected income statement data expressed as a percent of sales for the years indicated:

Fiscal Year	As a Percentage of Sales Fiscal Year Ended		
	2002	2001	2000
Fiscal Year Ended	February 1, 2003	February 2, 2002	February 3, 2001
Net sales	100.0%	100.0%	100.0%
Cost of sales (including buying, distribution and occupancy costs)	70.8	67.3	72.3
Gross margin	29.2	32.7	27.7
Selling, general and administrative expenses	28.6	25.2	23.1
Operating income	0.6	7.5	4.6
Interest income, net	0.5	0.9	0.9
Income before provision for income taxes	1.1	8.3	5.5
Provision for income taxes	0.4	3.2	2.1
Net income	0.7%	5.2%	3.4%

Fiscal 2002 (year ended February 1, 2003) compared to Fiscal 2001 (year ended February 2, 2002).

Sales in fiscal 2002 were $608.5 million compared to sales for fiscal 2001 of $601.9 million, an increase of $6.6 million, or 1.1%. The dollar increase in sales was due to the net increase of 35 stores; 606 stores were open and operating at the end of fiscal 2002 compared to 571 stores at the end of fiscal 2001. Comparable store sales decreased 5.6% for fiscal 2002 compared to an increase of 4.7% for fiscal 2001. The comparable store sales decrease reflected the negative sales trends in the second half of fiscal 2002, which did not have a dominant fashion trend to drive sales as compared to fiscal 2001. Sales in the first half of fiscal 2002 were fueled by the "bohemian" trend. As the "bohemian" trend waned during the period leading up to the "back-to-school" season, we had a more sophisticated product offering, while we believe our competitors were gaining ground with a more basic presentation.

WS 001079

Cost of sales, including buying, distribution and occupancy costs, was $431.0 million for fiscal 2002 compared to $405.2 million for fiscal 2001, an increase of $25.8 million, or 6.4%. Cost of sales was 70.8% of sales for fiscal 2002, compared to 67.3% of sales in fiscal 2001, an increase of 3.5%. The increase in cost of sales as a percent of sales for fiscal 2002 was driven by an increase in markdowns and in shrink, offset partially by a slight improvement in the cumulative mark-up. The increased markdowns in the third and fourth quarters were the result of reacting to the declining comparable store sales, and included a substantial markdown reserve at year-end to reduce the value of inventory marked out of stock in February 2003. In addition, the de-leverage stemming from negative comparable store sales caused fixed costs such as buying, distribution and occupancy to rise as a percentage of sales in fiscal 2002, versus fiscal 2001.

Selling, general and administrative expenses were $174.1 million in fiscal 2002, compared to $151.8 million in fiscal 2001, an increase of $22.3 million or 14.7%. Selling, general and administrative expenses were 28.6% of sales in fiscal 2002, 3.4% above the 25.2% of sales for fiscal 2001. The increase in selling expenses was primarily due to higher store wages and benefits. This was due to supporting more stores as well as actions taken early in the year to improve the quality and therefore the average salary of many of the store-level employees. The catalog business also contributed to higher selling expenses for the promotion, production and distribution support costs, reflecting our entry into the catalog business in fiscal 2002. In addition, we have incurred higher advertising costs in fiscal 2002 to support the retail locations. The increase in general and administrative costs was primarily caused by a reserve established for costs we expect to incur relating to Kathy Bronstein's employment status. The remaining increase was due to central office payrolls, reflecting salary increases and an increase in the number of employees, offset partially by savings in legal fees incurred in negotiating store leases as a result of establishing an in-house legal department. Selling, general and administrative expenses rose, as a percent of sales, due to de-leveraging of fixed costs caused by lower sales per store than in the same stores in the prior year.

Interest income, net, was $3.1 million in fiscal 2002, compared to $5.1 million in fiscal 2001, a decrease of $2.0 million. This decrease was due to a reduction in market interest rates on the invested balances, as well as a drop later in the year in the amount invested. Total cash and investments were $94.8 million at the end of fiscal 2002, compared to $132.3 million at fiscal 2001.

The income tax provision was $2.3 million in fiscal 2002, compared to $19.0 million in fiscal 2001. The effective income tax rate for fiscal 2002, was 35% compared to 38% in fiscal 2001. This decrease reflected the net loss during the fourth quarter, which increased the proportion of the full year net income that was in the form of tax exempt interest, as well as the proportion of income offset by charitable deductions of merchandise.

Based on the factors noted above, net income was $4.2 million in fiscal 2002, compared to $31.0 million in fiscal 2001, a decrease of $26.8 million, or 86.5%. As a percentage of sales, net income was 0.7% in fiscal 2002, compared to 5.2% in fiscal 2001.

Fiscal 2001 (year ended February 2, 2002) compared to Fiscal 2000 (year ended February 3, 2001).

Sales in fiscal 2001 were $601.9 million for the 52 week fiscal year compared to sales in fiscal 2000 of $580.2 million for the 53 week fiscal year, an increase of $21.7 million, or 3.7%. On a pro forma basis, comparing the 52 week period ended February 2, 2002 to the 52 week period ended January 27, 2001, the increase in sales would have been $30.5 million, or 5.3%. The dollar increase in sales in fiscal 2001 compared to fiscal 2000 was due to the impact of 51 new store openings and the acquisition of 18 stores in fiscal 2001. The increase in sales was also due to the increase in comparable store sales of 4.7% for the 52 weeks ended February 2, 2002 compared to the 52 weeks ended January 27, 2001. These increases were somewhat offset by the closing of 50 stores in fiscal 2001.

Cost of sales, including buying, distribution and occupancy costs, was $405.2 million in fiscal 2001 compared to $419.3 million in fiscal 2000, a decrease of $14.1 million, or 3.4%. As a percentage of sales, cost of

WS 001080

sales decreased to 67.3% in fiscal 2001 from 72.3% in fiscal 2000, a decrease of 5.0%. The decrease in cost of sales as a percentage of sales related primarily to an increase in the initial mark up over the prior year and a decrease in markdowns from the prior year. We also experienced a decrease in occupancy costs due to the leverage on landlord expenses resulting from an increase in comparable store sales and due to a decrease in distribution costs resulting from lower depreciation as the original distribution equipment was fully depreciated in the prior year. Offsetting the overall decrease in cost of sales was an increase in buying costs. The increase in buying costs was due to additional headcount added to support new divisions and to further augment current infrastructure.

Selling, general and administrative expenses were $151.8 million in fiscal 2001 compared to $134.0 million in fiscal 2000, an increase of $17.8 million, or 13.3%. As a percentage of sales, selling, general and administrative expenses were 25.2% in fiscal 2001 compared to 23.1% in fiscal 2000, an increase of 2.1%. The increase in selling, general and administrative expenses as a percentage of sales was primarily due to an increase in advertising costs related to the use of print media campaigns and a television sponsorship not used in the prior year. The increase is also due to an increase in selling wages in an effort to improve customer service. Delivery charges increased due to the change in the freight strategy to use three-day air in fiscal 2001 versus the use of ground transportation in fiscal 2000.

Interest income, net, was $5.1 million in fiscal 2001 compared to $4.9 million in fiscal 2000, an increase of $0.2 million. This increase was due primarily to an increase in the average cash balance invested during the year offset in part by lower interest rates during fiscal 2001 versus fiscal 2000.

The income tax provision was $19.0 million in fiscal 2001 compared to $12.2 million in fiscal 2000. The effective income tax rate in fiscal 2001 was 38.0% compared to 38.5% in fiscal 2000. The decrease in the effective tax rate in fiscal 2001 compared to fiscal 2000 was due to the apportionment among various states, resulting in lower effective state tax rates.

Based on the factors noted above, net income was $31.0 million in fiscal 2001 compared to $19.5 million in fiscal 2000, an increase of $11.5 million, or 59.0%. As a percentage of sales, net income was 5.2% in fiscal 2001 compared to 3.4% in fiscal 2000.

Liquidity and Capital Resources

Working capital at the end of fiscal 2002, 2001 and 2000 was $64.5 million, $77.2 million and $44.2 million, respectively. The decrease in working capital of $12.7 million in fiscal 2002 compared to fiscal 2001 was primarily due to a reduction in cash and short-term investments, net of reductions in construction payables, merchandise payables, and an income tax payable in the prior year compared to an income tax receivable in the current year.

Net cash provided by operating activities for fiscal 2002, 2001, and 2000 was $6.0 million, $58.3 million, and $46.4 million, respectively. The $52.3 million decrease in net cash provided by operating activities in fiscal 2002 compared to fiscal 2001 was largely the result of lower net income of $26.8 million, offset slightly by $2.4 million in non-cash depreciation expense increase. Accounts payable and accrued liabilities, whose balance changes increased cash flow by nearly $10 million in fiscal 2001, dropped nearly $13 million during fiscal 2002. This shift reflects nearly $11 million less in accrued construction costs at the end of fiscal 2002 compared to fiscal 2001, and $4.7 million more in net owned inventory at the end of fiscal 2002 compared to fiscal 2001. Finally, there was an increase of approximately $10.6 million from the end of fiscal 2001 to the end of fiscal 2002 in other receivables due to an income tax receivable of $11.8 million, reflecting the drop in income in the latter part of fiscal 2002.

In fiscal 2002, 2001 and 2000, we invested $39.0 million, $39.0 million and $18.1 million, respectively, in property and equipment and leasehold improvements. These expenditures related primarily to new store openings

WS 001081

and remodels. In fiscal 2002, we opened 69 stores and remodeled 22 stores. There were no acquisitions in fiscal 2002. In fiscal 2001, we opened 51 stores, remodeled 32 stores and we acquired the leases, merchandise inventory and furniture and fixtures of 18 Zutopia stores from Gymboree, Inc. for $3.6 million. Capital expenditures for fiscal 2003 are currently projected to be $17.5 million or less, relating primarily to planned new store openings, remodels and minor store renovations, as well as implementing a planning and allocation system and other key store support programs.

In September 1998, the Company's Board of Directors authorized the repurchase of up to 20% of the outstanding shares of our Class A common stock. From this authorized plan, 3,077,100 shares (split adjusted) were repurchased at a cost of $20.3 million. These repurchased shares were reflected as Treasury Stock in our consolidated balance sheets, until they were retired on December 2, 2002, as authorized by the Board of Directors. On October 1, 2002, our Board of Directors authorized the repurchase of up to 5.4 million shares of our outstanding Class A common stock. This amount included the remaining shares previously authorized for repurchase by the Board of Directors. During October 2002, we repurchased 947,400 shares under the new repurchase plan for $8.2 million. These repurchased shares under the new plan were immediately retired as authorized by our Board of Directors. As of the end of fiscal 2002, there were approximately 4.5 million shares remaining for future repurchases under the October 1, 2002 authorization. As of the date of this report, all treasury shares have been retired.

We have a revolving line-of-credit arrangement with Bank of America, N.A. in an aggregate principal amount of $50 million, maturing on July 1, 2004. At February 1, 2003, there were no outstanding borrowings under the credit arrangement, and there were $7.6 million open letters of credit related to imported inventory orders and an insurance standby letter of credit for $0.7 million. As of the date of this report we are in compliance with all financial covenants of the credit arrangement. We invest our excess funds in short-term investment grade money market funds, investment grade commercial paper and U.S. Treasury and Agency obligations. The long-term marketable securities consist of high credit quality municipal and corporate bonds. We believe that our working capital and cash flows from operating activities will be sufficient to meet our operating and capital requirements in the foreseeable future.

Seasonality and Inflation

Our business is seasonal by nature with the Christmas season, beginning the week of Thanksgiving and ending the first Saturday after Christmas, and the back-to-school season, beginning the last week of July and ending the first week of September, historically accounting for the largest percentage of sales volume. For the past three fiscal years, the Christmas and back-to-school seasons together accounted for an average of approximately 30% of our annual sales, after adjusting for sales increases related to new stores. We do not believe that inflation has had a material effect on the results of operations during the past three years. However, we cannot assure you that our business will not be affected by inflation in the future.

Commitments and Contingencies

Our principal contractual obligations consist of minimum annual rental commitments under non-cancelable leases, including our corporate office, warehouse facility, automobiles, computer equipment and copiers. At February 1, 2003, our contractual obligations under these leases were as follows (in thousands):

Contractual Obligations	Payments Due By Period				
	Total	Less Than 1 Year	1–3 Years	4–5 Years	After 5 Years
Operating leases ...	$455,200	$69,300	$181,500	$104,400	$100,000

WS 001082

Our principal commercial commitments consist primarily of open letters of credit, related to imported inventory orders, secured by our revolving line-of-credit arrangement. At February 1, 2003, our contractual commercial commitments under these letters of credit arrangements were as follows (in thousands):

Other Commercial Commitments	Total Amounts Committed	Amount of Commitment Expiration Per Period			
		Less Than 1 Year	1–3 Years	4–5 Years	Over 5 Years
Letters of credit	$8,300	$8,300	—	—	—

We do not maintain any long-term or exclusive commitments or arrangements to purchase merchandise from any single supplier.

New Accounting Pronouncements

In June 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard (SFAS) No. 142 "Goodwill and Other Intangible Assets," which, among other things, establishes new standards for goodwill acquired in a business combination, eliminates the amortization of goodwill and requires the carrying value of goodwill and identifiable intangibles to be evaluated for impairment on, at least, an annual basis. Identifiable intangible assets with a determinable useful life will continue to be amortized over that period. We adopted SFAS No. 142 on February 3, 2002. Upon completion of the impairment test, we determined that there was no impairment of goodwill.

In November 2001, the FASB issued SFAS No. 143 "Accounting for Asset Retirement Obligations," which addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated retirement costs. SFAS No. 143 is effective for fiscal years beginning after June 15, 2002. We believe the adoption of SFAS No. 143 will not have a material impact on our consolidated results of operations, financial position or cash flows.

Effective February 3, 2002, the Company adopted SFAS No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets," which addresses financial accounting and reporting for the impairment of long-lived assets and for long-lived assets to be disposed of either by sale or other than by sale. The adoption of SFAS No. 144 did not have a material impact on our consolidated results of operations, financial position or cash flows.

In July 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities," which addresses financial accounting and reporting for costs associated with exit or disposal activities and supersedes Emerging Issues Task Force (EITF) Issue 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." SFAS 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under Issue 94-3, a liability for an exit cost as defined in EITF 94-3 was recognized at the date of an entity's commitment to an exit plan. SFAS 146 also establishes that the liability should initially be measured and recorded at fair value. We adopted the provisions of SFAS 146 for exit or disposal activities initiated after December 31, 2002.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation—Transition and Disclosure—an amendment of FASB Statement No. 123." This statement provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this Statement amends the disclosure requirement of SFAS 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. SFAS 148 is effective for fiscal years ending after December 15, 2002. We have determined not to adopt the fair value based method of accounting for stock-based employee compensation but have adopted the additional disclosure requirements of SFAS 148 in fiscal 2002.

WS 001083

In November 2002, the FASB issued FASB Interpretation ("FIN") No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees and Indebtedness of Others," an interpretation of FASB Statements No. 5, 57 and 107, and rescission of FASB Interpretation No. 34, "Disclosure of Indirect Guarantees of Indebtedness of Others." FIN 45 elaborates on the disclosures to be made by the guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires that a guarantor recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002. The provisions of the disclosure requirements are effective for financial statements of interim or annual periods ending after December 15, 2002. We believe the adoption of such interpretation will not have a material impact on our results of operations or financial position and we intend to adopt the recognition provisions of such interpretation on February 2, 2003, as required.

In January 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities," an interpretation of ARB No. 51. FIN No. 46 requires that variable interest entities be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or is entitled to receive a majority of the entity's residual returns or both. FIN No. 46 also requires disclosures about variable interest entities that companies are not required to consolidate but in which a company has a significant variable interest. The consolidation requirements of FIN No. 46 will apply immediately to variable interest entities created after January 31, 2003. The consolidation requirements will apply to entities established prior to January 31, 2003 in the first fiscal year or interim period beginning after June 15, 2003. The disclosure requirements will apply in all financial statements issued after January 31, 2003. We believe the adoption of FIN No. 46 will have no impact on our results of operations or financial position, as we have no interests in variable interest entities.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

To the extent we borrow under our credit facility, we will be exposed to market risk related to changes in interest rates. At February 1, 2003, no borrowings were outstanding under the credit facility. See Notes 1 and 2 to our consolidated financial statements for further discussion of our accounting policies for financial instruments. We are not a party to any derivative financial instruments. We are exposed to market risk related to changes in interest rates on our investments in short-term investment grade interest-bearing securities. These investments are considered to be cash equivalents and are shown that way on our balance sheet. If there are changes in interest rates, those changes would affect the investment income we earn on those investments.

Item 11. Executive Compensation

The information required by this item is incorporated by reference to the information set forth in our proxy statement for our 2003 annual meeting of stockholders to be filed with the Securities and Exchange Commission within 120 days after the end of our fiscal year ended February 1, 2003.

Item 12. Security Ownership of Certain Beneficial Owners and Management

The information required by this item is incorporated by reference to the information set forth in our proxy statement for our 2003 annual meeting of stockholders to be filed with the Securities and Exchange Commission within 120 days after the end of our fiscal year ended February 1, 2003.

Item 13. Certain Relationships and Related Transactions

The information required by this item is incorporated by reference to the information set forth in our proxy statement for our 2003 annual meeting of stockholders to be filed with the Securities and Exchange Commission within 120 days after the end of our fiscal year ended February 1, 2003.

Item 14. Controls and Procedures

Disclosure Controls and Internal Controls

Our disclosure controls and procedures (as defined in Rule 13a-14(c) under Exchange Act) ("Disclosure Controls") are procedures that are designed with the objective of ensuring that information required to be disclosed in our reports filed under the Exchange Act, such as this annual report, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure Controls are also designed with the objective of ensuring that this information is accumulated and communicated to our management, including our interim Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. Internal controls and procedures for financial reporting ("Internal Controls") are designed with the objective of providing reasonable assurance that:

- our transactions are properly authorized;
- assets are safeguarded against unauthorized or improper use; and
- transactions are properly recorded and reported.

These controls and procedures are designed to enable the preparation of our financial statements in conformity with U.S. generally accepted accounting principles.

Limitations on the Effectiveness of Controls

Our management, including our interim Chief Executive Officer and our Chief Financial Officer, does not expect that our Disclosure Controls or Internal Controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent

WS 001085

limitations in all control systems, an evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by management override of the control. The design of any system of controls is also based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any control will succeed in achieving its stated goals under all potential future conditions. Over time, a control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures related to the control may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error may occur and not be detected.

Annual evaluation of the Company's Disclosure Controls and Internal Controls

Within the 90-day period prior to the filing of this annual report, an evaluation was carried out under the supervision and with the participation of our management, including our interim Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our Disclosure Controls. Based upon that evaluation, our interim Chief Executive Officer and our Chief Financial Officer concluded, subject to the limitations noted above, that:

- the design and operation of our Disclosure Controls were effective to ensure that material information related to our company which is required to be disclosed in reports filed under the Securities and Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms; and
- our Internal Controls are effective to provide reasonable assurance that our financial statements are fairly presented in conformity with U.S. generally accepted accounting principles.

No significant changes were made to our Internal Controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Shareholders
The Wet Seal, Inc.:

We have audited the accompanying consolidated balance sheets of The Wet Seal, Inc. and subsidiary (the Company) as of February 1, 2003 and February 2, 2002 and the related consolidated statements of income, comprehensive income, shareholders' equity and cash flows for each of the three fiscal years in the period ended February 1, 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Wet Seal, Inc. and subsidiary as of February 1, 2003 and February 2, 2002 and the results of their operations and their cash flows for each of the three fiscal years in the period ended February 1, 2003 in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the financial statements, the Company changed its method of accounting for goodwill and other intangible assets during the year ended February 1, 2003 as a result of adopting Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets."

NOTE 1: Summary of Significant Accounting Policies

Nature of the Business

The Wet Seal, Inc. (the "Company") is a national specialty retailer of fashionable and contemporary apparel and accessory items designed for female consumers with a young, active lifestyle. The Company's success is largely dependent upon its ability to gauge the fashion tastes of its customers and to provide merchandise that satisfies customer demand. The Company's failure to anticipate, identify or react to changes in fashion trends could adversely affect its results of operations.

Approximately 26.5% of the voting stock of the Company is held by a group of companies directly or indirectly controlled by two directors of the Company, one of whom is the Chairman of the Board of Directors.

The Company's fiscal year ends on the Saturday closest to the end of January. The reporting period includes 52 weeks in fiscal 2002, 52 weeks in fiscal 2001, and 53 weeks in fiscal 2000.

Principles of Consolidation

The consolidated financial statements include the accounts of The Wet Seal, Inc. and its wholly owned subsidiary, The Wet Seal Retail, Inc. All significant intercompany balances and transactions have been eliminated in consolidation.

Basis of Presentation

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. Certain amounts in the fiscal 2001 and fiscal 2000 financial statements have been reclassified to conform with the fiscal 2002 presentation.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments purchased with an initial maturity of three months or less to be cash equivalents. Cash is held primarily in four major financial institutions and is in excess of insured limits.

Merchandise Inventories

Merchandise inventories are stated at the lower of cost (first-in, first-out) or market. Cost is determined using the retail inventory method.

Equipment and Leasehold Improvements

Equipment and leasehold improvements are stated at cost. Expenditures for betterment or improvement are capitalized, while expenditures for repairs that do not significantly increase the life of the asset are expensed as incurred.

Depreciation is provided using the straight-line method over the estimated useful lives of the assets. Furniture, fixtures and equipment are typically depreciated over three to five years. Leasehold improvements and the cost of acquiring leasehold rights are depreciated over the lesser of the term of the lease or 10 years.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Long-Lived Assets

The Company accounts for the impairment and disposition of long-lived assets in accordance with Statement of Financial Accounting Standards ("SFAS") No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS No. 144, addresses financial accounting and reporting for the impairment of long-lived assets and for long-lived assets to be disposed of either by sale or other than by sale. Long-lived assets are reviewed for impairment when events or changes in circumstances indicate that their carrying value may not be recoverable. At February 1, 2003, the Company believes there has been no impairment of the value of such assets.

Goodwill

In June 2001, the FASB issued SFAS No. 141, "Business Combinations," and SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 requires business combinations initiated after June 30, 2001 to be accounted for using the purchase method of accounting, and broadens the criteria for recording intangible assets apart from goodwill. Under SFAS No. 142, goodwill and intangible assets that have indefinite useful lives will no longer be amortized but will be tested at least annually for impairment. The goodwill test for impairment consists of a two-step process that begins with an estimation of the fair value of the reporting unit. The first step of the test is a screen for potential impairment and the second step measures the amount of impairment, if any. The Company adopted SFAS No. 142 on February 3, 2002. Prior to adoption of SFAS No. 142, the Company amortized goodwill on a straight-line basis over 20 to 25 years and evaluated the recoverability of goodwill based on undiscounted operating cash flows. The Company completed its transitional and annual impairment test and determined that there was no impairment of goodwill.

The following table provides the Company's net income (loss) and net income (loss) per share had the non-amortization provisions of SFAS No. 142 been adopted for all periods presented:

	February 1, 2003	February 2, 2002
	(In thousands, except share data)	
Net income	$4,239	$31,015
Add back: Goodwill amortization	—	394
Related income tax effect	—	(150)
Adjusted net income	$4,239	$31,259
Net income per share:		
Basic	$ 0.14	$ 1.05
Add back: Goodwill amortization, net of related income tax effect	—	$ .01
Adjusted basic net income per common share	$ 0.14	$ 1.06
Diluted	$ 0.14	$ 1.02
Add back: Goodwill amortization, net of related income tax effect	—	—
Adjusted diluted net income per common share	$ 0.14	$ 1.02

Amortization of goodwill for the full fiscal year 2001 was $394,000 before income taxes.

Revenue Recognition

Sales are recognized upon purchase by customers.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Rental Expense

Any defined rental escalation is averaged over the term of the related lease in order to provide level recognition of rental expense.

Store Pre-Opening Costs

Store opening and pre-opening costs are charged to expense as they are incurred.

Advertising Costs

Costs for advertising related to retail operations consisting of magazine ads, in-store signage and promotions are expensed as incurred. Total advertising expenses related primarily to retail operations in fiscal 2002, 2001, and 2000 were $8,925,000, $6,039,000, and $2,788,000, respectively.

Income Tax

SFAS No. 109 requires the recognition of deferred tax assets and liabilities for the future consequences of events that have been recognized in the Company's consolidated financial statements or tax returns. The measurement of deferred items is based on enacted tax laws. In the event that the future consequences of differences between financial reporting bases and the tax bases of the Company's assets and liabilities result in a deferred tax asset, SFAS No. 109 requires an evaluation of the probability of being able to realize the future benefits indicated by such asset. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

Net Income Per Share

In accordance with SFAS No. 128, "Earnings Per Share," net income per share, basic, is computed based on the weighted-average number of common shares outstanding for the period. Net income per share, diluted, is computed based on the weighted-average number of common and potentially dilutive common equivalent shares outstanding for the period (see note 12).

During the year ended February 1, 2003, the Company effected a three-for-two stock split (see note 4).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Management believes the carrying amounts of cash and cash equivalents, other receivables and accounts payable approximate fair value due to their short maturity. Short-term and long-term investments consist of highly liquid interest-bearing securities that are carried at amortized cost plus accrued income, which management believes approximates fair value.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Stock-Based Compensation

The Company accounts for stock-based awards to employees using the intrinsic value method in accordance with Accounting Principles Board Opinion (APBO) No. 25, "Accounting for Stock Issued to Employees" (see note 5).

Segment Information

The Company has one reportable segment representing the aggregation of its operating segments due to the similarities of the economic and operating characteristics of the operations represented by the Company's store formats.

The Company's success is largely dependent upon its ability to gauge the fashion tastes of its customers and provide merchandise that satisfies customers' preferences. Any inability to provide appropriate merchandise in sufficient quantities in a timely manner could have a material adverse effect on the Company's operating results.

New Accounting Pronouncements

In November 2001, the FASB issued SFAS No. 143 "Accounting for Asset Retirement Obligations," which addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated retirement costs. SFAS No. 143 is effective for fiscal years beginning after June 15, 2002. The Company believes the adoption of SFAS No. 143 will not have a material impact on the Company's consolidated results of operations, financial position or cash flows.

In July 2002, the FASB issued SFAS 146, "Accounting for Costs Associated with Exit or Disposal Activities," which addresses financial accounting and reporting for costs associated with exit or disposal activities and supersedes Emerging Issues Task Force (EITF) Issue 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." SFAS 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under Issue 94-3, a liability for an exit cost as defined in EITF 94-3 was recognized at the date of an entity's commitment to an exit plan. SFAS 146 also establishes that the liability should initially be measured and recorded at fair value. The Company adopted the provisions of SFAS 146 for exit or disposal activities initiated after December 31, 2002.

In November 2002, the FASB issued FASB Interpretation ("FIN") No. 45, "Guarantors Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees and Indebtedness of Others," an interpretation of FASB Statements No. 5, 57 and 107, and rescission of FASB Interpretation No. 34, "Disclosure of Indirect Guarantees of Indebtedness of Others." FIN 45 elaborates on the disclosures to be made by the guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires that a guarantor recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002, while the provisions of the disclosure requirements are effective for financial statements of interim or annual periods ending after December 15, 2002. The Company believes the adoption of this interpretation did not have a material impact on its results of operations or financial position and the Company intends to adopt the recognition provisions of such interpretation on February 2, 2003, as required.

NOTE 1: Summary of Significant Accounting Policies (Continued)

During its normal course of business, the Company has made certain indemnities, commitments and guarantees under which it may be required to make payments in relation to certain transactions. These indemnities include those given to various lessors in connection with facility leases for certain claims arising from such facility or lease and indemnities to directors and officers of the Company to the maximum extent permitted under the laws of the State of Delaware. The Company has issued guarantees in the form of standby letters of credit as security for merchandise shipments from overseas. There were $8.3 million of these letters of credit outstanding at February 1, 2003. The duration of these indemnities, commitments and guarantees varies. Some of these indemnities, commitments and guarantees do not provide for any limitation of the maximum potential future payments the Company could be obligated to make. The Company has not recorded any liability for these indemnities, commitments and guarantees in the accompanying consolidated balance sheets.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation—Transition and Disclosure—an amendment of FASB Statement No. 123." This statement provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this Statement amends the disclosure requirement of Statement 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. SFAS 148 is effective for fiscal years ending after December 15, 2002. The Company has determined not to adopt the fair value based method of accounting for stock-based employee compensation, but has adopted the additional disclosure requirements of SFAS 148 in fiscal 2002.

The Company continues to account for its stock-based awards using the intrinsic value method in accordance with APB No. 25, "Accounting for Stock Issued to Employees," and its related interpretations. Accordingly, no compensation expense has been recognized in the consolidated financial statements for employee incentive stock options or nonqualified stock options.

SFAS No. 123, "Accounting for Stock-Based Compensation," requires the disclosure of pro forma net income and earnings per share had the Company adopted the fair value method as of the beginning of fiscal 1995. Under SFAS No. 123, the fair value of stock-based awards to employees is calculated through the use of option-pricing models, even though such models were developed to estimate the fair value of freely tradable, fully transferable options without vesting restrictions, which significantly differ from the Company's stock-option awards. These models also require subjective assumptions, including future stock price volatility and expected time to exercise, which greatly affect the calculated values.

The Company's calculations were made using the Black-Scholes option-pricing model with the following weighted average assumptions:

	Fiscal 2002	Fiscal 2001	Fiscal 2000
Dividend Yield	0.00%	0.00%	0.00%
Expected Volatility	70.85%	77.50%	78.16%
Risk-Free Interest Rate	3.02%	4.30%	4.84%
Expected Life of Option following vesting (in Months)	60	60	48

WS 001102

NOTE 1: Summary of Significant Accounting Policies (Continued)

The Company's calculations are based on a valuation approach and forfeitures are recognized as they occur. If the computed fair values of the fiscal 2002, fiscal 2001 and fiscal 2000 awards had been amortized to expense over the vesting period of the awards, net income (in thousands) and earnings per share would have been reduced to the pro forma amounts indicated below:

		Fiscal 2002	Fiscal 2001	Fiscal 2000
Net Income (loss)	As reported	$ 4,239	$31,015	$19,512
	Pro forma	($2,419)	$27,366	$17,480
Net Income (loss) Per Share, Basic	As reported	$ 0.14	$ 1.05	$ 0.69
	Pro forma	($ 0.08)	$ 0.93	$ 0.62
Net Income (loss) Per Share, Diluted	As reported	$ 0.14	$ 1.02	$ 0.68
	Pro forma	($ 0.08)	$ 0.90	$ 0.62

The impact of outstanding nonvested stock options granted prior to 1995 has been excluded from the pro forma calculation; accordingly, the above pro forma adjustments are not indicative of future period pro forma adjustments, when the calculation will apply to all applicable stock options.

In January 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities," an interpretation of ARB No. 51. FIN No. 46 requires that variable interest entities be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or is entitled to receive a majority of the entity's residual returns or both. FIN No. 46 also requires disclosures about variable interest entities that companies are not required to consolidate but in which a company has a significant variable interest. The consolidation requirements of FIN No. 46 will apply immediately to variable interest entities created after January 31, 2003. The consolidation requirements will apply to entities established prior to January 31, 2003 in the first fiscal year or interim period beginning after June 15, 2003. The disclosure requirements will apply in all financial statements issued after January 31, 2003. The Company believes the adoption of FIN No. 46 will have no impact on its results of operations or financial position as the Company has no interests in variable interest entities.

NOTE 2: Investments

Short-term investments consist of highly liquid interest-bearing deposits purchased with an initial maturity exceeding three months with a remaining maturity at February 1, 2003 of less than 12 months. Long-term investments consist of highly liquid interest-bearing securities that mature beyond 12 months from the balance sheet date. It is management's intent to hold short-term and long-term investments to maturity. Short-term and long-term investments are carried at amortized cost plus accrued income, which approximates market at February 1, 2003.

Investments are comprised of the following (in thousands):

Description	Maturity Dates	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
February 1, 2003					
Corporate bonds	Within one year	$ —	$—	$—	$ —

NOTE 3: Provision for Income Taxes

As of February 1, 2003 and February 2, 2002, the Company's net deferred tax asset was $10,978,000 and $13,010,000, respectively. The major components of the Company's net deferred taxes at February 1, 2003 and February 2, 2002 are as follows (in thousands):

	February 1, 2003	February 2, 2002
Deferred rent	$ 3,761	$ 3,473
Inventory cost capitalization	1,167	1,157
Difference between book and tax basis of fixed assets	3,364	6,051

Supplemental Employee Retirement Plan	1,778	1,460
Other	1,452	1,218
	$10,978	$13,010

NOTE 4: Stockholders' Equity

The 4,804,249 shares of the Company's Class B common stock outstanding as of February 1, 2003 are convertible on a share-for-share basis into shares of the Company's Class A common stock at the option of the holder. The Class B common stock has two votes per share while Class A common stock has one vote per share.

On May 9, 2002, the Company effected a three-for-two stock split on the Class A and Class B common stock. Stockholders as of April 25, 2002, the record date for the stock split, were issued one share for every two shares that they then owned. All share and per share amounts included in the accompanying consolidated financial statements and footnotes have been restated for all periods presented to reflect the stock split. The Stockholder's equity section has been restated to give retroactive recognition to the stock split by reclassifying the par value of the additional shares arising from the split from additional paid-in capital to common stock.

On October 1, 2002, the Company's Board of Directors authorized the repurchase of up to 5,400,000 of the outstanding common stock of the Company's Class A common shares. This amount includes the remaining shares previously authorized for repurchase by the Company's Board of Directors. All shares repurchased under this plan will be retired as authorized by the Company's Board of Directors. During October 2002, the Company repurchased 947,400 shares for $8,215,000 and immediately retired these shares. As of February 1, 2003, there were 4,453,000 shares remaining that are authorized for repurchase. The 3,077,100 shares repurchased in prior years based upon the previous authorization by the Board of Directors were retired in December 2002.

NOTE 5:. Long-Term Incentive Plan

Under the Company's long-term incentive plans (the "Plans"), the Company may grant stock options which are either incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or nonqualified stock options. The Plans provide that the per share exercise price of an incentive stock option may not be less than the fair market value of the Company's Class A common stock on the date the option is granted. Options become exercisable over periods of up to five years and generally expire 10 years from the date of grant or 90 days after employment or services are terminated. The Plans also provide that the Company may grant restricted stock and other stock-based awards. An aggregate of 10,331,250 shares of the Company's Class A common stock may be issued pursuant to the Plans. As of February 1, 2003, 1,041,868 shares were available for future grants.

Canceled	(583,574)	12.86
Exercised	(569,708)	8.66
Outstanding at February 1, 2003	5,387,883	$12.93

At February 1, 2003, February 2, 2002 and February 3, 2001 there were 1,122,241, 493,274 and 799,425 outstanding options exercisable at a weighted-average exercise price of $8.89, $7.69 and $7.22, respectively.

The following table summarizes information on outstanding and exercisable stock options as of February 1, 2003:

	Options Outstanding			Options Exercisable	
Range of Exercise Prices	Number Outstanding as of Feb. 1, 2003	Weighted Average Remaining Contractual Life	Weighted Average Exercise Price	Number Exercisable As of Feb. 1, 2003	Weighted Average Exercise Price

$1.61 – $23.55	5,387,883	8.27	$12.93	1,122,241	$ 8.89

During the years ended February 1, 2003, February 2, 2002 and February 3, 2001, the Company recognized tax benefits of $2,541,000, $3,543,000 and $1,925,000, respectively, resulting from the exercise of certain nonqualified stock options.

As of February 1, 2003, the Company has granted an aggregate of 234,771 shares of Class A common stock, net of forfeitures, to a group of its key employees under the performance grant award plan, which was instituted pursuant to the Company's Plans. Under the performance grant award plan, key employees of the Company receive Class A common stock in proportion to their salaries.

These bonus shares vest at the rate of 33.33% per year, and nonvested shares are subject to forfeiture if the participant terminates employment. Compensation expense, equal to the market value of the shares as of the issue date, is being charged to earnings over the period that the employees provide service. In each of the years ended

NOTE 5: Long-Term Incentive Plan (Continued)

February 1, 2003, February 2, 2002, and February 3, 2001, 23,875, 26,261, and 28,701 shares, respectively, were fully vested and issued. In connection with the issuance of these shares, the Company recorded compensation expense of $213,000, $465,000, and $395,000 for the years ended February 1, 2003, February 2, 2002, and February 3, 2001, respectively.

NOTE 6: Commitments and Contingencies

Leases

The Company leases retail stores, automobiles, computers and corporate office and warehouse facilities under operating lease agreements expiring at various times through 2014. Substantially all of the leases require the Company to pay maintenance, insurance, property taxes and percentage rent based on sales volume over certain minimum sales levels.

Minimum annual rental commitments under noncancelable leases, including the corporate office and warehouse facility lease, are as follows (in thousands):

	Net Lease Commitments
Fiscal year ending:	
2003	$ 69,300
2004	65,000
2005	59,600
2006	56,900
2007	53,500
Thereafter	150,900
	$455,200

Rental expense, including common area maintenance, was $106,949,000, $100,406,000, and $98,543,000, of which $134,000, $289,000, and $32,000 was paid as percentage rent based on sales volume, for the years ended February 1, 2003, February 2, 2002 and February 3, 2001, respectively.

Employment Contracts

The Company has an employment contract currently with one officer, which provides for minimum annual salary, customary benefits and allowances, and annual bonus compensation, based upon sole discretion by the Board. The agreement provides this same officer with severance benefits that approximates one year's salary, if the agreement is terminated without cause before expiration of its term. The Company also has other agreements with employees that contain defined severance benefits.

Litigation

Kathy Bronstein was relieved of her duties as Chief Executive Officer on February 5, 2003. Ms. Bronstein continues to be on salary pending resolution of her employment contract. There can be no assurance that Ms. Bronstein and the Company will reach an amicable agreement on her status.

The Company is a defendant in various lawsuits arising in the ordinary course of its business. While the ultimate liability, if any, arising from these claims cannot be predicted with certainty, the Company is of the opinion that their resolution will not likely have a material adverse effect on the Company's consolidated financial statements.

WS 001107

NOTE 6: Commitments and Contingencies (Continued)

Letters of Credit

At February 1, 2003, the Company had outstanding letters of credit amounting to $8,265,000.

NOTE 7: Revolving Credit Arrangement

Under an amended secured revolving line-of-credit arrangement with a major financial institution, the Company may borrow up to a maximum of $50,000,000 on a revolving basis through July 1, 2004. The cash borrowings under the arrangement bear interest at the bank's prime rate or, at the Company's option, LIBOR plus 1.5%.

The credit arrangement imposes quarterly and annual financial covenants requiring the Company to maintain certain financial ratios. In addition, the credit arrangement requires that the bank approve the payment of dividends and restricts the level of capital expenditures. At February 1, 2003, the Company was in compliance with these covenants and the Company had no borrowings outstanding under the credit arrangement.

NOTE 8: Related-Party Transactions

Certain officers of La Senza Corporation, a shareholder, provide management services to the Company. For these services, the officers earned in the aggregate a management fee of $639,500 in the year ended February 1, 2003, $575,000 in the year ended February 2, 2002 and $500,000 in the year ended February 3, 2001. In June 2001, the Company entered into an agreement with these officers, requiring annual payments of $639,500 through 2006.

NOTE 9: Retirement Plan

Effective June 1, 1993, the Company established a qualified defined contribution retirement plan under the Internal Revenue Code, Section 401(k). The Wet Seal Retirement Plan (the "Plan") is available to all employees who meet the Plan's eligibility requirements. The Plan is funded by employee contributions, and additional contributions may be made by the Company at its discretion. As of February 1, 2003, February 2, 2002, and February 3, 2001, the Company had paid or accrued $415,000, $300,000 and $145,000, respectively.

NOTE 10: Accrued Liabilities

Accrued liabilities consist of the following (in thousands):

	February 1, 2003	February 2, 2002

	$22,520	$19,321

NOTE 11: Supplemental Employee Retirement Plan

The Company maintains a defined benefit Supplemental Employee Retirement Plan (the "SERP") for one key employee and a director. The SERP provides for preretirement death benefits through life insurance and for retirement benefits. The Company funded the SERP in 1998 and 1997 through contributions to a trust fund known as a "Rabbi" trust. Assets held in the Rabbi trust ($1,727,000 and $1,367,000 at February 1, 2003 and February 2, 2002, respectively) are subject to claims of the Company's creditors, but otherwise must be used only for purposes of providing benefits under the SERP.

(Per share data, net income per share and the weighted average shares have been adjusted to account for the three-for-two stock split effected as of July 24, 2001 and the subsequent three-for-two split on May 9, 2002)

NOTE 13: Shareholder Rights Plan

On August 19, 1997, the Company's Board of Directors adopted a Shareholder Rights Plan, which was amended on August 17, 1999, (the "Rights Plan") designed to protect Company stockholders in the event of takeover action that would deny them the full value of their investments. Terms of the Rights Plan provide for a dividend distribution of one right for each share of common stock to holders of record at the close of business on August 29, 1997. The rights become exercisable only in the event, with certain exceptions, an acquiring party accumulates 12% or more of the Company's voting stock, or if a party announces an offer to acquire 20% or more of the Company's voting stock. Unless earlier redeemed, the rights will expire on August 29, 2007. Each right will entitle the holder to buy one one-hundredth of a share of a new series of preferred stock at a price of $73.00, subject to adjustment upon the occurrence of certain events. The Company will be entitled to redeem the rights at $0.01 per right at any time until the tenth day following the acquisition of a 12% position in its voting stock.

EXHIBIT 99.1

Factors Affecting Future Financial Results

Statement Regarding Forward-Looking Disclosure and Risk Factors

Certain sections of this Annual Report on Form 10-K may contain various forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended, which represent our expectations or beliefs concerning future events.

Forward-looking statements include statements that are predictive in nature, which depend upon or refer to future events or conditions, which include words such as "believes," "plans," "anticipates," "estimates," "expects" or similar expressions. In addition, any statements concerning future financial performance, ongoing business strategies or prospects, and possible future actions, which may be provided by our management, are also forward-looking statements. Forward-looking statements are based on current expectations and projections about future events and are subject to risks, uncertainties, and assumptions about our company, economic and market factors and the industry in which we do business, among other things. These statements are not guaranties of future performance and we undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Actual events and results may differ materially from those expressed or forecasted in forward-looking statements due to a number of factors. Factors that could cause our actual performance and future events and actions to differ materially from such forward-looking statements, include, but are not limited to those discussed below and elsewhere in this Annual Report on Form 10-K.

We may be unable to sustain comparable store sales growth.

Growth in our business depends, in part, on our ability to sustain comparable store sales growth. We use the term "comparable store sales" to refer to sales in stores that were open for at least 14 full fiscal months. A variety of factors affect comparable store sales results, including changes in fashion trends, changes in our merchandise mix, calendar shifts of holiday periods, actions of competitors, weather conditions and general economic conditions. Our comparable store sales results have fluctuated significantly in the past, and we cannot assure you that comparable store sales will not decline in the future.

Our profitability depends on our ability to anticipate and react to new trends.

Our profitability depends largely on our ability to anticipate the changing fashion tastes of our customers and to respond to those changing tastes in a timely manner. The fashion tastes of our customers change frequently, and if we fail to anticipate, identify or react appropriately to changing styles, trends or brand preferences of our customers, we may experience lower sales, excess inventories and more frequent markdowns, which could have a material adverse effect on our business. In addition, if we misjudge fashion trends, our image with our customers may be significantly impaired, and our customers might cease to purchase additional merchandise from us in the future. This is particularly acute, because we rely on a limited demographic for a large percentage of our sales.

Our sales and profitability also depend upon the continued demand by our customers for fashionable, casual apparel. Demand for our merchandise could be negatively affected by shifts in consumer discretionary spending to other goods such as electronic equipment, computers and music, for example. If the demand for apparel and related merchandise were to decline, our financial results would be adversely affected by any resulting decline in sales.

We compete with other retailers for sales and locations.

The women's retail apparel industry is highly competitive, with fashion, quality, price, location, in-store environment and service being the principal competitive factors. We compete for sales with specialty apparel

retailers, department stores and certain other apparel retailers, including Charlotte Russe, Gadzooks, Pacific Sunwear, Forever 21, Express, bebe, Rampage and Limited Too. We also compete for favorable site locations and lease terms in shopping malls. Many of our competitors are large national chains, which have substantially greater financial, marketing and other resources than we do. While we believe we compete effectively for sales and for favorable site locations and lease terms, competition for prime locations within malls, in particular, and within other locations is intense and we cannot assure you that we will be able to obtain new locations on terms favorable to us, if at all.

Because of the importance of our brand names, we may lose market share to our competitors if we fail to adequately protect our intellectual property rights.

We believe that our trademarks and other proprietary rights are important to our success. We have registered trademarks for Wet Seal, Contempo Casuals and Zutopia, and have applied for a registration for Arden B. Even though we take actions to establish and protect our trademarks and other proprietary rights, we cannot assure you that others will not imitate our products or infringe on our intellectual property rights. In addition, we cannot assure you that others will not resist or seek to block the sale of our products as violative of their trademarks and proprietary rights. If we are required to stop using any of our registered or non-registered marks, our sales could decline and our business and results of operations could be adversely affected.

Our business is affected by local, regional and national economic conditions.

Our business is sensitive to consumer spending patterns and preferences. Various economic conditions affect the level of spending on the merchandise we offer, including general business conditions, interest rates, taxation, and the availability of consumer credit and consumer confidence in future economic conditions. Our growth, sales and profitability may be adversely affected by unfavorable occurrences in these economic conditions on a local, regional or national level. We are especially affected by economic conditions in California, where approximately 14.3% of our stores are located.

Most of our stores are located in regional shopping malls. We derive sales, in part, from the high volume of traffic in these malls. The inability of mall "anchor" tenants and other area attractions to generate consumer traffic around our stores, or the decline in popularity of malls as shopping destinations would reduce our sales volume.

Our success depends upon the performance of our senior management and our ability to attract and retain key management personnel.

Our company's success depends to a significant extent upon the performance of our senior management, particularly personnel engaged in merchandising and store operations. Our success also depends, in part, on our ability to identify, hire and retain additional key management personnel. Competition for qualified personnel in the retail apparel industry is intense, and we cannot assure you that we will be able to identify, hire or retain the key personnel necessary to grow and operate our business as currently contemplated.

Increases in Federal and state minimum wage laws could increase our expenses.

Statutory increases in Federal and state minimum wages could adversely effect our profitability by increasing our expenses. Recently, Alaska, Connecticut, Hawaii, Maine, Oregon, and Washington each increased their state minimum wages above the Federal minimum. We operated a total of 31 stores in those states as of February 1, 2003. The recent state increases and any other future Federal or state increases could raise minimum wages above the current wages of some of our employees, and competitive factors could require us to make corresponding increases in employee wage rates. Increases in our wage rates increases our expenses, which could adversely affect our results of operations.

We must increase our regional and demographic scope to continue the growth of our business.

We rely on a relatively narrow demographic and a concentration of stores in particular geographic regions for a significant percentage of our sales. We believe we need to increase our demographic and geographic scope

to continue our growth. As our operations grow, there will be increasing strains on our resources, and we could experience difficulties enhancing our distribution, financial and operating systems. There can be no assurance that we will be able to expand, that any expansion will be profitable or that we will be able to manage our expansion effectively.

Our company has historically expanded by opening new stores, remodeling existing stores and acquiring other store locations or businesses that complement and enhance our operations. From time to time we have created new retail concepts such as Arden B. There can be no assurance that these new fashion businesses will gain consumer acceptance or ultimately be successful. Our ability to open stores and the performance of newly opened stores depends upon several factors, including among others, our ability to:

- locate and obtain favorable store sites;
- negotiate acceptable lease terms;
- obtain adequate supplies of merchandise; and
- hire and train qualified management level and other employees.

Our ability to complement and enhance our operations through acquisitions depends on our ability to integrate the new business, its management, systems and relationships into our company. This type of integration is often very difficult and may not be successful. Although we are not currently planning any acquisitions, our inability to integrate future acquisitions into our corporate structure could adversely effect our results of operations.

Our business is seasonal in nature.

The retail apparel industry is highly seasonal. We generate our highest levels of sales during the Christmas season, which begins the week of Thanksgiving and ends the first Saturday after Christmas, and the "back to school" season, which begins the last week of July and ends the first week of September. Our profitability depends, to a significant degree, on the sales generated during these peak periods. Any decrease in sales or margins during these periods, whether as a result of economic conditions, poor weather or other factors beyond our control, could have a material adverse effect on our company.

We depend on key vendors to supply us with merchandise for our stores.

Our business depends on our ability to purchase current season apparel in sufficient quantities at competitive prices. The inability or failure of our key vendors to supply us with adequate quantities of desired merchandise, the loss of one or more key vendors or a material change in our current purchase terms could adversely affect our business. We have no long-term purchase contracts or other contractual assurances of continued supply, pricing or access to new products. We cannot assure you that we will be able to acquire desired merchandise in sufficient quantities or on terms acceptable to us in the future.

We depend on a single distribution facility.

Our distribution functions for all of our stores are handled from a single, leased facility in Foothill Ranch, California. Any significant interruption in the operation of the distribution facility due to natural disasters, accidents, system failures or other unforeseen causes could delay or impair our ability to distribute merchandise to our stores, which could cause our sales to decline.

We do not authenticate the license rights of our suppliers.

We purchase merchandise from a number of vendors who hold manufacturing and distribution rights under the terms of license agreements. We generally rely upon each vendor's representation concerning those manufacturing and distribution rights and do not independently verify whether each vendor legally holds adequate rights to the licensed properties they are manufacturing or distributing. If we acquire unlicensed merchandise, we could be obligated to remove it from our stores, incur costs associated with destruction of the

merchandise if the vendor is unwilling or unable to reimburse us, and be subject to liability under various civil and criminal causes of action. The occurrence of any of these events could adversely effect our financial condition and results of operations.

We experience business risks as a result of the catalog and internet business.

We compete with catalog and internet businesses that handle similar lines of merchandise. These competitors have certain advantages, including the inapplicability of sales tax and the absence of retail real estate and related costs. As a result, increased catalog and internet sales by our competitors could result in increased price competition and decreased margins.

We operate an internet site where customers can purchase our merchandise on-line at "www.wetseal.com". This internet address is provided for informational purposes only and is not intended to be usable as a hyperlink. The information at this internet address is not a part of this filing. Our internet operations are subject to numerous risks, including:

- reliance on third party computer and hardware providers;
- diversion of sales from our retail stores; and
- online security breaches and/or credit card fraud.

Our inability to effectively address these factors could affect the profitability of our internet business, and we cannot assure you that we will be able to compete successfully through our internet business.

We are subject to risks associated with our international operations.

A significant portion of our products are manufactured outside the United States. As a result of our international operations, we are subject to additional risks. For example, we cannot predict whether any of the foreign countries in which our products are currently manufactured or any of the countries in which we may manufacture our products in the future will be subject to future or increased import restrictions by the U.S. government, including the likelihood, type or effect of any trade restrictions. Trade restrictions, including increased tariffs or quotas, against apparel, footwear or other items sold by us could affect the importation of such merchandise generally and could increase the cost or reduce the supply of merchandise available to us and adversely affect our business, financial condition, results of operations and liquidity. Furthermore, our merchandise flow may be adversely affected by the financial or political instability in any of the countries in which our goods are manufactured or by significant fluctuations in the value of the U.S. dollar against foreign currencies or restrictions on the transfer of funds. If our merchandise flow is negatively impacted as a result of any of the risks associated with our international operations, our sales could decline.

now

he Wet Seal, Inc. faced a number of challenges in 2003 as we struggled to meet the fashion needs of our core customer. This led to a decline in sales, higher than expected markdowns and the resulting poor financial performance. Net sales from continuing operations totaled $517.6 million for fiscal 2003, declining 16.4% on a comparable store basis, and we recorded a net loss from continuing operations of $1.31 per share. These results are clearly unacceptable and we have been working diligently to return the company to sustainable and profitable growth over the long term.

We are now in the first stages of a turnaround situation and we spent the second half of 2003 implementing five strategic initiatives that are designed to build a solid foundation for our future growth.

The first of these initiatives was to add to the existing bench strength of the organization with **new talent and leadership.** By adding to the existing group of highly skilled and dedicated individuals, we now have an even stronger team committed to making this turnaround a success. We have expanded the internal design, merchandising, sourcing and planning departments of both the Wet Seal and Arden B. divisions and at the corporate level. Our focus during this early stage of the turnaround is to put the right people in the right positions and to provide them with the support they need to succeed. We believe that we are well on the way to achieving that and look forward to seeing the initial results of this new team later in 2004.

FOCUS

Our second key initiative has been to improve our fashion and merchandising, an area where a number of key mistakes had been made in recent years, particularly in the Wet Seal division. Our focus will continue to be on delivering the latest fashion to our core customer that is fresh, relevant and unique. In 2003, only 20% of Wet Seal merchandise was designed

in-house with the rest bought from the market. As we move through 2004, that ratio will change, with our ultimate goal to design approximately 65% of our merchandise in-house. We believe this change will enable us to continue to be fashion forward and to provide a uniqueness that sets us apart from our competition. In order to achieve that goal, we have added to our in-house design teams and will continue to provide them with the support they need to deliver new merchandise ideas. We will open a satellite design office for the Wet Seal division in Los Angeles that will enable us to tap into the design talent and ideas that circulate in that fashion center. We have operated a similar satellite office for Arden B. for the past three years which has proved extremely successful in keeping us ahead of the fashion cycle. The design and merchant teams at Wet Seal have also been redefining our target customer so that the merchandise assortments can better reflect their fashion needs. We believe the full effect of the changes we have made to our design and merchandising will begin to be seen in stores in the fall, with our back to school and holiday lines.

Our focus will continue to be on delivering the latest fashion to our core customer that is fresh, relevant and unique.

We are focusing on improving **store operations and marketing,** which has been our third key initiative. We have already made significant improvements in this area with consistent execution across our Wet Seal and Arden B. stores. We now have a set layout for each of the stores and are working to establish a new store atmosphere with inventive marketing concepts. We remain committed to Seal TV and will be exploring new ways that we can further utilize the investment we have made in this innovative concept. At an organizational level, store operations and marketing now report directly to the division presidents, reflecting our belief that these functions need to be brand aligned, with consistent execution from concept to customer.

The way in which we **source our merchandise** has been our fourth key initiative as we seek to better manage our vendor relationships and live by our new corporate codes of conduct and values. As a result, there will be a significant reduction in the number of vendors used by The Wet Seal, Inc. in 2004. We estimate our vendor base will reduce from 1,000 domestic and international vendors in 2003 to approximately 200 in the year ahead. We believe that a smaller vendor base, and one that is working in partnership with us, will enable us to deliver consistently higher quality merchandise to our customers. There will also be a change in the mix of domestic versus international vendors as we seek to deliver more unique fashion. We do not believe this will impact our ability to quickly respond to fashion trends and we remain committed to continuing to source a percentage of our merchandise from domestic manufacturers. To govern our vendor relationships we have established a new code of conduct that outlines the compliance practices for all manufacturers doing business with The Wet Seal, Inc. Our aim is to ensure that all the garments we sell are made fairly and ethically.

Our aim is to ensure that all the garments we sell are made fairly and ethically.

Most importantly, we have begun to instill a new set of **corporate values** throughout the organization. These values govern everything we do, both as a company and as individuals. They include a commitment to transparency, to communication, to working as a team, to respecting each other, to encouraging diversity and to our community. We live by these values every day and they influence the decisions management makes in all aspects of the business. The consistent communication of our new corporate values throughout the organization is one of the cornerstones of our turnaround. I would like to thank all of our employees, vendors and partners for their continued commitment to The Wet Seal Inc. during this time of rebuilding.

We live by these values every day and they influence the decisions management makes in all aspects of the business.

Late in 2003, we announced the sale or closure of the Zutopia division which has continued to struggle in its efforts to gain traction in the highly competitive tween sector of the market. Our decision was in no way a reflection on the many dedicated Zutopia employees, most of whom have now transferred to the Wet Seal division. The Board rightly concluded that management efforts in 2004 should be focused on improving the Wet Seal operations and strengthening the Arden B. division.

Finally I would like to thank you, our shareholders, for your continued trust in us. There is still a lot of work ahead of us as we seek to successfully complete this turnaround and deliver sustainable growth in sales and earnings. That said, we ended the year in a much stronger position than when we started. We have introduced new talent and leadership to the organization, we have improved our merchandising operations, we have brought a new level of management discipline to our stores and vendor relationships and we have introduced a new set of corporate values that govern the way we do business. We look forward to seeing the benefits of these initiatives in 2004.

is turning the spotlight on the customer and gaining a better understanding of her fashion needs. We are bringing new definition to our target market by focusing our design efforts on the junior customer. We are guiding her fashion and styling needs as she navigates her way through these defining years. This new focus will ensure our design and merchant teams deliver fresh, relevant and unique fashion that meets her lifestyle. Our new and unique merchandise is designed to allow our customer to create her own style and fashion looks. We strive to be at the forefront of fashion trends in everything we do. Our customer looks to us to tell her what's hot and new in fashion and this will be the driving force behind our business in 2004 and beyond. This desire to meet the fashion needs of our core customer is what pushes us to deliver fresh new merchandise to our stores on a regular basis. The shopping experience in our stores will reflect this new focus and speak to her attitude and aspirations. As we look forward, we will continue to rebuild and refocus the Wet Seal division.

is focused on delivering the latest in fashion to the contemporary woman. The strong performance we achieved in 2003 demonstrates that we exceeded her expectations with an unparalleled assortment of apparel and accessories. Our customer places a premium on unique shopping experiences that offer her the best design inspiration the moment it becomes relevant. She is committed to quality and luxury not only in her fashion choices, but as a part of her lifestyle. As a result, she has come to expect a great fashion offering from Arden B. and a high level of service through the selection and buying process. As we refocused our merchandise during 2003, we reconnected with our customer's femininity in her personal and professional wardrobing choices. As her editor, we scour the best the world has to offer and deliver it with a consistent point of view. With this singular focus we earned her loyalty during 2003 and look forward to continuing our relationship with her in 2004 and beyond.

PART I

Item 1. Business

General

We are a national specialty retailer operating stores selling fashionable and contemporary apparel and accessory items designed for female customers. We operate two nationwide, primarily mall-based chains of retail stores under the names "Wet Seal" (includes the remaining "Contempo Casuals" stores) and "Arden B." We will be closing the "Zutopia" chain by the end of the first quarter or early in the second quarter of fiscal 2004. As of January 31, 2004, we operated 604 retail stores in 47 states, Puerto Rico and Washington D.C. Of the 604 stores, there were 474 locations within the Wet Seal chain, 99 were Arden B. locations and 31 were Zutopia locations. All references to "we", "our", "us", and "the Company" in this Annual Report mean The Wet Seal, Inc. and it's wholly owned subsidiaries.

Store Formats

Wet Seal. Founded in 1962, Wet Seal targets the fashion-conscious junior customer by providing a balance of moderately priced fashionable brand name and company-developed apparel and accessories. While the Wet Seal targets fashion-forward teens of all ages, we believe that our core customer is between the ages of 17 and 19 years old. The Wet Seal stores average approximately 4,000 square feet in size. As of the fiscal 2003 year end, there were 474 stores within the Wet Seal chain, comprised of 458 Wet Seal stores and 16 Contempo Casuals stores. During fiscal 2003, we converted three of the Contempo Casuals stores to the Wet Seal name in our continued effort to build a stronger brand presence for Wet Seal. We believe that our company-developed apparel differentiates us from our competitors.

Arden B. In the fourth quarter of fiscal 1998, we opened the first Arden B. location. Arden B. stores cater to the fashionable, sophisticated contemporary woman. With a unique mix of high quality European and custom in-house designs, Arden B. delivers a hip, sophisticated wardrobe of fashion separates and accessories for all facets of the customer's lifestyle: everyday, wear-to-work, special occasion and casual, predominantly under the "Arden B." brand name. The 99 Arden B. stores at of the end of fiscal 2003 averaged approximately 3,200 square feet in size.

Zutopia. In the first quarter of fiscal 2001, we acquired the Zutopia brand name and 18 retail stores. Zutopia caters to the "tween" customer, those between the ages of 5 and 12 years old. The Zutopia concept was further expanded with the opening of 12 new stores in the fall of fiscal 2001. This concept was believed to be a natural progression to the Wet Seal concept as "tweens" develop into teenagers. One final store was opened in early fiscal 2003. In January 2004, we announced our strategic decision to close all Zutopia stores by the end of the first quarter or early in the second quarter of fiscal 2004, due to Zutopia's poor financial results and its limited ability to become profitable in the future in a highly competitive market. The Zutopia business is treated as discontinued operations in the accompanying financial statements.

Other Formats

In 1999, we established Wet Seal online, a web-based store located at www.wetseal.com offering Wet Seal merchandise to customers over the Internet. The online store was designed as an extension of the in-store experience, and offers a wide selection of our merchandise. Our online business was expanded in August of 2002 with www.ardenb.com offering Arden B. apparel and accessories comparable to those carried in the store collections. These web-sites also provide information about our Company.

During fiscal 2002, we launched the Wet Seal catalog for the back-to-school season and again in the fourth quarter for the holiday season in an effort to further build the Wet Seal brand. However, due to relatively high costs and disappointing sales results, we did not produce or distribute a catalog during fiscal 2003, and do not plan on pursuing this type of marketing in the near future.

WS 001199

Except where otherwise noted, the financial information contained in this Annual Report herein represents our continuing operations, excluding the discontinued Zutopia chain.

Design, Buying and Product Development

Our experienced design and buying teams are responsible for identifying evolving fashion trends, and then developing themes to guide our merchandising strategy. Each retail concept has a separate buying team. The merchandising team for each retail concept develops fashion themes and strategies through the references of fashion services and publications, shopping the European market, shopping the appropriate domestic vendor base and through customer responses to current trends in each division. After selecting fashion themes to promote, the design and buying teams work closely with vendors to modify colors, materials and designs and create images consistent with the themes for our product offerings. Additionally, we have increased our focus on the in-house development of exclusive designs to reinforce the fashion statements of our merchandise offerings, as well as to increase the favorable perception of Wet Seal and Arden B. stores for the customer.

Sourcing and Vendor Relationships

We purchase our merchandise from both domestic and foreign vendors. Approximately 22% of our retail receipts are directly imported from foreign vendors. Although, in fiscal 2003, no single vendor provided more than 4% of our merchandise, management believes we are the largest customer of many of our smaller vendors. Quality control is monitored at the distribution points of our largest vendors and manufacturers, and all merchandise is inspected upon arrival at our Foothill Ranch, California distribution center.

We do not maintain any long-term or exclusive commitments or arrangements to purchase merchandise from any single supplier, and there are many vendors who could supply our merchandise.

Allocation and Distribution

Our merchandising effort primarily focuses on maintaining a regular flow of fresh, fashionable merchandise into our stores. Successful execution depends in large part on our integrated planning, allocation and distribution functions. By working closely with District and Regional Directors and Merchandise Buyers, our team of planners and allocators manage inventory levels and coordinate the allocation of merchandise to each of our stores based on sales volume, climate and other factors that may influence an individual store's product mix.

All merchandise for retail stores is received from vendors at our Foothill Ranch, California distribution facility, where items are inspected for quality and fit and prepared for shipping to our stores. We ship all of our merchandise to our stores by common carrier. Consistent with our goal of maintaining the freshness of our product offerings, we ship new merchandise to stores daily, and markdowns are taken regularly to effect the rapid sale of slow-moving inventory. Marked-down merchandise that remains unsold is either sold to an outside clearance company or given to charity in order to move the merchandise. The fulfillment process and distribution of merchandise for the e-commerce web-site was moved to our Foothill Ranch distribution center during fiscal 2003 in order to streamline the process and reduce costs associated with the use of a third party fulfillment center.

Marketing, Advertising and Promotion

We believe that our core brands, Wet Seal and Arden B., are among our most important assets. Our ability to successfully increase brand awareness is dependent upon our ability to address the changing needs and priorities of each brand's target customers. We continue to invest in the development of our brands through customer research, print advertising, in-store marketing and the maintenance of an internet presence.

During fiscal 2003, 2002 and 2001, we spent 1.0%, 1.5% and 1.0% respectively, of sales on marketing. We reduced our advertising expenditures for fiscal 2003 in an effort to curtail costs, given the decline in sales for the

WS 001199

year. There was further reduction in advertising costs due to our decision to not produce and distribute a catalog during the year.

We offer a frequent shopper card in our Wet Seal and Contempo Casuals stores in order to develop an in-house loyalty program. As part of this loyalty program, sales representatives telephone selected cardholders personally to notify them of special in-store promotions, such as preferred customer sales during which cardholders receive additional incentives. Our management believes these promotions foster customer loyalty and encourage frequent visits and multiple item purchases.

In the spring of 2002, we launched Seal TV, our in-house fashion and entertainment network designed to broadcast original programming, exclusive video footage, music videos and red carpet interviews from today's hottest music, film and television stars in Wet Seal stores nationwide.

In fiscal 2002, Wet Seal also introduced a catalog for the back-to-school season and again in November for the holiday season as a tool to further enhance brand awareness. Due to relatively high costs and disappointing sales results, we did not produce or distribute a catalog during fiscal 2003, and we do not plan on pursuing this type of marketing in the near future.

In fiscal 2003, our primary marketing focus was on in-store promotion programs for the Wet Seal division and print media for Arden B., which included publications in Vogue throughout the year. In addition, the Wet Seal division advertised key brands for back-to-school on MTV.

Information and Control Systems

Our merchandise, financial and store computer systems are fully integrated and operate using primarily Oracle technology. We have invested in a large data warehouse that provides management, buyers and planners comprehensive data that helps them identify emerging trends and manage inventories. The core merchandise system is provided by the nation's leading retail enterprise resource planning "ERP" software company, and is frequently upgraded and enhanced to support strategic business initiatives.

All of our stores have a point-of-sale system operating on software provided by a leading provider of specialty retailing point-of-sale systems. The system features bar-coded ticket scanning, automatic price look-up and centralized credit authorizations. All stores are networked to the corporate office via a centrally managed virtual private network. In the fall of fiscal 2003, we developed and are currently installing a store portal that is integrated with the corporate merchandise ERP system to provide the stores with real-time information regarding sales, promotions, inventory and shipments, and enables more efficient communications with the corporate office.

Stores and Expansion Strategy

We make investments in the opening of new stores and the renovation of existing stores to enhance our customers' experience.

WS 001200

The following table sets forth our 604 stores by state or territory as of March 11, 2004:

State	# of Stores	State	# of Stores	State	# of Stores
Alabama	4	Louisiana	6	Ohio	23
Alaska	1	Maine	2	Oklahoma	4
Arizona	12	Maryland	13	Oregon	5
Arkansas	2	Massachusetts	17	Pennsylvania	24
California	83	Michigan	17	Rhode Island	3
Colorado	12	Minnesota	15	South Carolina	6
Connecticut	5	Mississippi	1	Tennessee	10
Delaware	2	Missouri	8	Texas	45

During fiscal 2004, we intend to scale back our earlier plans to open new stores in an effort to limit capital expenditures and concentrate our efforts on our core business. However, due to commitments made early in the year, we still anticipate opening approximately 10 new stores and closing approximately 20 to 25 stores. Of the approximately 10 new stores, it is anticipated that about four will be Arden B. stores and the remainder will be Wet Seal stores. We believe that the new Wet Seal stores will average approximately 3,800 square feet and the new Arden B. stores will average approximately 2,800 square feet.

During fiscal 2004, we also plan to renovate approximately 11 stores. Of these, approximately seven will be Wet Seal stores in which completely new store frontage, flooring, wall and light fixtures and video displays will be installed. The remaining renovations will be for Arden B. stores, which will upgrade the interiors to mirror new stores in appearance.

Our strategy for geographic expansion is to establish a presence in a particular geographic region with a base of two or three well-performing stores. Once we have established two or three well-performing stores, we may continue expansion in that geographic region. When deciding whether to open a new store, we typically target regional malls as well as prime street locations in select markets. In making our selection, we evaluate, among other factors, market area, demographics, "anchor stores," location, the volume of consumer traffic, rent payments and other costs associated with opening a store. In making our decision, management carefully considers whether the store size matches the sales potential of the store.

Our ability to expand in the future will depend, in part, on general business conditions, the demand for our merchandise, our ability to find suitable mall or other locations with acceptable sites on satisfactory terms, and continued satisfactory cash flows from existing operations. Our management does not believe there are significant geographic constraints on the locations of future stores. Our expansion plans for fiscal 2004 have been scaled back in order to concentrate on existing stores.

We may, in limited instances and to the extent we deem advisable, seek to acquire additional businesses that complement or enhance our operations. We currently have no commitments or understandings with respect to any business opportunities of this type.

WS 001201

Seasonal

Our business is seasonal by nature, with the Christmas season, beginning the week of Thanksgiving and ending the first Saturday after Christmas, and the back-to-school season, beginning the last week of July and ending the first week of September, historically accounting for a large percentage of sales volume. For the past three fiscal years, the Christmas and back-to-school seasons together accounted for an average of slightly less than 30% of our annual sales, after adjusting for sales increases related to new stores. Our profitability depends, to a significant degree, on the sales generated during these peak periods. Any decrease in sales or margins during these periods, whether as a result of economic conditions, poor weather or other factors, could have a material adverse effect on our company.

Trademarks

Our primary trademarks and service marks are WET SEAL®, ARDEN B® (registered in the retail store services class; pending in others), CONTEMPO CASUALS®, and ZUTOPIA®, which are registered in the U.S. Trademark Office. We also use and have registered, or have applications pending for, a number of other U.S. trademarks, including, but not limited to, A. AUBREY®, ACCOMPLICE®, BLUE ASPHALT®, EVOLUTION, NOT REVOLUTION®, FORMULA X®, MEOW GENES®, SEAL™, SEAL GLAMOUR™, SEAL PUPS™, SEAL MAGAZINE™, SEAL TV™, UNCIVILIZED®, URBAN VIBE®, ARDEN B SPORT™, ENR EVOLUTION NOT REVOLUTION®, LIMBO LOUNGE®, PANTIES FOR LIFE®, SOCKS FOR LIFE®, TIGHTS FOR LIFE® and NEXT® (State of California only). In general, the registrations for these trademarks and service marks are renewable indefinitely, as long as we continue to use the marks as required by applicable trademark laws. We are not aware of any adverse claims or infringement actions relating to our trademarks or service marks.

Competition

The women's retail apparel industry is highly competitive, with fashion, quality, price, location, in-store environment and service being the principal competitive factors. We compete with specialty apparel retailers, department stores and certain other apparel retailers such as American Eagle, Banana Republic, BCBG, bebe, Charlotte Russe, Express, Forever 21, Gap, H&M, Old Navy, Pacific Sunwear, and Urban Oufitters. Many of our competitors are large national chains that have substantially greater financial, marketing and other resources than we do. While we believe we compete effectively for favorable site locations and lease terms, competition for prime locations within malls, in particular, and other locations is intense, and we cannot ensure that we will be able to obtain new locations on terms favorable to us, if at all.

Employees

As of January 31, 2004, our continuing operations had 6,656 employees, consisting of 2,508 full-time employees and 4,148 part-time employees. Full-time personnel consisted of 1,032 salaried employees and 1,476 full-time hourly employees. All part-time personnel are hourly employees. Of all employees, 6,329 were sales personnel and 327 were administrative and distribution center personnel. Personnel at all levels of store operations are provided with cash incentives based upon various individual store sales targets. The discontinued Zutopia operations as of January 31, 2004 had a total of 306 store employees.

All of our employees are non-union, and, in management's opinion, are paid competitively with current standards in the industry. We believe that our relationship with our employees is good.

Statement Regarding Forward Looking Disclosure and Risk Factors

Certain sections of this Annual Report on Form 10-K, including "Item 1. Business" and "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations," may contain various forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which represent our expectations or beliefs concerning future events.

Forward-looking statements include statements that are predictive in nature, which depend upon or refer to future events or conditions, which include words such as "believes," "plans," "anticipates," "estimates," "expects" or similar expressions. In addition, any statements concerning future financial performance, ongoing business strategies or prospects, and possible future actions, which may be provided by our management, are also forward-looking statements. Forward-looking statements are based on current expectations and projections about future events and are subject to risks, uncertainties, and assumptions about our company, economic and market factors and the industry in which we do business, among other things. These statements are not guaranties of future performance and we undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Actual events and results may differ from those expressed in any forward-looking statements due to a number of factors. Factors that could cause our actual performance, future results and actions to differ materially from any forward-looking statements include, but are not limited to, those discussed in Exhibit 99.1 attached to this report and discussed elsewhere in this report. **We strongly urge you to review and consider the risk factors set forth in Exhibit 99.1.**

Item 2. Properties

Our corporate headquarters is located at 26972 Burbank, Foothill Ranch, California, and has 301,408 square feet of leased office and distribution facility space, including 215,192 square feet of merchandise handling and storage mezzanine space in the distribution facility and 86,216 square feet of office space. The initial ten year term of this lease expires on December 4, 2007. The lease allows for one five-year option to extend.

We lease all of our stores. Lease terms for our stores typically are 10 years in length and generally do not contain renewal options. The leases generally provide for a fixed minimum rental and additional rental based on a percentage of sales once a minimum sales level has been reached. When a lease expires, we generally renew that lease at current market terms. However, each renewal is based upon an analysis of the individual store's profitability and sales potential. Due to poor performance we chose to close 11 Wet Seal stores and 7 Arden B. stores when their leases expired during the fourth quarter of fiscal year 2003. At the end of fiscal 2003, we had 2,191,468 square feet of leased space for continuing operations, not including our corporate headquarters.

WS 001203

The following table sets forth information with respect to store openings and closings since fiscal 1999:

	Fiscal Years				
	2003	2002	2001	2000	1999
Stores open at beginning of year	606	571	552	548	454
Stores acquired during period(1)	—	—	18	—	78
Stores opened during period	31	69	51	36	31
Stores closed during period	33	34	50	32	15
Stores open at end of period	604	606	571	552	548

(1) 2001: We acquired 18 Zutopia stores on March 25, 2001 from Gymboree, Inc.
1999: We acquired 78 stores on February 1, 1999 from Britches of Georgetowne, Inc.

Item 3. Legal Proceedings

We were served with a class-action lawsuit in the Orange County Superior Court by previously employed store managers alleging non-exempt status under California state labor laws. Through non-binding mediation, we agreed to settle the litigation and pay approximately $1.3 million which has been provided for in our accompanying financial statements for fiscal 2003. Upon approval by the court and all parties, we will proceed with the process to administer the notice of settlement to class members, and determine the claims to award. We anticipate this process, including payments to the class members, will be finalized by the summer of 2004. To mitigate future related complaints, we have converted all of our California store managers to non-exempt status.

We have filed a lawsuit in the Superior Court of California to seek injunctive relief and damages against Greg Scott, previous Arden B. president, and bebe stores, inc., alleging violation of the non-compete, non-solicitation and other provisions of Mr. Scott's employment agreement.

From time to time, we are involved in litigation relating to claims arising out of our operations in the normal course of business. Our management believes that, in the event of a settlement or an adverse judgment of any of the pending litigations, we are adequately covered by insurance. As of March 11, 2004, we were not engaged in any legal proceedings that are expected, individually or in the aggregate, to have a material adverse effect on us.

Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted to a vote of security holders through solicitations of proxies or otherwise during the fourth quarter of the fiscal year covered by this report.

WS 001204

The performance of the Arden B. division gained momentum during the year with sequential improvement in comparable store sales each quarter resulting in comparable stores sales increases in the third and fourth quarters with corresponding increases in transaction counts and average unit retails. We attribute these results to our efforts to refocus on a more sophisticated offering. We concentrated on fashion jackets, coats, outerwear and cashmere sweaters. Arden B. has also delivered a fresh new gift-giving assortment of handbags and accessories that is adding to the complete wardrobe of their target customer.

We believe that our inventory position is good as we head into the first quarter of fiscal 2004 as a result of the aggressive markdowns taken in the Wet Seal division in the fourth quarter of fiscal 2003.

While we are evaluating our cost structure, we are continuing to make prudent investments in our management team in order to rebuild the Wet Seal business. Cost saving initiatives are also under way to reduce selling, general and administrative and distribution costs.

During fiscal 2004, we intend to scale back the number of new store openings to approximately 10 new locations, consisting of six Wet Seal locations and four Arden B. locations. Total capital expenditures anticipated for Fiscal 2004 are expected to be less than $12.0 million. This capital expenditure estimate includes the anticipated costs of renovating 11 stores, the leases for which will be renewed this year.

The Company will record a reserve in the first and second quarters of 2004 for all applicable charges associated with the closure of the Zutopia stores which primarily includes the buyout of leases.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the appropriate application of certain accounting policies, some of which require us to make estimates and assumptions about future events and their impact on amounts reported in our financial statements. Since future events and their impact cannot be determined with absolute certainty, the actual results will inevitably differ from our estimates.

Our accounting policies are set forth further in Note 1 of the consolidated financial statements included herein. Inventory valuation, recovery of deferred tax and long lived assets require significant management judgments and estimates.

Inventory valuation

Merchandise inventories are stated at the lower of cost (first in, first out) or market. Cost is calculated using the retail inventory method. The retail inventory method is used to estimate the ending inventory at cost by employing a cost to retail (selling price) ratio. The ending inventory is first determined at selling price and then converted to cost. Purchases, sales, net markdowns (less mark-ups), charitable donations of merchandise, discounts and estimated shrink are considered in arriving at the cost to retail ratio. Inventories include items that have been marked down to management's best estimate of their fair market value. Management's decision to mark down merchandise is based on maintaining the freshness of our product offering. Markdowns are taken regularly to effect the rapid sale of slow moving inventory and to make room for new merchandise arriving daily in the stores.

To the extent that management's estimates of markdowns necessary to rapidly sell inventory differ from actual results, additional markdowns may be required that could reduce our gross margin, operating income and the carrying value of inventories. Our success is largely dependent upon our ability to anticipate the changing fashion tastes of our customers and to respond to those changing tastes in a timely manner. If we fail to anticipate, identify or react appropriately to changing styles, trends or brand preferences of our customers, we may experience lower sales, excess inventories and more frequent and extensive markdowns, which would adversely affect our operating results.

WS 001203

We believe the application of our accounting policies, and the estimates inherently required therein, are reasonable. Our accounting policies and estimates are reevaluated on an ongoing basis, and adjustments are made when facts and circumstances dictate a change. Our accounting policies are more fully described in Note 1 to the consolidated financial statements and in Management's Discussion and Analysis of Financial Condition and Results of Operations, respectively, included herein.

Long-lived assets

During the normal course of business, we acquire tangible long-lived assets. We periodically evaluate the recoverability of the carrying amount of these assets. An impairment is assessed when the undiscounted expected future cash flows derived from an asset are less than its carrying amount. Impairments are recognized in operating income as they are realized. Management uses its best judgment, based upon the most current facts and circumstances surrounding the specific assets, when applying these impairment rules. Changes in the assumptions used could have a significant impact on management's assessments of the recoverability. Many factors, including changes to the company's business and consumer preferences, could significantly impact management's decision to retain or dispose of certain of its long-lived assets.

Deferred income taxes

We evaluate the reliability of our deferred tax assets and assess the need for a valuation allowance quarterly. We record a valuation allowance to reduce our deferred tax assets to the net amount that is more likely than not to be realized. Our assessment of the need for a valuation allowance is based upon our expectations of future taxable income and the ongoing prudent and feasible tax planning strategies available to us. In the event that we determine that we will not be able to realize all or part of our deferred tax assets in the future, an adjustment to the deferred tax assets would be charged against income in the period such determination is made.

Results of Operations

Except as otherwise noted, the following discussion of our financial position and results of operations excludes our discontinued Zutopia division, which is expected to be closed by the end of the first quarter or early in the second quarter of fiscal 2004.

The following table sets forth selected income statement data as a percentage of net sales for the fiscal year indicated. The discussion that follows should be read in conjunction with the table below:

	As a Percentage of Sales Fiscal Year Ended		
Fiscal Year	2003	2002	2001
Fiscal Year Ended	January 31, 2004	February 1, 2003	February 2, 2002

WS 001209

Fiscal 2003 compared to Fiscal 2002

Net sales

	2003	Change From Prior Fiscal Year (in millions)		2002
Net sales	$517.6	$(72.7)	-12.3%	$590.3
Comparable store sales percentage			-16.4%	

The decrease in sales in fiscal 2003 was due to the comparable store sales decline of 16.4% compared to a comparable store sales decrease of 5.5% in fiscal 2002. The overall decline in comparable store sales was due to a reduction in the number of transactions per store, a lower average dollar sale, and a reduction in the average unit retail price compared to the prior year. The average dollar sale in the stores was driven downward by the many promotions put in place in reaction to slow-selling merchandise. The average unit retail declined as a result of the aggressive markdowns taken during the year as well as deterioration in the initial markup after allowances, primarily in our Wet Seal division.

Cost of sales (including buying, merchandise planning/allocation, distribution and occupancy)

	2003	Change From Prior Fiscal Year (in millions)		2002
Cost of Sales (including buying, merchandise planning/allocation, distribution and occupancy)	$420.8	$ 7.1	1.7%	$413.7
Percent of net sales	81.3%		11.2%	70.1%

Our cost of sales, in addition to the direct merchandise cost, also includes our buying, merchandise planning/allocation, distribution and occupancy costs. The increase as a percentage of sales in fiscal 2003 compared to fiscal 2002 was the result of several key factors:

- The merchandise cost portion of cost of sales represented approximately 50% of the total increase. This increase was primarily the result of a significant increase in the amount of goods sold at markdown prices, and also includes a substantial markdown reserve at year-end to reduce the value of remaining inventory. In addition, the initial mark-up of selected merchandise was lower, contributing to a lower merchandise margin, which translated into more merchandise cost as a percentage of sales compared to the prior year.
- Because of lower sales, occupancy, buying and merchandise planning/allocation costs as a percentage of sales impacted the margin by almost 6% compared to the prior year. Additionally, the buying and merchandise planning/allocation costs increased slightly over the prior year due to our investment in buying and merchandise planning/allocation management as a strategic objective to revitalize the Wet Seal division.
- Slightly offsetting those increases, our distribution center costs decreased, reflecting greater efficiencies developed over the past year.

Selling, general and administrative expenses

	2003	Change From Prior Fiscal Year (in millions)		2002
Selling, general & administrative expenses	$159.0	$ (7.9)	-4.7%	$166.8
Percent of net sales	30.7%		2.4%	28.3%

WS 001210

Our selling, general and administrative (SG&A) expenses are comprised of two components. The selling expense component includes store and field support costs including personnel, advertising, and merchandise delivery costs as well as internet/catalog processing costs. The general and administrative (G&A) expense component includes the cost of corporate functions such as legal, accounting, information systems, human resources, real estate, and other centralized services.

The SG&A expense included the following:

- Store payroll as a percentage of sales increased. The level of actual payroll dollars spent per store during fiscal 2003 was almost flat compared to fiscal 2002, due to the tightening of store payroll hours in concert with lower sales per store, but was higher as a percentage of sales due to same store sales decline.
- Other selling related expenses decreased primarily by eliminating catalog distribution in fiscal 2003, by reducing advertising expenditures, and by achieving lower merchandise delivery costs (using ground freight to the stores rather than air freight).
- G&A expenses declined compared to the prior year as the prior year expenses included a one-time $4 million reserve established for a settlement with the previous chief executive officer. However, in fiscal 2003, there was a one-time $1.7 million net charge for the settlement of and the legal fees associated with previously employed store managers who alleged non-exempt pay status under California state labor laws.
- Lower employee benefit costs in fiscal 2003 associated with reductions in retirement plan costs and in accrued bonus expense compared to the prior year.

Net interest income

	2003	Change From Prior Fiscal Year		2002
		(in millions)		
Net interest income	$1.6	$(1.5)	-48.4%	$3.1
Percent of net sales	0.3%		-0.2%	0.5%

The decrease in net interest income was primarily due to a decrease in the invested balance compared to the prior year. Total cash and investments were $63.5 million at the end of fiscal 2003 compared to $94.8 million at the end of fiscal 2002. In addition, there was a reduction in market interest rates on the invested balance.

Income taxes

	2003	Change From Prior Fiscal Year		2002
		(in millions)		
Income taxes—provision (benefit)	$(21.6)	$(26.1)	-580.0%	$ 4.5
Effective tax rate	35.7%		0.7%	35.0%

The income tax benefit of $21.6 million for fiscal 2003 compares to a $4.5 million provision for fiscal 2002, reflecting a benefit on pre-tax losses this year compared to a charge on pre-tax income last year. The effective income tax rate for fiscal 2003 was 35.7% and 35% for fiscal 2002.

WS 001211

Discontinued Operations

Discontinued operations is comprised of two components; the net loss from the Zutopia division operations for the year, net of income taxes, and the loss on disposal, net of income taxes, which is derived from the $3.4 million pre-tax write off of the Zutopia assets.

Fiscal 2002 compared to Fiscal 2001

Net sales

	2002	Change From Prior Fiscal Year (in millions)		2001
Net sales	$590.3	$0.4	0.1%	$589.9
Comparable store sales percentage			-5.5%	

Comparable store sales decreased 5.5% for fiscal 2002 compared to an increase of 4.7% for fiscal 2001. The comparable store sales decrease reflected the negative sales trends in the second half of fiscal 2002, in which we did not have a dominant fashion trend to drive sales as compared to fiscal 2001. Sales in the first half of fiscal 2002 were fueled by the "bohemian" trend. As the "bohemian" trend waned during the period leading up to the "back-to-school" season, we replaced it with a more sophisticated product offering.

Cost of sales (including buying, merchandise planning/allocation, distribution and occupancy)

	2002	Change From Prior Fiscal Year (in millions)		2001
Cost of Sales (including buying, merchandise planning/allocation, distribution and occupany)	$413.7	$16.8	4.2%	$396.9
Percent of net sales	70.1%		2.8%	67.3%

Our cost of sales, which encompasses merchandise cost, also includes our buying, merchandise planning/allocation, distribution and occupancy costs. The increase as a percentage of sales in fiscal 2002 compared to fiscal 2001 was due to the following factors:

- The increase in cost of sales as a percent of sales for fiscal 2002 was driven by an increase in markdowns and in shrink, offset partially by a slight improvement in the cumulative mark-up.
- The increased markdowns in the third and fourth quarters were the result of reacting to the declining comparable store sales, and included a substantial markdown reserve at year-end to reduce the value of inventory subsequently marked out of stock in February 2003.
- In addition, the de-leverage stemming from negative comparable store sales caused fixed costs such as buying, distribution and occupancy to rise as a percentage of sales in fiscal 2002 versus fiscal 2001.

Selling, general and administrative expenses

	2002	Change From Prior Fiscal Year (in millions)		2001
Selling, general & administrative expenses	$166.8	$20.4	13.9%	$146.4
Percent of net sales	28.3%		3.4%	24.8%

Our selling, general and administrative (SG&A) expenses are comprised of two components. The selling expense component includes store and field support related costs including personnel, advertising, and merchandise delivery costs, as well as internet/catalog processing costs. The general and administrative (G&A) expense component includes the cost of corporate functions such as legal, accounting, information systems, human resources, real estate, and other centralized services.

The increase in SG&A expenses are as follows:

- The increase in selling expenses was primarily due to higher store wages and benefits. This was due to supporting more stores as well as actions taken early in the year to improve the quality and therefore the average salary of many of the store-level employees.
- The catalog business also contributed to higher selling expenses for the promotion, production and distribution support costs, reflecting our entry into the catalog business in fiscal 2002.
- We invested more in advertising costs in fiscal 2002 to support the retail locations.
- Selling expenses rose, as a percent of sales, due to de-leveraging of fixed costs caused by lower sales per store than in the same stores in the prior year.
- The increase was primarily caused by a reserve established for costs relating to a settlement with the prior chief executive officer.
- The remaining increase was due to central office payrolls, reflecting salary increases and an increase in the number of employees.
- These increases were offset partially by savings in legal fees incurred in negotiating store leases, as a result of establishing an in-house legal department.

Net interest income

	2002	Change From Prior Fiscal Year (in millions)		2001
Net interest income	$3.1	$(2.0)	39.2%	$5.1
Percent of net sales	0.5%		-0.4%	0.9%

The decrease in the net interest income was due to a reduction in market interest rates on the invested balances, as well as a decrease later in the year in the amount invested. Total cash and investments were $94.8 million at the end of fiscal 2002, compared to $132.3 million at the end of fiscal 2001.

Income taxes

	2002	Change From Prior Fiscal Year (in millions)		2001
Income taxes—provision	$ 4.5	$(15.2)	-77.2%	$19.7
Effective tax rate	35.0%		-3.0%	38.0%

The decrease in the effective tax rate reflected the net loss during the fourth quarter, which increased the proportion of the full year net income that was in the form of tax exempt interest, as well as the proportion of income offset by charitable deductions of merchandise.

WS 001213

Liquidity and Capital Resources

Net cash used in operating activities for continuing operations was $17.7 million for fiscal 2003, compared to $7.3 million net cash provided by operating activities for fiscal 2002. Fiscal 2003 operating cash flows were directly impacted by our loss from continuing operations of $39.0 million, partially offset by non-cash charges (depreciation, amortization and disposal expense, stock compensation and deferred taxes) of $12.2 million and a net increase in the cash components of our working capital of approximately $8.2 million.

The fiscal 2003 changes in the cash components of working capital included a $2.9 million decrease in receivables, principally due to the reduction of tenant allowances resulting from less construction of new and remodeled stores, a reduction of $8.3 million in prepaid accounts (primarily prepaid rents), a $5.1 million decrease in merchandise and other payables, and a $1.8 million increase in income tax payable. Merchandise inventory decreased by $1.8 million.

Cash provided by investing activities of $7.4 million in fiscal 2003 included the net sales of marketable securities of $21.1 million offset by capital expenditures of $13.7 million. Cash provided by financing activities of $3.0 million due to the exercise of stock options of $3.9 million, offset by $0.9 million paid to repurchase of company stock earlier in the year.

Net cash used in discontinued operations for the Zutopia division in fiscal 2003 was $1.2 million, which included the division's loss of $8.3 million, largely offset by non-cash charges of $6.6 million, a net increase in the cash components of our working capital of approximately $0.8 million, and capital expenditures of $0.3 million.

The cash and investment balance for the fiscal year 2003 was $63.5 million, $31.3 million less than at the end of fiscal 2002. This change resulted from the decline in sales and the resulting use of cash described above.

In fiscal 2003 and 2002, we invested $13.7 million and $38.2 million, respectively, in property and equipment and leasehold improvements for continuing operations. These expenditures related primarily to new store openings and remodels. In fiscal 2003 for continuing operations, we opened 30 stores and remodeled 20 stores. In fiscal 2002 for continuing operations, we opened 62 stores and remodeled 23 stores. There were no acquisitions in either fiscal year. Capital expenditures for fiscal 2004 are currently projected to be $12 million or less, relating primarily to new store openings and remodels.

Our working capital at January 31, 2004 was $38.6 million compared to $64.5 million at February 1, 2003. The overall reduction in our working capital primarily reflects cash used in the continuing operations and the discontinued Zutopia division operations.

In September 1998, our Board of Directors authorized the repurchase of up to 20% of the outstanding shares of our Class A common stock. From this authorized plan, 3,077,100 shares (split adjusted) were repurchased at a cost of $20.3 million. These repurchased shares were reflected as treasury stock in our consolidated balance sheets, until they were retired on December 2, 2002, as authorized by the Board of Directors. On October 1, 2002, our Board of Directors authorized the repurchase of up to 5.4 million shares of our outstanding Class A common stock. This amount included the remaining shares previously authorized for repurchase by the Board of Directors. During fiscal 2002, the Company repurchased 947,400 shares for $8.2 million and retired these shares. An additional 124,500 shares were repurchased for $0.9 million in the first quarter of fiscal 2003 and these shares were also retired. As of January 31, 2004, there were 4,328,100 shares remaining that are authorized for repurchase. Presently, there are no plans to repurchase additional shares.

We have a revolving line-of-credit arrangement with Bank of America, N.A. under which we may borrow up to a maximum of $50 million on a revolving basis through July 1, 2004. We renegotiated and revised certain of the covenants included in this secured line of credit on January 29, 2004, primarily as a result of the decision

WS 001214

to divest the Zutopia division. The amended line-of-credit arrangement is secured by our merchandise inventory. At January 31, 2004, there were no outstanding borrowings under the credit arrangement. There were $17.2 million in open letters of credit related to imported inventory orders as well as standby letters of credit totaling $1.0 million. As of January 31, 2004, we were in compliance with all financial covenants of the credit arrangement. We were required for the fourth fiscal quarter 2003 to meet a net worth covenant of $168.5 million adjusted for the disposition of the Zutopia division, the class action legal settlement, and year-end markdowns. We are also required to maintain a minimum cash and investment balance under the line of credit. To the extent that our cash and investment balance falls below the $50.0 million required cash covenant, the line of credit may not be available, and therefore we would have to rely upon our cash and investments to meet our operating requirements.

We invest our excess funds in short-term investment grade money market funds, investment grade municipal and commercial paper and U.S. Treasury and agency obligations. Assets listed as long-term investments on our balance sheet consist of high credit quality municipal and corporate bonds with maturities extending no further than three years out.

We believe that our available cash and investments aggregating $63.5 million at January 31, 2004 and other working capital and cash flows from operating activities will be sufficient to meet our operating and capital requirements for the next 12 months.

Seasonality and Inflation

Our business is seasonal in nature with the Christmas season, beginning the week of Thanksgiving and ending the first Saturday after Christmas, and the back-to-school season, beginning the last week of July and ending the first week of September, historically accounting for a large percentage of sales volume. For the past three fiscal years, the Christmas and back-to-school seasons together accounted for an average slightly less than 30% of our annual sales, after adjusting for sales increases related to new stores. We do not believe that inflation has had a material effect on the results of operations during the past three years. However, we cannot assure that our business will not be affected by inflation in the future.

Commitments and Contingencies

Our principal contractual obligations consist of minimum annual rental commitments under non-cancelable leases for our stores, our corporate office, warehouse facility, automobiles, computer equipment and copiers. At January 31, 2004, our contractual obligations under these leases were as follows (in thousands):

Contractual Obligations (in thousands)	Payments Due By Period				
	Total	Less Than 1 Year	1–3 Years	4–5 Years	After 5 Years
Operating leases	$433,100	$69,300	$183,200	$90,100	$90,500
Management Fees payable to related parties	$ 1,279	$ 640	$ 640		

Operating leases include remaining commitments open for the "Zutopia" division. Negotiations of early lease buyouts are anticipated to be completed by the end of the second quarter of fiscal 2004.

WS 001215

Our principal commercial commitments consist primarily of open letters of credit, related to imported inventory orders, secured by our revolving line-of-credit arrangement. At January 31, 2004, our contractual commercial commitments under these letters of credit arrangements were as follows (in thousands):

Other Commercial Commitments (in thousands)	Total Amounts Committed	Amount of Commitment Expiration Per Period			
		Less Than 1 Year	1–3 Years	4–5 Years	Over 5 Years
Letters of credit	$18,200	$18,200	—	—	—

We do not maintain any long-term or exclusive commitments or arrangements to purchase merchandise from any single supplier.

New Accounting Pronouncements

In November 2001, the Financial Accounting Standards Board, or FASB issued SFAS No. 143 "Accounting for Asset Retirement Obligations," which addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated retirement costs. SFAS No. 143 is effective for fiscal years beginning after June 15, 2002. The Company adopted SFAS No. 143 without material impact on the Company's consolidated results of operations, financial position or cash flows.

In July 2002, the FASB issued SFAS 146, "Accounting for Costs Associated with Exit or Disposal Activities," which addresses financial accounting and reporting for costs associated with exit or disposal activities and supersedes Emerging Issues Task Force (EITF) Issue 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." SFAS 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under Issue 94-3, a liability for an exit cost as defined in EITF 94-3 was recognized at the date of an entity's commitment to an exit plan. SFAS 146 also establishes that the liability should initially be measured and recorded at fair value. The Company adopted the provisions of SFAS 146 for exit or disposal activities initiated after December 31, 2002. See Note 4 to consolidated financial statements.

In November 2002, the FASB issued FASB Interpretation ("FIN") No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," an interpretation of FASB Statements No. 5, 57 and 107, and rescission of FASB Interpretation No. 34, "Disclosure of Indirect Guarantees of Indebtedness of Others." FIN 45 elaborates on the disclosures to be made by the guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires that a guarantor recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002 while the provisions of the disclosure requirements are effective for financial statements of interim or annual periods ending after December 15, 2002. The adoption of this interpretation did not have a material impact on its results of operations or financial position. See Note 7 to consolidated financial statements.

In January 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities" and in December 2003, issued Interpretation No. 46 (revised in December 2003) "Consolidation of Variable Interest Entities—An Interpretation of APB No. 51." In general, a variable interest entity is a corporation, partnership, trust, or any other legal structure used for business purposes that either (a) does not have equity investors with voting rights or (b) has equity investors that do not provide sufficient financial resources for the entity to support its activities. FIN No. 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity if the investors in the entity do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN No. 46 (R) clarifies the application of Accounting Research Bulletin ("APB")

WS 001216

No. 51, "Consolidated Financial Statements," to certain entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without subordinated financial support from other parties. The consolidation requirements of FIN No. 46 applies immediately to variable interest entities created after January 31, 2003. The consolidation requirements apply to older entities in the first fiscal year or interim period beginning after June 15, 2003. Certain of the disclosure requirements apply in all financial statements issued after January 31, 2003, regardless of when the variable interest entity was established. FIN No. 46(R) applies immediately to variable interest entities created after December 31, 2003, and to variable interest entities in which an enterprise obtains an interest after that date. It applies no later than the first reporting period ending after December 15, 2004, to variable interest entities in which an enterprise holds a variable interest (other than special purpose) that it acquired before January 1, 2004. FIN No. 46(R) applies to public enterprises as of the beginning of the applicable interim or annual period. The Company believes that the adoption of FIN No. 46 and FIN No. 46(R) will not have a material impact on its financial position or results of operation because the Company has no variable interest entities.

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Instruments with Characteristics of Both Liabilities and Equity," ("SFAS 150") which establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. SFAS 150 requires that an issuer classify a financial instrument that is within its scope, which may have previously been reported as equity, as a liability (or an asset in some circumstances). This statement is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003 for public companies. In October 2003, the FASB deferred implementation of paragraphs 9 and 10 of SFAS 150 regarding parent company treatment of minority interest for certain limited life entities. This deferral is for an indefinite period. The adoption of SFAS 150 did not have a material impact on the Company's financial statements.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

To the extent that we borrow under our credit facility, we are exposed to market risk related to changes in interest rates. At January 31, 2004, no borrowings were outstanding under our credit facility. We are not a party to any derivative financial instruments. However, we are exposed to market risk related to changes in interest rates on the investment grade interest-bearing securities in which we invest. If there are changes in interest rates, those changes would affect the investment income we earn on those investments.

Item 8. Financial Statements and Supplementary Data

Information with respect to this item is set forth under Item 15.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Not Applicable.

Item 9A. Controls and Procedures

Disclosure Controls and Internal Controls

Our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) ("Disclosure Controls") are controls and procedures that are designed with the objective of ensuring that information required to be disclosed in our reports filed under the Exchange Act, such as this annual report, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure Controls are also designed with the objective of ensuring that this information is accumulated and communicated to our management, including our Chief Executive Officer and our interim Chief Financial Officer, as appropriate to

WS 001217

allow timely decisions regarding required disclosure. Our internal control over financial reporting ("Internal Controls") is a process designed by, or under the supervision of, our Chief Executive Officer and interim Chief Financial Officer, and effected by our Board of Directors, management and other personnel, with the objective of providing reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Internal Controls also include policies and procedures that:

1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of our company;

2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of our company are being made only in accordance with authorizations of management and directors of our company; and

3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our company's assets that could have a material effect on the financial statements.

Limitations on the Effectiveness of Controls

Our management, including our Chief Executive Officer and our interim Chief Financial Officer, does not expect that our Disclosure Controls or Internal Controls will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs.

Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by management override of the control. Moreover, the design of any system of controls is also based in part upon certain assumptions about the likelihood of future events.

Notwithstanding the foregoing limitations, we believe that our Disclosure Controls and Internal Controls provide reasonable assurances that the objectives of our control system are met.

Quarterly Evaluation of the Company's Disclosure Controls

As of January 31, 2004, the last day of the period covered by this report, an evaluation was carried out under the supervision and with the participation of our management, including our Chief Executive Officer and our interim Chief Financial Officer, of the effectiveness of the design and operation of our Disclosure Controls. Based upon that evaluation, our Chief Executive Officer and our interim Chief Financial Officer concluded, subject to the limitations noted above, that the design and operation of our Disclosure Controls were effective to ensure that material information related to our company which is required to be disclosed in reports filed under the Securities and Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

PART IV

Item 15. Exhibits, Financial Statement Schedules and Reports on Form 8-K

(a) The following documents are filed as part of this report:

1. Financial Statements: The financial statements listed in the "Index to Consolidated Financial Statements and Financial Statement Schedules" at F-1 are filed as part of this report.

2. Financial Statement Schedules: All schedules are omitted as they are not required, or the required information is shown in the consolidated financial statements or notes thereto.

3. Exhibits: See "Exhibit Index."

(b) Reports on Form 8-K during the fourth quarter of fiscal 2003.

On November 21, 2003, we filed a current report on Form 8-K reporting the issuance of two press releases. In the first press release, we announced that William B. Langsdorf had resigned as Chief Financial Officer. In the second press release, we reported our financial results for the third quarter ended November 1, 2003 and announced estimated financial results for the fourth quarter of fiscal 2003.

On January 9, 2004, we filed a current report on Form 8-K reporting the issuance of two press releases. In the first press release, we announced strategic initiatives involving the potential sale or closure of all 31 Zutopia stores and that Jennifer Pritchard had been named president of the Arden B. division, following the resignation of Greg Scott. In the second press release, we reported our net sales for the five-week period ended January 3, 2004 and announced estimated financial results for the fourth quarter of fiscal 2003.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders
The Wet Seal, Inc.:

We have audited the accompanying consolidated balance sheets of The Wet Seal, Inc. and subsidiary (the Company) as of January 31, 2004 and February 1, 2003 and the related consolidated statements of operations, stockholders' equity and cash flows for each of the three fiscal years in the period ended January 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Wet Seal, Inc. and subsidiary as of January 31, 2004 and February 1, 2003 and the results of their operations and their cash flows for each of the three fiscal years in the period ended January 31, 2004 in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 4 to the consolidated financial statements, on January 6, 2004 the Company's board of directors approved a plan to discontinue the operations of the Company's Zutopia division (the Plan). The consolidated financial statements, referred to above have been restated to report the Zutopia business as a discontinued operation for all periods presented.

As discussed in Note 1 to the financial statements, the Company changed its method of accounting for goodwill and other intangible assets during the year ended February 1, 2003 as a result of adopting Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets."

SCHEDULE OF NONCASH TRANSACTIONS:

During the 52 weeks ended January 31, 2004, February 1, 2003, and February 2, 2002, the Company recorded an increase to paid-in capital and a decrease to income taxes payable of $0.9 million, $2.5 million, and $3.5 million, respectively, related to tax benefits associated with the exercise of non-qualified stock options.

During October 2002, the Company repurchased 947,400 shares for $8,215,000 and immediately retired these shares. In December 2002, the 3,077,100 shares repurchased in prior years were retired. In the first quarter of fiscal 2003, the Company repurchased an additional 124,500 shares for $854,000 and immediately retired these shares.

See accompanying notes to consolidated financial statements.

THE WET SEAL, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended January 31, 2004, February 1, 2003, and February 2, 2002

NOTE 1: Summary of Significant Accounting Policies

Nature of the Business

The Wet Seal, Inc. (the "Company") is a national specialty retailer of fashionable and contemporary apparel and accessory items designed for female consumers with a young, active lifestyle. The Company's success is largely dependent upon its ability to gauge the fashion tastes of its customers and to provide merchandise that satisfies customer demand. The Company's failure to anticipate, identify or react to changes in fashion trends could adversely affect its results of operations.

Approximately 26.4% of the voting stock of the Company is held by a group of companies directly or indirectly controlled by two directors of the Company, one of whom is the Chairman of the Board of Directors.

The Company's fiscal year ends on the Saturday closest to the end of January. The reporting period includes 52 weeks in fiscal 2003, fiscal 2002, and fiscal 2001.

Principles of Consolidation

The consolidated financial statements include the accounts of The Wet Seal, Inc. and its wholly owned subsidiary, The Wet Seal Retail, Inc. All inter-company balances and transactions have been eliminated in consolidation.

Basis of Presentation

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. Certain amounts in the fiscal 2002 and fiscal 2001 financial statements have been reclassified to conform with the fiscal 2003 presentation.

Cash and Cash Equivalents

The Company considers all highly liquid debt instruments purchased with an initial maturity of three months or less to be cash equivalents. Cash is held primarily in four major financial institutions and is in excess of insured limits.

Merchandise Inventories

Merchandise inventories are stated at the lower of cost (first-in, first-out) or market. Cost is determined using the retail inventory method.

Equipment and Leasehold Improvements

Equipment and leasehold improvements are stated at cost. Expenditures for betterment or improvement are capitalized, while expenditures for repairs that do not significantly increase the life of the asset are expensed as incurred.

Depreciation is provided using the straight-line method over the estimated useful lives of the assets. Furniture, fixtures and equipment are typically depreciated over three to five years. Leasehold improvements and the cost of acquiring leasehold rights are depreciated over the lesser of the term of the lease or 10 years.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Long-Lived Assets

The Company accounts for the impairment and disposition of long-lived assets in accordance with Statement of Financial Accounting Standards ("SFAS") No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS No. 144, addresses financial accounting and reporting for the impairment of long-lived assets and for long-lived assets to be disposed of either by sale or other than by sale. Long-lived assets are reviewed for impairment when events or changes in circumstances indicate that their carrying value may not be recoverable. At January 31, 2004, the Company believes there has been no impairment of the value of such assets related to continuing operations.

On January 6, 2004, the Board of Directors authorized the Company to proceed with their strategic decision to close all Zutopia stores by the end of the first quarter or early in the second quarter of fiscal 2004, due to their poor financial results and perceived limited ability to become profitable in the future. The Company determined that there was no estimated fair value to the Zutopia's divisions fixed assets. Therefore, the financial losses generated by this chain and the write down of its fixed assets to their estimated fair value of zero, have been identified as discontinued operations. Further detail is outlined in Note 4.

Goodwill

In June 2001, the FASB issued SFAS No. 141, "Business Combinations," and SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 requires business combinations initiated after June 30, 2001 to be accounted for using the purchase method of accounting, and broadens the criteria for recording intangible assets apart from goodwill. Under SFAS No. 142, goodwill and intangible assets that have indefinite useful lives will no longer be amortized but will be tested at least annually for impairment. The goodwill test for impairment consists of a two-step process that begins with an estimation of the fair value of the reporting unit. The first step of the test is a screen for potential impairment and the second step measures the amount of impairment, if any. The Company adopted SFAS No. 142 on February 3, 2002. The Company completed its transitional and annual impairment tests and determined that there was no impairment of goodwill.

Revenue Recognition

Sales are recognized upon purchase by customers at the Company's retail store locations or through the Company's web-site. The Company has recorded reserves to estimate sales returns by customers based on historical sales return results. Actual return rates have historically been within management's expectations and the reserves established. However, in the unlikely event that the actual rate of sales returns by customers increased significantly, the Company's operational results could be adversely affected.

Rental Expense

Any defined rental escalation is averaged over the term of the related lease in order to provide level recognition of rental expense.

Store Pre-Opening Costs

Store opening and pre-opening costs are charged to expense as they are incurred.

Advertising Costs

Costs for advertising related to retail operations, consisting of magazine ads, in-store signage and promotions, are expensed as incurred. Total advertising expenses related primarily to retail operations in fiscal 2003, 2002, and 2001 were $5,537,000, $9,116,000, and $6,039,000, respectively.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Income Tax

SFAS No. 109 requires the recognition of deferred tax assets and liabilities for the future consequences of events that have been recognized in the Company's consolidated financial statements or tax returns. The measurement of deferred items is based on enacted tax laws. In the event that the future consequences of differences between financial reporting bases and the tax bases of the Company's assets and liabilities result in a deferred tax asset, SFAS No. 109 requires an evaluation of the probability of being able to realize the future benefits indicated by such asset. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

Net Income Per Share

In accordance with SFAS No. 128, "Earnings Per Share," net income per share, basic, is computed based on the weighted-average number of common shares outstanding for the period. Net income per share, diluted, is computed based on the weighted-average number of common and potentially dilutive common equivalent shares outstanding for the period (See Note 13).

During the fiscal year ended February 1, 2003, the Company effected a three-for-two stock split.

Comprehensive Income

For the years ended January 31, 2004, February 1, 2003 and February 2, 2002, there was no difference between the Company's net income and comprehensive income.

Insurance Coverage

The Company is partially self-insured for its worker's compensation insurance coverage. Under this insurance program, the Company is liable for a deductible of $250,000 for each individual claim and an aggregate annual liability of $1,300,000. The Company records a liability for the costs associated with reported claims and a projected estimate for unreported claims due to historical experience and industry standards. The Company will continue to adjust the estimates as the actual experience dictates. A significant change in the number or dollar amount of claims could cause the Company to revise its estimate of potential losses and affect its reported results.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Management believes the carrying amounts of cash and cash equivalents, other receivables and accounts payable approximate fair value due to their short maturity. Short-term and long-term investments consist of highly liquid interest-bearing securities that are carried at amortized cost plus accrued income, which management believes approximates fair value.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Stock-Based Compensation

The Company accounts for stock-based awards to employees using the intrinsic value method in accordance with Accounting Principles Board Opinion (APB) No. 25, "Accounting for Stock Issued to Employees."

Accordingly, no compensation expense has been recognized in the consolidated financial statements for employee incentive stock options or nonqualified stock options.

SFAS No. 123, "Accounting for Stock-Based Compensation," requires the disclosure of pro forma net income and earnings per share had the Company adopted the fair value method as of the beginning of fiscal 1995. Under SFAS No. 123, the fair value of stock-based awards to employees is calculated through the use of option-pricing models, even though such models were developed to estimate the fair value of freely tradable, fully transferable options without vesting restrictions, which significantly differ from the Company's stock-option awards. These models also require subjective assumptions, including future stock price volatility and expected time to exercise, which greatly affect the calculated values.

The Company's calculations were made using the Black-Scholes option-pricing model with the following weighted average assumptions:

	Fiscal 2003	Fiscal 2002	Fiscal 2001
Dividend Yield	0.00%	0.00%	0.00%
Expected Volatility	68.65%	70.85%	77.50%
Risk-Free Interest Rate	3.17%	3.02%	4.30%
Expected Life of Option following vesting (in Months)	60	60	60

The Company's calculations are based on a valuation approach and forfeitures are recognized as they occur. If the computed fair values of the fiscal 2003, fiscal 2002 and fiscal 2001 awards had been amortized to expense over the vesting period of the awards, net income (in thousands) and earnings per share would have been reduced to the pro forma amounts indicated below:

		Fiscal 2003	Fiscal 2002	Fiscal 2001
Net Income (loss) from Continuing Operations	As reported	$(38,953)	$8,417	$32,088
	Pro forma	$(42,683)	$1,758	$28,437
Net Income (loss) from Continuing Operations Per Share, Basic	As reported	$ (1.31)	$ 0.28	$ 1.08
	Pro forma	$ (1.43)	$ 0.06	$ 0.96
Net Income (loss) from Continuing Operations Per Share, Diluted	As reported	$ (1.31)	$ 0.27	$ 1.05
	Pro forma	$ (1.43)	$ 0.06	$ 0.96

NOTE 1: Summary of Significant Accounting Policies (Continued)

Segment Information

The Company has one reportable segment representing the aggregation of its operating segments due to the similarities of the economic and operating characteristics of the operations represented by the Company's two continuing store formats.

The Company's success is largely dependent upon its ability to gauge the fashion tastes of its customers and provide merchandise that satisfies customers' preferences. Any inability to provide appropriate merchandise in sufficient quantities in a timely manner could have a material adverse effect on the Company's operating results.

New Accounting Pronouncements

In November 2001, the FASB issued SFAS No. 143 "Accounting for Asset Retirement Obligations," which addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated retirement costs. SFAS No. 143 is effective for fiscal years beginning after June 15, 2002. The Company adopted SFAS No. 143 without material impact on the Company's consolidated results of operations, financial position or cash flows.

In July 2002, the FASB issued SFAS 146, "Accounting for Costs Associated with Exit or Disposal Activities," which addresses financial accounting and reporting for costs associated with exit or disposal activities and supersedes Emerging Issues Task Force (EITF) Issue 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." SFAS 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under Issue 94-3, a liability for an exit cost as defined in EITF 94-3 was recognized at the date of an entity's commitment to an exit plan. SFAS 146 also establishes that the liability should initially be measured and recorded at fair value. The Company adopted the provisions of SFAS 146 for exit or disposal activities initiated after December 31, 2002. See Note 4 to consolidated financial statements.

In November 2002, the FASB issued FASB Interpretation ("FIN") No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," an interpretation of FASB Statements No. 5, 57 and 107, and rescission of FASB Interpretation No. 34, "Disclosure of Indirect Guarantees of Indebtedness of Others." FIN 45 elaborates on the disclosures to be made by the guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires that a guarantor recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002 while the provisions of the disclosure requirements are effective for financial statements of interim or annual periods ending after December 15, 2002. The adoption of this interpretation did not have a material impact on its results of operations or financial position. See Note 7 to consolidated financial statements.

In January 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities" and in December 2003, issued Interpretation No. 46 (revised in December 2003) "Consolidation of Variable Interest Entities—An Interpretation of APB No. 51." In general, a variable interest entity is a corporation, partnership, trust, or any other legal structure used for business purposes that either (a) does not have equity investors with voting rights or (b) has equity investors that do not provide sufficient financial resources for the entity to support its activities. FIN No. 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity if the investors in the entity do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN No. 46 (R) clarifies the application of Accounting Research Bulletin ("APB")

WS 001233

NOTE 1: Summary of Significant Accounting Policies (Continued)

No. 51, "Consolidated Financial Statements," to certain entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without subordinated financial support from other parties. The consolidation requirements of FIN No. 46 applies immediately to variable interest entities created after January 31, 2003. The consolidation requirements apply to older entities in the first fiscal year or interim period beginning after June 15, 2003. Certain of the disclosure requirements apply in all financial statements issued after January 31, 2003, regardless of when the variable interest entity was established. FIN No. 46(R) applies immediately to variable interest entities created after December 31, 2003, and to variable interest entities in which an enterprise obtains an interest after that date. It applies no later than the first reporting period ending after December 15, 2004, to variable interest entities in which an enterprise holds a variable interest (other than special purpose) that it acquired before January 1, 2004. FIN No. 46(R) applies to public enterprises as of the beginning of the applicable interim or annual period. The Company believes that the adoption of FIN No. 46 and FIN No. 46(R) will not have a material impact on its financial position or results of operation because the Company has no variable interest entities.

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Instruments with Characteristics of Both Liabilities and Equity," ("SFAS 150") which establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. SFAS 150 requires that an issuer classify a financial instrument that is within its scope, which may have previously been reported as equity, as a liability (or an asset in some circumstances). This statement is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003 for public companies. In October 2003, the FASB deferred implementation of paragraphs 9 and 10 of SFAS 150 regarding parent company treatment of minority interest for certain limited life entities. This deferral is for an indefinite period. The adoption of SFAS 150 did not have a material impact on the Company's financial statements.

NOTE 2: Investments

Short-term investments consist of highly liquid interest-bearing deposits purchased with an initial maturity exceeding three months with a remaining maturity at January 31, 2004 of less than 12 months. Long-term investments consist of highly liquid interest-bearing securities that mature beyond 12 months from the balance sheet date. It is management's intent to hold short-term and long-term investments to maturity. Short-term and long-term investments are carried at amortized cost plus accrued income, which approximates market at January 31, 2004.

Investments are comprised of the following (in thousands):

Description	Maturity Dates	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
January 31, 2004					
Corporate bonds	Within one year	$17,108	$100	$ —	$17,208

Non-deductible expenses	(0.1)	3.0	0.1
Other	0.2	1.9	0.9
Effective tax rate	35.7%	35.0%	38.0%

WS 001235

NOTE 3: Provision (Benefit) for Income Taxes (Continued)

As of January 31, 2004 and February 1, 2003, the Company's net deferred tax asset was $27,590,000 and $10,978,000, respectively. The major components of the Company's net deferred taxes at January 31, 2004 and February 1, 2003 are as follows (in thousands):

	January 31, 2004	February 1, 2003
Deferred rent	$ 3,904	$ 3,761
Inventory cost capitalization	977	1,167
Difference between book and tax basis of fixed assets	2,273	3,364
State income taxes	(1,003)	(544)
Supplemental Employee Retirement Plan	1,754	1,778
Net operating loss and other tax attribute carryforwards	16,731	—
Other	2,954	1,452
	$27,590	$10,978

In fiscal 2003, the Company generated federal and state net operating loss carryforwards of $34,571,000 and $21,561,000 which begin to expire in 2024 and 2009, respectively. At January 31, 2004, the Company had federal charitable contribution carryforwards of $8,760,000 which begin to expire in 2009.

At January 31, 2004, the Company had federal credit carryforwards of $679,000, which will carry forward indefinitely until used.

NOTE 4: Discontinued Operations

On January 6, 2004, the Board of Directors authorized the Company to proceed with their strategic decision to close all Zutopia stores by the end of the first quarter or early in the second quarter of fiscal 2004, due to their poor financial results and perceived limited ability to become profitable in the future. Therefore, the financial losses generated by this chain and the write down of its fixed assets to an estimated fair value of zero, have been identified as discontinued operations.

The Company expects to record a reserve in the first and second quarters of 2004 for all applicable charges associated with the closure of the Zutopia stores which primarily includes the buyout of leases.

The operating results of the discontinued Zutopia division included in the accompanying consolidated statements of operations were as follows (in thousands):

	January 31, 2004	February 1, 2003	February 2, 2002
Net Sales	$ 16,394	$18,187	$12,010

Loss from Discontinued Operations	$ (8,327)	$ (4,178)	$ (1,073)

WS 001236

NOTE 5: Stockholders' Equity

The 4,502,833 shares of the Company's Class B common stock outstanding as of January 31, 2004 are convertible on a share-for-share basis into shares of the Company's Class A common stock at the option of the holder. The Class B common stock has two votes per share while Class A common stock has one vote per share.

On May 9, 2002, the Company effected a three-for-two stock split on the Class A and Class B common stock. Stockholders as of April 25, 2002, the record date for the stock split, were issued one share for every two shares that they then owned. All share and per share amounts included in the accompanying consolidated financial statements and footnotes have been restated for all periods presented to reflect the stock split. The Stockholder's equity section has been restated to give retroactive recognition to the stock split by reclassifying the par value of the additional shares arising from the split from additional paid-in capital to common stock.

On October 1, 2002, the Company's Board of Directors authorized the repurchase of up to 5,400,000 of the outstanding common stock of the Company's Class A common shares. This amount includes the remaining shares previously authorized for repurchase by the Company's Board of Directors. All shares repurchased under this plan will be retired as authorized by the Company's Board of Directors. During fiscal 2002, the Company repurchased 947,400 shares for $8,215,000 and immediately retired the shares. During fiscal 2003, the Company repurchased 124,500 shares for $854,000 and immediately retired these shares. As of January 31, 2004, there were 4,328,100 shares remaining that are authorized for repurchase.

NOTE 6: Long-Term Incentive Plans

Under the Company's long-term incentive plans (the "Plans"), the Company may grant stock options which are either incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or nonqualified stock options. The Plans provide that the per share exercise price of an incentive stock option may not be less than the fair market value of the Company's Class A common stock on the date the option is granted. Options become exercisable over periods of up to five years and generally expire 10 years from the date of grant or 90 days after employment or services are terminated. The Plans also provide that the Company may grant restricted stock and other stock-based awards. An aggregate of 10,331,250 shares of the Company's Class A common stock may be issued pursuant to the Plans. As of January 31, 2004, 2,369,157 shares were available for future grants.

Stock option activity for each of the three years in the period ended January 31, 2004 was as follows:

	Number of Shares	Weighted Average Exercise Price
Outstanding at February 3, 2001	3,520,350	$ 6.73
Granted	2,041,875	12.66
Canceled	(399,893)	10.48

NOTE 6: Long-Term Incentive Plans (Continued)

At January 31, 2004, February 1, 2003 and February 2, 2002 there were 1,282,037, 1,122,241 and 493,274 outstanding options exercisable at a weighted-average exercise price of $10.75, $8.89 and $7.69, respectively.

The following table summarizes information on outstanding and exercisable stock options as of January 31, 2004:

	Options Outstanding			Options Exercisable	
Range of Exercise Prices	Number Outstanding as of Jan. 31, 2004	Weighted Average Remaining Contractual Life	Weighted Average Exercise Price	Number Exercisable As of Jan. 31, 2004	Weighted Average Exercise Price

17.27 – 23.55	361,250	8.11	20.56	106,250	20.36
$ 1.61 – $23.55	3,462,227	7.90	$11.21	1,282,037	$10.75

During the years ended January 31, 2004, February 1, 2003 and February 2, 2002, the Company recognized tax benefits of $927,000, $2,541,000 and $3,543,000, respectively, resulting from the exercise of certain nonqualified stock options.

The Company recorded stock compensation expense of $806,000 as of January 31, 2004, due to the modification (extension) of the right to exercise stock options for two executives.

As of January 31, 2004, the Company has granted an aggregate of 234,771 shares of Class A common stock, net of forfeitures, to a group of its key employees under the performance grant award plan, which was instituted pursuant to the Company's Plans. Under the performance grant award plan, key employees of the Company receive Class A common stock in proportion to their salaries.

These bonus shares vest at the rate of 33.33% per year, and non-vested shares are subject to forfeiture if the participant terminates employment. Compensation expense, equal to the market value of the shares as of the issue date, is being charged to earnings over the period that the employees provide service. In each of the years ended January 31, 2004, February 1, 2003 and February 2, 2002, 13,926, 23,875, and 26,261 shares, respectively, were fully vested and issued. In connection with the issuance of these shares, the Company recorded compensation expense of $135,000, $213,000, and $465,000 for the years ended January 31, 2004, February 1, 2003 and February 2, 2002, respectively.

NOTE 7: Commitments and Contingencies

Leases

The Company leases retail stores, automobiles, computers and corporate office and warehouse facilities under operating lease agreements expiring at various times through 2014. Substantially all of the leases require the Company to pay maintenance, insurance, property taxes and percentage rent based on sales volume over certain minimum sales levels.

WS 001238

NOTE 7: Commitments and Contingencies (Continued)

Minimum annual rental commitments under noncancelable leases, including the corporate office and warehouse facility lease, are as follows (in thousands):

	Net Lease Commitments
Fiscal year ending:	
2003	$ 69,300
2004	64,000
2005	61,300
2006	57,900
2007	50,600
Thereafter	130,000
	$433,100

Rental expense, including common area maintenance, was $112,851,000, $106,949,000, and $100,406,000, of which $105,000, $134,000, and $289,000 was paid as percentage rent based on sales volume, for the years ended January 31, 2004, February 1, 2003 and February 2, 2002, respectively.

Indemnities, Commitments and Guarantees

During its normal course of business, the Company has made certain indemnities, commitments and guarantees under which it may be required to make payments in relation to certain transactions. These indemnities include those given to various lessors in connection with facility leases for certain claims arising from such facility or lease and indemnities to directors and officers of the Company to the maximum extent permitted under the laws of the State of Delaware. The Company has issued guarantees in the form of standby letters of credit as security for merchandise shipments from overseas. There were $18.2 million of these letters of credit outstanding at January 31, 2004. The duration of these indemnities, commitments and guarantees varies. Some of these indemnities, commitments and guarantees do not provide for any limitation of the maximum potential future payments the Company could be obligated to make. The Company has not yet recorded any liability for these indemnities, commitments and guarantees in the accompanying consolidated balance sheets.

Employment Contracts

The Company has employment contracts currently with two officers, which provide for annual salary, customary benefits and allowances, and annual bonus compensation, based upon sole discretion by the Board. The agreements provide these same officers with severance benefits through the expiration date, if the agreement is terminated without cause before expiration of its term. The Company also has other agreements with employees that contain defined severance benefits.

Litigation

The Company was served with a class-action lawsuit in the Orange County Superior Court by previously employed store managers alleging non-exempt status under California state labor laws. Through non-binding mediation, the Company agreed to settle the litigation and pay approximately $1.3 million. Upon approval by the court and all parties, the Company will proceed with the process to administer the notice of settlement to class members, and determine the claims to award.

US 001239

NOTE 7: Commitments and Contingencies (Continued)

The Company is a plaintiff in a lawsuit in the Superior Court of California which seeks injunctive relief and damages against a previous executive, and bebe stores, inc., alleging violation of the non-compete, non-solicitation and other provisions of the executive's employment agreement.

The Company is a defendant in various lawsuits arising in the ordinary course of its business. While the ultimate liability, if any, arising from these claims cannot be predicted with certainty, the Company is of the opinion that their resolution will not likely have a material adverse effect on the Company's consolidated financial statements.

Letters of Credit

At January 31, 2004, the Company had outstanding letters of credit amounting to $18,200,000.

NOTE 8: Revolving Credit Arrangement

The Company has a revolving line-of-credit arrangement with Bank of America, N.A. under which the company may borrow up to a maximum of $50 million on a revolving basis through July 1, 2004. The Company renegotiated and revised certain of the covenants included in this secured line of credit on January 29, 2004, primarily as a result of the decision to divest the Zutopia division. The amended line-of-credit arrangement is secured by the company's merchandise inventory. At January 31, 2004, there were no outstanding borrowings under the credit arrangement. There were $17.2 million in open letters of credit related to imported inventory orders as well as standby letters of credit totaling $1.0 million. As of January 31, 2004, the Company was in compliance with all financial covenants of the credit arrangement. The Company was required for the fourth fiscal quarter 2003 to meet a net worth covenant of $168.5 million adjusted for the disposition of the Zutopia division, the class action legal settlement, and year-end markdowns. The Company also is required to maintain a minimum cash and investment balance under the line of credit. To the extent that its cash and investment balance falls below the $50.0 million required cash covenant, the line of credit may not be available, and therefore the Company would have to rely upon its cash and investments to meet its operating requirements.

NOTE 9: Related-Party Transactions

In fiscal years 2003, 2002 and 2001, the Company paid a fee of $639,500, $639,500 and $575,000, respectively, to First Canada Management Consultants Limited ("First Canada"), a company controlled by Irving Teitelbaum, for the services of Irving Teitelbaum, Chairman of the Board of the Company, and Stephen Gross, Corporate Secretary of the Company, respectively. These services are provided pursuant to a Management Agreement, dated December 1, 1999, and amended on June 28, 2001, between First Canada and the Company. The agreement expires on January 28, 2006, subject to earlier termination in certain circumstances, and requires annual payments of $639,500 for the remainder of the term.

NOTE 10: Retirement Plan

Effective June 1, 1993, the Company established a qualified defined contribution retirement plan under the Internal Revenue Code, Section 401(k). The Wet Seal Retirement Plan (the "Retirement Plan") is available to all employees who meet the Retirement Plan's eligibility requirements. The Retirement Plan is funded by employee contributions, and additional contributions may be made by the Company at its discretion. As of January 31, 2004, February 1, 2003, and February 2, 2002, the Company had paid or accrued $415,000, $415,000 and $300,000, respectively.

NOTE 12: Supplemental Employee Retirement Plan

As of January 31, 2004, the Company maintains a defined benefit Supplemental Employee Retirement Plan (the "SERP") for one director. The SERP provides for retirement death benefits through life insurance and for retirement benefits. The Company funded the SERP in 1998 and 1997 through contributions to a trust fund known as a "Rabbi" trust. During the year ended January 31, 2004, a second participant terminated participation in the SERP resulting in a curtailment/settlement of the benefit obligation of $1,347,000. Additionally, due to losses incurred by the Company, the benefits payable under the SERP were reduced. This reduction resulted in a $2,696,000 reduction in the benefit obligation.

In accordance with SFAS No. 132, "Employers' Disclosures about Pensions and other Postretirement Benefits," the following presents a reconciliation of the SERP's funded status (in thousands) and certain SERP information:

NOTE 14: Shareholder Rights Plan

On August 19, 1997, the Company's Board of Directors adopted a Shareholder Rights Plan, which was amended on August 17, 1999, (the "Rights Plan") designed to protect Company stockholders in the event of takeover action that would deny them the full value of their investments. Terms of the Rights Plan provide for a dividend distribution of one right for each share of common stock to holders of record at the close of business on August 29, 1997. The rights become exercisable only in the event, with certain exceptions, an acquiring party accumulates 12% or more of the Company's voting stock, or if a party announces an offer to acquire 20% or more of the Company's voting stock. Unless earlier redeemed, the rights will expire on August 29, 2007. Each right will entitle the holder to buy one one-hundredth of a share of a new series of preferred stock at a price of $73.00, subject to adjustment upon the occurrence of certain events. The Company will be entitled to redeem the rights at $0.01 per right at any time until the tenth day following the acquisition of a 12% position in its voting stock.

EXHIBIT 99.1

Factors Affecting Future Financial Results

Statement Regarding Forward-Looking Disclosure and Risk Factors

Certain sections of this Annual Report on Form 10-K may contain various forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which represent our expectations or beliefs concerning future events.

Forward-looking statements include statements that are predictive in nature, which depend upon or refer to future events or conditions, which include words such as "believes," "plans," "anticipates," "estimates," "expects" or similar expressions. In addition, any statements concerning future financial performance, ongoing business strategies or prospects, and possible future actions, which may be provided by our management, are also forward-looking statements. Forward-looking statements are based on current expectations and projections about future events and are subject to risks, uncertainties, and assumptions about our company, economic and market factors and the industry in which we do business, among other things. These statements are not guaranties of future performance and we undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Actual events and results may differ materially from those expressed or forecasted in forward-looking statements due to a number of factors. Factors that could cause our actual performance and future events and actions to differ materially from such forward-looking statements, include, but are not limited to those discussed below and elsewhere in this Annual Report on Form 10-K.

We have incurred operating losses and negative cash flows in recent periods.

We have incurred operating losses in fiscal year 2002 and all four quarters of fiscal year 2003 resulting in negative cash flow. We historically maintained substantial cash and short-term investment balances which have been partially depleted as a result. If operating losses and negative cash flow continue at the same rate, we could encounter liquidity problems in the future.

We may be unable to reverse declines in comparable store sales.

Growth in our business depends, in part, on our ability to reverse declines in comparable store sales and then sustain comparable store sales growth. We use the term "comparable store sales" to refer to sales in stores that were open for at least 14 full fiscal months. A variety of factors affect comparable store sales results, including changes in fashion trends, changes in our merchandise mix, calendar shifts of holiday periods, actions of competitors, weather conditions and general economic conditions. Our comparable store sales results have declined significantly in the past year, and we cannot assure you that comparable store sales will not continue to decline in the future.

Our ability to return to profitability depends upon our ability to anticipate and react to new trends.

Our ability to return to profitability depends largely on our ability to anticipate the changing fashion tastes of our customers and to respond to those changing tastes in a timely manner. The fashion tastes of our customers change frequently, and if we fail to anticipate, identify or react appropriately to changing styles, trends or brand preferences of our customers, we may experience lower sales, excess inventories and more frequent markdowns, which could have a material adverse effect on our business. In addition, if we misjudge fashion trends, our image with our customers may be significantly impaired, and our customers might cease to purchase additional merchandise from us in the future. This is particularly acute because we rely on a limited demographic for a large percentage of our sales.

Our sales and ability to return to profitability also depend upon the continued demand by our customers for fashionable, casual apparel. Demand for our merchandise could be negatively affected by shifts in consumer

discretionary spending to other goods such as electronic equipment, computers and music, for example. If the demand for apparel and related merchandise were to decline, our financial results would be adversely affected by any resulting decline in sales.

We cannot assure you of the success of our new sourcing and supply program.

We intend to introduce a new company-wide sourcing and supply program during fiscal 2004. As part of this program, we expect that, over time, more and more of our merchandise will be designed and developed by designers working for our company, with less emphasis on identifying merchandise designed and developed by third parties. In the future, we also expect that most of our merchandise will be sourced from manufacturers located outside the United States, with less reliance on small clothing manufacturers located in the United States. The new program involves a high degree of planning to be able to quickly develop and bring to market new merchandise before it is no longer in fashion with our customers. In addition, we introduce numerous lines of merchandise per year, and, as a result, a delay of even a few weeks in bringing new merchandise to market could hurt our sales and financial results, since the tastes of our customers could change during that time. We cannot assure you that our new sourcing program will be successful.

Closing stores or curtailing certain operations could result in significant asset impairments and significant costs to us.

In the fourth quarter of fiscal 2003, we made a strategic decision to close all 31 Zutopia stores by the end of the first quarter or early in the second quarter of fiscal 2004, due to their poor financial results and their limited ability to become profitable in the future in a highly competitive market. Therefore, the financial losses generated by this chain and the write down of its fixed assets to their estimated fair value have been identified as discontinued operations.

In the future, we could decide to close stores or curtail operations that are producing continuing financial losses. If we do so, we would be required to write down the carrying value of these impaired assets to realizable value, a non-cash event which would negatively impact our earnings and earnings per share.

If we decide to close any stores before the expiration of the lease term, we may incur payments to landlords to terminate or "buy out" the remaining term of the lease. We also may incur costs related to the employees at such stores. These costs would negatively impact our financial results and cash position.

We compete with other retailers for sales and locations.

The women's retail apparel industry is highly competitive, with fashion, quality, price, location, in-store environment and service being the principal competitive factors. We compete for sales with specialty apparel retailers, department stores and certain other apparel retailers, such as American Eagle, Banana Republic, BCBG, bebe, Charlotte Russe, Express, Forever 21, Gap, H&M, Old Navy, Pacific Sunwear, and Urban Oufitters. We also compete for favorable site locations and lease terms in shopping malls. Many of our competitors are large national chains, which have substantially greater financial, marketing and other resources than we do. While we believe we compete effectively for sales and for favorable site locations and lease terms, competition for prime locations within malls, in particular, and within other locations is intense and we cannot assure you that we will be able to obtain new locations or maintain our existing locations on terms favorable to us, if at all.

Because of the importance of our brand names, we may lose market share to our competitors if we fail to adequately protect our intellectual property rights.

We believe that our trademarks and other proprietary rights are important to our success. We have registered trademarks for Wet Seal, Contempo Casuals and Zutopia and Arden B. (registered in the retail store services class and pending in others) Even though we take actions to establish and protect our trademarks and other proprietary rights, we cannot assure you that others will not imitate our products or infringe on our intellectual property rights. In addition, we cannot assure you that others will not resist or seek to block the sale of our

products as violative of their trademarks and proprietary rights. If we are required to stop using any of our registered or non-registered marks, our sales could decline and our business and results of operations could be adversely affected.

Our business is affected by local, regional and national economic conditions.

Our business is sensitive to consumer spending patterns and preferences. Various economic conditions affect the level of spending on the merchandise we offer, including general business conditions, interest rates, taxation, and the availability of consumer credit and consumer confidence in future economic conditions. Our growth, sales and profitability may be adversely affected by unfavorable occurrences in these economic conditions on a local, regional or national level. We are especially affected by economic conditions in California, where approximately 14% of our stores are located.

Most of our stores are located in regional shopping malls. We derive sales, in part, from the high volume of traffic in these malls. The inability of mall "anchor" tenants and other area attractions to generate consumer traffic around our stores, or the decline in popularity of malls as shopping destinations would reduce our sales volume.

Our success depends upon the performance of our senior management and our ability to attract and retain key management personnel.

Our company's success depends to a significant extent upon the performance of our senior management, particularly personnel engaged in merchandising and store operations. Our success also depends, in part, on our ability to identify, hire and retain additional key management personnel. Competition for qualified personnel in the retail apparel industry can be intense, and we cannot assure you that we will be able to identify, hire or retain the key personnel necessary to grow and operate our business as currently contemplated. We have recently encountered some difficulty in retaining senior management and there may be additional losses of senior management in the future.

In addition, we recently hired several key management personnel, including our Chief Executive Officer, the President of our Wet Seal division and our Senior Vice President-Creative Director. These individuals are highly qualified for the positions for which they were hired, and bring with them extensive cross-functional management skills. However, they have only worked together for a short time and, therefore, have not yet had the opportunity to demonstrate their ability to work together effectively.

Increases in Federal and state minimum wage laws could increase our expenses.

Statutory increases in Federal and state minimum wages could adversely effect our profitability by increasing our expenses. Connecticut, Illinois, Oregon, Rhode Island, Vermont and Washington have each increased their state minimum wages which are all above the Federal minimum as of the end of the fiscal year ended January 31, 2004. We operated a total of 31 stores in those states as of January 31, 2004. The recent state increases and any other future Federal or state increases could raise minimum wages above the current wages of some of our employees, and competitive factors could require us to make corresponding increases in employee wage rates. Increases in our wage rates increases our expenses, which could adversely affect our results of operations.

We were served with a class-action lawsuit in the Orange County Superior Court by previously employed store managers alleging non-exempt status under California state labor laws. Through non-binding mediation, we agreed to settle the litigation and pay approximately $1.3 million. Upon approval by the court and all parties, we will proceed with the process to administer the notice of settlement to class members, and determine the claims to award. We anticipate this process, including payments to the class members, will be finalized by the summer of 2004. To mitigate future related complaints, we have converted all of our California store managers to non-exempt status.

We must increase our regional and demographic scope to continue the growth of our business.

We rely on a relatively narrow demographic customer base and a concentration of stores in particular geographic regions for a significant percentage of our sales. We believe we need to increase our demographic and geographic scope to continue our growth. As our operations grow, there will be increasing strains on our resources, and we could experience difficulties enhancing our distribution, financial and operating systems. There can be no assurance that we will be able to expand, that any expansion will be profitable or that we will be able to manage our expansion effectively.

Our company has historically expanded by opening new stores, remodeling existing stores and acquiring other store locations or businesses that complement and enhance our operations. From time to time we have created new retail concepts such as Arden B. There can be no assurance that these new fashion businesses will gain consumer acceptance or ultimately be successful. Our ability to open stores and the performance of newly opened stores depends upon several factors, including among others, our ability to:

- locate and obtain favorable store sites;
- negotiate acceptable lease terms;
- obtain adequate supplies of merchandise; and
- hire and train qualified management personnel and other employees.

Our ability to complement and enhance our operations through acquisitions depends on our ability to integrate the new business, its management, systems and relationships into our company. This type of integration is often very difficult and may not be successful. Our inability to integrate any future acquisitions into our corporate structure could adversely effect our results of operations.

Our business is seasonal in nature.

The retail apparel industry is highly seasonal. We generate our highest levels of sales during the Christmas season, which begins the week of Thanksgiving and ends the first Saturday after Christmas, and the "back to school" season, which begins the last week of July and ends the first week of September. Our profitability depends, to a significant degree, on the sales generated during these peak periods. Any decrease in sales or margins during these periods, whether as a result of economic conditions, poor weather or other factors beyond our control, could have a material adverse effect on our company.

We depend upon key vendors to supply us with merchandise for our stores.

Our business depends on our ability to purchase current season apparel in sufficient quantities at competitive prices. The inability or failure of our key vendors to supply us with adequate quantities of desired merchandise, the loss of one or more key vendors or a material change in our current purchase terms could adversely affect our business. We have no long-term purchase contracts or other contractual assurances of continued supply, pricing or access to new products. We cannot assure you that we will be able to acquire desired merchandise in sufficient quantities or on terms acceptable to us in the future.

We depend upon a single distribution facility.

The distribution functions for all of our stores are handled from a single, leased facility in Foothill Ranch, California. Any significant interruption in the operation of the distribution facility due to natural disasters, accidents, system failures or other unforeseen causes could delay or impair our ability to distribute merchandise to our stores, which could cause our sales to decline.

We do not authenticate the license rights of our suppliers.

We purchase merchandise from a number of vendors who hold manufacturing and distribution rights under the terms of license agreements. We generally rely upon each vendor's representation concerning those

manufacturing and distribution rights and do not independently verify whether each vendor legally holds adequate rights to the licensed properties they are manufacturing or distributing. If we acquire unlicensed merchandise, we could be obligated to remove it from our stores, incur costs associated with destruction of the merchandise if the vendor is unwilling or unable to reimburse us, and be subject to liability under various civil and criminal causes of action. The occurrence of any of these events could adversely effect our financial condition and results of operations.

We experience business risks as a result of the catalog and internet business.

We compete with catalog and internet businesses that handle similar lines of merchandise. These competitors have certain advantages, including the inapplicability of sales tax and the absence of retail real estate and related costs. As a result, increased catalog and internet sales by our competitors could result in increased price competition and decreased margins.

We operate internet sites where customers can purchase our merchandise on-line at www.wetseal.com and www.ardenb.com. These internet addresses are provided for informational purposes only and are not intended to be usable as hyperlinks. The information at these internet addresses are not a part of this filing. Our internet operations are subject to numerous risks, including:

- reliance on third party computer and hardware providers;
- diversion of sales from our retail stores; and
- online security breaches and/or credit card fraud.

Our inability to effectively address these factors could affect the profitability of our internet business, and we cannot assure you that we will be able to compete successfully through our internet business.

We are subject to risks associated with our international operations.

A significant portion of our products are manufactured outside the United States. As a result, we are subject to additional risks. For example, we cannot predict whether any of the foreign countries in which our products are currently manufactured or any of the countries in which our products may be manufactured in the future will be subject to future or increased import restrictions by the U.S. government, or the likelihood, type or effect of any trade restrictions. Trade restrictions, including increased tariffs or quotas, against apparel, footwear or other items sold by us could affect the importation of such merchandise generally and could increase the cost or reduce the supply of merchandise available to us and adversely affect our business, financial condition, results of operations and liquidity. Furthermore, our merchandise flow may be adversely affected by the financial or political instability in any of the countries in which our goods are manufactured or by significant fluctuations in the value of the U.S. dollar against foreign currencies or restrictions on the transfer of funds. If our merchandise flow is negatively impacted as a result of any of the risks associated with our international operations, our sales could decline.
