Can I get this in any local stores? Is it a better deal anywhere locally?

A: I buy mine at Wal-Mart. It's usually a bit cheaper. I think you can get it elsewhere too because it's pretty popular stuff.

They Changed My Life 230lbs to 190lbs! 6 Pack!!
By Eric J. Spencley TOP 500 REVIEWER on April 20, 2014

[redacted]
Length: 3:19 Mins

Please take a minute to watch my video for more information

I want to share this with everyone! I started off weighing about 230lbs and I was unhappy with my body and the way I looked. I have used a few fat burners in the past but none of them ever did anything for me. I just felt like I was wasting my money. I stumbled upon these and I gave them a shot and they worked!

In 3 months, I dropped from a 35" pant to 30" and from XL shirt to Medium.

They provided me with plenty of energy throughout the day but did NOT leave me flinging jittery. One thing I want to say is that this is NOT a miracle pill. I put in a lot of hard work at the gym and followed a strict diet. In conjunction with diet and exercise, these pills are truly incredible.

I also want to share some background about WHY I started to change myself. My dad had a heart attack and so did my grandfather. Once, this happened, I realized the lifestyle that I was putting myself through was not heathy and I needed to change.

Thank you so much Ubervita!! Your pills have truly changed my life!

★★★★★ **This product works!**

By KIMBERLY EVANS on March 24, 2014

Verified Purchase

I have been taking this product for 2 weeks now, and have lost 7 pounds so far. I am definitely happy with this product. I simply watch what I eat, watch the portion size of my meals and simply get out for about 30 mins of easy exercise about 3x's a week.
This product makes loosing weight easier than most others that I have tried.
I will definitely be getting more of this product as it works well with my system.
Give it a try, you won't be disappointed.
Product was shipped quickly, great company to deal with.

★★★★★ **Absolutely a great product!**

By J. Garza on May 14, 2014

Verified Purchase

I will say I normally don't review products, but this one really went above and beyond what I expected. I was very sceptical when I decided to give this a try. I had tried thermogenic products in the past and never had much luck, but the ingredient list on this one made me want to give it a try and I'm glad I did. The first month I did not lose any weight, but it was entirely my fault. I was not working out at all due to moving and just hadn't had a chance to make it to the gym. But by the end of month 1 I could tell there was a dramatic difference in the types of food I craved and my appetite. I tend to crave sweets and munch on food while at work but the majority of that stopped and I was able to just focus on eating my meals. During month 2, I ended up making it to the gym and began to do my normal workout once more. This was when I started noticing the increased energy and I felt myself want to continue past my normal workout just because I still had more energy!! I also lost about 20 pounds between month 2 and 3. I definitely recommend you give this product a shot, it's not going to work by itself you still have to do the work but the energy, decreased appetite, and even added push to lose weight make it so worth it!!

★★★★★ **The Best Weight-Loss Supplement I've Ever Used!**

By Sarah Davis on June 26, 2014

Verified Purchase

I would definitely buy this again! You can tell that it boosts your metabolism, and gives me some extra energy before I work out without making me feel all jittery. I usually stay away from caffeine because it makes me feel jittery, but I haven't noticed anything like that after using the product for over two weeks. It also does its job as an appetite suppressant very well. I've noticed that after just two weeks of diet and exercise my body has definitely lost fat and built muscle. In the past, i've had a lot of trouble sculpting my abdominals, but since i've started using this product, my stomach is practically shedding fat by itself!
I love this product because it gives you an energy boost, which often makes it easier to work out to your full potential.
I absolutely recommend this product!
