2 MONICA DANNER,

3 having first been duly sworn, was

4 examined and testified as follows:

5

6 EXAMINATION

7 BY MR. ELISEEV:

8 Q. Good morning. Please state your full name for

9 the record.

10 A. Monica Danner.

11 Q. Who is your present employer?

12 A. Manatt, Phelps and Phillips.

13 Q. Do you know that this firm represents one of

14 the parties in this proceeding?

15 A. Yes.

16 Q. How long have you been employed here?

17 A. In October it will be seven years.

18 Q. And what is your job title at Manatt?

19 A. Trademark Paralegal.

20 Q. If I call Manatt "Manatt" just for brevity I

21 will call the firm name "Manatt"?

22 A. That's great.

23 Q. What is your job title at Manatt?

24 A. Trademark Paralegal.

25 Q. What are your responsibilities in that

position?

A. What are my responsibilities? Can you be a little more specific?

Q. What are the kind of tasks that you do here?

A. Thank you. I do internet research. I do database maintenance, trademark database maintenance, docketing.

Q. How long have you been in this position?

A. Approximately three years as a Trademark Paralegal.

Q. And what was your position right immediately before the Trademark Paralegal position?

A. I was a senior legal secretary for an intellectual property attorney here at Manatt.

Q. Do you work for somebody in particular at the firm?

A. Jill Pietrini.

Q. How many projects have you done for Miss Pietrini as a trademark paralegal?

A. Well over 100 depending on how you define "projects."

Q. Well, by "project" I would call a particular task that is given to you by Miss Pietrini.

A. As opposed to day-to-day docketing and such?

M. DANNER

I would say --

Q. Correct?

A. -- probably close to 200.

Q. And where is your office or desk?

A. It's on the ninth floor of the Los Angeles office of Manatt.

Q. What office equipment do you have there?

A. I have a computer. I have a printer. That's about it. 10-key calculator.

Q. How far is the printer from your desk?

A. About three feet.

Q. And who collects the printed material from the printer for you?

A. I do.

Q. What search tools, if any, do you have on your computer?

A. I have Internet Explorer and everything that comes with that. And that's pretty much it for what I use. But the firm has several legal resources, but for my own purposes it's just the Internet Explorer.

Q. And you mentioned that in your position you conduct internet search projects; correct?

A. Yes.

Q. Can you tell me how you do that?

1 M. DANNER

2 A. Google.

3 Q. How do you mean by that?

4 A. I mean that I use Google as a search engine.

5 Q. I mean Google.com?

6 A. I'm sorry, yes. Google.com.

7 Q. Is there any search engines do you use aside

8 from Google?

9 A. Google is the main one depending on the needs,

10 I might use a search enjoin called Clusty, which clusters

11 the search results, separates them into different

12 categories. I did not use that for this search, for this

13 project, however.

14 Q. Do you use any databases on the internet?

15 A. I do. And again it just depends on the

16 individual project and what sort of thing I'm looking for.

17 Q. What databases do you use?

18 A. Generally speaking?

19 Q. Yes.

20 A. Patent and Trademark Office, the USPTO.gov is

21 the main one. Various internet directories, 411.com,

22 Switchboard.com. Again, depending on what I'm looking

23 for, I might use Amazon if I'm looking for particular

24 products.

25 Q. Any other?

1 M. DANNER

2 A. Not that I can think of off the top of my
3 head. But in doing a Google search it will often lead me
4 to a huge variety of databases. So speaking generally
5 it's sort of hard to narrow that down.

6 Q. How exactly do you perform an internet search?

7 A. I type in relevant keywords into the search,
8 into the browser of the search engine I'm using, which is
9 usually Google, almost always Google, and I hit Enter and
10 then I go from there.

11 Q. And what other steps do you perform?

12 A. If it's -- if there's something relevant, I
13 would put my search words into the browser, then I would
14 hit the link, and perhaps another link, just again
15 depending on what it was, then I would print the results
16 if they're relevant.

17 MR. ELISEEV: I would like to mark as Applicant's
18 Exhibit 35.

19 (Applicant's 35 marked for identification.)

20 MR. ELISEEV: Do you need more time to look at it?

21 MR. MERONE: Yes. Can you give for the record what
22 the Bates number range is and whether it's supposed to be
23 contiguous or not?

24 MR. ELISEEV: Bates numbers are H00020 to H01630.

25 MR. MERONE: And so these 1600 pages -- is it

contiguous all 1600 pages, give or take?

MR. ELISEEV: Yes. Let me know when you're ready.

(Pause in proceedings.)

MR. MERONE: Okay.

Q. Ms. Danner, please take a look at the document. Have you seen this document before?

A. Yes, I have.

Q. Do you know who created it?

A. I did.

Q. What is this document?

A. This is a printout from 411.com.

Q. And how did you create this document?

A. How did I create it? I entered keywords into 411.com's search box and printed the results.

Q. What search terms did you enter into 411.com?

A. Chamber of Commerce.

Q. Did this expression appear -- did you put it in quotation marks?

A. Probably not, although I don't actually recall. This was done on July 12th, 2006.

Q. So that's the date you performed the search on?

A. That's the date I performed the search. That is the day I printed the search results. There were

1 M. DANNER

2 approximately 8,000, if I recall, approximately 8,000
3 results.
4 Q. And which printer did you print it on?
5 A. I printed this on my printer --
6 Q. What did you do afterwards?
7 A. -- at my desk at Manatt.
8 Q. What did you do after you printed it?
9 A. As far as filing or --
10 Q. No, did you --
11 A. I didn't do anything with it. I just
12 probably --
13 Q. Did you collect it from the printer?
14 A. I collected it. I'm sorry. Yes, yes, yes.
15 No, I picked it up myself from the printer. Always.
16 Q. And this document is an accurate copy of the
17 document that you printed --
18 A. Yes.
19 Q. -- as we just discussed?
20 A. Absolutely.
21 (Applicant's 36 marked for identification.)
22 MR. ELISEEV: I'd like to mark as Exhibit 36 this
23 document.
24 MR. MERONE: I have multiple documents with multiple
25 dates. This will all be 36?

MR. ELISEEV: That's right.

MR. MERONE: You have one on the 13th, 14th.

MR. ELISEEV: Actually it's just the top. Sorry.

THE WITNESS: We can rearrange the order on those, if that will --

MR. ELISEEV: Yeah, actually just the top is 36. I will take back the rest.

Q. Miss Danner, please take a look at the document and tell me if you've seen it before.

A. Yes, I have.

Q. Do you know who created this document?

A. I did.

Q. And what is this document?

A. This is a printout of Google search results.

Q. How did you create this document?

A. By typing keywords into the browser.

Q. Which browser?

A. Google.

Q. And which keywords did you type?

A. I typed "United States" in quotes and then "Chamber of Commerce" in quotes -- I'm sorry, can I back up? "United States" in quotes and then a star, which is a wild card, and then "Chamber of Commerce" again in quotes.

Q. What did you mean by "wild card"?

1 M. DANNER

2 A. A wild card means that Google will find things
3 that have the term United States then something in
4 between, anything in between, and then Chamber of Commerce
5 as opposed to that string of words all together.
6 Q. And what is the significance of putting a
7 phrase in quotes?
8 MR. MERONE: Objection. Outside the scope of the
9 witness's knowledge.
10 Q. You can respond.
11 A. Can you repeat the question?
12 MR. ELISEEV: Can you please repeat the question.
13 (The record was read.)
14 Q. Why did you do that, in other words?
15 A. To narrow the results.
16 Q. And how did you know to put the phrase in
17 quotation marks?
18 A. Just from experience, from experience doing
19 searches on the internet.
20 Q. What did you do after you performed the
21 search?
22 A. Printed.
23 Q. When did you perform the search?
24 A. On February 13th, 2008.
25 Q. And so you performed the search and printed it

1 M. DANNER

2 on the same date?

3 A. Absolutely.

4 Q. Is that the date that appears on the bottom of

5 the document?

6 A. Yes, it is.

7 Q. Which printer did you print it on?

8 A. I printed it on my printer at my desk.

9 Q. And who collected it from the printer?

10 A. I did.

11 Q. Is this document an accurate copy of the

12 document that you printed on that date?

13 A. Yes, it is.

14 MR. ELISEEV: Thank you.

15 I would like to mark as Exhibit 37 this

16 document. Please take a look at the document and tell me

17 if you've --

18 (Applicant's 37 marked for identification.)

19 MR. MERONE: Copy, please.

20 MR. ELISEEV: Pardon.

21 Q. Have you seen this document before?

22 A. Yes.

23 Q. Who created this document?

24 A. I did.

25 Q. And what is this document?

M. DANNER

A. This is the Google search results of my search using the keywords "Chamber of Commerce" in quotes and then additional keywords "of the USA".

Q. When did you perform the search?

A. On February 14th, 2008.

Q. Is that the day that appears on the bottom of the document?

A. Yes, it is.

Q. Who printed the search for you?

A. I did. Can I also just back up? When I say this is the results of the search, it's not all of the results. It's the first 200 results. The total is over 5,000,000, so I printed the first 200. And on that prior exhibit as well I printed the first 200.

Q. You're talking about --

A. On Exhibit 36. I'm sorry, I should have mentioned that. I'm sorry.

(Applicant's 38 marked for identification.)

MR. ELISEEV: I would like to mark as Exhibit 38.

Q. Please take a look at the document and tell me if you've seen it before.

A. Yes.

Q. What is this document?

A. This document is a printout of the search

1 M. DANNER

2 results of a Google search I conducted on February 13th,
3 2008 using the search terms "U.S." star and then "Chamber
4 of Commerce" in quotes.
5 Q. When did you print out this document?
6 A. February 13th, 2008.
7 Q. Is that the date that appears on the bottom of
8 the document?
9 A. Yes, it is.
10 Q. Is this document an accurate copy of the
11 document that you printed on February 13th, 2008 as we
12 just discussed?
13 A. Yes, it is.
14 Q. And is this a printout of all the search
15 results or only a portion of it?
16 A. Only a portion.
17 Q. Could you tell me which portion?
18 A. The first 200 hits.
19 Q. And how do you know that?
20 A. At the top of the page when you conduct a
21 Google search it will tell you what your total results are
22 and which results are showing in that particular page. So
23 here we have results 1 through 100, and then immediately
24 following we have 101 through 200 of a total of
25 approximately 804,000.

1 M. DANNER

2 (Applicant's 39 marked for identification.)

3 MR. ELISEEV: Thank you.

4 I would like to mark as Exhibit 39 this

5 document.

6 Q. Please take a look at it and tell me if you've

7 seen it before.

8 A. Yes, I have.

9 Q. What is this document?

10 A. This is a printout of the results of my Google

11 search using the terms star, U.S., and then Chamber of

12 Commerce in quotes. I'm sorry, this is the first 200

13 results of that search.

14 Q. When did you perform this search?

15 A. February 13th, 2008.

16 Q. And when did you print the results of the

17 search?

18 A. On that same day, February 13th.

19 Q. Is this document an accurate copy of the

20 document that you printed out as just discussed?

21 A. Yes.

22 (Applicant's 40 marked for identification.)

23 Q. I would like to mark this document as Exhibit

24 40.

25 Please take a look at the document and tell me

if you've seen them before.

A. Yes.

Q. What is this document?

A. This is a printout of the first 882 results of my Google search on February 13th, 2008 using keywords "American," and then star -- asterisk, I'm sorry -- and then in quotes "Chamber of Commerce."

Q. Did you perform the search and print it out on the same date?

A. Yes, I did. And that was February 13th, 2008.

And I would like to clarify on those previous when I said "star" I was indicating an asterisk as opposed to the word "star."

(Applicant's 41 marked for identification.)

Q. I would like to mark this document as Exhibit 41. Please take a look at the document and tell me what it is or first if you recognize it.

A. Yes, I do.

Q. What is this document?

A. This is a printout of the results of my Google search on February 13th, 2008 using the search terms asterisk, American, and then the words "Chamber of Commerce" in quotes. I'm sorry, this is the first, again, approximately 880 of a total of 674,000, approximately

674,000 results.

Q. And when did you perform the search and printed it out?

A. I performed it and printed it out on the same day, which is February 13th, 2008.

Q. And is this document an accurate copy of the document that you printed out as just discussed?

A. Yes, it is.

(Applicant's 42 marked for identification.)

MR. ELISEEV: I would like to mark this document as Exhibit 42.

Please take a look at it and tell me if you recognize it.

A. Yes.

Q. What is this document?

A. This is the first 300 results of a total of approximately 163,000 results of my Google search on February 13th, 2008.

Q. And how did you conduct the search?

A. The keywords I used for this search were "national" followed by an asterisk and then "Chamber of Commerce" in quotes.

Q. And you printed it out on the date of the search?

1 M. DANNER

2 A. Yes, same day, on February 13th, 2008.

3 Q. So is this document an accurate copy of the

4 document as you printed it out as just discussed?

5 A. Yes, it is.

6 Q. Miss Danner, are these the kind of searches

7 that you routinely perform as a trademark paralegal at

8 this firm?

9 MR. MERONE: Objection. Lack of foundation. Vague.

10 Q. Go ahead.

11 A. Generally speaking, yes. I mean, Google is

12 the search engine I generally use, and as far as putting

13 things in quotes, it just varies greatly depending on what

14 I'm doing.

15 (Applicant's 43 marked for identification.)

16 MR. ELISEEV: I would like to mark this document as

17 Exhibit 43.

18 Counsel, do you need more time to look at the

19 document?

20 MR. MERONE: Yes.

21 Okay.

22 Q. Miss Danner, please take a look at the

23 document and let me know if you've seen it before.

24 A. Yes, I have.

25 Q. What is this document?

1 M. DANNER

2 A. This is a printout of the chamber directory
3 from the website: WorldChambers.com.
4 Q. Do you know who created the document?
5 A. I did.
6 Q. How did you create it?
7 A. I created -- I should say this is a printout
8 of portions of the directory from that website.
9 Q. How did you get there? What database did you
10 use?
11 A. I believe this was part of the Google's search
12 results. This website was -- showed up in my Google
13 search results, and then I accessed the site. And I would
14 have to actually look at the website to see what sort of
15 search they use.
16 Q. What Google search did you perform to get to
17 this site?
18 MR. MERONE: Objection. Lack of foundation.
19 A. I don't actually know.
20 Q. You said that you used Google search to get
21 here; right?
22 A. I used --
23 MR. MERONE: Objection. Mischaracterizes the
24 witness's testimony.
25 A. I became aware of this website through my

Google search. As far as which exact search produced this result, that would be difficult for me to tell. There were so many.

Q. Those Google searches, the Google searches that you're talking about, those were part of the projects that we just discussed?

A. It may have been. It may have been the result of a related Google search. It could have been within one of the -- within the website for one of the other results of the Google search. In other words, one of the links that I hit that were a result of my searches perhaps had a link to this website.

Q. So once you reached this database, what did you do?

A. Again, depending on how the website's individual search engine works, I would have typed keywords into their search engine and printed the results from there.

Q. Which keywords did you put in the database?

A. I'm just trying to remember how their search engine worked. I believe -- let me back up. I'm just not sure. I honestly I don't remember exactly which search terms I use. I can guess that it might have been certain terms, but I'm not positive. I'd rather not say.

1 M. DANNER

2 Q. Okay. Well, who printed this document?

3 A. I printed the document.

4 Q. Okay. And when did you print this document?

5 A. February 13th, 2008.

6 Q. Okay. And is this document an accurate copy

7 of the document that you printed out on February 13th?

8 A. Yes, it is.

9 MR. ELISEEV: Thank you.

10 I'd like to mark as Exhibit 44. Do you want

11 to start using the floor for that?

12 MR. MERONE: No problem.

13 (Applicant's 44 marked for identification.)

14 Q. Miss Danner, please take a look at the

15 document and tell me if you've seen it before.

16 A. Yes.

17 Q. What is this document?

18 A. These are printouts of websites, various

19 websites.

20 Q. Which websites?

21 A. For a variety of chambers of commerce.

22 Q. How do you know that?

23 A. Well, because I did the search and printed the

24 documents. And because each of the documents indicates

25 where, which website it is, and at the bottom of the

document it indicates the URL, the internet address where the website is located.

Q. So how did you access those websites?

A. These would have been part of my Google search results. So when I perform a Google search I would then go down and hit links, and then this would be the result of those links that I accessed.

Q. And which Google search are you talking about?

A. Well, they would have been accessed through one of the previous Google searches that we just talked about.

Q. I see.

A. Yes.

Q. So you went into -- I understand that you went into the links that appeared on the Google search?

A. Yes.

Q. Is that correct?

A. Yes.

Q. And what happened then?

A. Then I printed -- I would access the link, then print the results for the website, and then usually hit the "Back" browser button on my screen and access the next link or whichever next link I wanted to access, and then print that one, and then repeat: Backwards, print

the next one, backwards, print the next one. And then I would print, you know, maybe four or five, pick them up from the printer and then go on and continue to the next one.

Q. And what exactly were you printing out from those websites?

A. Just the home page.

Q. Just the home page.

A. The "home page," in other words the first page that the internet address will take you to.

Q. I see. Is this an accurate copy of what you printed out on February 13th?

A. Yes, it is.

(Applicant's 45 marked for identification.)

MR. ELISEEV: Thank you.

I would like to mark this document as Exhibit 45.

MR. MERONE: Do you have page 1? It starts on page 2.

THE WITNESS: Do you want to stop for a second and I can --

MR. ELISEEV: Start on this page?

THE WITNESS: -- have a copy made?

MR. MERONE: I would just like a full set of whatever

1 M. DANNER

2 we're marking as an exhibit.

3 THE WITNESS: I'm sorry I didn't notice that.

4 MR. ELISEEV: Well, I will get it to you. For now I

5 will let you look at it, and then I will give it to the

6 witness.

7 MR. MERONE: Okay. Why don't we go off the record.

8 (Recess.)

9 Q. BY MR. ELISEEV: Miss Danner, please take a

10 look at the document and tell me if you recognize it.

11 A. Yes.

12 Q. What is this document?

13 A. This is the printout of various websites.

14 Q. And how do you know that?

15 A. I created it.

16 Q. How did you create this document?

17 A. Same as the previous exhibit by accessing

18 Google results of my searches that we discussed earlier.

19 These were done on February 21st, 2008.

20 Q. And what Google results were you accessing?

21 A. The results of the searches that we discussed

22 earlier. I'm not sure which one, but I'm sure that they

23 are -- come from the different searches, but all of the

24 searches that we discussed earlier

25 Q. And how many results did you access?

1 M. DANNER

2 A. Oh, boy. I'd have to count them. I don't
3 know exactly how many. I tried not to -- I just tried not
4 to repeat myself. If I accessed a chamber, a certain
5 chamber, and then I came across another result for that
6 chamber, I would skip it and go to one that I had not yet
7 printed.
8 Q. And what were you printing out?
9 A. The home page of the website, various Chambers
10 of Commerce websites. The "home page" again being the
11 first page that you come to when you type in an internet
12 address.
13 Q. And you said you printed out these websites on
14 February 21st?
15 A. Correct. On this I suppose you could say that
16 the research in some ways was done earlier when I had done
17 the Google searches and then I would go back and access
18 those things.
19 Q. So this document appears as an accurate copy
20 of the printouts you made on February 21st?
21 A. Yes.
22 (Applicant's 46 marked for identification.)
23 Q. I'd like to mark this document as Exhibit 46.
24 Miss Danner, please take a look at the
25 document.

1 M. DANNER

2 MR. MERONE: Give me a second to look at it, please.

3 MR. ELISEEV: Sure.

4 MR. MERONE: Okay. You seem to have a lot of

5 unrelated documents from different dates.

6 THE WITNESS: Would it be possible for me to explain

7 what I did and then we can see if it still seems unrelated

8 to you, if possible?

9 MR. MERONE: That's fine. You can proceed, subject

10 to --

11 Q. BY MR. ELISEEV: Now that you've looked at the

12 document, please let me know if you recognize this and

13 tell me what it is.

14 A. Yes, I do recognize it. These are the results

15 of a Google search I did over the course of probably seven

16 days from February 14th, 2008 through February 21st, 2008.

17 Q. What Google search was it?

18 A. On this one I was searching for and using the

19 keywords -- one of two things. It would have either been

20 "foreign Chambers of Commerce in the United States" or

21 "binational Chambers of Commerce in the United States." So

22 I did the initial search under those. Then I perhaps ran

23 out of time, went the next day, put the same keywords in

24 the browser and picked up where I left off. The settings

25 on my computer show that if you have already accessed a

1 M. DANNER

2 Google link it will change the color of the print so you
3 can see that you have accessed that and you don't repeat
4 yourself.
5 Q. Printouts of what web pages of these
6 documents?
7 A. I'm sorry. These are various I suppose you
8 could call them databases or directories. They were the
9 results of, again, a Google search for "foreign chambers
10 in the United States" or "binational chambers in the
11 United States" and these would have just been the results
12 that Google listed afterwards. And I would just hit the
13 link, go to the home page, print the result, and then
14 again back track and access the next link.
15 Q. Did you have to perform any additional
16 searches once you accessed a particular link in the Google
17 search?
18 A. I don't recall doing that on this, for this
19 part of the project. For this part of the project I
20 believe my search was narrowed enough to where most of the
21 results were something that I wanted to print, and I
22 didn't -- in other words, I didn't go to this first one
23 foreign chambers and then hit a link from there to get to
24 the next one. I can just back track, go to the same
25 results, print, and then back track again.

1 M. DANNER

2 Q. And is this a document an accurate copy of the
3 printouts that you just discussed?
4 A. Yes, it is.
5 Q. Do you recall if you printed out the home
6 webpages for every link that appeared on the Google
7 search?
8 A. Probably not. That typically isn't the case.
9 I think in any search you're going to come up with things
10 that are perhaps duplicative or that just aren't something
11 that you're going to need to print.
12 (Applicant's 47 marked for identification.)
13 Q. I'd like to mark this document Exhibit 47.
14 Please take a look at the document and tell me
15 if you recognize it.
16 A. I do.
17 Q. What is this document?
18 A. This is a photocopy of a book titled "Business
19 Organizations and Agencies Directory" which I found in
20 Manatt's law library here in the L.A. office.
21 Q. And when did you find this book in the
22 library?
23 A. This was on February 16th, 2008 which was a
24 Saturday.
25 Q. And did you copy the whole book?

1 M. DANNER

2 A. No, I did not. I copied the cover of the
3 book, the inside title page, and the page showing all the
4 publishing and copyright information, and then I copied
5 the section titled "U.S. National and Regional Chambers of
6 Commerce," which was just one page of that directory, page
7 435.

8 Q. And is this document an accurate copy of the
9 copy of these pages that you made on that date?

10 A. Yes, it is.

11 (Applicant's 48 marked for identification.)

12 MR. ELISEEV: Please mark this document as Exhibit
13 48.

14 Q. Please take a look a document and tell me what
15 it is.

16 MR. MERONE: Give me one second and let me take a
17 look at it, please.

18 Q. Please tell me if you recognize this document.

19 A. Yes, I do.

20 Q. What is this document?

21 A. This is a photocopy of a reference book again
22 from Manatt's library. This one is titled "Encyclopedia
23 of Associations," and the document consists of the cover,
24 the inside title page, the page with the publishing and
25 copyright information, followed by a table of contents

page, and then a copy of Section 16 of the book titled "Chambers of Commerce and Trade and Tourism organizations," which is pages 2775 through 2792 of the encyclopedia. And then I also copied the back cover to indicate where it ends.

Q. You said that you copied these pages?

A. I copied them myself. Yes.

Q. And where did you find this book?

A. Oh, this book was in Manatt's law library here in the L.A. office in the reference section.

Q. When did you make the copies?

A. This was also done on Saturday, February 16th, 2008.

Q. And you mentioned that --

A. On this -- what follows this, first you have the part that I just discussed, the actual copies of the pages of the book, followed by an actual cut and paste that I did of only the entries in that section that were Chambers of Commerce. And I actually cut them and pasted them onto a new sheet of paper and had them -- and I enlarged them on the photocopier mainly just for ease of reference. The print is very small in the encyclopedia.

Q. You literally cut and paste them?

A. I literally cut them with scissors and pasted

them and blew up the copy of each page, and each page has a different chamber.

Q. I see.

A. So it's repetitive in some sense. It's just a different form of copy of the actual pages from the encyclopedia, but it's not -- it doesn't encompass all of the associations that are on those previous pages, only the ones that are Chambers of Commerce.

Q. And why did you cut and paste and blow them up?

A. Basically just so that they would be distinguished from the listings that were not the subject matter. For instance, in this encyclopedia under a Chamber of Commerce, there's also a listing for something called a "Managed Funds Association." I did not -- I would not include that because it wasn't a Chamber of Commerce. And I enlarged them basically just for ease of reference and to isolate the Chambers of Commerce.

(Applicant's 49 marked for identification.)

MR. ELISEEV: Okay. Thank you.

Please mark this document as Exhibit 49.

Q. Please take a look at the document and tell me if you've seen it before.

A. Yes, I have.

1 M. DANNER

2 Q. How are you familiar with this document?

3 A. I performed the search and printed this

4 document from the website Answers.com. And it's a

5 definition, if you will, of "Chamber of Commerce."

6 Q. And is Answers.com a search engine?

7 A. Answers.com is more of a, I don't know if I

8 would call it a search engine. It's more of a database.

9 I can't tell you all of their services what they

10 encompass. I'm not sure. I use it sometimes. It's sort

11 of an encyclopedic reference is what I use it for.

12 Q. When did you access this form?

13 A. On February 14th, 2008.

14 Q. And you printed it out on that date?

15 A. Yes.

16 Q. Is it the date that appears on the bottom of

17 the document?

18 A. Yes, it is.

19 MR. ELISEEV: Please mark this document as Exhibit

20 50.

21 (Applicant's 50 marked for identification.)

22 Q. Miss Danner, do you recognize this document?

23 A. Yes, I do.

24 Q. How are you familiar with this document?

25 A. I created these documents or I'm sorry I

1 M. DANNER

2 printed these documents from the internet.

3 Q. What are these documents?

4 A. These are printouts of the results of my

5 searches within various state publicly-accessible

6 databases, Secretary of State databases, usually whichever

7 part of the database where it shows corporate -- where you

8 can search for corporations and business entities.

9 Q. And what search parameters did you use?

10 A. On these I used more or less the same search

11 parameters that I used for my Google searches that we

12 discussed earlier for "Chambers of Commerce" and then

13 "United States" or "US" or "America," "American."

14 And again, on these it depends on how the

15 individual website's search engine works as to how I would

16 have searched for it. Some of them will only give you an

17 alphabetical list of the whichever -- whatever this is --

18 the first keyword that you put in is where the

19 alphabetical list will start. Others you can search for

20 the words anywhere within a record. So then it just

21 depends on how that state's website works.

22 But this was done over the course of, again,

23 it sort of looks like close to a week from February 23rd,

24 2008 through I believe February 27th, 2008.

25 Q. And you printed out the results on these

various dates?

A. I printed out the results of my search within each database. I printed out the -- how can I put this? -- the one page usually one page record one or two page record from that state's database for each chamber result that I came to as a result of my search within that database if that makes sense.

Q. Okay. Thank you.

(Applicant's 51 marked for identification.)

MR. ELISEEV: Please mark this document as Exhibit 41.

THE REPORTER: 51.

MR. ELISEEV: I'm sorry, 51. Of course.

Let me know, Bill, when you're ready.

MR. MERONE: Okay.

Q. Miss Danner, what is this document? Do you recognize it?

A. Yes, I do.

Q. What is it?

A. These are printouts from the website Guidestar.org.

Q. Who made the printouts?

A. I did that. I did the printouts and the searches.

1 M. DANNER

2 Q. You say you printed out from Guidestar.org?

3 A. From Guidestar.org by putting keywords for

4 whichever particular chamber shows on the first page of

5 these reports. So the first one was accessed by typing

6 "Argentina," then "Chamber of Commerce." And this would

7 be the printout of the results of that search followed by

8 a printout of the accessible documents within that result

9 or report, in this case tax returns for that Chamber for

10 again on the first one for the year 2006, 2005, and 2004.

11 Q. Okay. And then?

12 A. And then I did the same thing. Typed in the

13 keyword being either the country or the nationality and

14 the words "Chamber of Commerce," and then I would access

15 the result for that, print the GuideStar report, and then

16 also print the documents that were attached to the

17 GuideStar report which in each instance I believe is the

18 2006, 2005, and 2004 tax returns, if they were accessible.

19 There were a few instances where only 2006 and 2005 tax

20 years were available. So this was done for again the

21 first one Argentine-American Chamber of Commerce, Inc., US

22 Austrian Chamber of Commerce, United States Azerbaijan

23 Chamber of Commerce, Belgian-American Chamber of Commerce

24 in the United States, French-American Chamber of Commerce

25 in the US, American-Russian Chamber of Commerce, Spain-US

Chamber of Commerce, Swedish-American Chamber of Commerce in the USA, and US Women's Chamber of Commerce. And all of these searches were performed and printed on February 27th, 2008.

MR. ELISEEV: Thank you.

I'd like to mark this document as Exhibit 52.

(Applicant's 52 marked for identification.)

Q. Please take a look at the document and tell me if you recognize it.

A. Yes, I do.

Q. What is it?

A. This is a printout of various reports that I accessed through GuideStar.org February 27th, 2008.

Q. And what exactly did you printout?

A. I printed out the results of a search I performed within this database.

Q. What search parameters did you use?

A. I used "Chamber of Commerce" as the constant, and then "United States" as a variable, "America," and "American" as a variable, and then perhaps certain countries.

Q. And is it a printout of all the search results that you found?

A. It's a printout of the search results -- it's

1 M. DANNER

2 a printout of the reports, the GuideStar reports for the
3 -- for various chambers. But I didn't -- this is not a
4 printout -- this does not include any of the attachments
5 to those reports, such as the tax returns and the previous
6 exhibit did. This is just the reports.
7 Q. And is this database free and publicly
8 available?
9 A. To some extent it is. To just obtain basic
10 information without any of the financial data -- assets,
11 income -- for the chamber it is free. You simply have to
12 register on the website with your name and e-mail address.
13 However, to access the financial data you actually have to
14 purchase a subscription for the service.
15 Q. And did you register to obtain the results of
16 this search?
17 A. Yes, I did. I registered as well as using it
18 under a subscription, and that's how you get the
19 additional information on the reports.
20 Q. And when did you perform the search and
21 printed it out?
22 A. Printed it and performed it on February 27th,
23 2008.
24 MR. ELISEEV: Okay. Thank you.
25 At this point I'm going to move the exhibits

into evidence.

I have no more questions.

MR. MERONE: Okay. I am going to object to moving the exhibits into evidence, specifically with regards to Exhibits 43, 46, 50, 51, 52. I reserve my right to object into evidence as to all the others since we have a lot of material here. Also object to everything to the extent it's been relied on for hearsay.

And I'd like to take a break because I will have cross.

(Recess.)

CROSS-EXAMINATION

BY MR. MERONE:

Q. Good afternoon, ma'am.

My name is William Merone from Kenyon & Kenyon on behalf of the Opposer in this action, the United States Chamber of Commerce. I have some follow-up questions regarding your testimony today.

You mentioned the number of times that you were working on this project. Do you recall that?

A. The number of times I --

Q. No. You mentioned that you worked on a project. You referred to this as a project.

1 M. DANNER

2 A. Oh, yes.

3 Q. Yes. My question for you is: What was your

4 project?

5 MR. ELISEEV: Objection. Be careful not to disclose

6 any information you obtained from lawyers in this case.

7 MR. MERONE: Absolutely not. I'm going to move to

8 strike the entire testimony. I absolutely want to know

9 anything any lawyer has told you about this case relating

10 to this case that has to do with these documents. You put

11 up a witness who if they got instructions there's no work

12 product here. So --

13 MR. ELISEEV: Okay. Objection on work product. I

14 completely disagree with you and instruct the witness not

15 to answer.

16 Or otherwise you can disclose information that

17 you found from pleadings, if you read any. But be care

18 not to divulge any information you obtained from lawyers

19 in this case.

20 THE WITNESS: Okay, I really didn't read any

21 pleadings.

22 Q. BY MR. MERONE: Okay. So what's your basis

23 for understanding of what you're supposed to be doing in

24 this case?

25 MR. ELISEEV: Again objection. Work product.

1 M. DANNER

2 Be careful not to disclose any information you
3 obtained from lawyers on this case.
4 THE WITNESS: Okay.
5 MR. MERONE: Counsel, just to clarify, you're saying
6 "be careful." If you're instructing her not to answer on
7 the basis of work product, please just make it clear if
8 you're instructing. Otherwise I'm going to ask her to
9 answer the question.
10 MR. ELISEEV: Okay. I'm instructing you not to
11 answer the question if it involves any information you
12 obtained from lawyers on this case.
13 A. Okay. Can you repeat the question? I'm
14 sorry.
15 (The record was read.)
16 A. I was asked to find Chambers of Commerce on
17 the internet.
18 Q. Well, can you elaborate? What do you mean
19 "find Chambers of Commerce on the internet"?
20 A. To find any -- let me rephrase that. I was
21 asked to do a search for Chambers of Commerce on the
22 internet -- I'm sorry, foreign Chambers of Commerce.
23 Q. For foreign Chambers of Commerce?
24 A. I'm sorry, foreign Chambers of Commerce in the
25 United States.

1 M. DANNER

2 Q. Okay. What else were you asked to do in
3 connection with this project?
4 MR. ELISEEV: Again, objection. Work product.
5 Be careful not to disclose any information
6 that you obtained from attorneys in this case.
7 A. That was pretty much the gist of the project.
8 Q. Having to search for foreign Chambers of
9 Commerce in the United States?
10 A. Right. And to find any material related to
11 those foreign chambers in the United States.
12 Q. Okay. A number of times during your testimony
13 you referred to the use of relevant keywords and relevant
14 results. Do you generally recall that?
15 A. Yes.
16 Q. Using that phrase? Relevant to what?
17 A. To the project instructions, relevant as in
18 it's a foreign Chamber of Commerce that's here in the
19 United States.
20 Q. Okay. You mentioned the project instructions.
21 What were your instructions?
22 MR. ELISEEV: Objection. Calls for work product.
23 Instruct not to respond.
24 You don't have to respond to it.
25 Q. Okay. Let's take a look, please, at Exhibit

1 M. DANNER

2 42. Where did all your exhibits go?

3 In the search for these I see you typed in

4 "national" and within quotations "Chamber of Commerce"?

5 A. Mmh-hmm.

6 Q. Why did you use that search phrase? I'm

7 sorry, there's a star there between "national" and Chamber

8 of Commerce.

9 A. Right, right, right.

10 Q. Why did you use that search phrase?

11 MR. ELISEEV: I'm going to object to that. It does

12 call for work product, and I'm going to instruct the

13 witness not to respond to that.

14 MR. MERONE: I'm going to ask you about this, about

15 all the Google searches you've done. I'm going to ask you

16 why you entered into that particular search so that I can

17 have a context of what the results are and have an

18 understanding.

19 So let me make sure we're clear. You're going

20 to instruct her not to answer on the basis of work product

21 as to why she entered in the searches that generated the

22 results about which she is testifying today?

23 MR. ELISEEV: Okay. I will allow her to answer as to

24 why she did that but instruct her not to provide any

25 information as to the reasons behind the search because

1 M. DANNER

2 they were obtained from attorneys on this case.

3 Do you understand?

4 THE WITNESS: I think so. Yes.

5 A. I used the -- in searching for foreign

6 Chambers of Commerce in the United States, it seemed

7 logical to me to use words such as "national" or "US" or

8 "United States," again using an asterisk in between so my

9 results would show any of the chambers for other countries

10 as opposed to just putting in a specific country just

11 randomly chosen. I mean, finding foreign Chambers of

12 Commerce to me means Chambers of Commerce that represent

13 different countries across the United States, so -- I'm

14 sorry -- different countries outside of the United States.

15 Q. Well, if you're only looking at foreign

16 Chambers of Commerce, why are a number of your documents

17 in this case about US-based nonforeign Chambers of

18 Commerce?

19 A. Foreign Chambers of Commerce in the United

20 States is what I said.

21 Q. For example, in Exhibit 51 the last one is the

22 US Women's Chamber of Commerce.

23 A. Okay. Let me -- can I just think about that

24 for a second?

25 Q. Sure.

1 M. DANNER

2 A. There's a lot of material involved here. So I
3 have to think about. I'm sorry, I'm trying to recollect
4 exactly how things came into play here. The overall
5 project was foreign chambers in the United States. I'm
6 not sure. I just don't really recollect where that came
7 from. I just don't. I don't recollect.
8 Q. Okay. Well let's stick with Exhibit 42, then.
9 Were you instructed to use that particular search string
10 in a search?
11 A. I mean, not that exact search string.
12 Definitely not that. I'm trying to remember if the
13 keywords aside from the base keywords, which were "Chamber
14 of Commerce" were an actual part of my instructions or if
15 I just sort of came up with that in the course of my
16 search.
17 MR. ELISEEV: I would like to take a break, and we'll
18 come back. We'll take five minutes break. Is that okay,
19 Counsel?
20 MR. MERONE: You haven't answered the question first.
21 MR. ELISEEV: Are you done?
22 THE WITNESS: Yes, I think I am.
23 MR. MERONE: Okay.
24 (Recess.)
25 MR. ELISEEV: Ready to proceed.

1 M. DANNER

2 MR. MERONE: Good.

3 Q. I think we were talking about -- first, the
4 court reporter had said that my objection was unclear
5 regarding the exhibits. So there's no misunderstanding, I
6 had objected to Exhibits 43, 46, 50, 51, and 52 based on a
7 specific lack of foundation. I reserve the right to
8 object to the other exhibits in this case also on a lack
9 of foundation and some of them based on late disclosure.
10 I also reserve the right to object to everything for
11 hearsay grounds, but that's depends on how a document may
12 be used.

13 Okay. Returning to the question, Miss Danner.
14 We were talking about Exhibit 42. I'm not sure if you had
15 answered the question, so let me just restate it.

16 With regards to the search string that is
17 shown in Exhibit 42, was that search string at any point
18 suggested to you by someone to use?

19 MR. ELISEEV: Objection. Calls for work product.
20 Instruct witness not to respond.

21 Q. Miss Danner, how did you come up with that
22 search string?

23 MR. ELISEEV: Objection. Calls for work product.
24 Instruct not to respond.

25 Q. Miss Danner, did you conduct any searches,

1 M. DANNER

2 Google searches, other than the ones that are shown in
3 Exhibits 36 through 42?
4 A. Yes.
5 Q. And which searches were those? Specifically
6 relating to this project. Let me be clear about that.
7 A. Well, I think I mentioned earlier I also
8 did --
9 MR. ELISEEV: Objection. Beyond the scope of the
10 direct.
11 Q. You can answer.
12 A. Let me just think for a second. As I
13 mentioned earlier, I also did a search for foreign and
14 binational Chambers of Commerce in the United States.
15 That was another Google search that I did. I may have
16 searched for particular chambers once I had seen them on a
17 result and knew that they existed. I might have searched
18 for a particular chamber to see how many there were out
19 there to see what -- and printed those results as well,
20 such as for a particular country maybe.
21 Q. Okay. Back to Exhibit 42 again you mentioned
22 you discussed this use of a wild card in the search
23 string.
24 A. Yes.
25 Q. Did you at any point search for the phrase

1 M. DANNER

2 "National Chamber of Commerce"?

3 A. I actually don't recall if I did.

4 Q. Okay. Well, it's not within this stack of

5 documents.

6 A. No, it's not.

7 Q. So you don't have a recollection. Were you

8 asked to search for that string?

9 MR. ELISEEV: Objection. Calls for work product.

10 Instruct witness not to answer.

11 Q. Were you ever told the results of a search

12 that relates to "National Chamber of Commerce"?

13 A. Excuse me?

14 Q. Were you ever told that anyone else had done a

15 search for the phrase "National Chamber of Commerce"?

16 MR. ELISEEV: Objection. Calls for work product.

17 Beyond the scope of the direct. Instruct witness not to

18 answer.

19 MR. MERONE: I asked for a yes or no answer. She can

20 answer whether she was told.

21 MR. ELISEEV: No, this will -- she will divulge

22 communication from lawyers. Instruct witness not to

23 answer.

24 Q. Miss Danner, what's your understanding of the

25 issues in this case?

1 M. DANNER

2 MR. ELISEEV: Objection. Vague. Objection. Beyond
3 the scope of direct. Calls for work product.
4 You can answer to the extent you learned
5 information outside of conversations or communications
6 with attorneys on this case.
7 A. Okay. I know I said earlier I hadn't really
8 reviewed much. I typically will review maybe the initial
9 pleadings in a case just to get some sense of, in any
10 case, just to get some sense of what's going on. I might
11 review particular things throughout the occasions
12 depending on what my -- what's being requested of me.
13 What is my understanding of the case? Is that
14 the question.
15 Q. What's your understanding of the issues in the
16 case?
17 MR. ELISEEV: Same objections.
18 A. I really don't have any. I'm not an attorney.
19 I don't have an understanding of the issues. I basically
20 just am performing at the instructions that my attorney
21 gives me.
22 Q. Well, earlier you mentioned you only wanted to
23 find search results that you thought were relevant. And
24 my question is: Relevant to what?
25 MR. ELISEEV: Same objections.

1 M. DANNER

2 A. Relevant to the instructions that I was given
3 by the attorney.
4 Q. And what were those instructions?
5 MR. ELISEEV: Objection. Calls for work product.
6 Instruct witness not to answer.
7 Q. So Miss Danner, can you explain at all what
8 you regard as relevant with regards to the task you were
9 asked to perform?
10 A. I can say that it was relevant to the
11 instructions I was given from the attorney.
12 Q. Did you at any time search for the phrase "US
13 Chamber of Commerce" as a phrase?
14 A. Are you asking me if I searched for that
15 without a wild card in between?
16 Q. Without a wild card in between. Yes.
17 MR. ELISEEV: Objection. Outside of the scope of the
18 direct.
19 THE WITNESS: I can answer?
20 MR. ELISEEV: You can answer.
21 A. I may have. It may have been -- it's just --
22 I don't recall exactly this, but from my experience doing
23 internet research it may have been something I wanted to
24 narrow down, and that's why I put the asterisk in between.
25 In other words, the words "United" "States" "chamber"

they're all very common words. And, you know, maybe my results were such that there was just no way to narrow it down from there other than to perform another search.

Q. Let me clarify, then, if we're miscommunicating. You mentioned that you used some quote marks?

A. Mmh-hmm.

Q. Why did you use quote marks in a Google search?

A. Because often one word is not going to mean the same thing. Whether that's here or somewhere else, it's not going to mean the same thing as the whole phrase is going to mean. So if I don't put "Chamber of Commerce" in quotes, I might come up with chamber orchestra and --

Q. So it's your understanding that when you put quotes in the Google search engine, it searches for the phrase within the quotes --

A. I'm sorry. Yes.

Q. -- as opposed to the individual words sort of in the Boolean matter?

A. Yes, exactly, searching with those exact words as opposed to a portion of those words.

Q. Let me go back to my question about the "national chamber," "Chamber of Commerce" and "US Chamber

of Commerce." My question is: Did you ever search for the phrase, and put quotes around it, the phrase string "National Chamber of Commerce" --

MR. ELISEEV: Objection.

Q. -- or --

MR. ELISEEV: Outside of the scope of direct.

Q. -- or the search string "US Chamber of Commerce" as a phrase?

A. I may have. I don't recall specifically doing that.

Q. Okay. For either of them?

A. For either of them.

Q. Were you at any time told not to search for those phrases?

MR. ELISEEV: Objection. Calls for work product. Instruct witness not to answer.

Q. Do you have an understanding as to whether anyone ever did search for that phrase?

A. I'm sorry, repeat the question.

Q. Do you have an understanding as to whether anyone did search for those phrases, either of those phrases?

MR. ELISEEV: Objection. Outside of the scope of the direct. Vague.

M. DANNER

A. I don't know. I don't know the answer to that.

Q. Okay. So no one told you.

A. I --

MR. ELISEEV: Objection. Calls for work product. Instruct witness not to answer.

Counsel, every time you're going to ask Miss Danner about whether anybody -- and I understand by the word "anybody" you mean attorneys on this case --

MR. MERONE: Anybody who she's interacted with in this case. Absolutely.

MR. ELISEEV: -- she's not going to respond because it immediately calls for work product. So don't waste time.

MR. MERONE: Well, we're going to make sure we go through the documents sufficiently to lay a foundation; that she can't testify, be put up as a witness, just to say that the results of what she did without getting into the basis for why she did it, how she did it, what she understood when she did it.

MR. ELISEEV: She will explain how she did it, but not why. Especially if the why comes from attorneys.

MR. MERONE: Well, I think you put up the wrong witness, then, Counsel.

1 M. DANNER

2 MR. ELISEEV: We'll see. Go ahead.

3 Q. Miss Danner, do you have any understanding

4 with regards to Google search as to how Google decides

5 what results will or will not be printed in the results

6 page?

7 A. No, I don't.

8 Q. Do you know how they're ordered? In the order

9 in which they appear in the Google engine?

10 A. I don't know.

11 Q. In reference to this project we're referring

12 to, with exception of the very first exhibit in this case,

13 everything I saw was dated between February 13th and

14 February 27th, which was yesterday. Is that generally

15 accurate to your reflection?

16 A. Did you exclude Exhibit 1?

17 Q. Excluding Exhibit 1, which seems to be of July

18 of last year.

19 A. Right. The year before, actually, I believe

20 it was.

21 Q. Oh. Great. Thank you. 2006.

22 So my question is: With the exception of

23 Exhibit 1, when were you asked to conduct this project?

24 A. When was I asked?

25 Q. Yes.

1 M. DANNER

2 A. That's difficult to tell. I don't know. It
3 was prior to the day that I started.
4 Q. How prior?
5 A. I had actually -- I believe the instructions
6 were -- oh, gosh. I want to say the latter part of last
7 year, but I'm just not sure.
8 Q. If it was the latter part of last year, why
9 wasn't this information conducted prior to mid-February?
10 A. Oh, that could be any number of reasons,
11 workload and perhaps the -- I don't recall. I don't know
12 if I was --
13 Q. You said "any number of reasons." Is there a
14 reason why it wasn't conducted prior to mid-February?
15 MR. ELISEEV: Objection. Outside of the scope of the
16 direct.
17 A. I really -- I really don't recall. I don't
18 recall if it was any -- a deadline issue. I just don't
19 recall.
20 Q. How many sets of instructions did you receive
21 with regard to this matter, this project?
22 MR. ELISEEV: Objection. Vague. Objection. Outside
23 of the scope of the direct.
24 A. Well, I received my initial instructions, and
25 then perhaps I may have checked in along the way. But

basically I was going off of the initial instructions.

Q. Those initial instructions were, you recall, were in late 2007?

A. To the best of my recollection, but I don't want to square to that. I'm not good with time.

Q. And when did you check in with somebody as to the progress of the project?

MR. ELISEEV: Objection. Outside of the scope of the direct. Vague.

A. I really don't know. I mean, I could tell you generally speaking when I'm doing a project I will perhaps do my initial searches, see what sort of stuff I find and, you know, regroup with the attorney and, you know, and get further instructions. It just totally depends on the project, and I don't recall on this one exactly.

Q. Well, would it be before or after the first set of exhibits shown here in 2008, which are the earliest date in 2008 was in February 13th, 2008?

A. I don't recall anything but the initial -- the instructions on this. I don't recall anything but the initial instructions I was given on this.

Q. So --

A. I was given the instructions, and I did my searches and printed my results, and that was it.

1 M. DANNER

2 Q. Okay. So you didn't check in with anybody
3 along the way, then?
4 A. I just --
5 MR. ELISEEV: Same objections.
6 A. I don't recall specifically checking in.
7 Chances are, in the normal course of how we work it may
8 have been discussed, but --
9 Q. And again, what was your understanding as to
10 what your instructions were?
11 MR. ELISEEV: Objection. Calls for work product.
12 You don't have to respond.
13 Q. Miss Danner, you mentioned -- in your
14 testimony you used the phrase such as you "created"
15 certain documents. I just want to clarify.
16 With regards to the documents that are marked
17 as exhibits in this case, none of them are anything that
18 you actually authored; correct?
19 A. I would like to clarify that as well. No,
20 there is nothing I actually created. By "created" I mean
21 that I hit the print button and actually printed the
22 documents. I created the printed copy of the document is
23 what I meant.
24 Q. Understood.
25 I would like to turn to Exhibits 51 and 52.

1 M. DANNER

2 51 and 52 are two GuideStar exhibits. Do you see that?

3 A. Mmh-hmm. Yes.

4 Q. Both of them appear to be dated around, I

5 guess, February 27th, which was yesterday. True?

6 A. Yes.

7 Q. My first question is: When were you asked to

8 search on GuideStar?

9 A. Nobody asked me to search on -- I wasn't asked

10 to search on GuideStar.

11 Q. Okay. Were you asked -- when were you asked

12 to search for this information as revealed here and that

13 you believe is shown in the GuideStar documents?

14 A. My initial -- part of my initial instructions.

15 Q. Okay, so this was just a continuation --

16 A. Yes.

17 Q. -- of the project that you got instructions

18 for presumably sometime in late 2007?

19 A. Yes. These are all the results of same

20 instructions, same project.

21 Q. Okay. With regards to the GuideStar.org

22 website, do you know who operates it?

23 A. I do not.

24 Q. Do you have any information as to how accurate

25 the information contained there in the database is?

1 M. DANNER

2 A. No, not any more so than I suppose any
3 database that I'm not operating myself.
4 Q. That's what I wanted to get to is that do you
5 have any way of knowing as to whether any of the
6 information contained in here is actually accurate?
7 A. No, of course not. No.
8 Q. Do you know how often it's updated?
9 A. I do not know.
10 Q. Do you know where it gets its data from?
11 A. I believe -- and again I'm not positive about
12 this -- but I believe some of the data with respect to the
13 tax returns certainly come from the US government, I would
14 assume. I shouldn't assume. I suppose it could come from
15 the individual chambers, but I would think it comes from
16 the US government, the Internal Revenue Service.
17 Q. Do you have personal knowledge --
18 A. No, I do not.
19 Q. -- as to what is -- whether it does or does
20 not come from?
21 A. I'm sorry. No, I do not.
22 Q. You mentioned that you've been a trademark
23 paralegal for I believe three years?
24 A. Approximately, yes.
25 Q. Do you do any work in trademark prosecution

practice?

A. It's not my focus. I have done some work on -- I mean, I do some work on taking things from application to registration, if that's what you mean.

Q. Yes.

A. It's not my forte, but yes.

Q. Do you have an understanding of the difference between a trade name use and a trademark use?

MR. ELISEEV: Objection. Outside the scope of the direct. Calls for a legal conclusion.

Q. I mean, in your practice, do you understand the difference between a trade name and a trademark?

A. I believe a trade name is a service provided as opposed to goods.

Q. Let me clarify, then. I was going to try to use a shortcut, but I will clarify.

Do you have an understanding of the difference between what may be perhaps a corporation or the business name versus the name that's actually held out to the public? Do you understand there's a difference there?

MR. ELISEEV: Objection. Outside of the scope of the direct. Calls for a legal conclusion. Outside the witness's knowledge.

A. Yes, I understand there's a difference.

1 M. DANNER

2 Between a trademark and a -- and a --

3 Q. Business name.

4 A. -- corporate -- yes. Yes.

5 Q. For example, are you aware of the -- you said

6 I think you reviewed, at least briefly, the pleadings in

7 this case?

8 A. The initial --

9 Q. Right.

10 A. I believe I did, yes.

11 Q. Right. And in the pleadings, the opposer is

12 identified as the Chamber of Commerce of the United States

13 of America?

14 A. Correct.

15 Q. Do you recall that?

16 A. Correct. Yes.

17 Q. Now, is your understanding with regards to the

18 names that are used in this case have you ever heard of

19 the phrase "U.S. Chamber of Commerce"?

20 A. Quite honestly I thought the U.S. Chamber of

21 Commerce was the Department of Commerce. I wouldn't have

22 thought Department of Commerce --

23 Q. Right, but --

24 A. -- was a separate entity.

25 Q. But with regards to this case, are you aware

1 M. DANNER

2 that the Chamber of Commerce of the United States of
3 America uses the name U.S. Chamber of Commerce?
4 MR. ELISEEV: Objection. Outside the scope of the
5 direct.
6 A. No. I don't know.
7 Q. I'm trying to give you a frame of reference
8 for the different marks. Let's just look on the first
9 page of Exhibit 51 here, the Argentine-American Chamber of
10 Commerce, Inc. Do you see that?
11 A. Yes.
12 Q. Okay. First, do you have any basis for
13 personal knowledge that the information about the
14 Argentine-American Chamber of Commerce, Inc. is accurate?
15 A. No.
16 Q. Do you know if there actually is an
17 Argentine-American Chamber of Commerce operating at this
18 address?
19 A. I don't know by personal knowledge. I haven't
20 been to that address.
21 Q. Right.
22 A. But I can say that there was enough
23 information on the internet about this Chamber of Commerce
24 and the others that I think it can be reasonably assumed
25 that they exist.

1 M. DANNER

2 Q. Well, I'm focusing -- what I would like to
3 know is your personal knowledge, and that whether any of
4 the information contained in here you actually have
5 personal knowledge of or whether you're just saying you
6 printed out something from a website and this is what you
7 printed out.

8 A. I have not personally been to these or spoken
9 to somebody from these Chambers, but I have personal
10 knowledge that there is a lot of material exists on the
11 various chambers on the internet and in the library books
12 that are part of the exhibits.

13 Q. Okay. Focusing still on the
14 Argentine-American Chamber of Commerce, Inc. do you have
15 any understanding as to what it uses as a trademark if it
16 is doing business?

17 A. Not off the top of my head. No, not off the
18 top of my head, not without referencing something.

19 Q. What about reference to the other Chambers of
20 Commerce generally? I notice there's a lot of material
21 here. We can go through it individually if necessary.
22 What I'm trying to get at here to the extent that you have
23 any personal knowledge as to the actual existence of any
24 of the entities referenced in these documents, setting
25 aside perhaps your client.

1 M. DANNER

2 A. You know, again, not personal knowledge in the
3 respect that I have gone to these places or I've spoken to
4 these people. But again, I can say that there's a lot of
5 material on all of them that is easily accessible by
6 anybody who wants to type a few words into an internet
7 browser, a huge volume of information, which if I was
8 going to draw my own conclusion would lead me to believe
9 that they actually exist. But again, that's just me
10 assuming.
11 Q. Well, let's take a look at Exhibit 50, for
12 example, California Business Portal record is the top one
13 there.
14 A. Right.
15 Q. Just on the first page the Costa Rica-U.S. --
16 the Costa Rica-United States Chamber of Commerce. Do you
17 have knowledge whether that entity is in existence?
18 A. Not personal knowledge, no. This is a
19 government website.
20 Q. And in fact the address is West Olympic
21 Boulevard in Los Angeles. Is that the street that we're
22 actually on?
23 A. I believe, but I believe that's downtown. I'm
24 sorry. Yeah, I believe that's towards downtown. I'm not
25 positive about that.

1 M. DANNER

2 Q. Did you at any time -- with regards to Exhibit
3 50, I notice there are a lot of printouts from state
4 websites. Is that a fair description of it?
5 A. Yeah, they're government. They're basically
6 they're the Secretary of State --
7 Q. For a number of states.
8 A. -- websites for the respective state or, you
9 know, a portal within. They're all within those websites,
10 the government websites.
11 Q. Okay. Yeah, they're all -- I'm just
12 characterizing. I believe they're all state portals or
13 from the Secretary of State.
14 A. Right.
15 Q. Did you at any time order official records
16 from any of these entities?
17 A. No, I did not.
18 Q. Why not?
19 A. I wasn't asked to.
20 Q. When you testified about Exhibit 50, I believe
21 you said that -- well, let me just ask you the question
22 straight out. Do you recall the specific search
23 parameters that you used to create the information shown
24 in Exhibit 50?
25 A. No, I imagine they would have been similar

1 M. DANNER

2 search parameters to those I used for the Google searches.
3 Again, it depends on how the individual database works.
4 Every search engine is different, you know. Some will
5 only give you results from the first word you put in, only
6 give you the alphabetical results from that point on.
7 Some will do what's called a fuzzy search, where it will
8 give you things that are even close to what you're asking
9 for. It all depends on how the search for that particular
10 website works or that particular database, whether that's
11 a PTO database or any database. They're all different.
12 Q. Okay. Well, realizing all those databases are
13 different, and acknowledging that I think you said the
14 California, you have New York, Pennsylvania, Florida,
15 Georgia, Delaware, Washington State, Colorado, Ohio. If I
16 missed any, I will stand corrected by the documents
17 themselves.
18 As to any of them can you tell me the specific
19 search parameters that you put in to generate the results
20 for that particular state?
21 A. I don't believe that most of these use the
22 wildcard, the asterisk, which will give you any word in
23 between certain words. I don't believe that they do. A
24 few of them might, but my guess would be they don't.
25 Because this is going to be a lot more -- a lot less broad

1 M. DANNER

2 than a Google search that's going to search everything on
3 the internet, for instance the California, the sos.ca.gov.
4 It is only going to search their own records, their own
5 content for certain things. The need to narrow is not
6 there as it would be with a Google search.
7 And I can say this generally speaking, for any
8 internet research that I do, searching within somebody's
9 database I'm going to come up with a lot -- in other
10 words, if I put the terms "Chamber of Commerce" in the
11 California Business Portal, I'm going to come up with a
12 lot less hits than I'm going to come up if I put the words
13 "Chamber of Commerce" in the Google search engine, which
14 is going to search the entire internet as opposed to just
15 one database.
16 So with these kind of searches, my search
17 parameters could likely have been "Chamber of Commerce."
18 Q. Well, I don't want to have to read back the
19 question, ma'am. I will just restate it. Because my
20 question in essence was: For any of these do you
21 specifically recall the search that you did? That's a yes
22 or no.
23 A. No.
24 Q. So you don't recall the search that you did
25 for any of these particular ones?

1 M. DANNER

2 A. I believe that the search involved "Chamber of
3 Commerce." I mean, the words "Chamber of Commerce" were
4 definitely used.
5 Q. Okay. How about going back to Exhibit 52 and
6 I guess 51, the GuideStar search?
7 A. Mmh-hmm. Yes.
8 Q. Do you have a specific recollection as to the
9 searches that you put in that generated the results that
10 appear there?
11 A. On these I believe I did use more -- I was a
12 little more specific than just "Chamber of Commerce." I
13 believe I used the same parameters that I used on the
14 earlier Google searches, the Google searches that we
15 discussed earlier, which would have been "United States,"
16 "U.S.," "America," "American," "National" with the
17 constant being the words "Chamber of Commerce."
18 Q. Well, how does the document reflect the
19 different results that may have been gotten by any
20 particular search?
21 A. I don't understand the question.
22 Q. Well, with the Google ones it's clear that a
23 search generates specific results.
24 A. Right.
25 Q. Exhibits 51 and 52 just appear to be a large

collection of references?

A. Right.

Q. And what I'm getting at is how did that get generated from -- how did one collection of documents get generated from what you're saying was multiple variations of searches?

A. The simple answer to that is what's not included with this is the list of the results of the searches. At this point it was probably just extra paper. It was repetitive. And it's basically a list of these individuals. I didn't show any thing more or less information. I probably just didn't feel it was necessary to print those results.

Q. What criteria did you use for determining whether or not -- in setting aside when something is duplicative, what criteria did you use for when deciding whether to set aside a particular result?

A. If it didn't have -- if it didn't contain one of the keywords that I was searching for -- again, "United States" "U.S." "America" "American" if somehow a result came up that didn't have those words in it, then I likely disregarded it.

Q. Did you apply any other criteria if there was results that didn't have at least one of the keywords in

it as to whether or not you would include it within your search results?

A. I'm sorry, could you repeat it? I don't understand the question.

Q. Sure.

(The record was read.)

A. No, I don't believe so. I don't believe -- if any of the results didn't contain one of those words, I don't believe I -- I don't believe I printed those results.

Q. Actually the question was the other way. Let me restate it.

I understand your testimony is that you generate a list of results.

A. Right.

Q. And you excluded from those the results that were duplicative and results that didn't actually use the keywords you were searching for. Is that a fair summary of what you have just said?

A. I don't think I said anything right now about it being dupli -- I know I said that earlier about the Google searches. But yeah. Yeah, if the results didn't contain one of those keywords, I didn't print it. That's the --

Q. Okay.

A. -- short answer there.

Q. Okay. Then what I was going in a step further is then that gets you a smaller grouping. You excluded the stuff that did not include a keyword.

A. Right.

Q. Did you apply any further criteria to exclude any additional ones that made the first cut, so to speak --

A. Mmh-hmm, okay.

Q. Did you apply any further criteria to exclude any particular documents from your search results?

A. No, actually I did not.

Q. Look at Exhibit 49, please. This is a document I believe you said it came from a website Answers.com.

A. Mmh-hmm. Yes.

Q. Do you have any knowledge as to how Answers.com collects their information?

A. No, I do not.

Q. Why did you perform this particular search?

A. It seemed logical to search for a Chamber of Commerce.

Q. Well, the result here I believe you said is a

1 M. DANNER

2 dictionary definition here?

3 A. That was probably not the correct

4 characterization of what this is. I mean, I believe

5 Answers.com gathers information from various sources, from

6 various other publications perhaps. That's part of where

7 their information comes from, I believe, is just from

8 other sources, which they will then give credit to. It

9 says right here "Small Business Encyclopedia." I assume

10 that's where this one came from.

11 As far as why or -- I'm sorry, what was it?

12 Q. Well --

13 A. Just words "Chamber of Commerce" I just -- it

14 seemed that was -- like that was part of what I was

15 looking for, so it seemed logical to put "Chamber of

16 Commerce" in something like Answers.com just to get me

17 general -- I suppose you can call it a description, you

18 know, a description of what that phrase means.

19 Q. Why were you looking to determine what the

20 phrase meant, given that you said the scope of your

21 project was finding foreign Chambers of Commerce based in

22 the United States?

23 MR. ELISEEV: Objection. Calls for work product.

24 Instruct witness not to answer.

25 Q. How does this Exhibit 49 relate to what you

stated your project was in this case?

MR. ELISEEV: Objection. Same objection. Instruct not to answer.

Q. Did you look at any of the links that are shown in this exhibit?

A. On this one in particular I don't believe I did.

Q. What's your understanding of what is shown here on the Answers.com -- no. First, how did you generate this data, this information? Or did this information appear on your screen, I should say?

A. I'm sorry. Can I go back? When I looked at the last page I just recalled where this came from. I saw the Wikipedia, and it clicked.

It states here, and I now recall, that this was from Wikipedia, which is an online encyclopedia that is generally regarded as being reputable. As to why I printed this from Answers.com and not directly from Wikipedia, I don't know why I would have done that.

Q. Well, clarify for a second. I'm noticing what you're referring to as being from Wikipedia.

A. On the last page it says "this entry is from Wikipedia."

Q. Which entry?

1 M. DANNER

2 A. The last sentence on the last page.

3 Q. Well, if you look at page 4, doesn't that

4 suggest that the Wikipedia -- if that is the Wikipedia

5 entry -- it begins on page 4?

6 A. Oh, I'm sorry. Yes, yes, yes. You're

7 correct. I'm sorry. I did a lot of work on this. It's

8 difficult to remember exactly what I did for every piece

9 of paper.

10 Q. So can you tell me how you generated this

11 printout? Not how you printed it but how you came to have

12 this information displayed on your computer screen then

13 printed out?

14 A. Oh, as far as that went, that was probably

15 just something that was part of a Google search result.

16 Q. Well, no. I'm trying to be -- I prefer not to

17 get "probably." What I would like to know is how did you

18 -- this document I'm trying to figure out how it got

19 generated. Do you recall how it was that this document

20 got generated?

21 A. I probably did a Google search with the

22 searches I discussed earlier. I probably saw the

23 Answers.com. Most likely I saw because I'm somewhat not

24 overly familiar with it, but I know that it's a website

25 that you know provides information such as this or

definitions information encyclopedic information and just you know -- I don't know how else to explain it than just I accessed it, and I printed it and put it with the other stuff that I found.

Q. What I'm asking is: I mean, you just used the word "probably" about three or four times in your answer there and --

A. Because I'm not sure.

Q. -- I'm saying, do you have a specific recollection as to how it was you generated the document --

A. I already answered that.

Q. -- of --

A. I said no, I don't have a specific --

THE REPORTER: I'm sorry, there is no way I can get both of you speaking very fast both at the same time.

"Do you have a specific recollection as to how it was you generated the document" --

Q. Of Exhibit 49.

A. No, I believe I already mentioned that I don't have a specific recollection. I can't remember what exactly I did for everything. I can tell you that I did this; that I found this, I printed it.

THE REPORTER: And I'm going to ask you to slow down,

1 M. DANNER

2 please.

3 Q. Turning please to Exhibit 49.

4 A. Can I see what you have in your --

5 Q. I'm sorry?

6 A. 49? Are you sure?

7 Q. I'm sorry, 48.

8 A. Okay. Okay. Yes, I've got that.

9 Q. Now, I believe Exhibit 49 is a I believe you

10 testified it was a book that was in the library?

11 A. Yes.

12 Q. And at the end you did some cut and paste of

13 specific ones, specific entries from within the chapter or

14 section 16 that's shown here?

15 A. Correct.

16 Q. How did you select the ones to put at the end

17 of the what has been collectively marked as Exhibit 48?

18 A. I selected them using the same criteria that I

19 used for the Google and other searches, which is "Chamber

20 of Commerce," and then as a secondary criteria would have

21 been "United States," "U.S.," "America," "American,"

22 "National," any of them that had those terms in them I

23 would have -- those are the ones that I would have

24 isolated.

25 Q. Were you looking for only foreign chambers of

commerce based in the United States?

A. That wasn't really the right -- the right term to use. Just most of the results that I came up with with those words "America," "American," "United States," and so forth were foreign chambers, and that was probably not a good characterization of what I did. It just is the first thing that comes to mind because there were so many that represented other countries.

Q. On page 8004, page H08004, at the bottom in the middle --

A. Yes.

Q. -- there's a reference to the U.S. Junior Chamber of Commerce. Do you see that?

A. Yes, I do.

Q. My first question is: Do you know what name the U.S. Junior Chamber of Commerce uses?

A. Uses for?

Q. When dealing with the public. The name it primarily uses?

A. I -- JC? Is that what you're asking me? I've seen the word JC or Associate JCs --

Q. Okay, so you have personal knowledge --

A. -- with them as well. Yeah, I don't -- I'm not -- I don't know that that's the word that they use,

1 M. DANNER

2 but I know that JC is a term of United States Junior
3 Chamber of Commerce. And that's really about all I know
4 about it.
5 Q. Okay. My question is, I noticed that that one
6 wasn't included in the list of the other ones that you
7 included in the sort of the zoomed in entries.
8 A. Chances are that it is. And chances are from
9 just my own organizational purposes I may have put it
10 alphabetically under -- there it is. It's after Italy.
11 Q. Oh, okay. So --
12 A. Sorry about that.
13 Q. -- you went by the second --
14 A. Yeah, just for no reason other than
15 organizational.
16 Q. Okay. Not a problem.
17 And again, just taking the first one off the
18 list here, H7987, and the first one, the Aghan-American
19 Chamber of Commerce.
20 A. Yes.
21 Q. I just wanted to clarify. I may be asking
22 this question other times. But do you have any personal
23 knowledge as to the existence of this organization or as
24 to the marks that it uses in commerce, if it does exist?
25 A. Personal, no personal knowledge. Again, that

1 M. DANNER

2 I haven't physically been there or spoken to anybody. But
3 I have personal knowledge that that there are references
4 to it online and obviously in books here.
5 Q. Okay. Take a look at Exhibit 46, please. I
6 believe Exhibit 46 is a collection of -- well, how would
7 you describe Exhibit 46?
8 A. I would say it's a collection of various
9 websites that contain lists of Chambers of Commerce,
10 specifically in this case, in this instance anyway, of a
11 foreign and binational Chambers of Commerce.
12 Q. And I believe you testified that the -- you
13 got -- you found these, these were some of the results off
14 of a Google search, the linked pages from a Google search?
15 A. I don't recall what led me to actually to
16 search for -- what specifically led me to search for
17 "foreign" and "binational," for those words. I'm sure it
18 was the result of, as I went on in the project and got an
19 idea of what sort of things I was -- was -- or I saw what
20 sort of things I was coming across, I probably branched
21 out from there and did a variety of searches.
22 In other words, this doesn't encompass the
23 whole project. I was given maybe a part of it or a part
24 of -- it's difficult to -- it's sort of difficult to
25 explain because of the nature of the internet. You start

with your basic search then the tentacles reach so far you get in a document that's got a link to another website, that's got a link to another website. So as far as that chain of how I got there, you know, I don't --

I think I'm a little unclear of what you're asking me, actually.

Q. Well, I was trying to ask the question in terms of how it was that you came upon these particular sites and whether you have a specific recollection as to the process that led you to finding these particular documents.

A. I specifically recall doing a Google search for foreign Chambers of Commerce in the United States and for binational Chambers of Commerce in the United States.

Q. Mmh-hmm.

A. That much I remember. And then accessing those links, which is what Exhibit 46 is comprised of.

Q. Has a copy of the Google search been produced in this case to your knowledge?

A. I don't believe so.

Q. Well, let's ask a little bit about the first website, I guess, that's shown here, WorldLawDirect. Do you see that?

A. Yes.

1 M. DANNER

2 Q. Do you have any information as to what --
3 where WorldLawDirect gets its data from?
4 A. No.
5 Q. Do you have any knowledge as to the accuracy
6 of the information contained within the WorldLawDirect
7 database?
8 A. No, I have no personal knowledge of the
9 accuracy any more than any of the others, although they
10 seem to be consistent somewhat.
11 Q. And by others -- I'm sorry.
12 A. -- and other -- other -- any of the other
13 listings in any of the other databases.
14 Q. Okay. Similar question. Do you know how one
15 gets their name listed in a particular these -- any of
16 these databases?
17 A. I do not.
18 Q. With regards to the Google search you were
19 referring to that led you to these particular documents
20 that are collectively shown in Exhibit 46, were there
21 pages you didn't print out that you accessed?
22 A. I would imagine that any of the results that
23 had a list of these types of chambers I would imagine I
24 printed them. Again, I can't -- anytime you do an
25 internet search you're going to come up with things that

1 M. DANNER

2 are not the subject matter.

3 If you put "cat" in the internet search

4 engine, you're going to get things with the animal, you're

5 going to get things I'm sure with Caterpillar tractors, or

6 whatever they are. You're going to get things that -- I

7 mean, words have different meanings. And how the internet

8 or how Google comes up with these results that they give

9 you, I don't know.

10 All I know is if it didn't have anything to do

11 with what I was looking for then I would disregard it.

12 Q. And how did you determine if something had

13 something to do with what you were looking for?

14 A. Well, from my instructions.

15 Q. And what were those instructions?

16 MR. ELISEEV: Objection. Counsel, we talked about

17 it. Calls for work product. Instruct her not to answer.

18 Q. So is it fair to say, then, in the context of

19 this deposition you can't testify as to how you determined

20 whether something was or was not relevant to include in

21 Exhibit 46?

22 A. Is it fair to say that I can't testify to --

23 Q. Without revealing the information your counsel

24 is saying you may not speak to.

25 A. Yes, without revealing that. Yes. I'm not

saying that I don't know.

Q. Let me ask a global question with regards to the information that's contained in these particular documents and specifically with reference to your counsel's instructions in this matter.

To the extent there's a question as to why something -- you made any decision as to why something was or was not -- should be included as being relevant to the subject matter, is there any way you can testify as to that without revealing communications from the attorneys you may have gotten instructions from?

A. As to how I decided whether something was relevant?

Q. Mmh-hmm.

A. How I decided? That's just from experience and knowledge.

Q. Well, what I'm trying to -- experience and knowledge as applied to what understanding? In other words, without knowing your instructions and what you were told, is there any way for us to determine or you to testify to so that we have a full understanding as to what you considered to be relevant or not relevant whenever you had to make a selection criteria?

A. I suppose the overall meaning would be my best

1 M. DANNER

2 answer. I mean, if it was a chamber orchestra, I would
3 skip that result. If it was a Chamber of Commerce, I
4 would look at that result. If it was a Chamber of
5 Commerce for the City of Los Angeles, I would likely
6 disregard that result because it wasn't part of my -- it
7 didn't contain the keywords I was looking for "United
8 States" or "American," "America," again those same
9 keywords.
10 Q. And why were you looking for those keywords?
11 MR. ELISEEV: Objection. Calls for work product.
12 Instruct not to answer.
13 Q. Take a look at Exhibit 47, please. I would
14 like you to turn to page H7981 and ask you some similar
15 questions as to some of the other exhibits.
16 First, do you have an understanding for how
17 these particular organizations were selected or why they
18 appear under this particular heading?
19 A. I don't have any personal knowledge. No. I
20 would imagine why any directory is --
21 Q. Do you have any personal knowledge as to what
22 the criteria was as to whether something should be
23 included here or not?
24 A. Personal knowledge, no.
25 Q. Do you have -- focusing just as an example on

1 M. DANNER

2 the -- well, let's take the last one year, 9098, the U.S.
3 -- it says U.S. African-American Chamber of Commerce. Do
4 you see that?
5 A. Mmh-hmm. Yes, I do.
6 Q. Do you have any knowledge as to whether that's
7 an active organization?
8 A. I have no personal knowledge. No.
9 Q. Do you have an understanding as to what name
10 it may use in holding itself out to the public?
11 A. I haven't had personal dealings with this
12 chamber. I have personal knowledge of what I've seen on
13 the internet with respect to this and the other chambers
14 and that it tends to -- there tends to be a great deal of
15 repetitive information about -- in other words, I see the
16 same -- I tend to see the same chambers again and again,
17 whether that's the U.S. African, the U.S. Junior Chamber.
18 I can tell you there's a lot of information out there
19 about them. I can't tell you personally whether I know
20 that they exist. I would think that they do if there's
21 that much information about them.
22 Q. Well, the question really was what name they
23 actually might be using in holding themselves out to the
24 public and whether you have any knowledge or personal
25 experience as to knowing what name they use in holding

1 themselves out to the public.
2 A. I have no personal knowledge. No.
3 Q. The reason why I'm asking, on the same page
4 you notice on the first column, five lines down, there's
5 the Chamber of Commerce of the United States. Do you see
6 that?
7 A. Yes, I do.
8 Q. Is that your understanding that's the Opposer
9 in this action?
10 A. Yes.
11 Q. Do you have an understanding as to what the
12 trademarks at issue in this -- well, excuse me -- what the
13 trademark registrations owned by Opposer are at issue in
14 this case?
15 A. I'm sure I have looked at the registration at
16 some point. I don't understand as far as the issues go.
17 I can't answer that.
18 Q. Okay. Are you aware that the Chamber of
19 Commerce of the United States is asserting in this case
20 its registration as relates to its use of the name "U.S.
21 Chamber of Commerce"?
22 A. Do I understand --
23 Q. Do you understand that's one of the assertions
24 in this case is that the Chamber of Commerce of the United
25

States uses the phrase "U.S. Chamber of Commerce" and has a registration for that phrase?

A. Yes. I mean, basically I understand that. Yeah.

Q. Okay. And that's what I wanted to get to is because it doesn't say "U.S. Chamber of Commerce" on this list here on page H7981. It says "Chamber of Commerce of the United States."

A. Correct.

Q. Look at Exhibit 44, please. I would like to ask you the same series of questions, but I can try to abbreviate and be short and you can tell me if something is different.

My understanding is this is a collection of websites that you printed out relating to certain specific Chambers of Commerce.

A. Correct.

Q. And what again was the selection criteria for determining which Chambers of Commerce to include in this particular printout?

A. The criteria would have been the constant of Chamber of Commerce, the words "Chamber of Commerce," and then the variant of the "United States," "U.S.," "America," "American," and "National."

1 M. DANNER

2 Q. To your knowledge are there Chambers of
3 Commerce website -- are there -- let me rephrase that.
4 To your knowledge, are there websites operated
5 by any organizations that you visited, the websites that
6 you visited, and which meet the criteria you just
7 enunciated, --
8 A. Mmh-hmm.
9 Q. -- but which are not -- were not printed out
10 and included within Exhibit 44?
11 A. Not to my knowledge. No.
12 Q. Okay. Again, with regards to personal
13 knowledge, do you have personal --
14 A. Can I go back for one second? I'm sorry.
15 Exhibit 44 and Exhibit 45 -- Exhibit 45 is also a printout
16 of those same type of websites.
17 Q. And how is Exhibit 45 different from 44?
18 A. I believe it was just done on a different
19 date. Yes, it was done on a different date. That's
20 really the only difference.
21 Q. Okay. I asked you some questions about
22 Exhibit 44. I would like to address 44 and 45 together, I
23 guess, because if you need to amend any of your answers I
24 don't want to have to repeat the same questions.
25 A. That's fine. That's fine.

1 M. DANNER

2 Q. I believe I asked you about the same selection
3 criteria for Exhibit 44 and whether any were excluded,
4 including Exhibit 45 in that.
5 A. Right.
6 Q. Same answers apply?
7 A. Yeah, I don't believe I excluded anything. If
8 it was a website for an organization that contained those
9 keywords that I found, I printed it.
10 Q. Did you at any point search for the phrase
11 collectively "National Chamber of Commerce"?
12 A. In quotes do you mean?
13 Q. Yeah. Yes, as a unitary phrase.
14 A. I believe I answered that earlier. Not that I
15 recall. I don't believe that I specifically did.
16 Q. Okay. Were these Exhibits 44 and 45 -- is
17 this -- are these webpages linked to the Google searches
18 you performed over here in Exhibits 36 through 42?
19 A. They -- some of them were. All of them may
20 not have been. Some of them may have in the previous
21 exhibit or one of the previous exhibits we discussed,
22 which was -- were these lists of four chambers in the
23 United States from various databases. Some of those
24 databases, if I recall correctly, had links to the website
25 for a particular chamber, and I may have accessed some of

the websites through links as opposed to directly from my Google search results. It's very possible that I did that.

Q. Earlier I did ask you about the Google searching that you did and the phrases "National," "Chamber of Commerce," and "U.S. Chamber of Commerce." I want to expand that a little bit to make sure I'm covering the waterfront, because you mentioned that possibly there's other search engines on the internet other than Google. So I want to broaden it out, and so I want to ask you a series of questions.

Did you conduct any searches during this progress for the phrase "U.S. Chamber of Commerce," "United States Chamber of Commerce" as a phrase, or "National Chamber of Commerce"?

MR. ELISEEV: Objection. Outside the scope of the direct.

A. I don't believe I did as a phrase.

Q. Okay. Now, let me ask you separately. Did you, without quotes, do any of those searches where you'd have national, chamber of commerce without quotes?

MR. ELISEEV: Same objections.

Q. But without -- and leaving aside I know you did the search where you have a wildcard.

1 M. DANNER

2 A. Right.

3 Q. I just mean those specific words and not

4 additional information.

5 MR. ELISEEV: Same objections.

6 A. Okay. I don't specifically recall doing it.

7 I may have, again, because those words all seem very just

8 like very normal words to me that could bring up infinite

9 number of results as opposed to searching for Xerox or

10 something that's going to be more -- you understand what

11 I'm saying? The words themselves can each be used in a

12 myriad of ways.

13 Q. Right.

14 A. So chances are that I did not. I don't

15 believe I did, I put anything in quotes. I wasn't looking

16 for the U.S. Chamber of Commerce, so I can't imagine that

17 that would have been something I did.

18 Q. Okay.

19 A. Yeah.

20 Q. I'm sorry.

21 A. No, that's okay. That's the end.

22 Q. Getting back, then, to Exhibits 44 and 45.

23 With regards to the organizations whose websites are

24 printed here, do you have any personal knowledge as to any

25 of these organizations that appear here or is this just a

printout of websites that you saw on the internet?

A. I don't have personal knowledge. I haven't visited them. I have personal knowledge that they came up in the search results; that I accessed each of them, and that I printed them. And I looked at the screen --

Q. Right.

A. -- and saw that, so --

Q. Let me clarify. What I'm getting at is knowledge about the organization, not that there was an internet site that purports to represent the organization. That's what I'm trying to get at. I'm not disputing at all that -- I believe you that you said you visited US-Angola.org shown on Exhibit 44. You printed it out. This is an accurate copy.

When I ask you personal knowledge about any of these organizations, what I'm asking is apart from the fact that you saw a website that says US-Angola Chamber of Commerce, do you have any personal knowledge that in fact the information contained in this website is true or that such an organization actually exists?

A. I have no personal knowledge, no. I can tell that you there's a lot of material on most of these. Angola is perhaps a bad example.

Q. I just took the first one.

1 M. DANNER

2 A. Okay. Okay.

3 Q. I guess it's alphabetized.

4 A. France is going to be a lot different than

5 Angola because people know where France is. Angola people

6 night not know where that is. It's obviously not as well

7 known. But I can tell you there's a lot of material on

8 them, which would lead me to believe that they actually

9 exist. As far as the accuracy, the truth of the

10 information, no, I have no way of knowing that.

11 Q. Okay. Would that generally apply to -- for

12 example, I'm looking at Exhibit 35, which is a list of I

13 guess 8,000 different -- 8,000 hits on a search. Would it

14 generally apply as well?

15 A. That was the first search that I had done and

16 that I made it very, very general. Again, as with any

17 search, as you go along you see what kind of things you

18 come up with and you continue your search from there. If

19 you don't come up -- if you come up with -- if you search

20 for something specific and only come up with two things,

21 obviously you're going to broaden that search to come up

22 with more things, because the words that you're using

23 might not be the words that someone else is using out

24 there for this material. So you kind of want your results

25 to contain a variety so you can see what's there and make

the decision of whether or not that's what you're looking for.

Q. Now, you mentioned instructions you received in December of 2007. Exhibit 35 is from July of 2006. What led you to create or perform the searches and generate that very large document?

A. That I stand corrected on. The bulk -- the main part of this project was in the latter part of 2007. This was just -- this was just a very general search. I can't even say for sure that I knew what this was for, which case this was for. I was just -- this was just a verbatim search for this.

Q. And what were you searching for?

A. "Chamber of Commerce."

Q. The phrase "Chamber of Commerce"?

A. Yes.

MR. MERONE: Let's take ten minutes or five minutes. I'm probably done.

(Recess.)

Q. Welcome back. I apologize. I missed one exhibit. A couple very brief questions and then I will be done.

If you turn to Exhibit 43, please. What is WorldChambers.com?

1 M. DANNER

2 A. It's, from what I understand, from what I saw,
3 it's a directory, an online directory with contact and
4 some other information, in some cases a number of
5 employees or members or the type of chamber. Again, by
6 that I mean there are fields for that type of information.
7 I don't mean that kind of information is included on every
8 one. But yeah, it's sort of maybe a directory of profiles
9 of different chambers would be a good way to put it.
10 Q. Do you know how they get the information?
11 A. I do not.
12 Q. Do you know how accurate the information is?
13 A. I do not.
14 Q. Do you know what criteria they use to select
15 whether to list somebody?
16 A. I do not.
17 MR. MERONE: That's all I have at this time, ma'am.
18 Thank you very much for your patience.
19
20 REDIRECT EXAMINATION
21 BY MR. ELISEEV:
22 Q. I have a couple more questions.
23 Miss Danner, do you have a law degree?
24 A. No, I do not.
25 Q. Have you ever gone to law school?

1 M. DANNER

2 A. No, I have not.

3 Q. With respect to Exhibit 49, how exactly did

4 you create this document?

5 A. How did I find the website or --

6 Q. No, how did you create it?

7 MR. MERONE: Objection. Asked and answered.

8 Q. Go ahead.

9 A. How did I create it? I found the information

10 online and I printed it.

11 Q. Online? Which website?

12 A. Answers.com.

13 Q. And what search term did you use?

14 A. I don't know.

15 MR. MERONE: Objection. Lack of foundation.

16 Objection. Asked and answered unless the witness is

17 changing the testimony.

18 THE WITNESS: No, I don't believe I am. I don't

19 recall, actually. I don't recall if this was a search

20 within this website for those words or whether this was

21 just a result of my Google searches and I hit that link

22 and went directly to this page. I don't believe it was a

23 search within that website.

M. DANNER

A. Google.

Q. How do you mean by that?

A. I mean that I use Google as a search engine.

Q. I mean Google.com?

A. I'm sorry, yes. Google.com.

Q. Is there any search engines do you use aside from Google?

A. Google is the main one depending on the needs, I might use a search ~~enjoin~~ engine called Clusty, which clusters the search results, separates them into different categories. I did not use that for this search, for this project, however.

Q. Do you use any databases on the internet?

A. I do. And again it just depends on the individual project and what sort of thing I'm looking for.

Q. What databases do you use?

A. Generally speaking?

Q. Yes.

A. Patent and Trademark Office, the USPTO.gov is the main one. Various internet directories, 411.com, Switchboard.com. Again, depending on what I'm looking for, I might use Amazon if I'm looking for particular products.

Q. Any other?

page, and then a copy of Section 16 ~~of the book~~ AND titled "Chambers of Commerce and Trade and Tourism organizations," which is pages 2775 through 2792 of the encyclopedia. And then I also copied the back cover to indicate where it ends.

Q. You said that you copied these pages?

A. I copied them myself. Yes.

Q. And where did you find this book?

A. Oh, this book was in Manatt's law library here in the L.A. office in the reference section.

Q. When did you make the copies?

A. This was also done on Saturday, February 16th, 2008.

Q. And you mentioned that --

A. On this -- what follows this, first you have the part that I just discussed, the actual copies of the pages of the book, followed by an actual cut and paste that I did of only the entries in that section that were Chambers of Commerce. And I actually cut them and pasted them onto a new sheet of paper and had them -- and I enlarged them on the photocopier mainly just for ease of reference. The print is very small in the encyclopedia.

Q. You literally cut and paste them?

A. I literally cut them with scissors and pasted

various dates?

A. I printed out the results of my search within each database. I printed out the -- how can I put this? ~~the~~ The one page, usually one page, record one or two page record from that state's database for each chamber result that ~~I~~ came to as a result of my search within that database if that makes sense.

Q. Okay. Thank you.

(Applicant's 51 marked for identification.)

MR. ELISEEV: Please mark this document as Exhibit 41.

THE REPORTER: 51.

MR. ELISEEV: I'm sorry, 51. Of course.

Let me know, Bill, when you're ready.

MR. MERONE: Okay.

Q. Miss Danner, what is this document? Do you recognize it?

A. Yes, I do.

Q. What is it?

A. These are printouts from the website Guidestar.org.

Q. Who made the printouts?

A. I did that. I did the printouts and the searches.

M. DANNER

a printout of the reports, the GuideStar reports for the -- for various chambers. But I didn't -- this is not a printout -- this does not include any of the attachments to those reports, such as the tax returns, and the previous exhibit did. This is just the reports.

Q. And is this database free and publicly available?

A. To some extent it is. To just obtain basic information without any of the financial data -- assets, income -- for the chamber it is free. You simply have to register on the website with your name and e-mail address. However, to access the financial data you actually have to purchase a subscription for the service.

Q. And did you register to obtain the results of this search?

A. Yes, I did. I registered as well as using it under a subscription, and that's how you get the additional information on the reports.

Q. And when did you perform the search and printed it out?

A. Printed it and performed it on February 27th, 2008.

MR. ELISEEV: Okay. Thank you.

At this point I'm going to move the exhibits

M. DANNER

A. There's a lot of material involved here. So I have to think about that. I'm sorry, I'm trying to recollect exactly how things came into play here. The overall project was foreign chambers in the United States. I'm not sure. I just don't really recollect where that came from. I just don't. I don't recollect.

Q. Okay. Well let's stick with Exhibit 42, then. Were you instructed to use that particular search string in a search?

A. I mean, not that exact search string. Definitely not that. I'm trying to remember if the keywords aside from the base keywords, which were "Chamber of Commerce" were an actual part of my instructions or if I just sort of came up with that in the course of my search.

MR. ELISEEV: I would like to take a break, and we'll come back. We'll take five minutes break. Is that okay, Counsel?

MR. MERONE: You haven't answered the question first.

MR. ELISEEV: Are you done?

THE WITNESS: Yes, I think I am.

MR. MERONE: Okay.

(Recess.)

MR. ELISEEV: Ready to proceed.

M. DANNER

basically I was going off of the initial instructions.

Q. Those initial instructions were, you recall, were in late 2007?

A. To the best of my recollection, but I don't want to ~~square~~ swear to that. I'm not good with time.

Q. And when did you check in with somebody as to the progress of the project?

MR. ELISEEV: Objection. Outside of the scope of the direct. Vague.

A. I really don't know. I mean, I could tell you generally speaking when I'm doing a project I will perhaps do my initial searches, see what sort of stuff I find and, you know, regroup with the attorney and, you know, and get further instructions. It just totally depends on the project, and I don't recall on this one exactly.

Q. Well, would it be before or after the first set of exhibits shown here in 2008, which are the earliest date in 2008 was in February 13th, 2008?

A. I don't recall anything but the initial -- the instructions on this. I don't recall anything but the initial instructions I was given on this.

Q. So --

A. I was given the instructions, and I did my searches and printed my results, and that was it.

M. DANNER

Q. Well, I'm focusing -- what I would like to know is your personal knowledge, and that whether any of the information contained in here you actually have personal knowledge of or whether you're just saying you printed out something from a website and this is what you printed out.

A. I have not personally been to these or spoken to somebody from these Chambers, but I have personal knowledge that there is a lot of material that exists on the various chambers on the internet and in the library books that are part of the exhibits.

Q. Okay. Focusing still on the Argentine-American Chamber of Commerce, Inc. do you have any understanding as to what it uses as a trademark if it is doing business?

A. Not off the top of my head. No, not off the top of my head, not without referencing something.

Q. What about reference to the other Chambers of Commerce generally? I notice there's a lot of material here. We can go through it individually if necessary. What I'm trying to get at here to the extent that you have any personal knowledge as to the actual existence of any of the entities referenced in these documents, setting aside perhaps your client.

M. DANNER

it as to whether or not you would include it within your search results?

A. I'm sorry, could you repeat it? I don't understand the question.

Q. Sure.

(The record was read.)

A. No, I don't believe so. I don't believe -- if any of the results didn't contain one of those words, I don't believe I -- I don't believe I printed those results.

Q. Actually the question was the other way. Let me restate it.

I understand your testimony is that you generate a list of results.

A. Right.

Q. And you excluded from those the results that were duplicative and results that didn't actually use the keywords you were searching for. Is that a fair summary of what you have just said?

A. I don't think I said anything right now about it being ~~dupli~~ duplicative -- I know I said that earlier about the Google searches. But yeah. Yeah, if the results didn't contain one of those keywords, I didn't print it. That's the --

M. DANNER

A. The last sentence on the last page.

Q. Well, if you look at page 4, doesn't that suggest that the Wikipedia -- if that is the Wikipedia entry -- it begins on page 4?

A. Oh, I'm sorry. Yes, yes, yes. You're correct. I'm sorry. I did a lot of work on this. It's difficult to remember exactly what I did for every piece of paper.

Q. So can you tell me how you generated this printout? Not how you printed it but how you came to have this information displayed on your computer screen then printed out?

A. Oh, as far as that went, that was probably just something that was part of a Google search result.

Q. Well, no. I'm trying to be -- I prefer not to get "probably." What I would like to know is how did you -- this document I'm trying to figure out how it got generated. Do you recall how it was that this document got generated?

A. I probably did a Google search with the searches I discussed earlier. I probably saw the Answers.com. Most likely I ~~saw~~ say because I'm somewhat not overly familiar with it, but I know that it's a website that you know provides information such as this or

M. DANNER

definitions information, encyclopedic information and just you know -- I don't know how else to explain it than just I accessed it, and I printed it and put it with the other stuff that I found.

Q. What I'm asking is: I mean, you just used the word "probably" about three or four times in your answer there and --

A. Because I'm not sure.

Q. -- I'm saying, do you have a specific recollection as to how it was you generated the document --

A. I already answered that.

Q. -- of --

A. I said no, I don't have a specific --

THE REPORTER: I'm sorry, there is no way I can get both of you speaking very fast both at the same time.

"Do you have a specific recollection as to how it was you generated the document" --

Q. Of Exhibit 49.

A. No, I believe I already mentioned that I don't have a specific recollection. I can't remember what exactly I did for everything. I can tell you that I did this; that I found this, I printed it.

THE REPORTER: And I'm going to ask you to slow down,

M. DANNER

commerce based in the United States?

A. That wasn't really the right -- the right term to use. Just most of the results that I came up with with those words "America," "American," "United States," and so forth were foreign chambers, and that was probably not a good characterization of what I did. It just is the first thing that comes to mind because there were so many that represented other countries.

Q. On page 8004, page H08004, at the bottom in the middle --

A. Yes.

Q. -- there's a reference to the U.S. Junior Chamber of Commerce. Do you see that?

A. Yes, I do.

Q. My first question is: Do you know what name the U.S. Junior Chamber of Commerce uses?

A. Uses for?

Q. When dealing with the public. The name it primarily uses?

A. I -- JC? Jaycees Is that what you're asking me? I've seen the word JC Jaycees or Associate JCs Jaycees --

Q. Okay, so you have personal knowledge --

A. -- with them as well. Yeah, I don't -- I'm not -- I don't know that that's the word that they use,

M. DANNER

but I know that ~~JC~~ Jaycees is a term ~~of~~ for United States Junior Chamber of Commerce. And that's really about all I know about it.

Q. Okay. My question is, I noticed that that one wasn't included in the list of the other ones that you included in the sort of the zoomed in entries.

A. Chances are that it is. And chances are from just my own organizational purposes I may have put it alphabetically under -- there it is. It's after Italy.

Q. Oh, okay. So --

A. Sorry about that.

Q. -- you went by the second --

A. Yeah, just for no reason other than organizational.

Q. Okay. Not a problem.

And again, just taking the first one off the list here, H7987, and the first one, the Aghan-American Chamber of Commerce.

A. Yes.

Q. I just wanted to clarify. I may be asking this question other times. But do you have any personal knowledge as to the existence of this organization or as to the marks that it uses in commerce, if it does exist?

A. Personal, no personal knowledge. Again, that

M. DANNER

I haven't physically been there or spoken to anybody. But I have personal knowledge that that there are references to it online and obviously in the books here.

Q. Okay. Take a look at Exhibit 46, please. I believe Exhibit 46 is a collection of -- well, how would you describe Exhibit 46?

A. I would say it's a collection of various websites that contain lists of Chambers of Commerce, specifically in this case, in this instance anyway, of a foreign and binational Chambers of Commerce.

Q. And I believe you testified that the -- you got -- you found these, these were some of the results off of a Google search, the linked pages from a Google search?

A. I don't recall what led me to actually to search for -- what specifically led me to search for "foreign" and "binational," for those words. I'm sure it was the result of, as I went on in the project and got an idea of what sort of things I was -- was -- or I saw what sort of things I was coming across, I probably branched out from there and did a variety of searches.

In other words, this doesn't encompass the whole project. I was given maybe a part of it or a part of -- it's difficult to -- it's sort of difficult to explain because of the nature of the internet. You start

M. DANNER

with your basic search then the tentacles reach so far. You get in a document that's got a link to another website, that's got a link to another website. So as far as that chain of how I got there, you know, I don't --

I think I'm a little unclear of what you're asking me, actually.

Q. Well, I was trying to ask the question in terms of how it was that you came upon these particular sites and whether you have a specific recollection as to the process that led you to finding these particular documents.

A. I specifically recall doing a Google search for foreign Chambers of Commerce in the United States and for binational Chambers of Commerce in the United States.

Q. Mmh-hmm.

A. That much I remember. And then accessing those links, which is what Exhibit 46 is comprised of.

Q. Has a copy of the Google search been produced in this case to your knowledge?

A. I don't believe so.

Q. Well, let's ask a little bit about the first website, I guess, that's shown here, WorldLawDirect. Do you see that?

A. Yes.

M. DANNER

Q. I believe I asked you about the same selection criteria for Exhibit 44 and whether any were excluded, including Exhibit 45 in that.

A. Right.

Q. Same answers apply?

A. Yeah, I don't believe I excluded anything. If it was a website for an organization that contained those keywords that I found, I printed it.

Q. Did you at any point search for the phrase collectively "National Chamber of Commerce"?

A. In quotes do you mean?

Q. Yeah. Yes, as a unitary phrase.

A. I believe I answered that earlier. Not that I recall. I don't believe that I specifically did.

Q. Okay. Were these Exhibits 44 and 45 -- is this -- are these webpages linked to the Google searches you performed over here in Exhibits 36 through 42?

A. They -- some of them were. All of them may not have been. Some of them may have in the previous exhibit or one of the previous exhibits we discussed, which was -- were these lists of ~~four~~ foreign chambers in the United States from various databases. Some of those databases, if I recall correctly, had links to the website for a particular chamber, and I may have accessed some of

M. DANNER

the decision of whether or not that's what you're looking for.

Q. Now, you mentioned instructions you received in December of 2007. Exhibit 35 is from July of 2006. What led you to create or perform the searches and generate that very large document?

A. That I stand corrected on. The bulk -- the main part of this project was in the latter part of 2007. This was just -- this was just a very general search. I can't even say for sure that I knew what this was for, which ~~case~~ of the cases this was for. I was just -- this was just a verbatim search for this.

Q. And what were you searching for?

A. "Chamber of Commerce."

Q. The phrase "Chamber of Commerce"?

A. Yes.

MR. MERONE: Let's take ten minutes or five minutes. I'm probably done.

(Recess.)

Q. Welcome back. I apologize. I missed one exhibit. A couple very brief questions and then I will be done.

If you turn to Exhibit 43, please. What is WorldChambers.com?
