Dear Authorized Epiphone Dealer,

August 10, 1993

As we enter the fall selling season, Epiphone sales continue to grow. With the combination of our ever increasing quality, consistent availability, and our newly introduced Holiday Special packages, we expect the up-coming 1993 fall and winter season to contribute strongly to another record breaking year! **Thank you for your support and efforts.**

However, Epiphone sales are not the only thing that have increased this year. **Unfortunately, wood prices during 1993 have increased significantly - from 70% to 300%!** In particular, exotic wood prices from Indonesia such as rosewood and mahogany have increased dramatically.

Obviously, this has had a significant global impact on all guitar production costs. Although we are doing our best to try to keep costs down, we recently received price adjustments from all our suppliers which reflect these increased material costs.

Attached you will find the newly adjusted Epiphone price list effective September 15, 1993. **As always, all back-orders and new orders received and shipped before September 15, 1993 will be invoiced at the old prices. All back-orders and new orders shipped after September 15, 1993 will be invoiced from the attached price list.**

Although virtually all models have gone up slightly, ***Epiphone continues to be the most price competitive and profitable line.*** Additionally, there are some new developments worth noting:

♦ **PR-350S**	Rated #1 in value by Acoustic Guitar Magazine! See enclosed flyer for details.
♦ **New Epiphonic-V Pre-Amp**	Now with both Lo-Z and Hi-Z outputs as standard equipment on all Epiphone Acoustic/Electrics - an added value!
♦ **PR-800S**	Traditional dreadnought with satin finish V-neck, solid spruce top with herringbone binding, and rosewood back and sides. Also available with the Epiphonic-V pre-amp/EQ.
♦ **S-310**	Now available in Tobacco Sunburst (TS) with white pickguard and controls.
♦ **Lefties**	Now available are popular electric models in left-handed versions. See price list for details.
♦ **Hard Shell Cases**	Now available for Epiphone acoustics. See price list for details.

In closing, everyone at Epiphone would like to thank you again for your continued support and business. As we enter this very important 1993 fall and winter sales season, ***you can continue to look to Epiphone for the best possible product, quality, value, and service in the industry.***

Sincerely,

Jim "Epi" Rosenberg
President
The Epiphone Company
