green sprouts™ Bamboo- Naturally Organic & Eco Friendly

Bamboo is possibly the most eco-friendly fabric available. Bamboo replants itself through new shoots and is naturally organic. Since Bamboo naturally resists pests & diseases, pesticides & fertilizers are not necessary. Wearing bamboo is healthy because it wicks away moisture and is naturally hypoallergenic, UV protective and soft next to baby's skin.

Organic Cotton

Certified Organic Cotton is grown without the use of any toxins or synthetic fertilizers, and without the use of any pesticides. It is produced without any harsh chemical bleaches or dyes and is also strictly tested to ensure the absence of chemical and metal contaminants. Since Organic Cotton is Hypo-Allergenic and Chemical-Free it is safer and healthier, especially for allergy sensitive babies. Our Organic Cotton is not only soft and comfortable, but it is also well designed and well constructed clothing. It is substantial, tight knit, making it stronger and more durable than regular cotton. We've also designed our Organic Cotton Clothing with a unique stitching that doesn't have any rough edges touching baby's skin.
