ABOUT

The Print
The Artist
The allure of magnificent wildlife and exotic destinations emanate a hushed majesty in freelance illustrator Steve Forney's work. Using airbrushing and digital techniques Forney renders simple, elegantly powerful work which is influenced by 20th century poster art. Characteristically subtle and provocative with vintage quality his work has a masculine edge with scenes and things he has encountered as a world traveler. Forney, from Northern California, worked as a commercial illustrator for years and continues to work on many famous ad campaigns for top name brands and corporations.
