Title: Pucel's Notice of filing And Certificate of Service of trial depositions of Anthony MCKAr And Robert MCKAr Along with Exibits thereto

Part 2 of 06

The trademark was first used at least as early as June 30, 1999, was first used in interstate commerce at least as early as June 30, 1999, and is now in use in such commerce.

The mark described above is used on an Internet website designed and maintained by the applicant. Three screen shots displaying the mark are attached.

I, SHIRAZ BALOLIA, declare that I am the President of the applicant corporation and am authorized to make this declaration; that I believe GRIZZLY INDUSTRIAL, INC. to be the owner of the trademark sought to be registered; that to the best of my knowledge and belief no other person, firm, corporation, or association has the right to use said mark in commerce, either in the identical form or in such near resemblance thereto as may be likely, when applied to the goods of such other person, to cause confusion, or to cause mistake, or to deceive; that all statements made herein on my own knowledge are true; that all statements made on information and belief are believed to be true; and that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that willful false statements may jeopardize the validity of the application or any registration resulting therefrom.

The applicant hereby appoints Michael R. Schacht, Reg. No. 33,550, Robert B. Hughes, Reg. No. 19,304, and Michael F. Hughes, Reg. No. 41,084, members of the Bar of the State of Washington, with a mailing address of 2801 Meridian Street, Suite 1, Bellingham, WA 98225, as its attorneys to prosecute this application to registration, to receive correspondence from and transact all business in the Patent and Trademark Office in connection therewith, and to receive the Certificate of Registration.

Please direct all communications to:

Sir:

GRIZZLY INDUSTRIAL, INC., a corporation duly organized under the laws of the State of Washington, and having a principle place of business at 1821 Valencia Street, Bellingham, Washington 98226, requests that the above-identified mark be registered in the United States Patent and Trademark Office on the Principal Register established by the Act of July 5, 1946, for the following goods/services:

Retail sale of material handling and storage items, namely storage cabinets, file cabinets, portable workbenches, machine cabinet stands, heavy duty tool stands, assembly stools, welding benches, workbenches, workbench cabinet units, workstations, utility tables and carts, mobile tables and carts, hydraulic lift top tables, portable writing tables and carts, box carts, shop tray trucks, hopper tables, stock carts, shop trucks, ladder stock carts, shelf trucks, hand dump trucks, rollover dump trucks, rollover box trucks, box truck, shelf trucks, garment trucks, dolly platform trucks, portable bins and shelf carts, all-purpose hand trucks, drum and can handling equipment, mobile door cabinets, shelving and racks, in International Class 035.

The present application is being filed based on a bona fide intention to use the mark in commerce on or in connection with the goods listed in the application since the filing date of the application.

The mark described above will be used in commerce by applying it to the product, to labels attached to the product, and/or to packaging for the product.

I, Shiraz Balolia, declare that I am the President of the applicant corporation and am authorized to make this declaration; that I believe GRIZZLY INDUSTRIAL, INC. to be entitled to use the mark in interstate commerce; that to the best of my knowledge and belief no other person, firm, corporation, or association has the right to use said mark in commerce, either in the identical form or in such near resemblance thereto as may be likely, when applied to the goods of such other person, to cause confusion, or to cause mistake, or to deceive; that all statements made herein on my own knowledge are true; that all statements made on information and belief are believed to be true; and that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that willful false statements may jeopardize the validity of the application or any registration resulting therefrom.

The applicant hereby appoints Michael R. Schacht, Reg. No. 33,550, Robert B. Hughes, Reg. No. 19,304, and Michael F. Hughes, Reg. No. 41,084, members of the Bar of the State of Washington, with a mailing address of 2801 Meridian Street, Suite 1, Bellingham, WA 98225, as its attorneys to prosecute this application to registration, to receive correspondence from and transact all business in the Patent and Trademark Office in connection therewith, and to receive the Certificate of Registration.

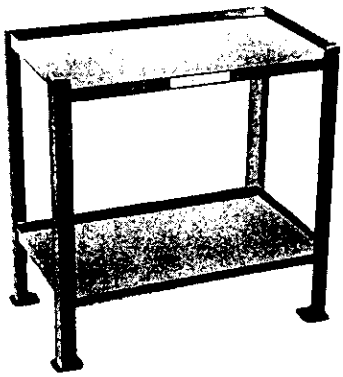
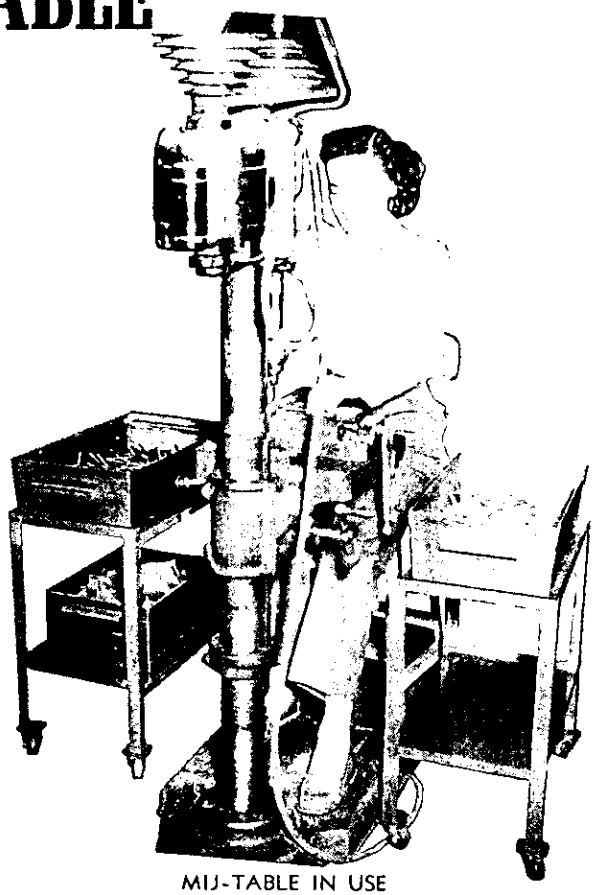
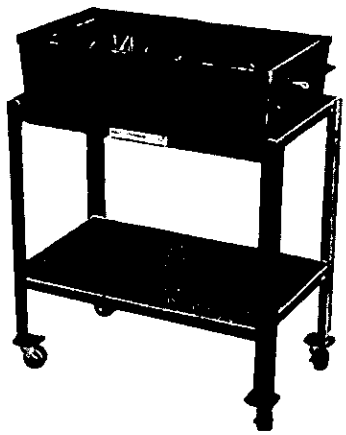
"MIJ" TABLE T.M.



T-213



MIJ-TABLE IN USE



TC-213

NEW!

For Faster Production Line Needs!

Takes As Little Space As A Tote Box!

RUGGED – COMPACT – HIGH QUALITY AT LOW COST!

• 250 POUNDS CAPACITY ON EACH SHELF •

The GRIZZLY "Mij" Table is the answer to your problem for a durable service table that can be used in the handling of parts during production. Use it beside Drill Presses, Punch Presses, Lathes, Automatics and other machines. Holds shop boxes at the right height and position for rapid handling. Less fatigue for the operator. More production—less confusion. With casters there is no need to lift tote pans, move pan right on the table to the next operation. All welded construction—ready to use. Back and Side Stops on shelves. Drop Front on all shelves. Cabinet Green Finish.

SPECIFICATIONS

(All Tables 13" wide and 23" long. Heavy Gauge Shelves. Structural Angle Legs.)

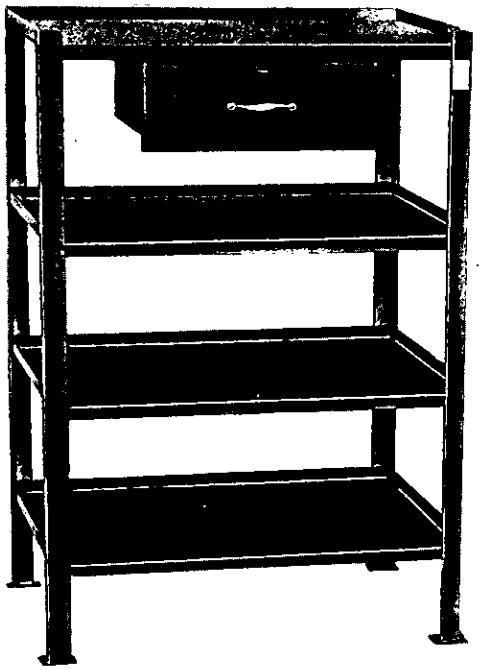
"HI-BOY" UTILITY STAND

- ★ 400 Pounds per Shelf
- ★ Combination Table and Storage Rack
- ★ Top and Height Just Right for Stand-Up Working Surface
- ★ For Small Die Storage and Set-Up Around Punch Presses
- ★ For Parts Inspection
- ★ Sturdy Drawers for Set-Up Men's Tools



28D

Hi-Boy Tables are designed and built to carry heavy loads of parts, tools and production items. Used as service tables for machine operators, repairmen, production workers, and on assembly lines. Ideal for many uses in garages, small shops and warehouses. Provide excellent storage for dies, tools and testing instruments; convenient to presses and other machines.

Back and side stops on shelves prevent roll-off of parts. Drop fronts for sliding items on and off and for easy cleaning. Steel pads on legs avoid floor marks. All welded construction — no assembly required by users. Ready for immediate use.

List No.	Description	List Price Each
28	THREE SHELVES (Shipping Weight 74 lbs.)	$26.00
28D	THREE SHELVES AND DRAWER (Shipping Weight 82 lbs.)	34.50

Both Models 28½" wide; 20½" deep; 43" overall height: 42" height of table top.
Side and Back Stops 1" high on all shelves.
Drawer—14"x16"x5", with padlock attachment.
Cabinet Green finish.

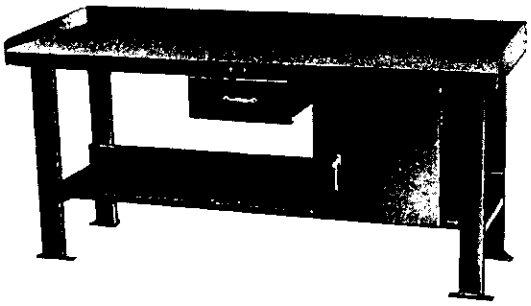
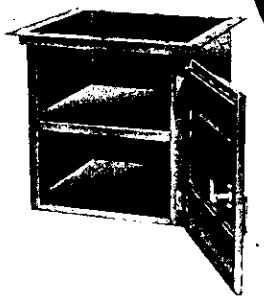
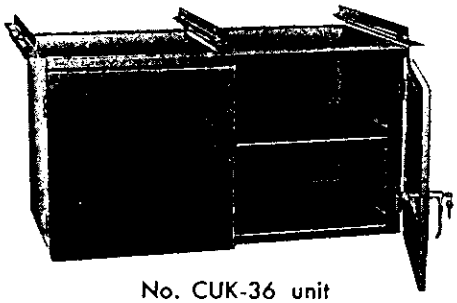
WORK BENCH CABINET UNITS



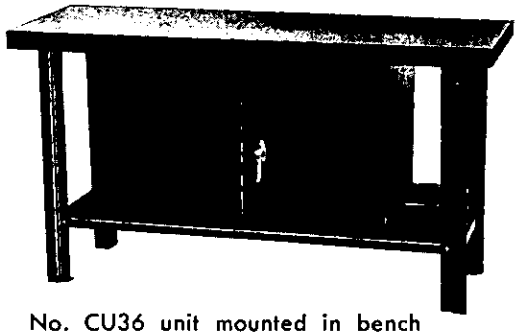
No. CU18 unit mounted beside drawer in steel work bench



No. CU18 unit



No. CUK-36 unit



No. CU36 unit mounted in bench

Cabinet storage can often be more efficient than drawer storage for many items. Articles are protected in a cabinet and within easy reach. They can be placed neatly and are not subject to being jarred or rolled around as in a drawer when it is pulled open and then slammed shut.

Heavy 16 gauge steel used throughout with flanged reinforcement. Shop Green finish on all standard models.

Use with either wood top or all metal benches. Quickly fastened to wood top with lag screws or bolted if you wish. Easily attached to metal top by means of machine bolts and additional angle iron supports which are furnished, when requested. When it is noted on order that unit is for steel bench, angles are included with shipment. Holes are elongated in tops of unit and supports for rapid alignment with bolts.

Z000060

Please indicate on order if unit is for installation with steel bench.

TOOL CABINET BENCHES

CK-1848

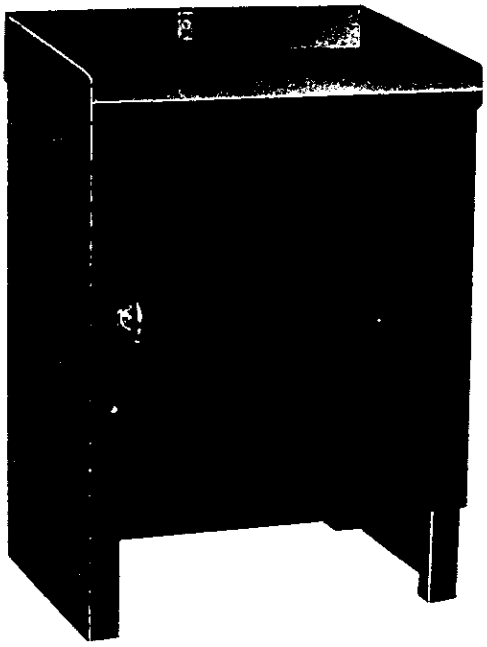
BUILT FOR YEARS OF SERVICE



C-1824

Heavy Duty benches that provide a solid working surface plus closed door storage. Ideal for Tool Rooms, Inspection Departments, general shop usage, garages, shipping rooms or stock rooms. Built for rugged endurance with a finish desirable in office use.

Sturdy shelves that will carry over 200 lbs. Two shelf models have floor clearance of 8" with 14¾" of space between bottom shelf and center shelf and 10" clearance between center shelf and top. Three shelf models clear floor by 7" and have 7½" clearance between shelves. Reinforced swinging doors protect all storage items.

Back Stops 3" high with Side Stops that taper to 1½" in front prevent roll-off of parts from bench top. Drop Front for ease in sliding heavy units on and off.

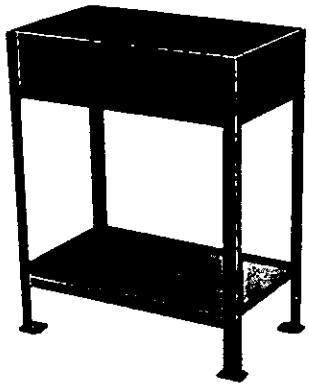
"BOX-CARTS"

THE HANDIEST CART YOU CAN HAVE IN YOUR PLANT

Combines a Tote Box with a highly manuverable cart. Meets numerous needs for stocking assembly lines and machines; moving work parts in warehouses and stock rooms; collecting and moving items in tool cribs and shipping rooms.

Easily turned in even narrow aisles speeds up jobs, reduces work fatigue by eliminating manual lifting of heavy shop boxes and places parts at a normal work elevation. Makes "good housekeeping" easy.



B213

BC213

Practical — Economical Moderately Priced

Sturdy structural angle frame with 16 gauge metal used for both container and shelf. All arc welded construction. One inch stops on three sides of bottom shelf. Husky finest quality swivel type casters. Model without casters has large floor protecting leg pads. Designed for shop durability but finished well enough for office use.

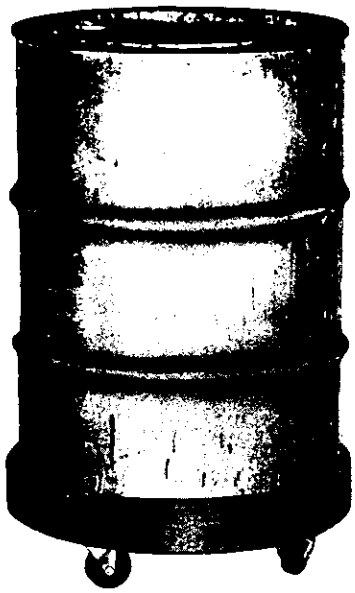
No. 81 DRUM DOLLY



CAPACITY
1000 LBS.

QUICK—EASY—SAFE

Large size, easy rolling ball bearing casters permit the easy, quick and safe movement of even the heaviest loaded drums. **All welded, rugged construction for years of hard use.**

FITS PRACTICALLY ALL DRUMS

Holds 55-gallon and smaller standard drums, loaded and unloaded, open and closed.

HOLDS OTHER CONTAINERS

Used for disposal cans, wooden barrels, and many other containers which fit into the 24 inch circular opening.

HAS MANY USES

Transfer of production parts and materials from operation to operation.

Cleaning parts for finishing.

Paint dipping and spraying.

FOR COMMERCIAL AND MAINTENANCE SPRAYING

Maintenance Men, Roofing, Painting and other contractors use the open drum on dollies as a paint reservoir for spraying with specially fitted air compressor designed for open top of drum. Just push the drum dolly to the desired location for spraying. Painters and contractors like this easy way of supplying paint and other material for spraying.

SAFETY ORANGE FINISH KEEPS DOLLY ALWAYS IN VIEW—EASY TO FIND

5 inch high dolly sides prevent tipping when loading drum unto dolly and helps to hold drum securely on top of dolly. 24 inches inside diameter.

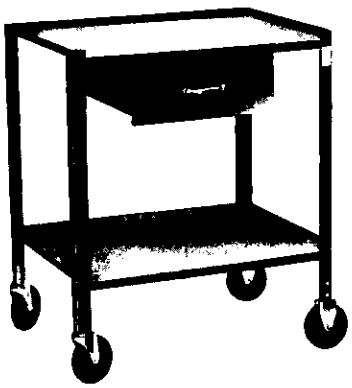
H3D

250-300 LBS. PER SHELF



LDC with 5" Casters

40 MODELS

FOUR SIZES 40 MODELS

GRIZZLY high quality tables will handle heavy loads of tools, parts or other items. Used for production workers, machine operators or repairmen on assembly lines, beside machines, in garages, small shops or warehouses.

Back and side Stops on shelves prevent parts from rolling off. Drop Fronts for sliding items on or off and for easy cleaning. Steel Pads on legs avoid floor marks. Sturdy deep drawers — all furnished with attachment for padlock.

All welded construction. Models with pivot bearing swivel casters can be used to move parts from one machine to another.

A size and model to fit your needs. Two or three shelves — one, two or three drawers — or combinations of shelves and drawers.

ATTRACTIVE FINISH, ACCEPTABLE FOR OFFICE OR EVEN HOME USE

S, L, H, & K Series tables can be furnished with 5" durable ball bearing casters when ordered. For prices add $5.30 to list price of any caster model in the four series cataloged on next page. Casters are furnished 2 swivel and 2 rigid, with all the desirable characteristics of strong construction throughout, with ground lapped and polished ball bearings, solid rubber cushion tread wheels.

Highest quality at reasonable prices. — Opposite page for complete specifications.

STEEL SHOP EQUIPMENT

"HI-BOY" UTILITY STAND

T.M.

- **400 LBS. PER SHELF**
- **COMBINATION TABLE AND STORAGE RACK**
- **TOP AND HEIGHT JUST RIGHT FOR STAND-UP WORKING SURFACE**

Both Models 28½" wide; 20½" deep; 43" overall height: 42" height of table top.
Side and Back Stops 1" high on all shelves.
Drawer I.D. 14" x 16" x 5", with padlock attachment.

Hi-Boy Tables are designed and built to carry heavy loads of parts, tools and production items. Used as service tables for machine operators, repairmen, production workers, and on assembly lines. Ideal for many uses in garages, small shops and warehouses. Provide excellent storage for dies, tools and testing instruments; convenient to presses and other machines.

Back and side stops on shelves prevent roll-off of parts. Drop fronts for sliding items on and off and for easy cleaning. Steel pads on legs avoid floor marks. All welded construction — no assembly required by users. Ready for immediate use.

Drawer slides effortlessly on ball bearing rollers. Positive stop can be released for drawer removal. Sliding tray 13½" x 8" x 1" holds small items within easy reach.

List No.	Description	List Price Each
28	THREE SHELVES (Shipping Weight 74 lbs.)	**$26.00**
28D	THREE SHELVES AND DRAWER (Shipping Weight 82 lbs.)	**34.50**

TWO-WAY UTILITY TABLES

TWC 2034

- Ideal for two-shift operation. Each machine operator or set-up man has his own drawer and one end of bottom shelf for tool box plus additional storage space.
- If one end of table is against wall, easy rolling casters permit quick turn around of table at shift change.
- One table takes place of two when used between machines with access to table from aisles on either side of production lines.
- Husky, long life all-welded construction. 250 lbs. or more capacity on each shelf. Drawers slide effortlessly on ball bearing rollers. Positive stop can be released for drawer removal. Sliding tray 13½" x 8" x 1" in each drawer.

SPECIFICATIONS

Both models 20" wide, 34" long and 35" high overall. Side Stops on top and Shelf. Bottom Shelf 8" from floor. 16 ga. Shelves. Legs 1½" x 1½" x ⅛" structural angle. I.D. of drawers, 14" x 16" x 5", with standard padlock attachment. 2½" steel, pivot bearing casters on Model No. TWC 2034.

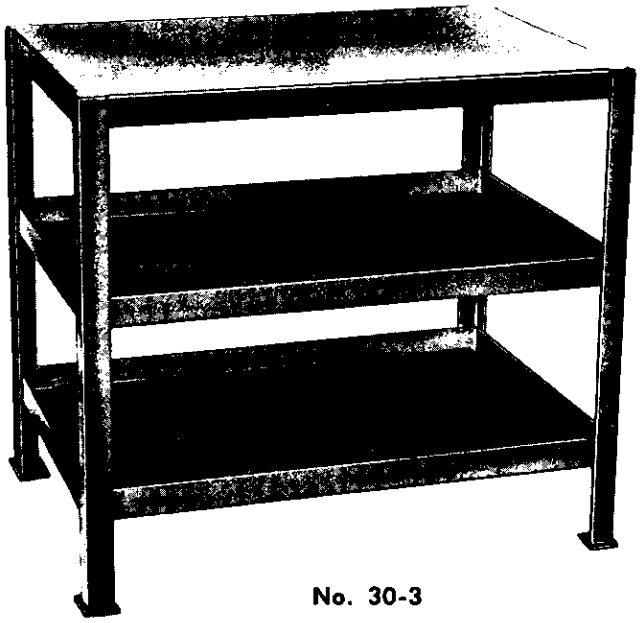
HEAVY DUTY TOOL STANDS

ALL WELDED CONSTRUCTION



No. 30-3

2000 lb. CAPACITY

Heavy Duty Tool Stands have a broad usage in many industries where heavier than average weights are an every-day occurrence.

Ideal as a service table for machine operators.

Flat top for sliding heavy dies, tooling or shop boxes on and off. Height 32½" for greatest convenience.

Tray shelves 2" deep provide additional storage capacity. Clearance between shelves on 2 shelf model 21-1/4"; 3 shelf model 9-5/8". Floor clearance 6-9/16" on all models.

Sturdy 12 gauge shelves arc welded to 1-3/4" x 3/16" angle posts assure years of rugged service.

Pads on bottom of legs protect your floors.

WORK BENCH CONSTRUCTION

Reinforced plate steel tops. Reinforced channel type stringers on all models. Shelving is also of channel reinforced construction to hold heavy loads and avoid sagging. Legs are channel formed with added gussets for additional strength.

All welded construction — no bolts, rivets or other parts that have to be continually tightened.

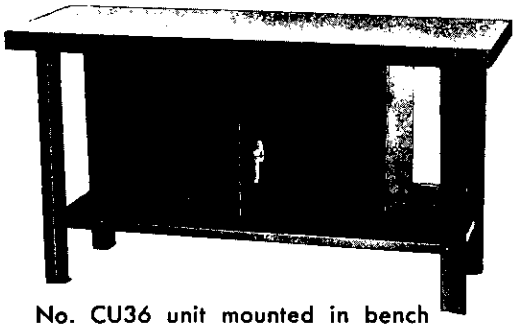
No. CUK-36 unit



No. CU36 unit mounted in bench

Cabinet storage can often be more efficient than drawer storage for many items. Articles are protected in a cabinet and within easy reach. They can be placed neatly and are not subject to being jarred or rolled around as in a drawer when it is pulled open and then slammed shut.

Heavy 16 gauge steel used throughout with flanged reinforcement. Shop Green finish on all standard models.

Use with either wood top or all metal benches. Quickly fastened to wood top with lag screws or bolted if you wish. Easily attached to metal top by means of machine bolts and additional angle iron supports which are furnished, when requested. When it is noted on order that unit is for steel bench, angles are included with shipment. Holes are elongated in tops of unit and supports for rapid alignment with bolts.

Please indicate on order if unit is for installation with steel bench.

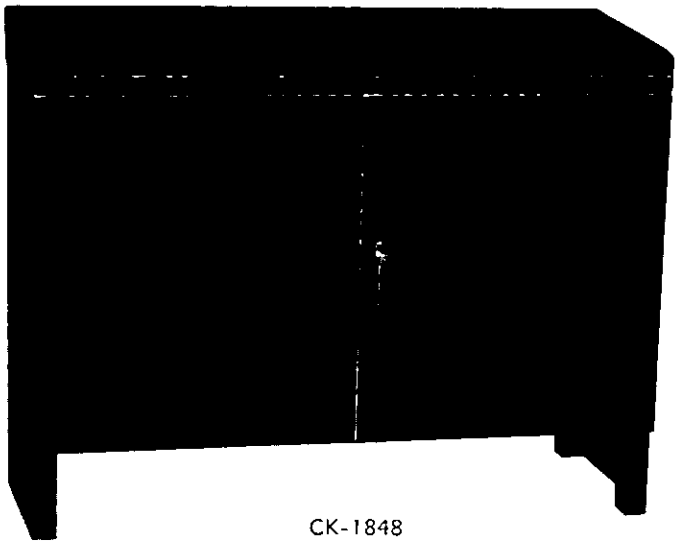
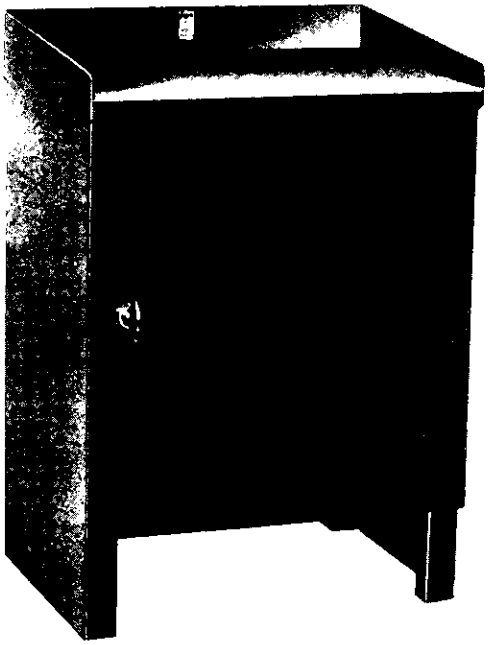
TOOL CABINET BENCHES



CK-1848

BUILT FOR YEARS OF SERVICE



C-1824

Heavy Duty benches that provide a solid working surface plus closed door storage. Ideal for Tool Rooms, Inspection Departments, general shop usage, garages, shipping rooms or stock rooms. Built for rugged endurance with a finish desirable in office use.

Sturdy shelves that will carry over 200 lbs. Two shelf models have floor clearance of 8" with 14¾" of space between bottom shelf and center shelf and 10" clearance between center shelf and top. Three shelf models clear floor by 7" and have 7½" clearance between shelves. Reinforced swinging doors protect all storage items.

Back Stops 3" high with Side Stops that taper to 1½" in front prevent roll-off of parts from bench top. Drop Front for ease in sliding heavy units on and off.

STEEL SHOP EQUIPMENT

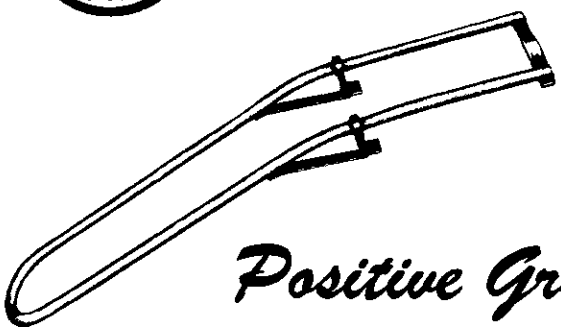
DRUM UP-ENDER

(Patent Pending)



Positive Grip!

Easy to Use!

Safe!

Tilts drums from horizontal to vertical position with ease, speed and safety. Gives maximum leverage for lifting even the heaviest loaded drums.

Tool will not twist in hands of operators permitting positive control. Drum stops where you want it with no slipping or rolling.

Used with all standard drums or barrels.

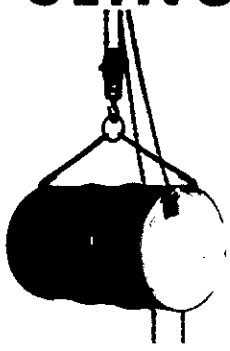
Always in sight with its bright safety orange finish.

All-welded construction — Rugged and Compact.

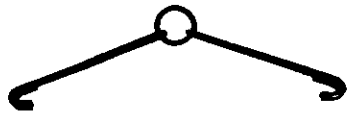
	List Price Each
No. 80 Drum Up-Ender	**$7.95**

Approximate Shipping Weight — 12 lbs.

SLING TYPE DRUM LIFTER



750 LB. CAPACITY



ALL WELDED CONSTRUCTION

Drums horizontally lifted safely and surely with this low cost tool everyone has use for. The harder the pull the tighter it grips and holds the drum. Use it to load your GRIZZLY rack.

Bright safety orange finish to comply with safety codes — easy to locate when ready to use.

No. 84

Approximate Shipping Weight 11 lbs.

GENERAL TERMS and CONDITIONS

CATALOG PRODUCT NUMBER: When ordering any item, specify the catalog product number as shown to avoid error in processing your order.

PRICES: All prices are established F. O. B., our Factory, Cleveland, Ohio, U. S. A., and subject to change without notice. We reserve the right to invoice at prices in effect at time of shipment. Resale pricing submitted to distributors on request. Prices do not include any applicable taxes, duties or any other governmental charges.

SPECIFICATIONS: Subject to change without notice.

ROUTING SHIPMENTS: Unless a preferred routing is specified on your order, shipment will be made best way (sea, air or rail freight; express; commercial truck or parcel post), transportation collect. Where shipment is prepaid at the purchaser's request, a separate invoice will be issued for such freight charges.

DAMAGED GOODS: Instruct your drayman not to accept any items from the Transportation Company unless they are in perfect condition. If he discovers any damage, the Carrier's Agent must make the proper notation on the receipt.

CONCEALED DAMAGE: Should the damage not be discovered until after the items are unpacked, it should be reported AT ONCE to the Agent, who will make an inspection and grant a "concealed damage" notation. This report must be made to Agent of delivering carrier immediately. Unless this is done, all items replaced or repaired on account of damage shall be at YOUR expense. We cannot be held responsible, for the goods left our plant in perfect condition and so signed for by the Transportation Company.

RETURNED SHIPMENTS: Goods are not to be returned without written permission from our Company. A handling charge shall be made on all goods returned, as well as reconditioning charge if required.

CHANGES AND CANCELLATIONS: Goods designated as "special" are not subject to changes or cancellations as they are manufactured for each individual order.

All prices in this Catalog are subject to change without notice. F. O. B. Factory, Cleveland, Ohio, U.S.A.

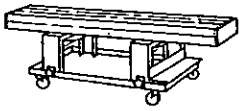
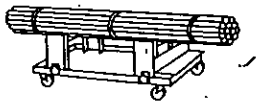
ADJUSTABLE TOP LOADING RACKS





Speeds up shipping room operations, designed to pass steel strapping or rope under cartons or bundles which can be lifted off unit with sling, fork truck, etc. Adjustable top loading racks can be positioned anywhere along the length of base, and locked in place by screw knobs, (one on each side). The base is a tray 2" deep and can be used for storage of strapping material. The top loading racks have hinged lids. When down they provide a flat surface (6-1/2" x 23-1/2") used for cartons, boxes, crates, etc. When opened at 180 degrees they expose a cradle rest used for tubing, pipe, rounds and irregular shapes and the covers can be used for storage trays.

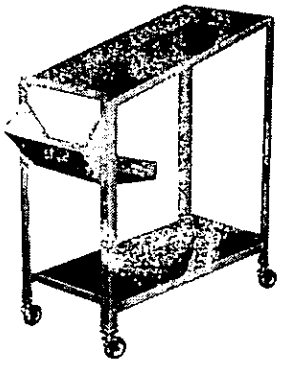
HOPPER TABLES



All welded construction, used beside machines for holding tote box on the sloping lipped top shelf filled with parts, which operator feeds into the machine operation, the machined parts are dropped into the chute opening into the tote box on the bottom shelf. Tote box filled with machined parts is then transferred to the next operation. These operations are repeated on the production line resulting in quicker and lower production costs with less fatigue on the workers. Hopper Tables are especially used on small parts production and assembly.

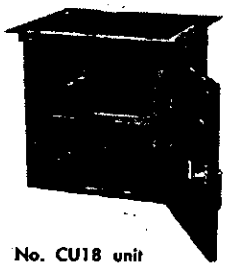
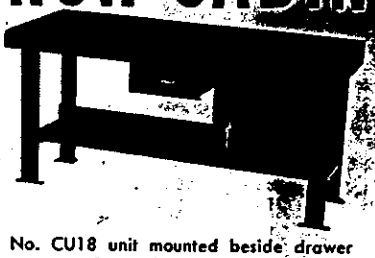
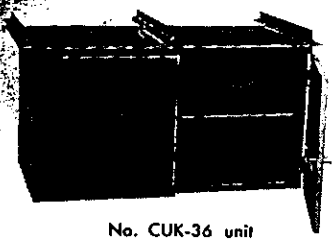
WORK BENCH CABINET UNITS



No. CU18 unit



No. CU18 unit mounted beside drawer in steel work bench



No. CUK-36 unit

Cabinet storage can be more efficient than drawers for many items, which can be placed neatly and are not subject to being jarred or rolled around as in a drawer.

Heavy gauge steel used throughout with flanged reinforcement.

Use with either wood top or all metal benches. Quickly fastened to wood top with bolts or lag screws. Easily attached to metal top with machine bolts and angle iron supports furnished on request. Holes are elongated in tops of unit and supports for rapid alignment with bolts.

Model No.	Dimensions in Inches				Lock	Shipping Weight	Price

BENCH DRAWER UNITS

Drawer units can be fastened to either wood or steel benches, tables, desks or counters.

All welded construction. Padlock attachments for each drawer. Drawer stop prevents drawer from pulling out of slides. Release stop for removal of drawer. Fingers fit easily into drawer pull. Drawer slides effortlessly on BALL BEARING nylon rollers.

Sliding tray in each drawer holds small items within easy reach. Tray size: 13-1/2" x 8" in 1416 and 1424 Series; 19-1/2" x 8" x 1" in 2024 Series.

Casters — All Models — 2" Semi-Steel — 2 Swivel, 2 Rigid

ONE EZY-DOWN Handle operates many cradles.
CANNOT TWIST in operator's hands, positive control, does not slip.
ONE MAN OPERATION -- Push cradle lip under bottom rim of drum in vertical position. Slide EZY-DOWN Handle into receiver tubes, push down welded grabs over rim of drum. Downward pull on handle toward operator easily breaks and lays cradle with drum horizontally on floor for quick movement to any location.

EZY-DOWN Drum Cradles have all welded tubular frames and channel braces for modern styling and added strength. Designed for rugged use. All edges round and smooth. Completely assembled. Ready for immediate use.

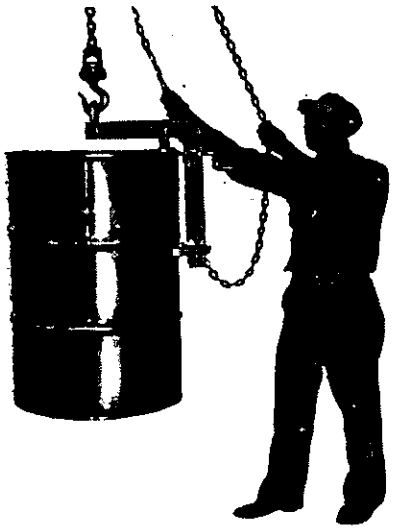
NO. 235 DRUM LIFTER

Grizzly®



PATENTED

2000 LBS. CAPACITY

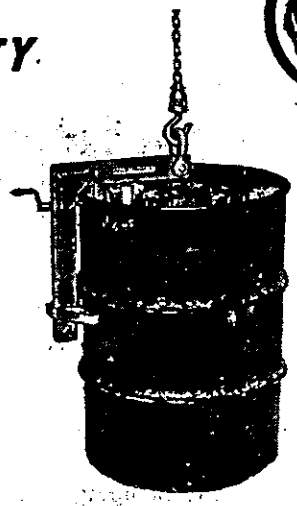
For Open or Closed Drums

USED WITH

Fork Trucks

Chain Falls

Cranes and Hoists



☆QUICK -- Lifter attached and removed in seconds.

☆SAFE -- Fast turning crank handle to lock Upper Jaw to drum top. Holds drum rigidly even when swaying or when bumped.

☆VERSATILE -- Lifter moves 55 and 30 gallon, and even smaller steel drums with practically no manual labor -- the lifter does the work.

☆LIGHT -- Weighs only 26 pounds. One man can handle with ease.

☆ADJUSTABLE -- Slide Lower Jaw on vertical bar to position below nearest chime of drum. Jaw rests on off-center cam.

☆LIFTS -- Old and new drums, open or closed, battered or lopsided -- all with the same ease and positive safe grip.

☆STACKS -- and tiers drums vertically in close quarters.

☆RUGGED -- All welded construction for years of hard use.

☆FINISH -- Safety Orange.

PRICE, —$49.50
(Shipping Weight — 32 lbs.)

PIGEON HOLE BIN UNITS

All welded, rigid units, completely assembled ready for use.

Used for parts inventory and control in factories, stores and warehouses.

Firmly attached label holders also used as stops, holding loose parts from falling out of openings. With the unit placed so the label holders are at the top, parts and other material can easily be slid out of openings.

Units have modular lengths, are interchangeable, can be set in combinations in racks; or tiered, one on the other to any height, with units bolted together for firmer attachment.

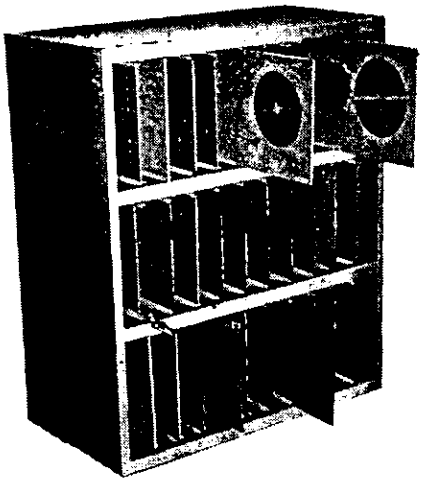
PEGBOARD CABINET

SPACE SAVER – COMPACT STORAGE

REQUIRES ONLY 4-1/2 SQUARE FEET OF FLOOR SPACE
FOR 150 SQUARE FEET OF WALL SPACE

Used in tool cribs, stock rooms, automotive supply, engineering departments beside machine operations for tool storage, etc.

Vertical pegboard panel holds items on both sides with standard wire clips. Adjustable spacing between panels can be used as close as 1-1/2" centers. Label holder strips to identify each panel. One panel can hold tooling for complete job. Slide out of cabinet, set-up on machine, return to tool crib. Each part number can be tagged on panel.



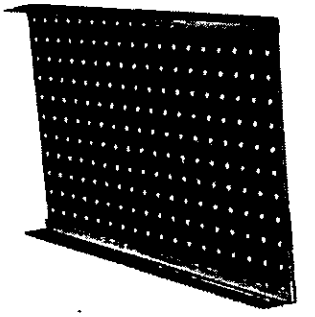
BASIC CABINET WITH VERTICAL PANELS

SPECIFICATIONS

Overall Dimensions of Cabinet: 18-1/4" deep x 36" wide x 42-1/4" high.
Openings: 12" High, 1" Label Holders.
Vertical Dividers: 1/4" Hard Tempered Presswood, 12" x 18".
Finish: Shop Green.

BASIC CABINET SHIPPED ASSEMBLED

Determine the number of vertical panels for your requirements. Extra panels can be purchased at any time.



VERTICAL PANEL

SPECIAL EQUIPMENT

WE SPECIALIZE IN MATERIAL HANDLING, DRUM AND SHOP EQUIPMENT OF ORIGINAL DESIGN AND MAINTAIN AN ENGINEERING DEPARTMENT FOR THE EXCLUSIVE USE OF OUR CUSTOMERS.

CONSULT US ON YOUR SPECIAL DESIGN PROBLEMS--WE WILL SUBMIT A DESIGN AND QUOTATION FOR YOUR APPROVAL.

WE HAVE MANUFACTURED HUNDREDS OF SPECIAL ITEMS. OUR FILES CONTAIN MANY DRAWINGS AND PHOTOS OF UNUSUAL EQUIPMENT WHICH WE DO NOT CATALOG, BUT MAY HELP TO SOLVE YOUR PROBLEMS.

WHEN REQUESTING A QUOTATION ON SPECIAL FABRICATION, PLEASE FOLLOW THIS OUTLINE:

1. GENERAL DESCRIPTION:
   Truck, Work Bench, Stand, Dolly, Lifts, Carts, etc.

2. QUANTITY:
   Determines price.

3. GENERAL DESIGN:
   Type of shelf; flat or tray; Type of top, Handle, etc.

4. METAL PARTS:
   Size of angle iron, channel, bar, tubing, sheet steel.

5. DIMENSIONS:
   Indicate inside or outside dimensions; width, length, height.

6. PAINT FINISH:
   Standard Colors: Shop Green, Gray or Orange.

7. CAPACITY:
   Load-Pounds: Entire unit, per caster, per shelf.

8. SPECIAL DESIGN FEATURES:
   Your own ideas of how unit should be constructed.

GENERAL TERMS and CONDITIONS

CATALOG PRODUCT NUMBER: When ordering any item, specify the catalog product number as shown to avoid error in processing your order.

PRICES: All prices are established F.O.B., our Factory, Cleveland, Ohio, U.S.A. and subject to change without notice. We reserve the right to invoice at prices in effect at time of shipment. Prices do not include any applicable taxes, duties or any other governmental charges.

SPECIFICATIONS: Subject to change without notice.

ROUTING SHIPMENTS: Unless a preferred routing is specified on your order, shipment will be made best way (sea, air or rail freight, express, commercial truck or parcel post), transportation collect. Where shipment is prepaid at the purchaser's request, a separate invoice will be issued for such freight charges.

DAMAGED GOODS: Instruct your drayman not to accept any items from the Transportation Company unless they are in perfect condition. If he discovers any damage, the Carrier's Agent must make the proper notation on the receipt.

CONCEALED DAMAGE: Should the damage not be discovered until after the items are unpacked, it should be reported AT ONCE to the Agent, who will make an inspection and grant a "concealed damage" notation. This report must be made to Agent of delivering carrier immediately. Unless this is done, all items replaced or repaired on account of damage shall be at YOUR expense. We cannot be held responsible, for the goods left our plant in perfect condition and so signed for by the Transportation Company.

RETURNED SHIPMENTS: Goods are not to be returned without written permission from our Company. A handling charge shall be made on all goods returned, as well as reconditioning charge if required.

CHANGES AND CANCELLATIONS: Goods designated as "special" are not subject to changes or cancellations as they are manufactured for each individual order.

Quality Guarantee

All Grizzly Equipment is fully guaranteed to be manufactured in accordance with commercial standards and specifications shown in our catalog. Equipment is fully inspected before leaving our plant and is guaranteed against defective workmanship for 3 months from date of purchase. However, we cannot be held responsible for abuse by user beyond normal usage.

This is your guarantee of a product of highest quality.

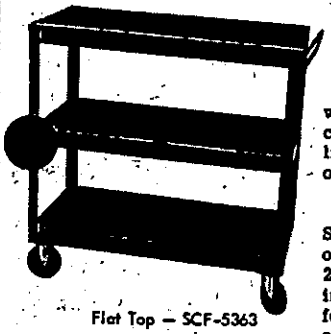
STOCK CARTS



Flat Top — SCF-5363

Built for Years of Easy Rolling Service.

All welded, designed for rugged factory use yet with appearance satisfactory for office and store. Large capacity shelves save time and steps, on the assembly line, in the stock room, the office, in any one of many other operations.

No parts to loosen, rattle or squeak, even the Space Saver handle is welded in place. Hemmed edges on tray shelves protect products and your workers. 2-Ball bearing swivel casters on rear for easy steering, 2-Rigid casters at front. 2-1/2" deep tray shelves for small parts, flush top makes sliding of heavy parts on or off cart with little effort.

Finish: Shop Green. Caster Wheels, Solid Rubber.

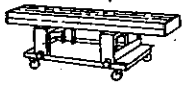
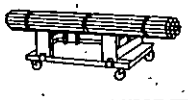
ADJUSTABLE TOP LOADING RACKS





Speeds up shipping room operations, designed to pass steel strapping or rope under cartons or bundles which can be lifted off unit with sling, fork truck, etc. Adjustable top loading racks can be positioned anywhere along the length of base, and locked in place by screw knobs, (one on each side). The base is a tray 2" deep and can be used for storage of strapping material. The top loading racks have hinged lids. When down they provide a flat surface (6-1/2" x 23-1/2") used for cartons, boxes, crates, etc. When opened at 180 degrees they expose a cradle rest used for tubing, pipe, rounds and irregular shapes and the covers can be used for storage trays.

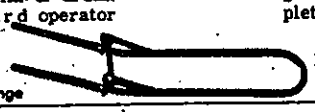
Casters — All Models — 2" Semi-Steel — 2 Swivel, 2 Rigid

E EZY-DOWN Handle operates many cradles. NNOT TWIST in operator's hands, positive control, does not slip.

ONE MAN OPERATION -- Push cradle lip under bottom rim of drum in vertical position. Slide EZY-DOWN Handle into receiver tubes, push down welded grabs over rim of drum. Downward pull on handle toward operator easily breaks and lays cradle with drum horizontally on floor for quick movement to any location.

EZY-DOWN Drum Cradles have all welded tubular frames and channel braces for modern styling and added strength. Designed for rugged use. All edges round and smooth. Completely assembled. Ready for immediate use.



EZY-DOWN HANDLE

Cradle and Handle Finish — Safety Orange

Model	Shipping Weight	Price

GENERAL TERMS and CONDITIONS

CATALOG PRODUCT NUMBER: When ordering any item, specify the catalog product number as shown to avoid error in processing your order.

PRICES: All prices are established F.O.B., our Factory, Cleveland, Ohio, U.S.A., and subject to change without notice. We reserve the right to invoice at prices in effect at time of shipment. Resale pricing submitted to distributors on request. Prices do not include any applicable taxes, duties or any other governmental charges.

SPECIFICATIONS: Subject to change without notice.

ROUTING SHIPMENTS: Unless a preferred routing is specified on your order, shipment will be made best way (sea, air or rail freight; express; commercial truck or parcel post), transportation collect. Where shipment is prepaid at the purchaser's request, a separate invoice will be issued for such freight charges.

DAMAGED GOODS: Instruct your drayman not to accept any items from the Transportation Company unless they are in perfect condition. If he discovers any damage, the Carrier's Agent must make the proper notation on the receipt.

CONCEALED DAMAGE: Should the damage not be discovered until after the items are unpacked, it should be reported AT ONCE to the Agent, who will make an inspection and grant a "concealed damage" notation. This report must be made to Agent of delivering carrier immediately. Unless this is done, all items replaced or repaired on account of damage shall be at YOUR expense. We cannot be held responsible, for the goods left our plant in perfect condition and so signed for by the Transportation Company.

RETURNED SHIPMENTS: Goods are not to be returned without written permission from our Company. A handling charge shall be made on all goods returned, as well as reconditioning charge if required.

CHANGES AND CANCELLATIONS: Goods designated as "special" are not subject to changes or cancellations as they are manufactured for each individual order.

All prices in this Catalog are subject to change without notice. F. O. B. Factory, Cleveland, Ohio, U.S.A.

800 LBS. CAPACITY—SOLID RUBBER WHEELS
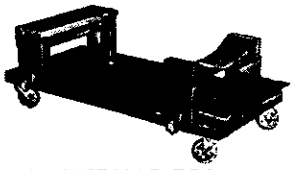
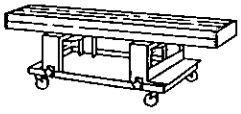
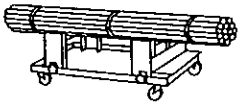
ALL WELDED CONSTRUCTION



ADJUSTABLE TOP LOADING RACKS





Speeds up shipping room operations, designed to pass steel strapping or rope under cartons or bundles which can be lifted off unit with sling, fork truck, etc. Adjustable top loading racks can be positioned anywhere along the length of base, and locked in place by screw knobs, (one on each side). The base is a tray 2" deep and can be used for storage of strapping material. The top loading racks have hinged lids. When down they provide a flat surface (6-1/2" x 23-1/2") used for cartons, boxes, crates, etc. When opened at 180 degrees they expose a cradle rest used for tubing, pipe, rounds and irregular shapes and the covers can be used for storage trays.

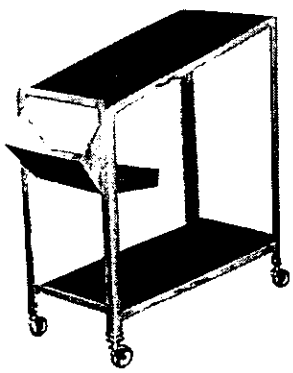
HOPPER TABLES



All welded construction, used beside machines for holding tote box on the sloping lipped top shelf filled with parts, which operator feeds into the machine operation, the machined parts are dropped into the chute opening into the tote box on the bottom shelf. Tote box filled with machined parts is then transferred to the next operation. These operations are repeated on the production line resulting in quicker and lower production costs with less fatigue on the workers. Hopper Tables are especially used on small parts production and assembly.

"MIJ" TABLE

FOR FASTER PRODUCTION LINE NEEDS

Grizzly®

Rugged - Compact - High Quality at Low Cost

TC-213

All welded construction, used as a durable service table for handling parts during production, beside Drill Presses, Punch Presses, Lathes, Automatics and other machines. Holds tote boxes at the right height for rapid handling, less fatigue for operator. Casters move table to tote pan, little effort required to place pan on table and move to next operation.

Back and side stops on shelves, drop front on all shelves.

Finished in Shop Green.

Add $1.30 to Price for 2-1/2" Solid Rubber Wheels

MODEL NO. 28D - THREE SHELVES AND DRAWER	SHIPPING WEIGHT 82#	PRICE $34.50

PIGEON HOLE BIN UNITS

All welded, rigid units, completely assembled ready for use.

Used for parts inventory and control in factories, stores and warehouses.

Firmly attached label holders also used as stops, holding loose parts from falling out of openings. With the unit placed so the label holders are at the top, parts and other material can easily be slid out of openings.

Units have modular lengths, are interchangeable, can be set in combinations in racks; or tiered, one on the other to any height, with units bolted together for firmer attachment.

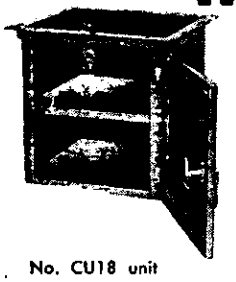
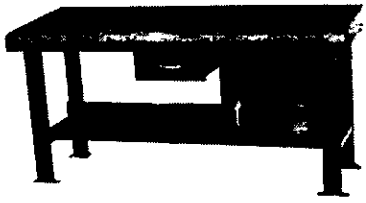
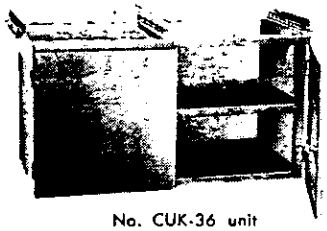
WORK BENCH CABINET UNITS



No. CU18 unit



No. CU18 unit mounted beside drawer in steel work bench



No. CUK-36 unit

Cabinet storage can be more efficient than drawers for many items, which can be placed neatly and are not subject to being jarred or rolled around as in a drawer.

Heavy gauge steel used throughout with flanged reinforcement.

Use with either wood top or all metal benches. Quickly fastened to wood top with bolts or lag screws. Easily attached to metal top with machine bolts and angle iron supports furnished on request. Holes are elongated in tops of unit and supports for rapid alignment with bolts.

Casters — All Models — 2" Semi-Steel - 2 Swivel, 3" Semi-Steel Wheels

ONE EZY-DOWN Handle operates many cradles.
CANNOT TWIST in operator's hands, positive control, does not slip.
ONE MAN OPERATION -- Push cradle lip under bottom rim of drum in vertical position. Slide EZY-DOWN Handle into receiver tubes, push down welded grabs over rim of drum. Downward pull on handle toward operator easily breaks and lays cradle with drum horizontally on floor for quick movement to any location.
EZY-DOWN Drum Cradles have all welded tubular frames and channel braces for modern styling and added strength. Designed for rugged use. All edges round and smooth. Completely assembled. Ready for immediate use.

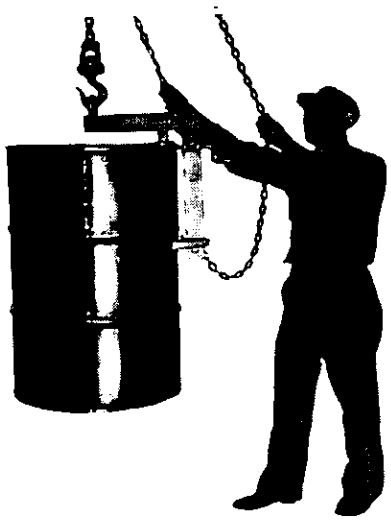
PATENTED

Grizzly®



2000 LBS. CAPACITY

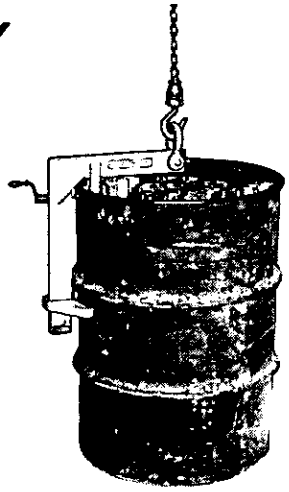
For Open or Closed Drums

USED WITH

Fork Trucks

Chain Falls

Cranes and Hoists



☆QUICK -- Lifter attached and removed in seconds.

☆SAFE -- Fast turning crank handle to lock Upper Jaw to drum top. Holds drum rigidly even when swaying or when bumped.

☆VERSATILE -- Lifter moves 55 and 30 gallon, and even smaller steel drums with practically no manual labor -- the lifter does the work.

☆LIGHT -- Weighs only 32 pounds. One man can handle with ease.

☆ADJUSTABLE -- Slide Lower Jaw on vertical bar to position below nearest chime of drum. Jaw rests on off-center cam.

☆LIFTS -- Old and new drums, open or closed, battered or lopsided -- all with the same ease and positive safe grip.

☆STACKS -- and tiers drums vertically in close quarters.

☆RUGGED -- All welded construction for years of hard use.

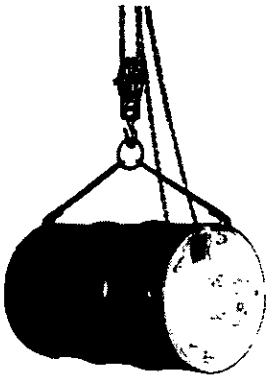
☆FINISH -- Safety Orange.

PRICE, —$49.50

(Shipping Weight — 32 lbs.)

SLING TYPE DRUM LIFTER

750 LBS. CAPACITY



Lifts drum horizontally and safely. The harder the pull the tighter the grip on the drum. Use it to load your GRIZZLY rack.

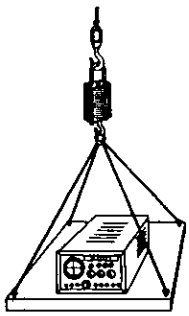
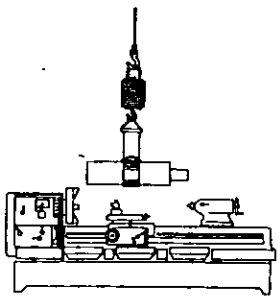
GRIZZLY-ZORBER

HOIST SPRING BALANCER & SHOCK ABSORBER

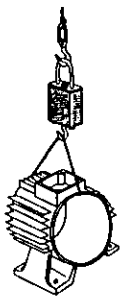
ELIMINATES PULLING SHOCK OR JAR--GRADUATES THE STRAIN



Lifting and transporting fragile equipment



Centering in lathe



Lifting and transporting castings

USED WITH HOISTS, CRANE, CHAIN FALLS, FORK TRUCKS

To distribute the strain of resistance offered by the load when it is started, obstructed or stopped.

Will yield slightly under a slight pull and continue under greater pull; the resistance increases in proportion to the increased strain.

Will absorb all primary and rebound shocks transmitted by slack in the hoisting cable.

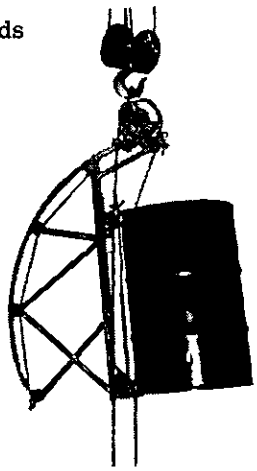
SAVES TIME & MONEY

EASY TO OPERATE



The New No. 400 Roto-Tilt elevates containers for overhead pouring and dumping. The operator controls the pouring at floor level by means of a double chain. The operating distance from the floor is limited only by the length of chain.

Chain supplied with Standard Model is sufficient to operate the tool 10 feet from floor. Additional chain $1.00 per foot height.

GENERAL TERMS and CONDITIONS

CATALOG PRODUCT NUMBER: When ordering any item, specify the catalog product number as shown to avoid error in processing your order.

PRICES: All prices are established F.O.B., our Factory, Cleveland, Ohio, U.S.A., and subject to change without notice. We reserve the right to invoice at prices in effect at time of shipment. Resale pricing submitted to distributors on request. Prices do not include any applicable taxes, duties or any other governmental charges.

SPECIFICATIONS: Subject to change without notice.

ROUTING SHIPMENTS: Unless a preferred routing is specified on your order, shipment will be made best way (sea, air or rail freight; express; commercial truck, parcel post, united parcel, or other way), transportation collect. Where shipment is prepaid at the purchaser's request, a separate invoice will be issued for such freight charges.

DAMAGED GOODS: Instruct your drayman not to accept any items from the Transportation Company unless they are in perfect condition. If he discovers any damage, the Carrier's Agent must make the proper notation on the receipt. THE CONSIGNEE MUST MAKE APPLICATION DIRECTLY TO THE CARRIER FOR ADJUSTMENT FOR ANY DAMAGED GOODS, WHETHER CONCEALED OR OTHERWISE.

CONCEALED DAMAGE: Should the damage not be discovered until after the items are unpacked, it should be reported AT ONCE to the Agent, who will make an inspection and grant a "concealed damage" notation. This report must be made to Agent of delivering carrier immediately. Unless this is done, all items replaced or repaired on account of damage shall be at YOUR expense. We cannot be held responsible, for the goods left our plant in perfect condition and so signed for by the Transportation Company.

RETURNED SHIPMENTS: Goods are not to be returned without written permission from our Company. A handling charge shall be made on all goods returned, as well as reconditioning charge if required, as determined by the Company.

CHANGES AND CANCELLATIONS: Goods designated as "special" are not subject to changes or cancellations as they are manufactured for each individual order.

All prices in this Catalog are subject to change without notice. F.O.B. Factory, Cleveland, Ohio, U.S.A.

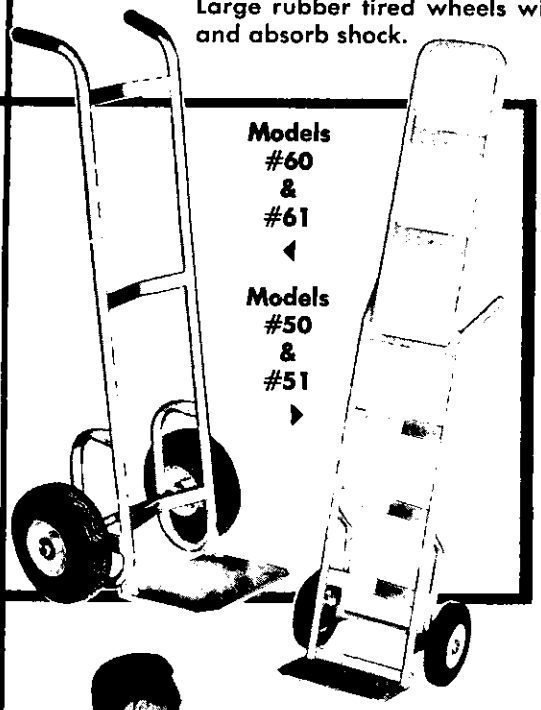
Printed in U.S.A.

ALL PURPOSE HAND TRUCKS

For general use in stock, shipping and receiving rooms, and for beverage and other deliveries.

All welded tubular frame with tubular curb jumper, rigid axle for strength and durability. Rugged, all edges rounded and smooth for appearance and safety, finished in Safety Orange.

Large rubber tired wheels with ball bearings for easy handling, even over curbs, give quiet operation and absorb shock.



Models #60 & #61 ◀

Models #50 & #51 ▶

MODELS #60 & #61
A compact lightweight narrow truck.

MODELS #50 & 51
With extension at top for handling large cartons, boxes, rolls, cans.

MODELS #90 & #91

STOCK CARTS

MEDIUM DUTY

Built for Years of Easy Rolling Service.

All welded, designed for rugged factory use yet with appearance satisfactory for office and store. Large capacity shelves save time and steps, on the assembly line, in the stock room, the office, in any one of many other operations.

No parts to loosen, rattle or squeak, even the Space Saver handle is welded in place. Hemmed edges on tray shelves protect products and your workers. 2 Ball-bearing swivel casters on rear for easy steering, 2 Rigid casters at front. 2½" deep tray shelves for small parts, flush top makes sliding of heavy parts on or off cart with little effort.

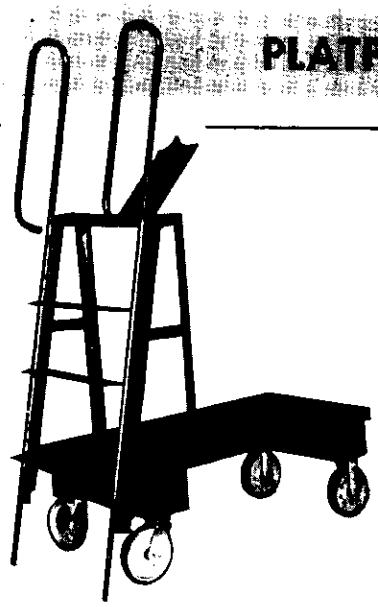
PLATFORM LADDER TRUCKS



All Welded Construction makes sure, safe and easy operation.

CAPACITY - 2000 LBS.

COMBINATION TRUCK OF MANY USES

This truck can be used for heavy stock picking such as large cartons, bulk goods, and light large objects.

Also can be used for maintenance work.

Permits work up to 10 feet high.

With adjustable ladder to give quick, higher standing step for stock clerks and others to place items into and take from inventory and storage areas, and for moving such items to and from job and shipping locations.

Ladder automatically slides to floor when operator places his weight on first step locking both ladder and truck firmly to the floor, when weight is removed the ladder retracts allowing truck to be easily moved.

Furnished with a 9" x 12½" Clip Board mounted on a swivel joint. Can be rotated in a circle and written on from any angle.

SPECIFICATIONS

Height of Deck from floor - 17"

Top of deck to Frame Shelf - 33"
Size of Frame Shelf - 5" x 24"

Spring loaded Ladder
2 swivel and 2 rigid casters

Height of Top Step on ladder from floor - 48"

Height overall to Ladder top - 78"

Paint Finish: Shop Green, Gray on Request.

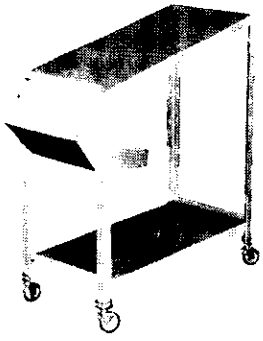
HOPPER TABLES



All welded construction, used beside machines for holding tote box on the sloping lipped top shelf filled with parts, which operator feeds into the machine operation, the machined parts are dropped into the chute opening into the tote box on the bottom shelf. Tote box filled with machined parts is then transferred to the next operation. These operations are repeated on the production line resulting in quicker and lower production costs with less fatigue on the workers. Hopper Tables are especially used on small parts production and assembly.

EZY-DOWN HANDLE
Cradle and Handle Finish Safety Orange

ONE EZY-DOWN Handle operates many cradles.
CANNOT TWIST in operator's hands, positive control, does not slip.

ONE MAN OPERATION — Push cradle lip under bottom rim of drum in vertical position. Slide EZY-DOWN Handle into receiver tubes, push down welded grabs over rim of drum. Downward pull on handle toward operator easily breaks and lays cradle with drum horizontally on floor for quick movement to any location.

EZY-DOWN Drum Cradles have all welded tubular frames and channel braces for modern styling and added strength. Designed for rugged use. All edges round and smooth. Completely assembled. Ready for immediate use.

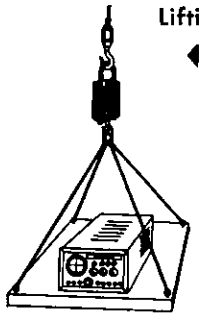
HOIST SPRING BALANCER & SHOCK ABSORBER

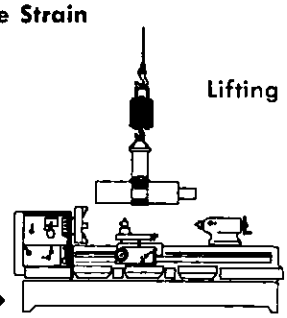
GRIZZLY-ZORBER

★ **Eliminates Pulling Shock or Jar — Graduates the Strain**

USED WITH HOISTS, CRANE, CHAIN FALLS, FORK TRUCKS

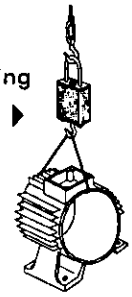


Lifting and transporting fragile equipment



Centering in lathe

Lifting and transporting castings



To distribute the strain of resistance offered by the load when it is started, obstructed or stopped.

Will yield slightly under a slight pull and continue under greater pull; the resistance increases in proportion to the increased strain.

Will absorb all primary and rebound shocks transmitted by slack in the hoisting cable.

SPECIAL EQUIPMENT

We specialize in Material Handling, Drum and Shop Equipment of original design and maintain an Engineering Department for the exclusive use of our customers.

Consult us on your Special Design Problems — we will submit a design and quotation for your approval.

We have manufactured hundreds of special items. Our files contain many drawings and photos of unusual equipment which we do not catalog, but may help to solve your problems.

When requesting a quotation on Special Fabrication, please follow this outline:

1 GENERAL DESCRIPTION:
Truck, Work Bench, Stand, Dolly, Lifts, Carts, etc.

2 QUANTITY:
Determines price.

3 GENERAL DESIGN:
Type of shelf; flat or tray; Type of top, Handle, etc.

4 METAL PARTS:
Size of angle iron, channel, bar, tubing, sheet steel.

5 DIMENSIONS:
Indicate inside or outside dimensions; width, length, height.

6 PAINT FINISH:
Standard Colors: Shop Green, Gray or Orange.

7 CAPACITY:
Load-Pounds: Entire unit, per caster, per shelf.

8 SPECIAL DESIGN FEATURES:
Your own ideas of how unit should be constructed.

To: Our Customers and Friends

The GRIZZLY Equipment items shown in this catalog are typical of the many items we manufacture.

In addition, GRIZZLY Equipment is designed, engineered, developed and manufactured to satisfy special and other standard needs. (See back inside and outside covers on SPECIALS.)

We are constantly on the move improving present equipment and products, and researching and developing new equipment and products to meet current and changing market requirements.

GRIZZLY Equipment performance is best testified by the daily receipt of repeat orders from small and large customers for more than twenty (20) years.

We gratefully appreciate the pleasant relationship we enjoy with our customers and would regularly like to hear from them — complaints as well as suggestions — for we always strive to maintain and improve GRIZZLY high quality standards, workmanship and service. May we hear from you?

Respectfully,

Edward L. Pucel
President

William F. Schmidt
Vice President — Sales
Engineering & Research

Grizzly® highest quality at lowest cost!

ALL GRIZZLY EQUIPMENT SHOWN IN THIS CATALOG IS EXCLUSIVELY DESIGNED, ENGINEERED, DEVELOPED AND MANUFACTURED BY

FEATURES:

- All Welded Construction.
- Designed for Years of Rugged Usage.
- Rigid — No Rivets or Bolts. Wobbles, Squeaks & Rattles Eliminated.
- Completely Assembled. Ready for Immediate Use on Delivery. Saves Time — Money. No Production Delays.
- Compact — Neat Appearance. Well Finished.

The relatively small additional transportation cost due to some GRIZZLY bulkier assembled units is profitably offset by substantial labor costs otherwise required by customer assembly.

In addition, GRIZZLY gives immediate use on delivery — saves time — and saving time means saving money.

GRIZZLY renders long term satisfactory service. You can have continued confidence in GRIZZLY.

Grizzly EQUIPMENT SALES GENERAL TERMS & CONDITIONS

1. **CATALOG PRODUCT NUMBER:** When ordering any item, specify the catalog product number as well as the title of the equipment as shown to avoid error in processing your order.

2. **PRICES:** All prices are established F.O.B., our Factory, Cleveland, Ohio, U.S.A., and subject to change without notice. We reserve the right to invoice at prices in effect at time of shipment. Resale pricing submitted to distributors on request. Prices do not include any applicable taxes, duties or any other governmental charges.

3. **SPECIFICATIONS:** Subject to change without notice.

4. **ROUTING SHIPMENTS:** Unless a preferred routing is specified on your order, shipment will be made best way (sea, air or rail freight; express; commercial truck, parcel post, united parcel, or other way), transportation collect. Where shipment is prepaid at the purchaser's request, a separate invoice will be issued for such freight charges.

5. **INSPECTION:** All items are thoroughly inspected prior to shipment. Title passes to consignee at time shipment leaves our dock and carrier is agent of consignee.

6. **PACKAGING:** All items are packaged for domestic shipment. Special crating or crating for maritime shipment is not included and must be added. Contact us for special handling requirements.

7. **DAMAGED GOODS:** Instruct your drayman not to accept any items from the Transportation Company unless they are in perfect condition. If he discovers any damage, the Carrier's Agent must make the proper notation on the receipt. THE CONSIGNEE MUST MAKE APPLICATION DIRECTLY TO THE CARRIER FOR ADJUSTMENT FOR ANY DAMAGED GOODS, WHETHER CONCEALED OR OTHERWISE.

8. **CONCEALED DAMAGE:** Should the damage not be discovered until after the items are unpacked, it should be reported AT ONCE to the Agent, who will make an inspection and grant a "concealed damage" notation. This report must be made to Agent of delivering carrier immediately. Unless this is done, all items replaced or repaired on account of damage shall be at YOUR expense. We cannot be held responsible, for the goods left our plant in perfect condition and so signed for by the Transportation Company.

9. **RETURNED SHIPMENTS:** Goods are not to be returned without written permission from our Company. A handling charge shall be made on all goods returned, as well as reconditioning charge if required, as determined by the Company.

10. **CHANGES AND CANCELLATIONS:** Goods designated as "special" are not subject to changes or cancellations as they are manufactured for each individual order.

11. All prices in this Catalog are subject to change without notice. F.O.B. Factory, Cleveland, Ohio, U.S.A.

Quality Guarantee

All Grizzly Equipment is fully guaranteed to be manufactured in accordance with commercial standards and specifications shown in our catalog. Equipment is fully inspected before leaving our plant and is guaranteed against defective workmanship for 3 months from date of purchase. However, we cannot be held responsible for abuse by user beyond normal usage.

This is your guarantee of a product of highest quality.

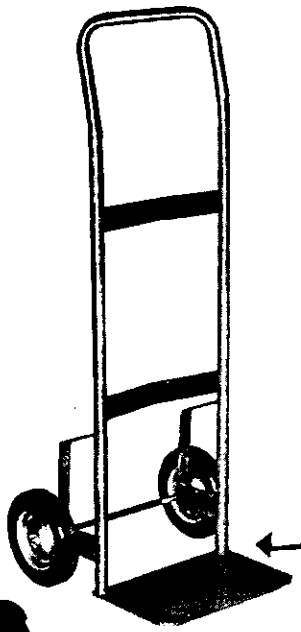
ALL PURPOSE HAND TRUCKS

For general use in stock, shipping and receiving rooms, and for beverage and other deliveries.

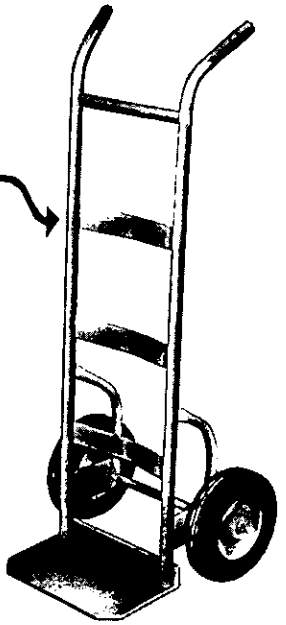
All welded tubular frame with tubular curb jumper, rigid axle for strength and durability. Rugged, all edges rounded and smooth for appearance and safety, finished in Safety Orange.

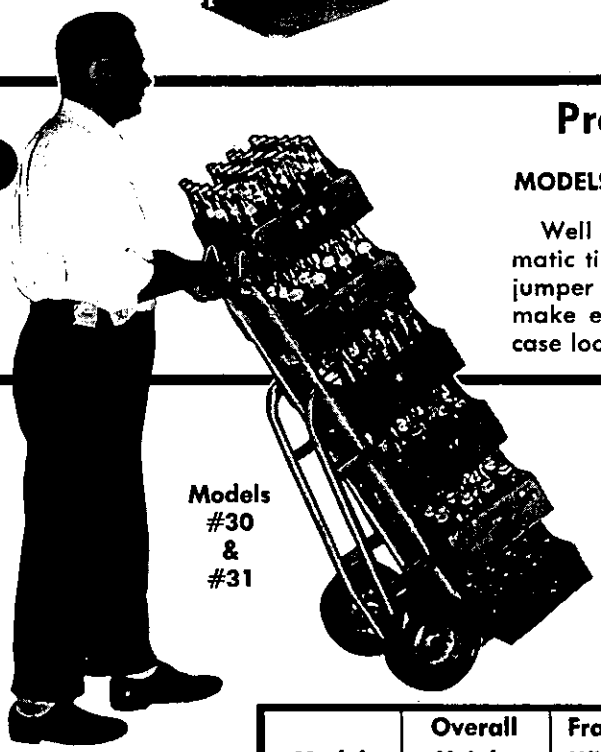
Large rubber tired wheels with ball bearings for easy handling, even over curbs, give quiet operation and absorb shock.



MODEL #89
Smaller rubber tired wheels and enclosed top frame, for light duty use.

MODELS #90 & #91
For extra heavy duty work.





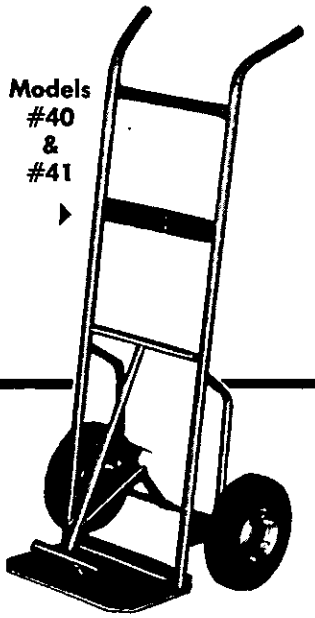
Models #30 & #31

Premium Beverage Truck

MODELS #30 & #31 PREMIUM BEVERAGE TRUCK

Well balanced with plastic grip handles, pneumatic tires, narrow width and extended large curb jumper for added strength in handle and stops make easier and quicker handling of 6 beverage case loads — up and down stairs.

Models #40 & #41



Kick-Out Truck

MODELS #40 & #41

Foot activated Kick-Out Bar to eject loads — Pushes light loads off toe plate or pushes truck away from heavy loads.

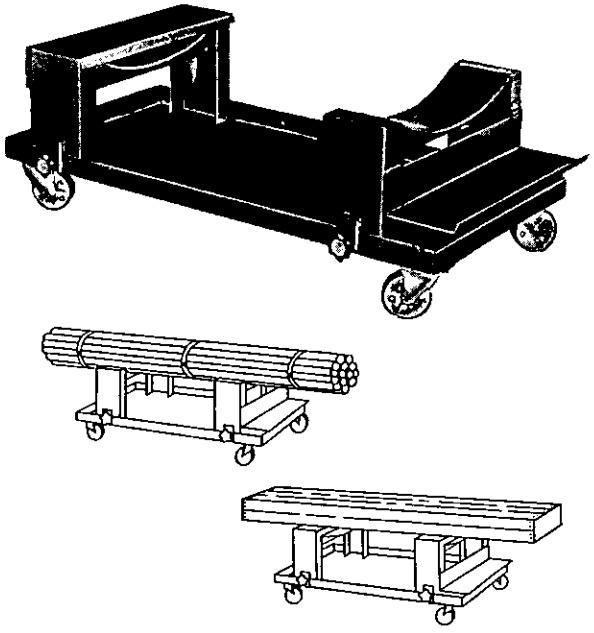
PACKING & STRAPPING TRUCK



1200 LBS. CAPACITY — SEMI-STEEL WHEELS
800 LBS. CAPACITY — SOLID RUBBER WHEELS

ALL WELDED CONSTRUCTION

Speeds up shipping room operations, designed to pass steel strapping or rope under cartons or bundles which can be lifted off unit with sling, fork truck, etc. Adjustable top loading racks can be positioned anywhere along the length of base, and locked in place by screw knobs, (one on each side). The base is a tray 2" deep and can be used for storage of strapping material. The top loading racks have hinged lids. When down they provide a flat surface (6½" x 23½") used for cartons, boxes, crates, etc. When opened at 180 degrees they expose a cradle rest used for tubing, pipe, rounds and irregular shapes and the covers can be used for storage trays.

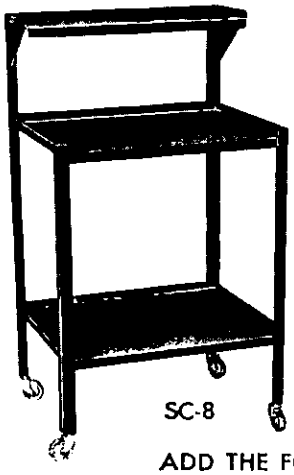
HAF-SHELF UTILITY TABLES



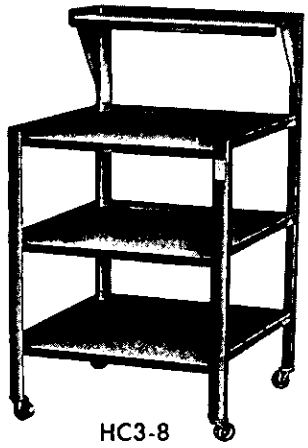
SC-8

All welded construction, Haf-Shelf Tables are the same premium quality as carried in our regular GRIZZLY Utility Table Line (Pages 24 and 25) with the added convenience of an extra Shelf.

"Haf-Shelf" will hold a tool box, tools, parts or other items within easy reach and still allow free access to the top full shelf — another "plus" feature in the GRIZZLY Line.

SPECIFICATIONS

DIMENSIONS OF HAF-SHELF: . . .	8" deep, full width of table — 11" clearance from top of table
HEIGHT (with and without casters): .	Overall including Haf-Shelf—42"—30" from floor to top of table
FINISH:	Shop Green, Gray on Request.



HC3-8

ADD THE FOLLOWING PRICES TO THE PRICE OF STANDARD UTILITY TABLES AS SHOWN ON PAGES NO. 26 AND NO. 27 FOR THE ADDITION OF HAF-SHELVES.

Model	Dimensions in Inches	Price
"S" Models	Table Size 19 x 25	$5.10

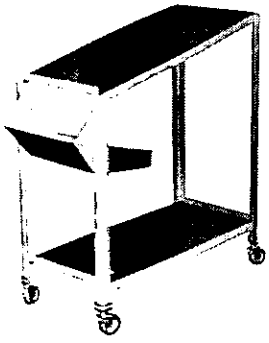
"K" Models	Table Size 24 x 36	7.00

HOPPER TABLES



All welded construction, used beside machines for holding tote box on the sloping lipped top shelf filled with parts, which operator feeds into the machine operation, the machined parts are dropped into the chute opening into the tote box on the bottom shelf. Tote box filled with machined parts is then transferred to the next operation. These operations are repeated on the production line resulting in quicker and lower production costs with less fatigue on the workers. Hopper Tables are especially used on small parts production and assembly.

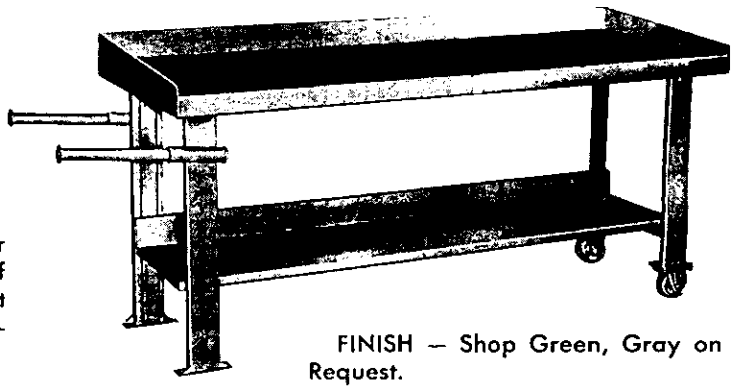
PORTABLE WORK BENCHES

Portable Steel Work Benches with telescopic handles for maintenance men, inspectors, and others, who move about to have their bench and equipment immediately available.

Any standard GRIZZLY Work Bench can be furnished as a Portable Work Bench. Telescopic handles slide under bench when not in use. Large 4" x 1½" semi-steel rigid wheels for easy moving and for steady bench work.

For such handles and wheels add $16.00 to Standard Work Bench Price.

Specify "PORTABLE" with your order showing regular number of standard bench. Shipping weight of each unit is increased approximately 20 lbs.



FINISH — Shop Green, Gray on Request.

Grizzly®

ELECTRONICALLY GLUED

HARD MAPLE TOP WORK BENCH

These hard maple Bench or Table Tops are made of selected edge grain Maple strips, accurately machined, glued with radio frequency high pressure presses. Outside laminations 1⅜" wide, center laminations ¾" wide. Reinforced with concealed steel tie rods. Top surface and edges sanded smooth. Finish clear natural non-toxic lacquer.

Standard GRIZZLY bench legs, stringer, and hard maple tops can be assembled into a sturdy work bench in minutes. Other standard GRIZZLY accessories (Drawer Units — Cabinet Units — Shelves — Back & Side Stops — Risers) can be quickly attached to adapt a complete Bench to suit your particular needs. Parts shipped for your assembly.
