A copy of the identified registration certificate the related TSDR status report as of July 7, 2015 and the incorporated Assignment report are attached hereto and incorporated by reference.

34. Through Trademark Application No. 86/594,312 Applicant seeks to register the mark CURVES BY THE POUND for use on or in connection with "Hats; hooded sweat shirts; jackets; pants; shorts; socks; sweat shirts; t-shirts; tank tops; underwear; shirts; long-sleeve or short-sleeved shirts; gym shorts; gym pants; headbands."

35. Applicant's mark is confusingly similar to Opposer's CURVES Marks. In particular Applicant's mark makes prominent use of the CURVES mark in such a way ("CURVES BY THE POUND" that Applicant's goods could be perceived to be associated with Opposer by consumers in light of Opposer's marks on goods and services offered by Opposer, particularly in light of the good and services offered by Opposer under the CURVES Marks and the associated clothing and wide extent of fitness and exercise related goods and other marks which incorporate CURVES.

36. The goods associated with Applicant's mark are the same or similar to the goods and services associated with Opposer's CURVES mark. Specifically Applicant seeks protection for the proposed mark in connection with clothing products. Opposer's rights in the CURVES mark in connection with clothing pre-date the filing of Applicant's application.

37. The goods associated with Applicant's mark are in at least near direct competition with the goods associated with Opposer's CURVES mark.

38. It is well known that Opposer has a significant U.S. presence and particularly a substantial presence in the women's-fitness industry and in connection with the associated clothing.

39. Thus Applicant's mark when used in conjunction with the goods listed in Applicant's application is likely to deceive to cause confusion or mistake among members of the public as to the source or sponsorship of Applicant's goods in relation to Opposer and/or to make less distinctive the marks of Opposer.

40. The Applicant's mark CURVES BY THE POUND and the Registrant's marks CURVES, CURVES PRODUCTS, CURVES FITNESS, CURVES FOR WOMEN, and CURVACEOUS THE CURVES COLLECTION (the "CURVES" marks) create similar commercial impressions because the dominant portions of the Applicant's mark and the Opposer's marks are identical, namely CURVES. It is well-settled that marks are compared in their entireties for similarities in appearance sound connotation and commercial impression. Similarity in any one of these elements may be sufficient to find the marks confusingly similar.

41. Although marks are compared in their entireties one feature of a mark may be more significant or dominant in creating a commercial impression. Greater weight is often given to this dominant feature when determining whether marks are confusingly similar. Here the dominant parts of the marks are identical, namely CURVES.

42. In addition it is well-settled that marks may be confusingly similar in appearance where similar terms or phrases or similar parts of terms or phrases appear in the compared marks

and create a similar overall commercial impression. Here consumers could mistakenly believe that the Applicant's CURVES BY THE POUND goods are in some manner associated with affiliated with endorsed by or sponsored by the Opposer.

43. When comparing marks the test is not whether the marks can be distinguished in a side-by-side comparison but rather whether the marks are sufficiently similar in their entireties that confusion as to the source of the goods and/or services offered under applicant's and registrant's marks is likely to result. The focus is on the recollection of the average purchaser who normally retains a general rather than specific impression of trademarks.

44. The goods and/or services of the parties need not be identical or even competitive to find a likelihood of confusion. The respective goods and/or services need only be related in some manner and/or if the circumstances surrounding their marketing be such that they could give rise to the mistaken belief that the goods and/or services emanate from the same source.

45. Here Applicant's goods are so closely related to the goods of the Opposer and its related services while using such similar marks that consumers are likely to be confused.

46. Applicant's application for registration should be refused on the basis that is consists of or comprises according to 15 U.S. C. § 1052(d) of:

> a mark which so resembles a mark registered in the Patent and Trademark Office or a mark or trade name previously used in the United States by another and not abandoned as to the likely when used on or in conjunction with the goods of the Applicant to cause confusion or to cause mistake or to deceive.

47. Accordingly Opposer asserts pursuant to 15 U.S.C. § 1063 that it will be damaged by the issuance of a registration for the CURVES BY THE POUND mark to Applicant as sought in Trademark Application Serial Number 86/594,312.

Wherefore Opposer Curves International Inc. prays that the application for registration of Applicant's mark be rejected that no registration be issued thereon to Applicant and that this Opposition be sustained in favor of Opposer.

Please charge any fees incurred by Opposer in conjunction with this proceeding to the firm's deposit account 50-3385.

Date: October 30, 2015

REQUIREMENTS TO MAINTAIN YOUR FEDERAL TRADEMARK REGISTRATION

WARNING: YOUR REGISTRATION WILL BE CANCELLED IF YOU DO NOT FILE THE DOCUMENTS BELOW DURING THE SPECIFIED TIME PERIODS.

Requirements in the First Ten Years*
What and When to File:

First Filing Deadline: You must file a Declaration of Use (or Excusable Nonuse) between the 5th and 6th years after the registration date. *See* 15 U.S.C. §§1058, 1141k. If the declaration is accepted, the registration will continue in force for the remainder of the ten-year period, calculated from the registration date, unless cancelled by an order of the Commissioner for Trademarks or a federal court.

Second Filing Deadline: You must file a Declaration of Use (or Excusable Nonuse) and an Application for Renewal between the 9th and 10th years after the registration date.*
See 15 U.S.C. §1059.

Requirements in Successive Ten-Year Periods*
What and When to File:

You must file a Declaration of Use (or Excusable Nonuse) **and** an Application for Renewal between every 9th and 10th-year period, calculated from the registration date.*

Grace Period Filings*

The above documents will be accepted as timely if filed within six months after the deadlines listed above with the payment of an additional fee.

The United States Patent and Trademark Office (USPTO) will NOT send you any future notice or reminder of these filing requirements.

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the USPTO. The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. *See* 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. *See* 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see http://www.wipo.int/madrid/en/.

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at http://www.uspto.gov.

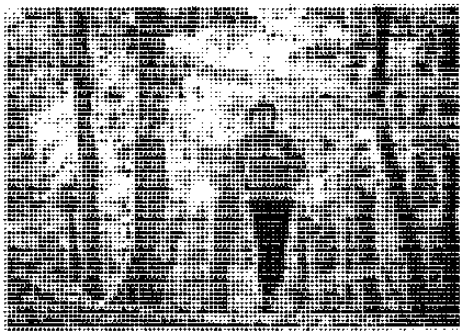
ADD 10 MINUTES OF RUNNING TO YOUR WALKS AND TRAIN FOR A 5K



By Curves

[illegible]

Your goal, as a seasoned walker, is simply to add a little running to your walking. Galloway suggests starting with 30:30—30 seconds of running followed by 30 seconds of walking. Gear and go and run again. Just make sure, cautions Galloway, that you don't take your long walker stride and use it during your 30-second rest. "Transition to a shuffle, which is just a very short stride with your feet low to the ground," says Galloway. "You're using your ankle, not your knee, so it's only a small fraction of the leg muscle effort is required."

Set your watch to beep every minute, and pace and set your own rate. After a week, change your 30/30 to 1:30/30, and move forward from there. There's no guideline as to how quickly you should change your running/walking ratio and no goal of running a certain amount, says Galloway. "Small steps mean you can do workout building upon building. No hurling around allowed."

Need a little more incentive? Galloway suggests you sign up for a 5K (3.1-mile) run. His own—[illegible] named for Bart Galloway, Jeff's running and life partner of 28 years—will be held in Atlanta on December 13th but there are lots to choose from in your own area this fall. Seasoned walkers, he says, need only shuffle-walk-shuffle for a month or so to make it over the finish line—on the road and in life.
