MOTION FOR SUMMARY JUDGMENT

AND FOR SUSPENSION OF PROCEEDINGS

Respondent, Select Export Corp. ("SEC" or "Respondent") hereby moves for summary judgment in whole, or in part in the alternative[1], pursuant to Fed. R. Civ. P. 56 and Rule 2.127 of the Trademark Rules of Practice and requests an order (1) dismissing Petitioner's claim of fraud based upon SEC's alleged misrepresentation of ownership of the TRIDENT (and design)® mark on the grounds of Res Judicata; (2) dismissing Petitioner's claims of abandonment and fraud based on non-use, on the grounds that SEC's evidence of use of its goods under the Registration as of the Registration application date and continuous use in commerce in connection with the TRIDENT (and design)® mark are undeniable; (3) dismissing the cancellation proceeding on the grounds that Petitioner has failed to state a claim upon which relief may be granted; and (4) suspending this cancellation proceeding pending

decision of this motion, which may be dispositive of the entire proceeding.

MISCELLANEOUS

Restatement Second of Judgments § 17 (1982).

In the Petition to Cancel, Petitioner Jack Richeson & Co., Inc. ("Petitioner") alleges, first, that SEC committed fraud on the United States Patent and Trademark Office ("USPTO") because SEC is not using and has never used the TRIDENT (and design)® mark set forth in SEC's Registration No. 2,619,642 on or in connection with the goods set forth in the Registration. Because of this allegation, Petitioner claims that SEC committed fraud by misrepresenting itself in SEC's application declaration. Second, Petitioner claims that SEC committed fraud against the USPTO because SEC is allegedly not the rightful owner of the TRIDENT (and design)® mark, but rather merely a distributor of Petitioner's predecessor-in-interest.[2] Third, Petitioner claims SEC has intentionally abandoned the TRIDENT (and design)® mark. Because: (1) Petitioner is precluded by Res Judicata on the fraud claim alleging SEC non-ownership of the TRIDENT (and design)® mark; (2) Petitioner cannot proffer any evidence of SEC nonuse or intentional abandonment of SEC's TRIDENT (and design)® mark; and (3) moreover SEC has proffered more than sufficient evidence to disprove Petitioner's claim of alleged SEC nonuse or intentional abandonment of SEC's TRIDENT (and design)® mark; SEC hereby moves, pursuant to Fed. R. Civ. P. 56 and Rule 2.127 of the Trademark Rules of Practice, for summary judgment dismissing the Petition to Cancel.

In addition, the Petition to Cancel should be further dismissed pursuant to Fed. R. Civ. P. 12(b)(6) as Respondent has failed to state a claim upon which relief may be granted. Petitioner has failed to identify any legal authority within its Petition to Cancel under which relief may be granted to Petitioner in this proceeding.

PROCEDURAL HISTORY

On June 28, 2000, SEC filed its use-based Application Serial No. 76/078,278 to register its TRIDENT (and design)® Mark for a variety of drawing, drafting, surveyors,

[2] For purposes of this motion, SEC has not addressed Petitioner's allegation that SEC is merely a distributor and not the true owner of the TRIDENT (and design)® mark because such allegation is precluded by res judicata. By not addressing the actual allegation, Respondent in no way concedes this allegation. SEC vehemently denies any distributorship relationship exists. Such allegations have merely been a means to harass SEC.

and artist supplies, tools, and equipment. Application Serial No. 76/078,278 registered on September 17, 2002 and such registration received incontestability status on September 19, 2007. (the "Registration").

Petitioner's alleged predecessor-in-interest, Trident S/A Industria De Precisao, filed a Petition to Cancel, Cancellation No. 92043330 against Respondent on May 18, 2004. Judgment was entered against Petitioner's alleged predecessor-in-interest, Trident S/A Industria De Precisao, and such Petition to Cancel was dismissed with prejudice on September 7, 2005. Petitioner filed the Petition to Cancel against the Registration on September 17, 2007 without citing any proper legal authority within such Petition to Cancel.

STATEMENT OF FACTS

Petitioner's alleged predecessor-in-interest, Trident S/A Industria De Precisao, filed a Petition to Cancel, Cancellation No. 92043330 against Respondent on May 18, 2004. [Herbert Decl. ¶ 2; Exhibit A Petition to Cancel, Cancellation No. 9204330] Judgment was entered against Petitioner's alleged predecessor-in-interest, Trident S/A Industria De Precisao, and such Petition to Cancel was dismissed with prejudice on September 7, 2005. [See Herbert Decl. ¶2 Exhibit B Board Termination of Proceedings].

On June 26, 2007 and August 8, 2007, SEC sent formal cease and desist notices for trademark infringement to George Muench, President of Utrecht Manufacturing Corporation ("Utrecht"), requiring that Utrecht cease and desist using SEC's TRIDENT (and design)® mark after Utrecht personnel admitted to SEC that Utrecht knowingly sold easels purchased from Petitioner using the unauthorized SEC's TRIDENT (and design)® mark. [Meide Decl. ¶ 3 Exhibit A; Herbert Decl. ¶ 3] Seven days later on August 15, 2007, Petitioner attempted to effect a trademark assignment of the TRIDENT mark between Trident S/A Industria De Precisao and Petitioner. [Meide Decl. ¶ 3 Exhibit B; Exhibit 1 Petitioner's Interrogatory Responses No. 5, 6, and 14; Exhibit 2 Petitioner's Admission Response No. 11; Meide Decl. ¶3 Exhibit B]

Counsel for Petitioner then responded directly to SEC on behalf of Utrecht and Petitioner on August 21, 2007 claiming rights to the TRIDENT mark. Petitioner is

admittedly solely relying on the alleged rights of its alleged predecessor-in-interest Trident S/A Industria De Precisao via such alleged trademark assignment between Petitioner and Trident S/A Industria De Precisao on August 15, 2007 and no rights of its own outside the alleged trademark assignment. [Exhibit 1 Petitioner's Interrogatory Responses No. 5, 6, and 14; Exhibit 2 Petitioner's Admission Response No. 11; Meide Decl. ¶3 Exhibit B]

Counsel for Petitioner thereafter approached SEC on multiple occasions attempting to settle Petitioner's trademark infringement. Petitioner's counsel claimed that they would be forced to file a cancellation proceeding against SEC's Registration if the parties were unable to settle the matter. [Meide Decl. ¶4 Exhibit C]. Petitioner filed the present Petition to Cancel against SEC's Registration on September 17, 2007[3] without citing any proper legal authority within such Petition to Cancel. Petitioner has identified its main witness for its tentative Testimony Deposition as Ivan Maturana Segato of Trident S/A Industria De Precisao. [Exhibit 3 Petitioner's Email dated May 12, 2008].

SEC has continuously used the TRIDENT (and design)® Mark in commerce in connection with all of the goods originally listed on the Registration since at least as early as its application filing date of June 28, 2000. [Herbert Decl. ¶4-10] SEC has continuously used the TRIDENT (and design)® Mark in commerce in connection with goods originally listed on the Registration since at least as early as March 1, 1988 and has continuously used the TRIDENT (and design)® Mark in commerce in connection with its goods listed in the Registration as it was originally applied for on June 28, 2000 and as thereafter amended. [Herbert Decl. ¶5] SEC has evidenced its use of the TRIDENT(and design)® Mark in commerce on or in connection with all of its goods listed in its Registration as of the filing date of the Registration, June 28, 2000 through copies of invoices. [Herbert Decl. ¶ 6, Exhibit C]. In addition, SEC has evidenced its consistent use of the TRIDENT (and design)® mark since at least as early as March 1,

[3] Petitioner's counsel admits to filing the Petition to Cancel on September 17, 2007 in an unsuccessful attempt to block the incontestability status of the Registration. SEC filed its request for incontestability on the first possible day, September 17, 2007, prior to Petitioner's filing on that same day and the Registration was granted incontestability status. [Meide Decl. ¶5 Exhibit C]

1988 through its invoice and submission of its price lists including its January 1, 1988 price list. [Herbert Decl. ¶ 7, Exhibit D].

For the past ten years, SEC has provided national advertising of its TRIDENT (and design)® Mark in connection with its drawing, drafting, surveyors, and artist supplies, tools, and equipment on the home page of its Internet website located at www.TridentArt.com. [Herbert Decl. ¶ 8, Exhibit E]. Such use is also evidenced by the Internet Archive website located at www.web.archive.org. and through screen shots of the www.TridentArt.com home page for each year from 1998 through 2008. [Herbert Decl. ¶ 8, Exhibit E].

SEC has also sold its drawing, drafting, surveyors, and artist supplies, tools, and equipment goods listed in its Registration in connection with the TRIDENT (and design)® Mark on the home page of its Internet website located at www.TridentArt.com consistently from 2002 to the present day. [Herbert Decl. ¶ 9] SEC has never abandoned its TRIDENT (and design)® Mark. [Herbert Decl. ¶10].

Petitioner admits that: (1) Petitioner has actual knowledge of SEC's use of SEC's TRIDENT (and design)® mark; (2) prior to using the TRIDENT mark, Petitioner had actual knowledge of SEC's use of the TRIDENT (and design)® mark as the name of SEC's business of selling art materials and supplies; and (3) Petitioner has known that SEC has been in the business of selling art materials and supplies in the United States under the TRIDENT (and design)® mark for more than ten years. [Exhibit 2 Petitioner's Admission Responses No. 16, 19, and 20]. Petitioner admits that Petitioner has no documents that evidence that SEC has abandoned its TRIDENT (and design)® mark. [Exhibit 4 Petitioner's Document Prod Response No. 28]. Petitioner also admits that it has no documents or things that identify or relate to SEC's marks being invalid, defective, or not enforceable. [Exhibit 4 Petitioner's Document Prod Response No. 81].

ARGUMENT

I. The Summary Judgment Standard

The TTAB has deemed summary judgment an appropriate method for disposing of a cancellation proceeding when the pleadings and evidence show that "there is no genuine issue as to any material fact and that the moving party is entitled to judgment as a matter of law." Fed. R. Civ. P. 56(c); see 37 C.F.R. § 2.116(a) (Federal Rules of Civil Procedure generally apply to cancellation); TBMP §528 (motion for summary judgment). The purpose of a summary judgment motion is to avoid an unnecessary trial where there is no genuine issue of material fact and additional evidence could not reasonably be expected to change the result of the case. TBMP §528.01. The Board should not hesitate to dispose of cases on summary judgment where appropriate. *Id.* In addition to the pleadings and discovery, the Board may consider affidavits, declarations and their accompanying exhibits submitted in support of a motion for summary judgment, provided they are made on personal knowledge, set forth such as would be admissible in evidence, and show affirmatively that the affiant is competent to testify to the matters stated. TBMP § 528.05(a) and (b).

A motion for summary judgment may generally be filed at any time after notification of the proceeding has been sent to the parties by the TTAB, and prior to the commencement of the first testimony period. TBMP §528.02 (citing 37 CFR § 2. 127(e)(1)). Once the movant shows that there is an absence of evidence to support the nonmoving party's case, the nonmoving party "must proffer countering evidence, by affidavit or as otherwise provided in Fed. R. Civ. P. 56, showing that there is a genuine factual dispute for trial." TBMP § 528.01 (citations omitted); see Fed. R. Civ. P. 56(e); see also *Sweats Fashions Inc. v. Pannill Knitting Co.,* 4 U.S.P.Q.2d 1793, 1796-1797 (Fed. Cir. 1987). Here, Petitioner cannot proffer any evidence to establish a genuine factual dispute.

The party who moves for summary judgment has no duty to disprove matters as to which the opposing party will have the burden of proving at trial, and in fact is not required to produce any evidence at all on these matters. *Celotex Corp. v. Catrett,* 477 U.S. 317, 323, 91 L. Ed. 2d 265, 106 S. Ct. 2548 (1986). When the moving party is the defendant, it has no obligation to present evidence and may properly move for a dismissal on summary judgment by pointing out the absence of evidence in the record

supporting the plaintiff on a critical point on which plaintiff has the burden of proof. Thus, the Supreme Court has stated that the moving party's burden "may be discharged by 'showing'—that is, pointing out—that there is an absence of evidence to support the nonmoving party's case." *Celotex,* 477 U.S. at 325. In effect, this means that when a defendant moves for a dismissal on summary judgment, it can point to a "hole" in the plaintiff's evidence on a crucial point as revealed in the discovery record.

II. Res Judicata Precludes Petitioner From Relitigating The Claims In The Petition To Cancel

Res Judicata precludes Petitioner from relitigating the claim of fraud based upon SEC's alleged misrepresentation of ownership of the TRIDENT (and design)® mark. Lanham Act § 19, 15 U.S.C.A. § 1069. Petitioner claims that SEC does not own the TRIDENT (and design)® mark because SEC is "only a distributor of Petitioner's predecessor-in-interest" and not the owner. [Petition to Cancel ¶ 9].

Petitioner claims that SEC committed fraud against the USPTO because SEC is not the owner of the TRIDENT (and design)® mark. Petitioner claims SEC is only a distributor of Petitioner's predecessor-in-interest who is allegedly the true owner of the mark. Petitioner's trademark rights in the TRIDENT (and design)® mark are admittedly solely from the alleged rights of its alleged predecessor-in-interest Trident S/A Industria De Precisao via a trademark assignment between Petitioner and Trident S/A Industria De Precisao on August 15, 2007 and no rights of its own outside the alleged trademark assignment.

Trident S/A Industria De Precisao filed a Petition to Cancel, Cancellation No. 92043330 against Respondent on May 18, 2004 for the same ownership/fraud claims as set forth in the Petition to Cancel hereunder. [Herbert Decl. Exhibit A] Judgment was entered against Petitioner's alleged predecessor-in-interest, Trident S/A Industria De Precisao, and such Petition to Cancel was dismissed with prejudice. No other relevant facts have changed related to the prior Petition to Cancel and the current Petition to Cancel.

Petitioner allegedly received assignment of Trident S/A Industria De Precisao's

trademark rights to TRIDENT on August 15, 2007, two years after Trident S/A Industria De Precisao's Petition to Cancel against SEC for the same ownership/fraud claim was dismissed with prejudice against Trident S/A Industria De Precisao. [Herbert Decl. Exhibit B]. Trident S/A Industria De Precisao cannot assign away the right to file a petition on the same claim against SEC if it has lost its right to do so. Petitioner is attempting to circumvent the dismissal with prejudice against Trident S/A Industria De Precisao by assigning rights that do not exist. Indeed it is telling that Petitioner has identified its main witness for its tentative Testimony Deposition as Ivan Maturana Segato of Trident S/A Industria De Precisao.

Under Res Judicata, claim preclusion from merger and bar operates to preclude relitigation of the same "claim" that was previously litigated. Restatement Second of Judgments § 17 (1982). A party is bound by claim preclusion if it is the same party as the one involved in the prior case or is in privity with that party. "Privity" describes a sufficiently close relationship between parties that one is bound by the result of a case involving the other. *Verband der Zuechter des Oldenburger Pferdes e.V. v. International Sporthorse Registry, Inc.*, 55 U.S.P.Q.2d 1550, 1999 (N.D. Ill. 1999) (because third party licensor was found to be in privity with a licensee who was a party to the previous lawsuit, claim preclusion was found. A consent decree can be the basis for claim preclusion if it contained an express acknowledgement of the party's infringement of the trademark). A prior dismissal with prejudice after plaintiff decides not to press its claim is a judgment on the merits and triggers claim preclusion. *Storey v. Cello Holdings, L.L.C.*, 68 U.S.P.Q.2d 1641 (2d Cir. 2003). *International Nutrition Co. v. Horphag Research, Ltd.*, 55 U.S.P.Q.2d 1492 (Fed. Cir. 2000) (a default judgment can give rise to res judicata by claim preclusion); *Zoll v. Ruder Finn, Inc.*, 31 Media L. Rep. 2409, 2003 (S.D. N.Y. 2003), on reconsideration in part, 32 Media L. Rep. 1200, 2004 (S.D. N.Y. 2004) ("The effects of claim preclusion are not diminished by the addition of a new legal claim, particularly when that claim could have been raised in the prior proceeding.")

Trident S/A Industria De Precisao and Petitioner, in privity with Trident S/A Industria De Precisao as its alleged successor are precluded from relitigating the claim of

fraud based upon SEC's alleged misrepresentation of ownership of the TRIDENT (and design)® mark. Trident S/A Industria De Precisao had a full and fair opportunity to litigate the matter. To enable Petitioner to relitigate the same claim that was dismissed with prejudice two years earlier on the same facts by its predecessor is tantamount to allowing endless relitigation.

This Cancellation should be further dismissed pursuant to Fed. R. Civ. P. 12(b)(6) as Respondent has failed to state a claim upon which relief may be granted. Petitioner has failed to identify any legal authority under which relief may be granted to Petitioner in this proceeding.

III. SEC's Use Of Its Goods Under The Registration and Continuous Use In Commerce Is Undeniable

Petitioner claims that SEC is not using and has never used the TRIDENT (and design)® Mark as set forth in the Registration in connection with the goods listed in the Registration. Petition to Cancel ¶¶ 5, 6, 12, and 13. Because Petitioner claims SEC is not and has not used the TRIDENT (and design)® mark, Petitioner asserts SEC committed fraud against the United States Patent and Trademark Office. Petition to Cancel ¶¶ 5, 6, 7, 10, and 11. Petitioner also claims that SEC has intentionally abandoned its TRIDENT (and design)® Mark through nonuse. Petition to Cancel ¶¶ 12 and 13. Contrary to Petitioner's allegation, SEC has properly used its TRIDENT (and design)® since March 1, 1988 and has continuously properly used such mark to the present day.

SEC has sufficiently evidenced its use of the TRIDENT(and design)® Mark in commerce in connection with its goods. SEC has sufficiently evidenced its use of the TRIDENT(and design)® Mark in commerce on or in connection with all of its goods listed in its Registration as of the filing date of the Registration, June 28, 2000 through copies of invoices, catalogs, and pictures of SEC's TRIDENT goods. [Herbert Decl. ¶ 4-10, Exhibit C]. Such select SEC invoices more than adequately cover the goods listed in the Registration, including an invoice for sale of various goods on March 1,

1988. [Herbert Decl. ¶ 4-10, Exhibit D]. In addition, SEC has evidenced its consistent use of the TRIDENT (and design)® mark since at least as early as March 1, 1988 through submission of its price lists including its January 1, 1988 price list. [Herbert Decl. ¶ 4-10, Exhibit D].

Moreover, consistently for the past ten years, SEC has provided national advertising of its TRIDENT (and design)® Mark in connection with all of its drawing, drafting, surveyors, and artist supplies, tools, and equipment listed in its Registration at its Internet website located at www.TridentArt.com. [Herbert Decl. ¶ 8-9, Exhibit E]. Such use is also evidenced by the Internet Archive website located at www.web.archive.org. and through screen shots of the www.TridentArt.com home page for each year from 1998 through 2008. [Herbert Decl. ¶ 8-9, Exhibit E].

SEC has also sold its drawing, drafting, surveyors, and artist supplies, tools, and equipment goods listed in its Registration in connection with the TRIDENT (and design)® Mark on the home page of its Internet website located at www.TridentArt.com consistently from 2002 to the present day. [Herbert Decl. ¶ 9, Exhibit E]. SEC, through its admissions and interrogatory responses, has also verified its valid and consistent use of the TRIDENT (and design)® mark in connection with each and every good listed in its Registration as of the application filing date of June 28, 2000. [Exhibit 5 SEC's Admission Responses Nos. 3, 4, and 7; Exhibit 6 SEC's Interrogatory Responses Nos. 4, 9, 10, and 12]

In great contrast to Petitioner's claims in its Petition to Cancel, Petitioner admits and represents in its Admission Responses that: (1) Petitioner has actual knowledge of SEC's use of SEC's TRIDENT (and design)® mark; (2) prior to using the TRIDENT mark, Petitioner had actual knowledge of SEC's use of the TRIDENT (and design)® mark as the name of SEC's business of selling art materials and supplies; and (3) Petitioner has known that SEC has been in the business of selling art materials and supplies in the United States under the TRIDENT (and design)® mark for more than ten years. [Exhibit 2 Petitioner's Admission Responses No. 16, 19, and 20]. These admissions from Petitioner alone are sufficient to remove Petitioner's claims of nonuse

and abandonment. Moreover, Petitioner admits in its Document Production Response Number 28 that Petitioner has no documents that evidence that SEC has abandoned its TRIDENT (and design)® mark. [Exhibit 4 Petitioner's Document Prod Response No. 28]. Petitioner also admits that it has no documents or things that identify or relate to SEC's marks being invalid, defective, or not enforceable. [Exhibit 4 Petitioner's Document Prod Response No. 81].

Stated in its simplest terms, the declarations, discovery responses, and evidence submitted in support of this motion undeniably establish that Respondent has continuously engaged in commerce since SEC's application filing date of June 28, 2000. While not required to do so under this Motion, SEC has even properly evidenced its continuous use of its TRIDENT (and design)® mark as early as March 1, 1988. There is no evidence that can be presented by Petitioner to change these facts. Pursuant to 37 C.F.R. §2.34(a)(1)(i) an applicant many claim a §1(a) basis when the mark was in use in commerce on or in connection with all of the goods or services covered by the §1(a) basis as of the application filing date. Given these undisputed facts, Petitioner's claim of fraud related to SEC's Registration application and claim of abandonment must fail.

IV. The Facts And The Lack of Evidence by Petitioner In This Case Requires That Summary Judgment Be Granted

SEC points to the large "holes" in Petitioner's case as Petitioner has no evidence of SEC as a distributor of Petitioner's predecessor-in-interest (which is moot because of res judicata), no evidence of SEC abandonment of its TRIDENT (and design)® mark or any evidence that the goods identified in its Registration were not in use by SEC's filing date of June 28, 2000. Moreover, SEC has undeniably proven its use of all the goods listed in its Registration as filed on June 28, 2000 and has undeniably proven that such use has been continuous to the present day. Petitioner fails to make any showing as to its own case on which it has the burden of proof. *See Celotex Corp. v. Catrett, supra.*

Summary judgment will be granted "against a party who fails to make a showing sufficient to establish the existence of an element essential to that party's case, and on

which that party will bear the burden of proof at trial." *Celotex Corp. v. Catrett,* 477 U.S. 317, 322, 91 L. Ed. 2d 265, 106 S. Ct. 2548 (1986). The responding party must go beyond the pleadings and designate specific facts which show that there are genuine issues for trial on every issue challenged by the motion. In its harassment case against SEC, Petitioner has simply expressed some metaphysical doubt as to the material facts.

The responding party must "do more than simply show that there is some metaphysical doubt as to the material facts." *Matsushita Elec. Indus. Co. v. Zenith Radio Corp.*, 475 U.S. 574, 586, 89 L. Ed. 2d 538, 106 S. Ct. 1348, 1356 (1986). There is no issue for trial unless there is sufficient evidence favoring the nonmoving party for a jury to return a verdict for that party." *Anderson v. Liberty Lobby, Inc.*, 477 U.S. 242, 91 L. Ed. 2d 202, 106 S. Ct. 2505, 2511 (1986). *See Matsushita Elec. Indus. Co. v. Zenith Radio Corp.*, 475 U.S. 574, at 587 ("Where the record taken as a whole could not lead a rational trier of fact to find for the nonmoving party, there is no 'genuine issue for trial.' "). Such is the case with the Petition to Cancel.

CONCLUSION

Petitioner's claims of fraud, non-use, and abandonment are belied by the undisputed facts. Petitioner is precluded from relitigating the claim of fraud based upon an alleged distributorship relationship because of res judicata. SEC has disproved any lack of use or intentional abandonment of the TRIDENT (and design)® Mark. Further Petitioner is unable to provide any evidence of SEC's alleged non-use or intentional abandonment of its TRIDENT (and design)® Mark. Petitioner's cancellation claims are thus without basis and should be dismissed. In addition, Petitioner fails to state a claim upon which relief may be granted by failing to identify any legal authority for its allegations.

For the reasons set forth above, SEC respectfully requests that the Board grant Summary Judgment to SEC and permit SEC's Trademark Registration No. 2,619,642 for TRIDENT (and design)® to remain registered.

Respectfully submitted,

BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

Jack Richeson & Co., Inc., Petitioner	In the matter of Trademark Registration No. 2,619,642 For the mark: TRIDENT (and design)® International Classes 9, 16, and 20
v.	Cancellation No.: 92048118 STATEMENT OF UNDISPUTED MATERIAL FACTS IN SUPPORT OF RESPONDENT'S MOTION FOR SUMMARY JUDGMENT
Select Export Corp. D/B/A Trident Respondent	

SEC.0401

In support of its motion for summary judgment and pursuant to the Trademark Trial and Appeal Board Manual of Procedure § 528.01, Respondent, Select Export Corp. submits the following statement of undisputed material facts.

1. In the Petition to Cancel, Petitioner claims that SEC committed fraud against the USPTO because SEC is allegedly not the rightful owner of the TRIDENT (and design)® mark, but rather merely a distributor of Petitioner's predecessor-in-interest. Petition to Cancel ¶¶ 8 – 11.

2. Petitioner has failed to identify any legal authority within its Petition to Cancel under which relief may be granted to Petitioner in this proceeding. Petition to Cancel.

3. On August 15, 2007, Petitioner attempted to effect a trademark assignment of the TRIDENT mark between Trident S/A Industria De Precisao and Petitioner. [Meide Decl. ¶ 3 Exhibit B; Exhibit 1 Petitioner's Interrogatory Responses No. 5, 6, and 14; Exhibit 2 Petitioner's Admission Response No. 11; Meide Decl. ¶3 Exhibit B]

4. Petitioner's alleged predecessor-in-interest, Trident S/A Industria De Precisao, filed a Petition to Cancel, Cancellation No. 92043330 against Respondent on May 18, 2004. Judgment was entered against Petitioner's alleged predecessor-in-interest, Trident S/A Industria De Precisao, and such Petition to Cancel was dismissed with prejudice on September 7, 2005. TTAB Cancellation No. 92043330. [Herbert Decl. ¶ 2; Exhibit A Petition to Cancel, Cancellation No. 9204330; Exhibit B Board Termination]

5. Petitioner's trademark rights in the TRIDENT mark are solely from the alleged rights of its alleged predecessor-in-interest Trident S/A Industria De Precisao via such alleged trademark assignment between Petitioner and Trident S/A Industria De Precisao on August 15, 2007 and no rights of its own outside the alleged trademark assignment. [Exhibit 1 Petitioner's Interrogatory Responses No. 5, 6, and 14; Exhibit 2 Petitioner's Admission Response No. 11; Meide Decl. ¶3 Exhibit B]

6. SEC has continuously used the TRIDENT (and design)® Mark in commerce in connection with all of the goods originally listed on the Registration since at least as early as its application filing date of June 28, 2000. [Herbert Decl. ¶¶ 4-10]

7. SEC has not abandoned its TRIDENT (and design)® Mark in connection with its drawing, drafting, surveyors, and artist supplies, tools, and equipment. [Herbert Decl ¶¶ 4-10].

8. Petitioner admits that: (1) Petitioner has actual knowledge of SEC's use of SEC's TRIDENT (and design)® mark; (2) prior to using the TRIDENT mark, Petitioner had actual knowledge of SEC's use of the TRIDENT (and design)® mark as the name of SEC's business of selling art materials and supplies; and (3) Petitioner has known that SEC has been in the business of selling art materials and supplies in the United States under the TRIDENT (and design)® mark for more than ten years. TRIDENT S/A INDUSTRIA DE PRECISAO,	:	
Petitioner,	:	PETITION TO CANCEL
-v-	:	
	:	Cancellation No.
SELECT EXPORT CORP. DBA TRIDENT	:	
Respondent.	:	

TO THE COMMISSIONER OF PATENTS AND TRADEMARKS:

Petitioner Trident S/A Industria de Precisao, a corporation duly organized and existing under the laws of Brazil, and having its principal place of business at Caixa Postal 29, 17230-000, Itapui, São Paulo, Brazil ("Petitioner") believes that it will be damaged by the continued existence of the above-identified registration for the trademark TRIDENT & Design on the Principal Register, and hereby petitions to cancel the same.

As grounds for this Cancellation, Petitioner alleges that:

1. Petitioner is engaged, and for many years has been engaged, in the manufacture, distribution and sale of artists' materials, tools and supplies used for drawing, drafting and surveying to the United States.

2. Select Export Corp. DBA Trident ("Respondent") registered TRIDENT & Design, Registration No. 2,619,642 on September 17, 2002 for certain goods, including "artists'

materials" in International Class 016, "surveying, measuring and teaching apparatus and instruments" in International Class 009 and various furniture and accessories in International Class 020 as more specifically set forth in Exhibit A attached hereto ("Respondent's Mark"). Respondent claimed a date of March 1, 1998 for its first use in commerce.

3. Respondent, the record owner of the contested registration, is a Florida corporation with an address at 7395 Pioneer Road, West Palm Beach, Florida, 33413.

4. In an Office Action dated December 29, 2000, the Examining Attorney noted that there was an inconsistency in Respondent's application in that "applicant identifie[d] itself in the application as 'Select Export Corp. DBA Trident' [and] identifie[d] itself on the drawing page . . as 'Trident North America'" and instructed that it "must clarify the inconsistency and identify the true owner of the mark."

5. Respondent responded to the Office Action on June 14, 2001 and stated that "the owner of the mark is: Select Export Corp.."

6. Respondent was only a distributor of Petitioner's goods and was neither an owner nor a related company user of the mark. TMEP § 1201.06(a).

7. Petitioner is, and was at the time of Respondent's application, the true owner of the TRIDENT & Design mark.

8. Accordingly, Respondent's registration should be cancelled on the ground that Respondent is not, and was not at the time of filing its application for registration, a rightful owner of the registered mark. TBMP § 309.03(c)(8).

WHEREFORE, Petitioner prays that this petition to cancel be granted and that Reg. No. 2,619,642 for the mark TRIDENT & Design be cancelled forthwith.

Thomas W. Wellington
Interlocutory Attorney,
Trademark Trial and Appeal Board:

On June 10, 2005, the Board allowed petitioner time in which to either appoint a new attorney or to state that petitioner would represent itself, failing which the Board may issue a show cause order requiring petitioner to show cause why default judgment should not be entered based on a lack of interest in this proceeding.

On July 19, 2005, respondent filed a motion for default judgement based on petitioner's loss of interest in this proceeding.

Inasmuch as we have received no response from petitioner to the Board's order or petitioner's motion, judgment is hereby

entered against petitioner and the petition to cancel is dismissed with prejudice.

Dear Mr. Vermejo:

I realize my payment is late and I promised you a payment of $150.00 by March 24, 1995. Due to problems I can't control and I apologize, but I am trying to pay my bill with your company as quickly as I am able. Your understanding to this point is greatly appreciated.

I do ask that you wait to bank this check until Friday, April 7, 1995. I know this has been difficult for your company and I can't apologize enough for the problems this may have caused the company. I thank you sincerely for your patience and your help with this matter.

Sincerely,

John M. Sachs

A 60° triangle is measured on the longest cathetus, LC, and a 45° is measured on the length of the two equal sides, C.
Two triangles are considered a set if LC for a 60° is two inches longer than C for a 45°.

ARTISTS' OIL COLORS

Technical Specifications

ACRILEX artists' oil colors are carefully grounded in the highest quality combination of vegetable oils (subject to international norms) and additives specially formulated for professional artists' products. ACRILEX oils produce brilliant concentrated colors, which dry to a tough and permanent paint film.

ACRILEX carefully selects only the finest professional quality, full strength pigments to obtain the utmost tones and semitones. ACRILEX's primary requirement is that all color inks are formulated intermixable, without losing their physical properties and good finish. Every oil color uses only one solid pigment at a time, guaranteed contents printed on label, ACRILEX colors are 100% free of adulterants.

ACRILEX has required that all its oil color products have well defined and uniform specifications, in viscocity, purity, strength, dryness, and adhesiveness.

ACRILEX is one of the first developers and manufacturers of professional artists paints in the world.

After years of research and testing, ACRILEX introduced its paints in 1964 with its slogan "Colors for every idea".

Material washing and solution.
The used instruments must be washed with Turpentine, or a good quality "Mineral Spirits".

Pigments Types

The artists' oil line is divided into two groups:

01 Transparent pigments				
Colors	701	702	703	704
	705	706	707	708
02 Non-Transparent pigments				
Colors	709	710	711	712
	713	714	715	716
	717	718	719	720
	721	722	723	724

All ACRILEX colors can be intermixed in any proportion, organic or inorganic. The pigments used in the line A-700 are selected with the highest professional standard of quality.

Acrylic Artists' Color
Technical Specifications

This new product was developed to satisfy the needs of Professional Artists. Ingredients are based on pigments selected for their high resistance to light and atmospheric agents.
Colors were selected based on extensive research with acrylic paint artists and provide a wide range of mid-tones.
The optimum ratio of pigment to vehicle (resin) was carefully studied taking into consideration the absorption characteristics of each pigment. The result was an ideal blend extending the useful shell life of the paint. The vehicle is an emulsified acrylic resin which is water soluble, dries quickly, has exellent elasticity and adheres to several bases and derivates. It does not yellow with the passage of time.

Material wash and dilution
The acrylic material is diluted with water. Once dry the acrylic forms an impermeable film. All brushes, palette knives and other tools should be washed with soap and water after use.

Durability
This professional paint is protected against microorganisms by a combination of fungicides and bactericides. These agents are not harmful to humans and are 100% effective in preserving your work in harsh environments.

Pigments Division

The series of Acrylic Artists' Color is comprised of three groups:

01 With Transparent(gloss) pigments				
	601	602	603	604
	605	606	607	608
02 With Matte pigments				
	609	610	611	612
	613	614	615	616
	617	618	619	620
	621	622	623	624

03 With Iridescent prigments

Inorganic Pigments

Cadmio Pigments:
Cadmio Pigments are made through chemical reactions of the following elements: Cadmio, Sulfur, Selenium, Zinc. This process produces the light yellows, intense yellows, oranges, reds, and ochres which are highly resistant to light and heat.

Titanium Dioxide (TiO_2):
Is a special white non-yellowing pigment which in crystal form produces "Radiant" colors. It has great chemical stability and a power of mixture higher than any other white pigment used.

Ultramarine Blue:
Is composed of Sulfur, caustic and alkaline compound, in high temperature with the help of a reductor. Changing the proportion of the components, changes the tones. Ultramarine Blue in spite of its transparency, keeps its vivid colors, unequaled by the other blue pigments.

Chromium Oxide Green and Cobalt Blue:
Are pigments with high resistance to light and high temperatures.

Iron compounds:
The yellow, red, ochres, brown and black oxides are very resistant to light.

Organic Pigments

The organic pigments selected for the professional art palette are:

Hansa Yellow
Hansa Yellow, pigment based in toluidine and Beta Naphthol, has good resistance to light in concentrated colors, while the pastel colors have less resistance to light. The Hansa Yellow has proven to have strong resistance to acid and alkaline solutions.

Naftol Red Light
Pigment of Naftol resines as (Beta-HydroxiNaphtoic Aniline) and a monomer compound of the lacquer has good resistance to light, in clear tones and reasonable resistance in mixed tones with Titanium Dioxide.

Naftol Red CRIMSON and Quinacra Violet
Pigments derived from Quinacra ($C_{20}N_2O_2H_{12}$) have a high resistance to light, similar to Phtalocyanine. These pigments are expensive due to the complex production process.

Hooker's Green
This pigment is obtained from the reaction between Naftol-Beta-Nitrate and a Salt of iron and has decreased resistance to external light. The beautiful tones and tranparencies enhance the palette of every professional artist.

Phtalo Blue
Obtained from the reaction between Phtalic Anhidride, Phtalonitrite and a copper salt. It is a pigment that has great resistance to light and heat whether in a pure or mixed form. There is no restriction in its use while it is in beta form.

Phtalo Green
Obtained from the same reactions that form the Phtalo Blue, but with substitution of the Hydrogen atoms by Cloro. It has the same resistance to Blue Phtalo.

Dioxazine Purple
Derived from Dioxazine Cresol, which presents great resistance to light and high power of mixture. Because of this property, it is used as a mix in white inks (as whitener).

Ivory Black
The only pigment of this selection that is formed by one chemical element or charcoal. It's obtained through a special process which eliminates the ashes and other impurities.

The ivory black pigment has maximum power of mixture, unlimited resistance to light and the ability to absorb ultraviolet rays.

Iridescent
Specially treated and purified micas (plastic) reflect a very attractive metallic bright. Colors are obtained by special processes of products with high resistance to fading.

On June 26, 2007 and August 8, 2007, I sent on behalf of SEC as SEC's Counsel formal cease and desist notices (Exhibit A) for trademark infringement to George Muench, President of Utrecht Manufacturing Corporation ("Utrecht"), requiring that Utrecht cease and desist using SEC's TRIDENT (and design)® mark after Utrecht personnel admitted to SEC that Utrecht knowingly sold easels purchased from Petitioner using the unauthorized SEC's TRIDENT (and design)® mark. [Exhibit A]

4. Petitioner's counsel provided me with a response letter to the SEC cease and desist letters with an attached alleged trademark assignment of the TRIDENT mark between Trident S/A Industria De Precisao and Petitioner. [Exhibit B].

5. Counsel for Petitioner shortly thereafter contacted me on behalf of Petitioner on multiple occasions attempting to settle Petitioner's trademark infringement matter with SEC. Petitioner's counsel communicated to me that they would be forced to file a cancellation proceeding against SEC's Registration if the parties were unable to settle the matter. [Exhibit C].

I hereby attest that the foregoing is true and correct. Signed under penalty of perjury on this 24th day of May, 2008 in Jacksonville, Florida.

Re: **FORMAL NOTICE TO CEASE AND DESIST**
Utrecht Manufacturing Corporation ("Utrecht")
Infringement of Select Export Corp's
Intellectual Property Rights
TRIDENT (and design)®

Dear Mr. Muench:

As Counsel for Select Export Corp. ("SEC"), this letter serves as formal notice of Utrecht's trademark infringement of SEC's TRIDENT (and design)® trademark and copyright infringement of SEC's copyrights in the products sold in connection with the TRIDENT (and design)® mark. This is a follow-up to a verbal cease and desist on this matter.

On June 19, 2007 SEC received a phone call from Dorothy Nathanson. Ms. Nathanson recently purchased a 12.332 H frame easel from Utrecht that bears the TRIDENT (and design)® trademark. Ms. Nathanson contacted SEC because she purchased a "TRIDENT easel from Utrecht" and she wanted to know the composition of the easel. Herbert Moebius, President of SEC, contacted Utrecht via telephone on June 19, 2007 and verbally inquired about Ms. Nathanson's purchase and required Utrecht to cease and desist any and all trademark infringement of SEC's trademark TRIDENT (and design)® mark. Mr. Moebius first spoke with a manager, Tara Volczech, of Utrecht and thereafter with a buyer, Mat Urban, of Utrecht. Mr. Urban verified that Utrecht purchased the "Trident Easels" from Jack Richeson Co., Inc. ("Jack Richeson").

SEC owns the United States Patent and Trademark Office registered trademark TRIDENT (and design)® (Registration Number 2,619,642) for use in connection with surveying,

measuring, and teaching apparatus and instruments in International Class 009; artist's materials in International Class 016; and wooden taboret for architectural drawings plans and maps, furniture, auxiliary cart for art supplies, metal display rolling stands for architectural drawings plans and maps, steel drafting tables, wooden drafting tables, wooden stools, wooden tops and melamine tops for use on top of drafting tables in International Class 20. SEC has continuously used the TRIDENT (and design)® mark since at least as early as March 1, 1988. SEC has made significant investments in promoting the mark and has had impressive success in its market. SEC has gone to great lengths to cultivate the trade identity and goodwill associated with its mark and is committed to aggressively defending its investment and its strong rights in the TRIDENT (and design)® mark.

Mat Urban of Utrecht stated that Utrecht knowingly sold H frame easels with the unauthorized SEC's TRIDENT (and design)® trademark. Such conduct is in direct violation of SEC's intellectual property rights. Mr. Urban stated that Jack Richeson assured Utrecht that Utrecht was purchasing a container of easels from Jack Richeson without any branding from Brazil. Regardless, Utrecht purchased and sold at least one container of H frame easels to consumers after knowing such easels had the unauthorized TRIDENT® trademark.

Jack Richeson has no authority to manufacture, distribute, or sell any TRIDENT® products. By virtue of the fact that Utrecht purchased such easels through an unauthorized dealer, such merchandise is not genuine. The purchase and sale of such unauthorized merchandise constitutes infringement of SEC's intellectual property rights. ("Unauthorized Products"). Utrecht has unlawfully and flagrantly gained profits from the sale of the Unauthorized Products and its palming off of SEC's good will and reputation without properly dealing with SEC or its authorized dealers.

In addition to confusing the customer as to the source of these goods, such H frame easels are an exact imitation of SEC's easels and thus counterfeit, resulting in further infringement of SEC's intellectual property rights. Utrecht's purchase and resale of such TRIDENT easels directly infringes on the common law and Federal registration trademark rights of SEC. Utrecht's purchase and resale of such TRIDENT easels also infringe on SEC's copyright rights through Utrecht's use of the TRIDENT mark and logo in connection with the same type of and/or identical products provided by SEC. Utrecht's continued use of the TRIDENT mark and logo in such manner constitutes direct trademark infringement and copyright infringement of SEC's TRIDENT (and design)® mark and associated products. Utrecht has been well aware of SEC's presence in the art/artist's supplies and materials industry and its products. Utrecht has intentionally infringed upon SEC's intellectual property rights.

SEC is a long-time member in good standing of NAMTA and has attended the NAMTA trade shows for at least fourteen (14) years. At such trade shows SEC has always prominently displayed SEC's TRIDENT (and design)® trademark. Utrecht has also attended many of these same NAMTA trade shows. There is no doubt that Utrecht is aware of SEC's rights in its TRIDENT (and design)® trademark and copyrighted products.

SEC strongly objects to Utrecht's infringing activity and SEC will defend its rights in this matter. By this letter we hereby formally require that you cease and desist any and all use of the TRIDENT and/or TRIDENT (and design) trademark and cease and desist the sale of any and all products bearing the TRIDENT and/or TRIDENT (and design) trademark in connection with art/artist's supplies and materials. Your failure to do so will be considered ongoing clear and ***intentional*** infringement of SEC's intellectual property rights in its TRIDENT (and design)® mark in connection with the above noted goods or any other similar goods as well as ongoing clear and ***intentional*** copyright infringement.

A trademark infringer "can be required to turn over the profits he earned during the period of infringement." Burger King Corporation v. Mason, 710 F.2d 1480, 1494; 1983 U.S. App. LEXIS 24333, 24339; 219 U.S.P.Q. (BNA) 693 (11th Cir. 1983). The general proof and measure of damages in a trademark action is governed by the law of damages of tort actions. Aladdin Mfg. Co. v. Mantle Lamp Co. of America, 116 F.2d 708 (7th Cir. 1941). Consequently, Utrecht is liable for all damages that flow from its tortuous acts. A precise showing is not required to recover damages; the aggrieved party need only demonstrate some actual harm. Strike It Rich, Inc. v. Jos. Schlitz Brewing Co., 505 F.Supp. 89, 212 U.S.P.Q. 746 (D.C.D.C. 1980).

The Federal Statutes pertaining to trademark infringement, in particular 15 U.S.C §§ 1125 and 1117, entitle victims of trademark infringement to recover "(1) defendant's profits, (2) any damages sustained by the plaintiff, and (3) the costs of the action," 15 U.S.C. §1117(a), in situations when a party "uses in commerce any word, term, name, symbol, or device ... or any false designation of origin ... which in commercial advertising or promotion misrepresents the nature characteristics, qualities, or geographic origin of his ... goods, services, or commercial activities." 15 U.S.C. §1125(a)(1)(A). Utrecht's sale of the Unauthorized Product constitutes such trademark infringement. By displaying and selling such Unauthorized Product, Utrecht is falsely conveying that SEC regulates and approves such Unauthorized Product. By abusing SEC's intellectual property rights in such a manner, Utrecht is unfairly competing against SEC and its authorized representatives. Utrecht's infringement of SEC's intellectual property rights entitles SEC to Utrecht's profits, any sustained damages, statutory damages, and the costs of the action.

To mitigate the damages against SEC in this matter we require that Utrecht:

A. Immediately cease and desist any and all purchase, distribution, promotion, and/or sale of such Unauthorized Product.

B. Immediately voluntarily surrender to SEC all infringing items in Utrecht's possession bearing the TRIDENT trademark and/or design. This includes, without limitation all forms of any Unauthorized Product.

C. Immediately provide SEC with a full accounting, including but not limited to, all records pertaining to the procurement and sale of the Unauthorized Product, including the names of all parties that may have manufactured, imported, exported, distributed, purchased, or sold the Unauthorized Product.

D. Cooperate with SEC representatives concerning the investigation of any other parties that Utrecht has had a business relationship involving the Unauthorized Product.

E. Provide SEC with proper information regarding Utrecht's insurance carrier and coverage.

If we are unable to resolve this matter, SEC will defend its rights through proper legal channels. As you know, the cost of litigating a Federal intellectual property infringement case often surpasses $50,000.00. SEC is prepared to litigate this issue if necessary, especially given that this is a clear-cut case of significant Federal intellectual property infringement that will result in payment of legal fees. The President of SEC, Herbert Moebius, is no stranger to litigation to protect his and/or his corporation's rights. Mr. Moebius has filed numerous successful lawsuits in Broward and Palm Beach County on behalf of himself or his corporation.

Any response from Utrecht that does not provide a voluntary surrender of the entirety of the Unauthorized Product with a full accounting shall be deemed insufficient and will be interpreted to mean Utrecht intends to continue selling the Unauthorized Product in defiance of SEC's rights and in violation of the law. Upon your review of this letter, please contact me no later than **August 22, 2007** to discuss the details for fulfilling these requirements. If I do not hear from you by this date, we will construe this to mean that Utrecht has no desire to resolve this matter informally and Utrecht plans to continue its intentionally infringing activities in violation of the law. At such time I will advise SEC to take whatever steps they deem necessary to fully protect their intellectual property rights.

Nothing contained in, or omitted from, this correspondence is intended to be or should be considered an admission of any fact or a waiver of any right or defense, all of which are expressly reserved. This letter cannot be used in evidence or referred to in any litigation with regard to the merits of this matter.

Sincerely,

Cheryl Meide

Cheryl:

I am following up on our communications last week.

Document Production

I am prepared to come to Ft. Lauderdale to review the documents and things being provided by your client in response to our discovery requests on May 23. I will arrive at Lott & Friedland's offices at approximately noon, and do not fly out until 6 pm, so will spend the afternoon on that project.

Please let me know when you will travel to Nashville to do the same as to our documents. In the alternative, if you are agreeable, we can exchange copies and avoid both trips. Please let me know about that by the end of the day tomorrow as I intend to buy my ticket for the 23rd on Wednesday.

Plaintiff's Deposition Testimony Period

I need to revise the date for Mr. Moebuis' testimony deposition. June 5 will no longer work because of the timing of other witnesses' availability.

Ivan Maturana Segato of Trident S/A Industria De Precisao has limited travel availability. He is available for his testimony deposition in my office in Nashville on June 10, 2008 commencing at 9:00 a.m. CST. I will be sending out a notice to that effect.

I also will be taking Darren Richeson's testimony deposition in Wisconsin, at a location to be determined at or near its corporate headquarters in Kimberly, Wisconsin, on June 24, 2008 at 9:00 a.m. CST. I will be sending out a notice to that effect.

Finally, I would like to schedule Mr. Moebius's testimony deposition on June 30 or July 1 or 2 in Florida at your office. Please confirm his availability. PETITIONER'S RESPONSES AND OBJECTIONS TO RESPONDENT'S FIRST SET OF REQUESTS FOR PRODUCTION OF DOCUMENTS AND THINGS

Petitioner Jack Richeson & Co., Inc., by its attorneys and pursuant to Rules 26 and 33 of the Federal Rules of Civil Procedure, hereby responds to Respondent Select Export Corp. dba Trident's First Set of Requests for Production of Documents and Things, as follows:

GENERAL OBJECTIONS

1. The following general objections are incorporated into each response herein as though set forth in full regardless of whether Petitioner also states a specific objection to an individual request. A specific response may repeat a general objection for emphasis or for some other reason. Failure to include any general objection in any specific response shall not be interpreted as a waiver of any general objection to that request.

2. Petitioner objects to the requests to the extent they are unreasonably broad or burdensome by not providing a time limit as to the scope of the requested documents.

3. Petitioner objects to the requests to the extent they are unreasonably broad or burdensome by not providing a geographic scope for the requested documents.

4. Petitioner objects to many of the requests on the grounds that they are unreasonably broad and burdensome by not providing any reasonable limitation as to requests for production of "all" documents pertaining to a particular request.

5. Petitioner objects to the requests to the extent they contain words or phrases that lack an apparent meaning or have an uncertain meaning.

6. Petitioner objects to each request to the extent that it seeks information or documents not relevant to any claim or defense of any party or it otherwise exceeds the scope or limits of discovery contained in Rule 26.

7. Petitioner objects to each request to the extent that it is overly broad, unlimited in time or unreasonably limited in time, unduly burdensome, and therefore oppressive.

8. Petitioner objects to producing any information, documents or things until an appropriate protective order has been entered which protects Petitioner from the inappropriate use of confidential, trade secret or other information by Respondent, its employees, officers, directors, agents or representatives.

9. Petitioner objects to the requests to the extent they seek information, documents or things beyond the scope of Rule 26 et al., of the Federal Rules of Civil Procedure, Trademark Trial and Appeal Board Manual of Procedure Section 401 et al., or this proceeding.

10. Petitioner objects to the request to the extent they seek information, documents or things protected by the attorney/client, attorney work product privilege, or any other applicable privilege. Any inadvertent disclosure of privileged information shall not constitute a waiver of any otherwise valid claim of privilege and any failure to assert a privilege as to one document or communication shall not be deemed to constitute a waiver or the privilege as to any other document or communication so protected.

11. Petitioner objects to the requests to the extent they seek information, documents or things that are not within the possession, custody or control of Petitioner.

12. Petitioner objects to the requests to the extent they seek information, documents or things already within Respondent's custody or control.

13. Petitioner objects to the requests to the extent they seek information, documents or things unrelated to this proceeding.

14. Petitioner objects to the requests to the extent they demand facts, when the issues are legal conclusions.

15. The fact that Petitioner has answered or objected to any request (or any part thereof) should not be taken as an admission by the Petitioner that it accepts or admits the existence of any facts set forth or assumed by such request or that such response or objection constitutes admissible evidence. The fact that Petitioner has answered all or part of any request is not intended as, and shall not be construed to be a waiver of, any objection to any request or to the admissibility of any response.

16. Petitioner's responses to these requests set forth information, facts and documents currently known to it. It is possible that Petitioner may discover additional information, documents or things in the course of further investigation, discovery and trial preparation. Petitioner reserves the right to amend, supplement or correct its responses if and when it discovers other or additional information, and to use such information in pretrial proceedings or at trial.

26. All documents and things concerning Petitioner's knowledge or awareness at any time of Respondent as a distributor of Petitioner's Predecessor-In-Interest.

RESPONSE: Petitioner has no responsive documents.

27. All documents and things sufficient to identify Respondent as a distributor of Petitioner's Predecessor-In-Interest.

80. All documents and things identifying or related to the Desetec Marks or Petitioner's Marks being invalid, defective, or not enforceable.

81. All documents and things identifying or related to Respondent's Marks being invalid, defective, or not enforceable.

RESPONSE: Petitioner has no documents responsive to this request.

83. All documents and things identifying all persons who assisted, were responsible for, participated in, or have information concerning Petitioner's allegations that Respondent is only a distributor of Petitioner's goods and was neither an owner nor a related company user of Respondent's Mark.

RESPONSE: In addition to the General Objections, Petitioner objects to this request on the grounds that it is overbroad, harassing and seeks information neither relevant to the issues involved in this cancellation proceeding nor reasonably calculated to lead to the discovery of admissible evidence. Subject to and without waiving the foregoing objections, Petitioner responds as follows: Documents that are responsive to this request are already within

D/B/A Trident ("Respondent"), hereby responds to Petitioner's First Set of Requests for Admission. Respondent's responses are made without waiving or intending to waive any objections as to relevancy, privilege, or admissibility of any information provided in response to Petitioner's requests, in any subsequent proceeding or at the trial of this or any other action, on any ground. An admission or denial, in whole or in part, to any request that has been objected to, in whole or in part, is not intended to be a waiver of the objection. Request for Admission No. 3: Select Export Corp. dba Trident does not own of the mark set forth in Reg. No. 2,619,642.

RESPONSE

This cannot truthfully be admitted or denied for the following detailed reasons: Respondent objects to this request for admission on the grounds that the phrase "does not own of the mark" is vague and ambiguous and is incapable of meaning within the English language. Without waiving the above objections, Respondent denies that Select Export Corp. dba Trident does not own the mark set forth in Reg. No. 2,619,642. No. 2,619.642 have not remained constant. Without waiving the above objections, Respondent denies that Select Export Corp. dba Trident does not use the TRIDENT & Design mark in connection with each and every good set forth in Reg. No. 2,619,642. Select Export Corp. dba Trident does use the TRIDENT & Design mark in connection with each and every good set forth in Reg. No. 2,619,642, as amended.

RESPONSE

Respondent objects to this request for admission on the grounds that the request is vague and ambiguous. RESPONDENT'S OBJECTIONS AND RESPONSES TO PETITIONER'S FIRST SET OF INTERROGATORIES

In accordance with 37 C.F.R. §§ 2.116 and 2.120, and Rules 26 and 33 of the Federal Rules of Civil Procedure, Respondent, Select Export Corp. D/B/A Trident ("Respondent") hereby responds to Petitioner's First Set of Interrogatories. Respondent is continuing its investigation into the issues raised by Petitioner's interrogatories, and reserves the right to correct, amend, or withdraw any responses based on discovery of new information or discovery of any errors that may be contained in these responses.

GENERAL OBJECTIONS

Respondent asserts the following general objections to Petitioner's First Set of Interrogatories, and to the definitions and individual requests contained therein. Any additional specific objections are stated at the beginning of the response to each interrogatory.

1. Respondent objects generally to Petitioner's interrogatories to the extent they are overbroad, oppressive, unduly burdensome, and not reasonably calculated to lead to the discovery of admissible evidence.

2. Respondent objects generally to Petitioner's interrogatories as premature to the extent they would require Respondent to adopt legal conclusions in advance of the completion of discovery in this matter. To the extent Petitioner's interrogatories seek information regarding Respondent's contentions, they are more appropriately answered in Respondent's testimony period in accordance with the schedule and procedures set forth in the United States Patent and Trademark Office's ("USPTO's") notice of Jack Richeson & Co., Inc.'s Petition for Cancellation dated September 17, 2007.

3. Respondent objects generally to Petitioner's interrogatories to the extent they call for information already within Petitioner's possession, custody, or control, or that Petitioner can obtain more conveniently or inexpensively than Respondent.

4. Respondent objects generally to Petitioner's interrogatories to the extent they seek the disclosure of information that is protected from discovery by the attorney-client privilege, work product doctrine, or any other applicable privilege or exemption. Should any such disclosure of any privileged information by Respondent occur, it is inadvertent and shall not constitute a waiver of any privilege.

5. Respondent objects generally to Petitioner's interrogatories to the extent they purport to direct Respondent to obtain and furnish information beyond what is known by the current officers, directors, and employees of Respondent.

6. Respondent objects generally to Petitioner's interrogatories to the extent they seek information not within Respondent's possession, custody, or control.

7. Respondent objects generally to Petitioner's interrogatories to the extent they attempt to impose requirements or obligations upon Respondent that are inconsistent with and/or in addition to those imposed by the Federal Rules of Civil Procedure.

8. Respondent objects generally to Petitioner's interrogatories to the extent that the interrogatories seek information that is not relevant to any claim or defense pending in the cancellation and is not reasonably calculated to lead to the discovery of admissible evidence.

9. Respondent objects generally to providing certain information concerning proprietary or confidential information unless and until the Trademark Trial and Appeal Board has entered a suitable protective order.

10. Respondent objects generally to Petitioner's interrogatories to the extent they require Respondent to extract various types of information from documents in Petitioner's possession on the grounds that such interrogatories are overbroad and unduly burdensome.

11. Respondent objects generally to Petitioner's interrogatories that seek to have Respondent identify "all" facts known to a particular person or "all" discussions or communications on a given matter and the like on the grounds that such interrogatories are overbroad and unduly burdensome.

12. Respondent objects generally to Petitioner's interrogatories to the extent they seek information protected from disclosure by statute, regulation, administrative order, or case law, specifically including TBMP §414.

13. To the extent Respondent responds to these interrogatories, it does not waive the foregoing objections, nor does it concede that the information requested or provided in response thereto is relevant to the subject matter of this Trademark Trial and Appeal Board proceeding. Respondent expressly reserves its rights to supplement its responses to these interrogatories to the extent that additional information comes to Respondent's attention.

SPECIFIC OBJECTIONS AND RESPONSES

Subject to and without waiving the above General Objections, Respondent responds to Petitioner's interrogatories as follows:

Interrogatory No. 4: Identify each and every good and/or service set forth in Reg. No. 2,619,642 on or in connection with which Select Export Corp. dba Trident does not currently use the TRIDENT & Design mark.

RESPONSE:

Respondent objects to this Interrogatory on the grounds that it is overly broad, vague and ambiguous, and unduly burdensome.

Subject to and without waiving the foregoing objections, Respondent responds that there are no goods and/or services set forth in Registration No. 2,619,642 on or in connection with which Select Export Corp. does not currently use the TRIDENT & Design mark.

Interrogatory No. 6: Describe all instances in which Select Export Corp. dba Trident has received any documents or communications addressed to or concerning Jack Richeson & Co., Inc.

RESPONSE:

Respondent objects to this Interrogatory to the extent that it is vague and ambiguous, overly broad and unduly burdensome, irrelevant to this proceeding, is not reasonably calculated to lead to the discovery of admissible evidence, and constitutes an impermissible fishing expedition.

Subject to and without waiving the foregoing objections, Respondent responds as follows: Respondent has received various communications and documents addressed to or concerning Petitioner and Petitioner's use of counterfeited goods replicating Respondent's goods sold under Respondent's TRIDENT & Design mark and with Petitioner's use of the TRIDENT & Design mark in an infringing manner. Numerous potential purchasers and consumers of the goods provided under the Trident & Design mark have contacted Select Export Corp. under the mistaken belief that counterfeited products sold by Petitioner and/or retailers who purchased wholesale

wholesale counterfeited products from Petitioner are products of Select Export Corp. and have called Select Export Corp. with inquiries and/or complaints about such counterfeited products. For example purposes, misled customers have purchased counterfeited goods and identified to Select Export Corp. that Utrecht was the retailer for such counterfeited products. When contacted about this matter, employees of Utrecht Manufacturing Corporation with headquarters located at 6 Corporate Drive, Cranbury, NJ 08512 have identified Petitioner as the source of such counterfeited and infringing goods sold by Petitioner. Such employees provided such information to Herbert E. Moebius through telephone discussions when approached by Mr. Moebius regarding such counterfeited goods. In addition, Jerry Goldstein of Jerry's Artarama West Palm Beach, LC 2601-12 South Military Trail West Palm Beach, FL 33415 and its counsel have verbally and in writing identified Petitioner as the source of further counterfeited goods replicating Respondent's goods sold under Respondent's TRIDENT & Design mark and with Petitioner's use of the TRIDENT & Design mark in an infringing manner. Multiple other entities such as North Carolina Art Supplies are involved. Any non-objectionable responsive documents will be made available for inspection relating to this interrogatory request.

Interrogatory No. 9: Describe and identify the manner(s) in which the TRIDENT & Design mark is used or will be used in connection the goods and/or services provided by Select Export Corp. dba Trident under the TRIDENT & Design mark.

RESPONSE:

Respondent objects to this Interrogatory to the extent that it is vague and ambiguous, overly broad and unduly burdensome, irrelevant to this proceeding, is not reasonably calculated to lead to the discovery of admissible evidence, and constitutes an impermissible fishing expedition.

Subject to and without waiving the foregoing objections, Respondent responds as follows:

Respondent uses the TRIDENT & Design mark in connection with the goods provided by Select Export Corp. through Internet Sales, mail order sales such as brochures and catalogs, and drop shipping, with Respondent as either the wholesaler or retailer.

Interrogatory No. 10: Identify all goods and/or services provided or intended to be provided by Select Export Corp. dba Trident in connection with the TRIDENT & Design mark.

RESPONSE:

Respondent objects to this Interrogatory on the grounds that it is overly broad, vague and ambiguous, and unduly burdensome.

Subject to and without waiving the foregoing objections, Respondent responds that the identification of all goods and/or services provided or intended to be provided by Select Export Corp. in connection with the TRIDENT & Design mark is as listed on Respondent's Certificate of Registration No. 2,619,642 for TRIDENT & Design prior to the Registration's September 2007 Section 7 amendment to its identification of goods and services. Such document and information is equally available to Petitioner as it is available publicly on the United States Patent and Trademark Office ("USPTO") website.

Interrogatory No. 12: Identify all other subsidiaries and licensees of Select Export Corp. dba Trident that offer goods and/or services or intend to offer goods and/or services in connection with the TRIDENT & Design mark.

RESPONSE:

Respondent objects to this Interrogatory to the extent that it is vague and ambiguous, overly broad and unduly burdensome, irrelevant to this proceeding, is not reasonably calculated to lead to the discovery of admissible evidence, and constitutes an impermissible fishing expedition.

Subject to and without waiving the foregoing objections, Respondent responds as follows:

Select Export Corp. has implied licenses through its drop shipment partners such as NETSHOPS.

Interrogatory No. 14: Identify when photographs submitted to the United States Patent and Trademark Office on September 24, 2007 as specimens of use in connection with Reg. No. 2,619,642 were taken.

RESPONSE:
