PRIVACY POLICY STATEMENT

Privacy Statement of Grizzly Industrial, Inc.

Information about our Organization and Web site
Modem information and communication technologies play a fundamental role in the activities of an organization like Grizzly Industrial, Inc. We are based in the United States of America.

Our principal activity is: The sale of Woodworking and Metalworking Machinery and accessories.

Our privacy policy covers Grizzly Industrial, Inc. and its Web site:

Organization Name: Grizzly Industrial, Inc.
Address: P.O. Box 2069
City, Zip: Bellingham, 98226
State: WA
Country: USA
Web Site(s): grizzly.com

Providing Visitors with Anonymous Access
You can access our Web site home page and browse our site without disclosing your personal data.

The services and links of our Web site
Our Web site does not enable our visitors to communicate with other visitors or to post information to be accessed by others. Our Web site does not include links to third party Web service providers.

Automatic Collection of Information
We use cookies to improve the quality of service we provide and to make your shopping experience with us more enjoyable.

Children's Privacy
We do not knowingly collect personal data from children. We take reasonable precautions to ensure that we do not collect data from children.

Disclosure and Visitor Choice
We do not disclose your personal data to other organizations.

Confidentiality / Security
We give you the option of using a secure transmission method to send us the following types of personal data:

GRIZC 09273

- Primary personal data (such as name and contact details)

- Identifiers (such as credit card details, Web site password)

We have implemented security policies, firewalls, rules and technical measures to protect the personal data that we have under our control from:

- Unauthorized access
- Improper use or disclosure
- Unauthorized modification
- Unlawful destruction or accidental loss

All our employees and data processors, who have access to, and are associated with the processing of personal data, are obliged to respect the confidentiality of our visitors' personal data.
We ensure that your personal data will not be disclosed to State institutions and authorities except if required by law or other regulation.

Privacy Compliance
We comply with all privacy regulations applicable to our Website.

GRIZZLY CUSTOMERS SPEAK OUT...

We get many unsolicited letters from customers each year complimenting us and our products. We wish we could include all of them, but because of space limitations, here's just a sampling: Thanks guys! We appreciate the letters!

"I like the way Grizzly does business. For years I have bought a number of power and hand tools from Grizzly and have never been disappointed - high quality and low prices.

Last week, I phoned an order on the 800 line to a sales person in Pennsylvania. The order was shipped from Bellingham the same day and delivered to my home the next day. Now that's SERVICE. Sure beats standing in line in one of the local big box warehouse stores while the cashier waits for a price check."

Robert Lawrence
Steilacoom, WA

"I have purchased three Grizzly machines: a combination sander, a 6" jointer and the 10" table saw model G1023S. I am impressed with all the machines. I feel the Grizzly table saw G1023S is a tremendous value combining features, quality workmanship and cost into a quality machine. Again, thanks for your fine customer service."

Don Gatton
Blanding, UT

"Grizzly tools are the best quality at the lowest prices. I have never had a problem from any of my Grizzly

"I have found that every machine I have purchased from you has exceeded my expectations in every category one can possibly rate."

Edwin Craft
La Cygne, KS

"I was very impressed with the outstanding quality of my G1014Z Sander for the good price. Any new tools I purchase from now on will be from Grizzly. Keep up the good work."

Rickie Bradshaw
Staunton, VA

"I have subscribed to various woodworking magazines over the years but never was very interested in the Grizzly brand until the shop where I worked purchased a Grizzly table saw. I was impressed with the quality and accuracy of the machine. I was really impressed when I heard how much they paid. The price did not reflect the quality. I felt they got much more than they paid for. Thanks a lot!!!"

Fred Powell
Troy, AL

"I think your products are well built and competitively priced."

GRIZC 09287

tools: table saw, 20" planer and now my new (G1035) shaper. Grizzly's tools are the best. Thanks so much for supplying my shop with quality."

Ron Raney
Mtn. Home, AR

"Grizzly tools are top-of-the-line. Heavy and dependable, they have never let me down."

Christopher Freed
Lewistown, PA

"I was told you had top-line tools, now I know it. Thank you! I look forward to ordering from you again soon. I especially like the good selection of carbide and the better blades you offer."

Norbert Turner
Mauston, WI

"Your tools are very well built. Beautiful table finishes and paint jobs. I see no shortcuts in tool construction. Very satisfied. Thanks for the good price breaks."

James Glidden
Lawton, MI

"Today I attended a woodworker show in Pittsburgh. I reviewed many manufacturers' products because I'm interested in the future of purchasing more stationary woodworking equipment. Let me just tell you after reviewing price and quality of other manufacturers' products, as soon as I returned home, I got out my Bible called the Grizzly Industrial Woodworking and Metalworking Catalog and want you to know this is the only place I will order from when I make a future purchase. Keep up the good work in providing products that

Dan Canton
Minneota, MN

"I am very pleased with the things I have bought from Grizzly."

Ernest Kish
Hazel Park, MI

"I am very happy with your tools. The 16" Bandsaw I just purchased is incredible! The price I paid was less than a Jet or Delta 14" and it's 3 times the machine. Good job Grizzly!

P.S. I have already used my bandsaw to re-saw some solid oak wood that I had. It worked like a champ. Thanks for a well-made tool."

Jeff Davis
Gladstone, OR

"The value and quality of your products is unsurpassed by any other manufacturer. You definitely give your customers their money's worth in product. Thanks Grizzly!"

Tony Brandt
Lebanon, PA

"I have lived here in the Republic of Panama for 50 years. During those years, most all of my tool and shop purchases have been with mail order companies.

The milling machine arrived on a very large truck with a hydraulic tailgate. When the milling machine was moved onto the tailgate, the tailgate failed and to my utter dismay, the machine fell off onto the concrete floor, on its back. I called Grizzly and spoke to one of your technicians and told him my sad story. Grizzly had no fault at all for the damage that occurred, yet they were willing to replace the broken items at no charge to me.

GRIZC 09288

I feel are above the industries standards in price and quality."

John Colpo
Cheswick, PA

"Greatest store to hit Springfield in years. I go there just to walk around, look, dream and drool.

I got my new bandsaw, un-packaged it, read the instructions, put it together, made all the adjustments and was using it in about 2 hours. The instructions are good, matter-of-fact and several things to do had already been done by the factory. I can't say enough about this place, I love it."

Larry Golden
Ash Grove, MO

"The G1182 jointer is an excellent value for the dollar. I also recently assembled and used the G1029 dust collector. I first used the G1029 with my drill press and was amazed at the efficiency. Not one wood chip hit the floor. Also the difference in sound levels between the G1029 and my old shop-vac is amazing. My hearing may last a bit longer.

I'm very pleased with both machines recently purchased from your Bellingham showroom. Both the sales staff and warehouse staff were helpful and friendly."

Richard King
Tacoma, WA

"I'd like to give a short testimonial of my experience with Grizzly so far. I work for a telephone company in the purchasing department and placed a couple of orders from Grizzly. After they had a chance to use the equipment I asked them how they liked it. They had nothing but good

I am 80 years old and live on a fixed retirement income. Grizzly, without a doubt, is the best mail order company in the United States.

Mr. Balolia, your statement on the inside of your catalog cover is correct. I am your customer for life and I will share my copy of your catalog with my friends. Grizzly is a superb company. The very best there is."

Jack Saltzman
Balboa Ancon, Panama

"I own a roofing nailer, 2" brad nailer and now a cordless trim saw from Grizzly and I am more than satisfied with the performance of each."

Dan Canton
Minneota, MN

"I am a very satisfied customer.

I have just recieved, set up, and started using a 12" table saw, 12" jointer, 20" planer, 24" drum sander, 3hp shaper, dust collection system, and two sliding tables. I'll be ordering a lathe, oscillating spindle sander, and 18" Z series band saw in the next few weeks.

This is for a home, hobby workshop...perhaps a bit overboard, but what I wanted and what I could afford.

I did a lot of research over an entire year. I examined several brands, but my plane trip to Springfield clenched my decision.

My equipment arrived in great shape. Setting up was easy, and a pleasure. I have found everything to be solid, precise. Believe it or not, I haven't had a single problem. Frankly, I have ordered shoes that have caused me more frustration!

Your prices and service are top drawer.

things to say. I started doing some comparison shopping. I compared features and versatility for the money and Grizzly came out on top, hands down. I purchased a jointer and table saw. Everything I bought went together perfectly without any problems and the instructions were great. I look forward to buying my next piece of Grizzly equipment, which by the way is going to be a drill press. Keep up the great work!"

Brian Walker
Kingfisher, OK

I'll be ordering again, soon."

Don Shrader
Mt. Airy, NC

"I just picked up my Grizzly left tilt table saw today. I have only one word about this product.

WOW

I am really impressed with this tool. The quality is outstanding. A friend helped me unload it today at my house, he owns a Jet left tilt saw. He was so impressed with my saw that he told me he wished that he had waited for the Grizzly. He paid over 1400 dollars for the Jet and sees no increase in quality. As a matter of fact, the Shop Fox fence is even better than the exacta fence on his Jet. If the quality of the rest of your tools is half a good as this saw, you will have a loyal customer for a long time."

Mark Thomas
Edmond, OK

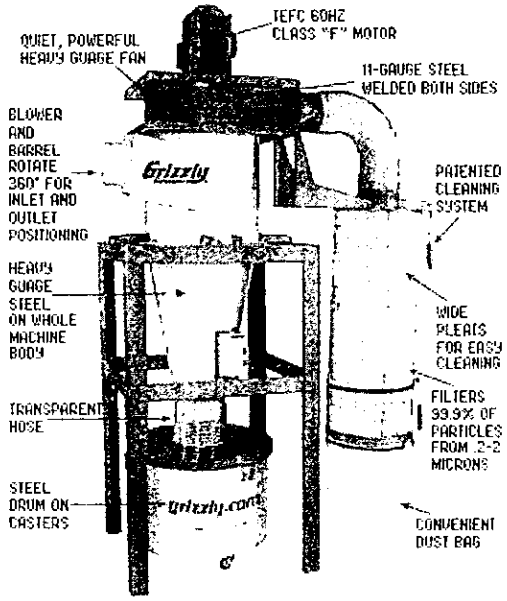
Grizzly's 2 Stage Cyclone Dust Collectors

Designed by Grizzly engineers, our cyclone systems are patent pending.

Side by Side Comparisons | Design Checklist | Standard Equipment | Features | FAQ | Performance and Graphs | Shipping and Machine Cost | Specifications | 1.5 HP | 2 HP | 3 HP | 5 HP



Over two years in the making, these 4 Cyclone Dust Collectors are the best in their class - at any price! That's a bold statement so we knew we would have to back it up with facts.

Our competition (Oneida) tested a generic cyclone and applied these numbers to a range of cyclones (including ours) and claimed the test accurate. However, we bought the Oneida machines and tested theirs right alongside our new models for a true side-by-side comparison. In fact, we found our Cyclone Dust Collectors had better numbers, as well as many other important features that are not found on the Oneida machines.

Our patent-pending air filter cleaning system assures the numbers you see today are the same ones you will see after continued use. Our clear bags make it easy to tell when they need to be emptied without dismantling the machine. Add to that our "smart packaging" which allows our units to ship for hundreds of dollars less than our competitor's. You'll see that not only do we have better machines, they cost less to buy and ship to you.

All four models will be available April 2005.

To learn more about our Cyclone Dust Collectors CLICK HERE, or click on a machine below for a side by side comparison against the Oneida systems

CUSTOMER SERVICE

How it Works | Back Orders | Returns | Warranty | Help

How it Works

Buying direct from Grizzly Industrial has never been easier. Using our friendly ordering process and our financially secure commerce server, you can place your order and we'll process it and quickly ship you the product! The following is an explanation of the steps involved.

1. Shopping and placing your order:

Browse through the items offered and choose which you would like to purchase. You can add these to your "shopping cart" thereby using one order to choose various items. Once you have decided upon which items you would like to purchase, you will be lead through the process where you will be prompted to enter your shipping and payment information. Your credit card information is digitally encrypted and therefore secure during the transaction.

2. Processing your order:

Grizzly will check your order and then charge your credit card for the items that are in stock. We are able to process most orders received by noon, on the same business day. Orders received after noon or on weekends will process on the following business day. For items under 70 lbs. the appropriate shipping and handling charge (shown below), plus sales tax, if applicable, will be added.

Shipping and Handling Charges
(For Items Under 70 lbs.)

Total	Shipping
Less than $24.99	add $6.50
$25.00 to $49.99	add $7.95
$50.00 to $74.99	add $8.95
$75.00 to $99.99	add $10.95
$100.00 or more	add $13.95

GRIZC 09325

For items weighing over 70 lbs. (truck freight items), the shipping cost is determined per item. Truck freight charges are additional and will be added to the shipping and handling charges (shown above) if items

under 70 lbs. are also in your order.

3. Shipping your order:

The items you have ordered will be shipped from one of three distribution centers based upon distance and product availability. Items not sent truck freight (under 70 lbs.) in our catalog or online store will be shipped by UPS or USPS. Items over 70 lbs. will be shipped via truck freight . Click here for more information on truck freight.

Darn It!

We make every effort to be exact with our photography, specifications and copy. We also hold prices for as long as we can. Sometimes errors do occur and we apologize for them. We reserve the right to make changes and correct errors to products and specifications at any time. We also reserve the right to limit quantities and change pricing. Thank you for your understanding.

Back Orders

Unfortunately, from time to time, we may be out of stock on one of the products you ordered. If you indicated that you do not want an item to be back ordered, that item will be canceled from your order, and you will be notified by e-mail. If you have indicated that you would like us to back order out of stock items, the remainder of your items will be shipped immediately. We will then notify you of the back order via e-mail and your credit card will only be charged for the items that ship. We will send you the back ordered item(s) as soon as they arrive and will charge your credit card when they are shipped.

Returns

Should you decide to return any of the items in your order, please contact Grizzly at csr@grizzly.com . We will require your name and e-mail address, as well as the order number from your packing list. We will contact you with return instructions. You may also call our Customer Service Department at (570) 546-9663. Returns for refund or exchange must be within 30 days of purchase. Shipping and handling charges are not refundable. All returns must be in original packaging, unused and in resalable condition.

All returns must have a return number on the outside of the package as our warehouse cannot accept C.O.D.'s or items without a return number. All

returns may be subject to a 10% restocking fee and merchandise must be shipped to us prepaid.

Warranty

Grizzly warrants every product it sells for a period of **1 year** to the original purchaser from the date of purchase. This warranty does not apply to defects due directly or indirectly to misuse, abuse, negligence, accidents, repairs, alterations or lack of maintenance. This is Grizzly's sole written warranty and any and all warranties that may be implied by law, including any merchantability or fitness, for any particular purpose, are hereby limited to the duration of this written warranty. We do not warrant or represent that the merchandise complies with the provisions of any law or acts unless the manufacturer so warrants. In no event shall Grizzly's liability under this warranty exceed the purchase price paid for the product and legal actions brought against Grizzly shall be tried in the State of Washington, County of Whatcom.

We shall in no event be liable for death, injuries to persons or property or for incidental, contingent, special or consequential damages arising from the use of our products.

To take advantage of this warranty please call our customer service department at
(570) 546-9663. Proof of purchase must accompany the merchandise. The manufacturers reserve the right to change specifications at any time because they constantly strive to achieve better quality equipment.

We make every effort to ensure that the products in this catalog meet high quality and durability standards and we hope you never need to use this warranty.

Help

Please contact us via e-mail at csr@grizzly.com if you have any questions regarding the ordering process, a particular order, or for any other reason relating to Grizzly's online store!

Holiday Special!

We've taken the best and made it better. The new Z-series offers a new, more muscular cabinet-style stand - much like our top-of-the-line 8" jointer. Like other Grizzly Jointers, the Model G1182Z includes easy-to-use table levers, making old-fashioned crank handwheels a thing of the past. Includes a built-in chip chute that can easily be adapted for dust collection systems.

Specifications:

- Re-designed fence system - positive stop @ 45° & 90°
- Heavy-duty cabinet stand
- Heavy-duty on/off switch
- 1/2" rabbeting capacity
- Depth of cut is 1/2" maximum
- 1 H.P., 110/220V, single phase, ball bearing motor, prewired to 110V
- 3-knife ball bearing cutterhead
- Knives are high speed steel
- Precision gib adjustment on dovetailed ways
- Table size: 6" x 47"
- Precision-ground table
- Steel stand has built-in chip chute
- Infeed and outfeed tables have quick-adjustment levers for convenient table height adjustment
- Includes jack-screw and accessory spring kit
- Super heavy-duty, center-mounted fence is 4" x 29-1/4"

GRIZC 09330

- Shipping weight approx.: 225 lbs.

Free Pair of Safety Push Blocks and a Free Dust Hood

ALL OCCURRENCES OF THE WORD IN THE FEDERAL, STATE, COMMON LAW, AND BUSINESS NAME DATABASE

GRIZC 10256

We have taken all reasonable steps to ensure the completeness and accuracy of this report. However, for various reasons, including the subjective nature of trademark searching and the possibility of incomplete and inaccurate data provided by the United States Patent & Trademark Office and other national trademark offices, the Secretary of States' Offices, and all of the many vendors and publishers of trademark and business information used in compiling search reports, we cannot warrant that this report is complete or error free. AS A RESULT, WE DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This search is valid only for the mark and goods noted above. If the mark or goods that were the subject of this search change, even slightly, a new search should be performed.

This research report includes Internet addresses (Universal Resource Locators, or URLs) of citations in the report. We employ a Web Page Lookup process to provide images of the Web pages associated with these URLs. Infrequently, because of the process used to catalog the unstructured information of the Web, it is possible the Web Page Lookup image returned will not relate to the cited URL.

Any liability arising out of the preparation of this report is limited to a refund of the search fee paid. Acceptance of this search constitutes an acceptance of the aforesaid terms, conditions and limitations. This report in no way constitutes a legal opinion. The ranking of cited references into groups based on their relative relevance to the mark searched is for the convenience of our clients in reviewing the search report and is not intended to convey an opinion regarding the legal significance of any cited reference.

The Interactive Inbox Report

Most trademark searches with a USPTO component are also available as an online full search, with the Interactive Inbox Report on SAEGIS™

The Interactive Inbox Report lets you select trademark records from your search report and use them in your opinion letters, e-mails, or other Microsoft® Word or Excel documents. Look for your Interactive Inbox Report in your SAEGIS Inbox! It's free to sign up—to learn more, call us at (888) 477-3447.

Current and Comprehensive Proprietary USPTO Database

Our database of USPTO trademark records is the most comprehensive in the industry. We provide:

- Daily status updates
- Daily updates of new applications
- Daily updates of pre-release pending application data
- Weekly advance updates of Madrid Protocol records

Accurate Data

Our data quality program checks every USPTO record for accuracy. We enhance records as needed, to improve search results.

Active Registrations and Applications

Our USPTO database contains trademark registrations and applications dating from 1884 to present. We place special emphasis on active registrations and applications for registration. All marks that are the subject of *ex parte* or *inter partes* proceedings, regardless of status, are considered active for our research purposes.

Assignment Information

The USPTO records included in this research report show assignments of ownership of trademarks that were active from 1955 to present. New assignment information is added on a daily basis.

Common Law Database

Our proprietary database provides the industry's most extensive collection of industry-specific databases, including directories, catalogs and buyer's guides.

Domain Names

The Domain Name search includes Internet domain names registered with all registrars accredited by the Internet Corporation for Assigned Names and Numbers (ICANN). We cover the domains .com, .net, .org, .edu, .org, .biz and .info.

Additional References

Additional references employed include our Common Law Library, which includes trade journals, buyer's guides, catalogs and industry directories available in print and CD-ROM, and Shepard's Intellectual Property Law Citations, which includes court decisions and administrative decisions relating to trademarks.

Expanded Coverage Options

The U.S. Full Availability Search is also available with optional expanded coverage to meet your specific information needs. This report may include coverage of the following:

Design Search

Provides images and design elements associated with active USPTO records, along with textual information for the mark

U.S. Full Financial Search

Provides financial data from the Dialog Banking Information Source™ and Business Dateline®, providing essential information about the financial services industry, banking trends, topics, issues and operations

U.S. Full Pharmaceutical Search

Provides information on trademarked and non-trademarked pharmaceutical products in more than 60 countries. Our database includes stems from the World Health Organization (WHO) International Non-Proprietary Name (INN) database and the American Medical Association listing of U.S. Adopted Names (USAN) stems, covering common stems for which chemical and/or pharmacologic parameters have been established

Company Name Search

Provides additional corporate and business name coverage from specialized online databases.

Grouping System

This research report employs our proprietary grouping system, which places similar marks together.

The result: consistent, easy-to-understand results in a report format designed to streamline your workflow and save you time.

In both the "by source" and "by group" report formats, we arrange citations into groups according to their similarity with the mark being searched. Our grouping criteria are summarized here for your reference.

Group One
Identical (character-for-character) matches, phonetic equivalents, and standard plural forms for subject goods and goods that may be related.

Group Two
Near-identical marks such as verb tenses, reversals of terms, and other variants of key terms for subject goods and goods that may be related.

Group Three
Includes strong formatives for subject goods and goods that may be related, such as terms similar in look, sound and meaning.

Group Four
Includes relevant term formatives not found in Group One, Two or Three, such as marks similar in length, for subject goods and goods that may be related.

Group Five
Includes identical and near-identical marks for goods that are probably unrelated, and the word equivalent of common acronyms.

ANALYST REVIEW - USPTO REPORT

Search Information

Type of Search: **DILU FULL SRCH-T&T**
Mark: **GRIZZLY**
Goods/Services: **ALL OCCURRENCES OF THE WORD IN THE FEDERAL, STATE, COMMON LAW, AND BUSINESS NAME DATABASE**

Data Information

This search report includes information from the USPTO Official Gazette published on **09/20/2005.** On the date your search was conducted, our most recent pending application data included USPTO trademark records filed through **09/19/2005.** These records are received from the U.S. Patent and Trademark Office and updated to our database as they are made available. Serial numbers filed through **09/16/2005** were complete at the time this search was conducted.* (The period between most recent records and complete records is attributable to gaps in serial numbers and dates from the USPTO; some of these gaps are due to differences in processing for electronically-filed applications.)

Our database includes active USPTO text records dating from **1884** to present.

All queries in the Search Strategy below have been applied to all active applications and registrations in our database, as well as inactive USPTO applications and registrations from 01/01/2000 to the present. Inactive USPTO applications and registrations from 01/01/1984 - 01/01/2000 are searched for identical trademarks.

This search report includes applications and registrations requesting protection in the United States through the Madrid Protocol. These records provide early notification for marks that will, when received by the USPTO, be updated in our database as part of our standard update process.

* Except for a small number of applications delayed in processing by the USPTO.

In-Use Information

In-Use Information shows whether and how potentially conflicting trademarks are being used on the Web. We provide information, when available, on the citation, its owner and its use in commerce for up to 25 Group One citations per data source (USPTO, State, Common Law Database, Business Names and Gale Group Database). The search results included in this section are a selection of the information available at the time of the preparation of this search report, and are not a comprehensive representation of the Web. Any of the Web links included in your search report may become unavailable at any time following the preparations of this report.

Last Reported Owner

"Last Reported Owner" is our best determination of the owner of a trademark, based on a programmatic analysis of USPTO trademark records and any assignment transactions associated with the trademark. In determining "Last Reported Owner", we exclude recorded documents representing security interests, liens and other transactions which ordinarily do not result in a change of ownership.

Owner Matching

The Owner Matching feature is an index within the trademark record showing citations within the report with the same owner. Owner Matching is an alphabetical, word for word match. Inconsistencies in the data coming from providers (i.e., USPTO, State, etc.) may impact results.

Data Information

Worldwide Filings

Thomson & Thomson provides the Worldwide Filings flag to indicate how often owners of cited USPTO trademarks have filed for protection of the cited marks outside the United States. We compare the owner and trademark, as listed in our proprietary USPTO database, to our worldwide trademark databases. The worldwide trademark databases include first publications since January 1, 1976. (For China, only trademarks published since January 1, 1986 are included). In most of the over 200 countries, first publications are new applications published in the Official Gazettes for opposition purposes.

Please Note: Worldwide Filings provides an indication of international trademark filings, but should be considered advisory information only, due to possible inconsistencies in the data and the update frequency of trademark records provided by international trademark offices. Furthermore, the documentation does not include renewals or indications about the subsequent fate of the applications retrieved, such as registrations, rejections, withdrawals, amendments and partial cancellations. For additional information, please refer to the Interactive Inbox Report version of this search report, accessible through your SAEGIS™ Inbox.

Analyst Information

Name: **SHERYL LYDON**

Comments: **I developed the following search strategy to provide a comprehensive, accurate report. These queries, listed below, retrieved 322 potential references from the database. After careful review and analysis, I have selected 236 records for your review.**

Search Strategy

	Type	Query	Classes	#References
