Applicant requests the following amendment be made to the identification of the goods in compliance with a co-existence Agreement entered into between GOY WIDMER Y CIA S.A. and PROMARK INTERNATIONAL, INC. to end a potential opposition to registration of the mark "ORIETA".

Under the heading "Goods and Services:" please delete the current identification of the goods in International Class 30 only, and substitute the following therefore:

--Pastry, namely, farinaceous food pastes, almond paste, cookies, cakes, marzipan; confectionary for decorating Christmas trees, sugar, almond and peanut confectionary and fondant; candy, sweet meats, edible decorations for cakes in International Class 30.--

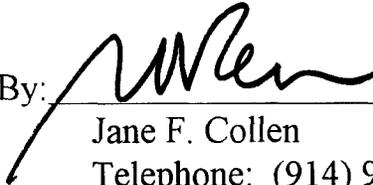

REMARKS

Applicant has amended the goods in International Class 30 to delete "preparations made from cereals, namely, pasta, cereal based snack food, processed cereal, bread and pastry". Applicant has then specified the types of confectionary and the specific types of pastry marketed in the United States under the trademark ORIETA.

Applicant submits that two classes of goods still remain in this application, and requests that registration be allowed for the mark ORIETA in Classes 29 and 30.

Applicant submits that this application has now cleared the opposition process and should now be allowed to register.

Respectfully submitted,
