**AMENDMENT AFTER PUBLICATION WHEREIN AN
EXTENSION OF TIME TO OPPOSE HAS BEEN GRANTED**

Madam:

Applicant, VisionWeb, Inc., hereby respectfully requests amendment of Applicant's identification of goods and recitation of services in connection with the above-referenced application. The application was published for opposition on January 8, 2002. Various extension of time requests to oppose the application have been granted.

Amendment

Please **DELETE** the following goods and services from the present application:

Ophthalmic lenses, namely, contact lenses, eyeglass lenses, sunglass lenses and eye wear frames, in International Class 9.

Custom manufacture of eyecare products, in International Class 40.

Remarks

Applicant respectfully requests amendment of Applicant's identification of goods and recitation of services as identified above. The application is currently pending before the Trademark Trial and Appeal Board. Various extension of time requests to oppose the present application have been granted.

As a result of this amendment, the application now includes two (2) classes and the following services: "Computerized online ordering in the field of eyecare products; online retail store services featuring eye wear in the field of eyecare products; distributorships in the field of eyecare products; computerized tracking and tracing of packages in transit," in International Class 35 and "Providing an online computer database in the field of ophthalmology," in International Class 42.

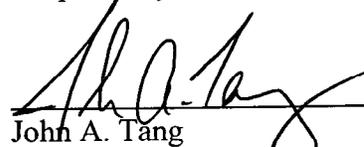

The above amendment does not enlarge the scope of Applicant's goods and services, but rather narrows the scope of Applicant's goods/services. Therefore, Applicant kindly requests entry of the amendment.

Conclusion

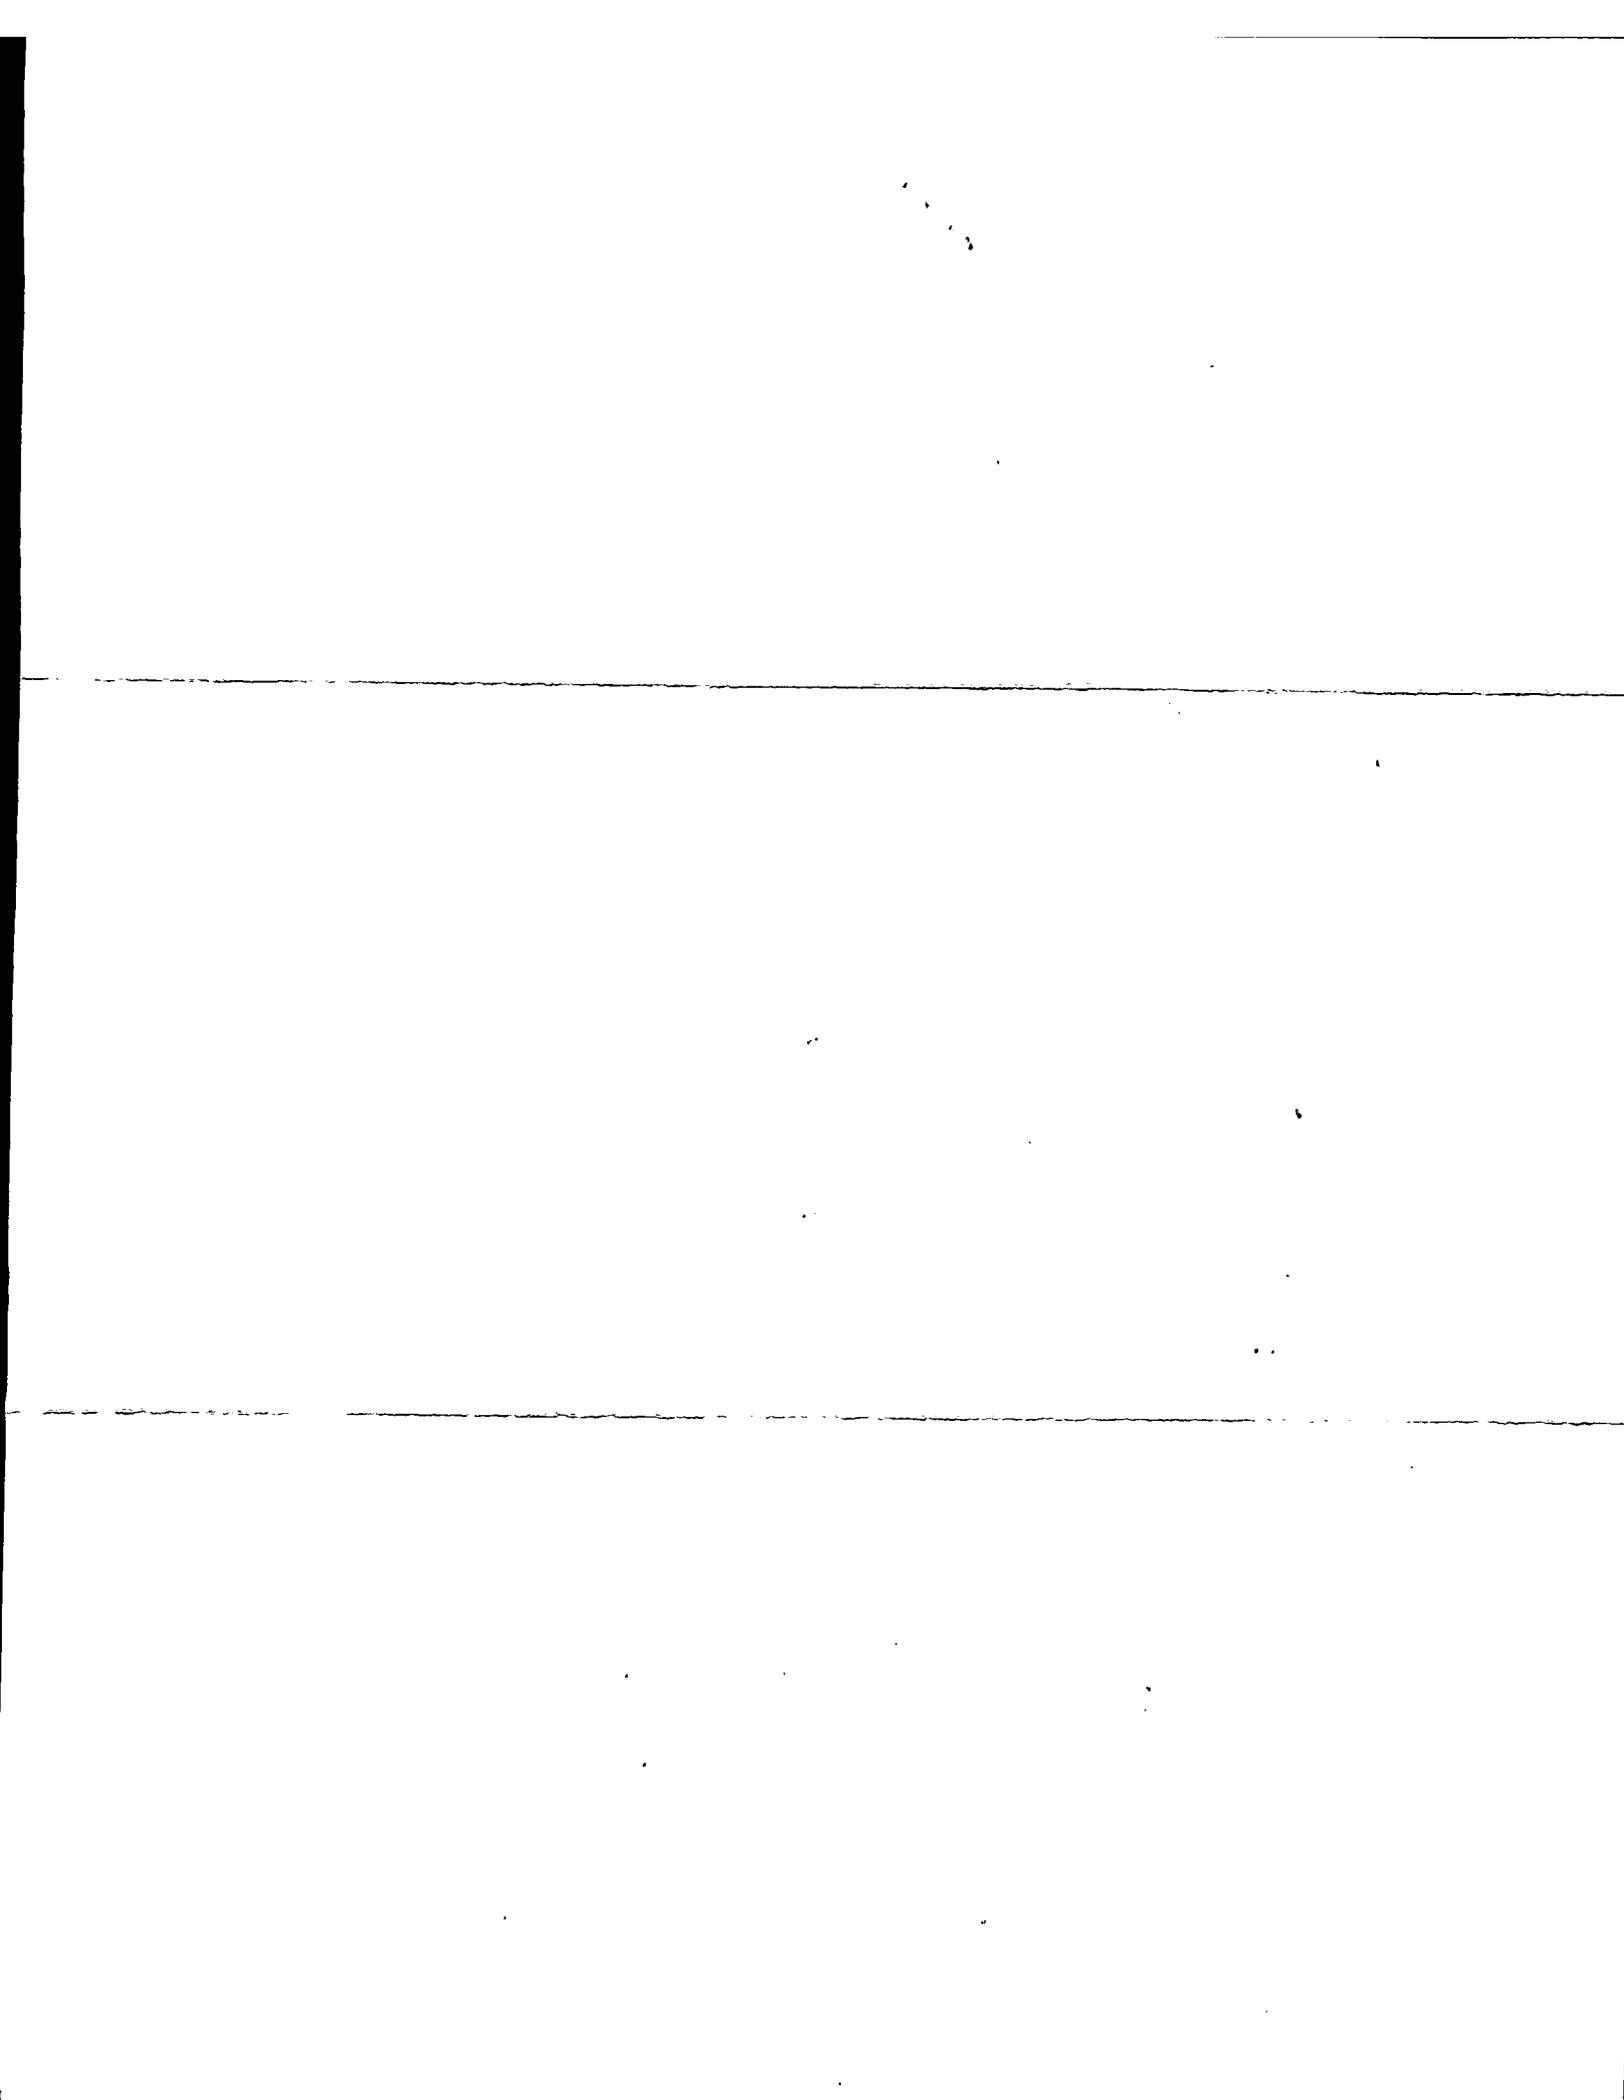

In view of the foregoing, Applicant respectfully submits that the application is in condition for allowance, and requests that a Certificate of Registration issue in due course.
