REQUEST FOR EXTENSION OF TIME DUE TO U.S.P.T.O. ERROR

Applicant Prema Light received notice from the U.S.P.T.O. by email on May 26, 2012 that an Office Action had been filed in the above-captioned case. The notice stated, "The Office letter may not be immediately available but will be viewable within 24 hours of this e-mail notification."

However, as of today, three days from the date of the email, the Office Action is still not viewable on the U.S.P.T.O website. Instead, clicking on the document title just results in a window claiming "500 Server Error" (see attached). This may be partly due to the Memorial Day holiday which took place yesterday, Monday, May 28, 2012.

The email notice stated that the response deadline was 6 months from the date of the notice, which was 05-26-12. However, Applicant Light requests that the response deadline be extended to 6 months from the date upon which the Office Action becomes viewable on the U.S.P.T.O. website, as of course she cannot respond to an Office Action if she does not know what it says, and she cannot be responsible for errors on the part of the U.S.P.T.O. which have caused the Office Action to be unavailable for her review for three days or more.

Thank you for your courtesy in this matter.

Respectfully submitted,

/ Prema Jyothi Light /
