Dear Ms. Light:

Your below e-mail message to Teresa Rea, Acting Under Secretary of Commerce for Intellectual Property & Acting Director of the United States Patent and Trademark Office, has been forwarded to the Office of the Commissioner for Trademarks for review and response.

A review of the United States Patent and Trademark Office (USPTO) records indicates that you have two trademark applications currently pending before the USPTO—U.S. Application Serial Nos. 76293327 and 76293326. We understand that you are concerned with some of the images that are appearing in the record. We apologize if you believe they do not represent what you have transmitted to us. If you could let us know which images you would like fixed or that you believe are not clear, we can look into this matter further and see what can be done.

As to your statements that there are a number of trademark applications that have been filed by others that concern you, we need further information in order to look into this matter. If you could provide us with more information on the particulars of your concerns, we would be happy to investigate this matter further.

I have tried to contact you by phone but was unable to reach you and thought it would be best to e-mail you.

I look forward to speaking with you.
