The request for extension of time filed December 11, 2001, on behalf of Exiqon A/S, is noted.

The record in the application file reveals that the mark has not been published for opposition purposes.

Inasmuch as the subject application had not been published in the Official Gazette at the time of filing of the request for extensions, the request for a second 60-day extension is premature; that is, a request for an extension of time to oppose or an opposition may be filed only when the application is published for such purposes under Section 12(a) of the Trademark statute.

The request to extend are returned herewith to potential opposer.
