The Board has received the request to extend time to oppose filed on September 18, 2002 on behalf of Bentley Motors Limited.

However, the request had not been associated with the file of this case at the time the subject application matured into Registration No. **2,648,921**. The Board regrets this situation, but it is without authority to vacate the issuance of said registration.

Accordingly, the Board will forward the application file to the Office of the Commissioner for Trademarks for consideration of the cancellation of the inadvertently issued registration, following which further appropriate action will be taken with respect to the request to extend time to oppose.

In the meantime, potential opposer's request to extend time is granted to the extent that the time to oppose is suspended, and will be reset if issuance of the registration is vacated by the Commissioner. Potential opposer need not continue to file requests to extend time to oppose.
