The proposed amendment filed by applicant on November 6, 2002, is noted.

The amendment requires consideration by the Trademark Examining Attorney in charge of this case. Accordingly, the application file is forwarded to the Examining Attorney for appropriate action.

In connection with the foregoing, it should be noted that pursuant to a request for extension of time granted June 18, 2002, the potential opposer herein, Hammerstein Organization, was allowed until August 18, 2002, in which to file an opposition to this application. However the records of the Patent and Trademark Office fail to show that potential opposer has timely filed either an opposition or a further request for extension of time to oppose. Thus the Examining Attorney may treat the amendment in the same manner as any amendment after publication (TMEP Section 1503.02), and need not return the file to the Trademark Trial and Appeal Board after consideration of the amendment.
