**Henry D. Jefferson, Legal Assistant:**

Sirs:

The proposed amendment filed by applicant on July 28, 2003, and the request for further extension of time to oppose filed by Nobel Biocare, by certificate of mailing dated July 19, 2003, are noted.

The amendment requires consideration by the Trademark Examining Attorney in charge of this case.

Accordingly, the request for further extension of time to oppose is granted to the extent that potential opposer's time in which to file an opposition is suspended, and the application is herewith forwarded to the Examining Attorney for consideration of the proposed amendment.

After the Examining Attorney has acted on the amendment, either by approving it for entry or by telephoning the applicant, explaining why the amendment cannot be approved, and placing a record of the telephone call in the file, the application should be returned (through the Photocomp Coordinator at the Publication and Issue Section) to the Board; proceedings with respect to the potential opposition will be resumed; and further appropriate action will be taken with respect thereto.
