This application file was forwarded to the Examining Attorney on May 25, 2005 for his brief on appeal.

Applicant has now filed, on June 10, 2005, a request to suspend and remand, which includes an amendment to the identification of goods.

Accordingly, action on the appeal is suspended and the application file is remanded to the Examining Attorney for further prosecution in accordance with the request. If such prosecution results in publication, he should advise the Board so that the appeal may be dismissed as moot. If not, the application file should be returned to the Board for resumption of appeal and reset the time to filing its supplemental appeal brief, if it so desires.
