CORRESPONDENT E-MAIL ADDRESS:

REQUEST FOR RECONSIDERATION DENIED

ISSUE/MAILING DATE:

The trademark examining attorney has carefully reviewed applicant's request for reconsideration and is denying the request for the reasons stated below. *See* 37 C.F.R. §2.64(b); TMEP §§715.03(a)(2)(B), (a)(2)(E), 715.04(a). The requirement(s) and/or refusal(s) made final in the Office action dated October 18, 2012 are maintained and continue to be final. *See* TMEP §§715.03(a)(2)(B), (a)(2)(E), 715.04(a).

In the present case, applicant's request has not resolved all the outstanding issue(s), nor does it raise a new issue or provide any new or compelling evidence with regard to the outstanding issue(s) in the final Office action. In addition, applicant's analysis and arguments are not persuasive nor do they shed new light on the issues.

SECTION 2(d) REFUSAL – FINAL REFUSAL CONTINUED

In its request for reconsideration, applicant argues that the findings of the Eastern District of New York, and affirmed by the Second Circuit should be followed under the principle of stare decisis. However, applicant's arguments suggest that the findings of the court be followed by the doctrine of stare decisis in a case where the court was clear in its opinion that its decision was heavily influenced on the facts of use, lack of policing of the mark, and a requirement for the parties to define their services so as to avoid confusion in the marketplace. However, given the highly specific nature of the facts regarding the decision, similar evidence would be necessary to follow the doctrine of stare decisis. This evidence is not

available, nor appropriate in an *ex parte* proceeding.

TMEP Section 1217 indicates that (emphasis added):

Stare decisis provides that when a court has once laid down a principle of law as applicable to a certain set of facts, it will adhere to that principle, and apply it to all future cases, ***where the facts are substantially the same***, regardless of whether the parties and properties are the same. In re Johanna Farms Inc., 8 USPQ2d 1408, 1410 (TTAB 1988).

In the instant application, the facts are not substantially the same as in the proceedings before the Eastern District of New York and the Second Circuit.

The similarity of the marks in the case before the Eastern District of New York and the Second Circuit differs from the marks at issue in the Section 2(d) refusal. The marks at issue in the proceedings before the Eastern District of New York and Second Circuit both indicated the type of food services following the wording “PATSY’S”, namely, “PATSY’S PIZZERIA” and “PATSY’S ITALIAN RESTAURANT” and the court instructed the parties to seek concurrent trademark registrations for the respective marks making it clear as to the distinction of the types of food services indicated in the marks in their identifications of services. In the instant Section 2(d) refusal the marks at issue deal with descriptive/generic wording “PIZZERIA” and the geographically descriptive wording “OF NEW YORK”. Both applicant’s and registrant’s services originate or have substantial operations in the state of New York and, thus, the court’s decision in the Eastern District of New York and Second Circuit do not adequately address the similarity of such marks. Moreover, the services at hand in the Eastern District of New York and Second Circuit differ from the services in the cited registration and application. Finally, the evidentiary history of use, policing of the mark, and requirement for refinement of services in the litigation all indicate that the facts are not substantially the same in this application and the proceedings before the Eastern District of New York and the Second Circuit.

With respect to applicant’s and registrant’s goods and/or services, the question of likelihood of confusion is determined based on the description of the goods and/or services stated in the application and registration at issue, not on extrinsic evidence of actual use. *See, e.g., Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369-70, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012); *Octocom Sys. Inc. v. Hous. Computers Servs. Inc.*, 918 F.2d 937, 942, 16 USPQ2d 1783, 1787 (Fed. Cir. 1990).

Absent restrictions in an application and/or registration, the identified goods and/or services are “presumed to travel in the same channels of trade to the same class of purchasers.” *In re Viterra Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012) (quoting *Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1268, 62 USPQ2d 1001, 1005 (Fed. Cir. 2002)). Additionally, unrestricted and broad identifications are presumed to encompass all goods and/or services of the type described. *See In re Jump Designs, LLC*, 80 USPQ2d 1370, 1374 (TTAB 2006) (citing *In re Elbaum*, 211 USPQ 639, 640 (TTAB 1981)); *In re Linkvest S.A.*, 24 USPQ2d 1716, 1716 (TTAB 1992).

In this case, the identification set forth in the application and registration(s) has no restrictions as to nature, type, channels of trade, or classes of purchasers. Therefore, it is presumed that these goods and/or services travel in all normal channels of trade, and are available to the same class of purchasers. Further, the registrant’s use(s) broad wording to describe the goods and/or services and this wording is presumed to encompass all goods and/or services of the type described, including those in applicant’s more narrow identification.

In the final Office action dated October 17, 2012, numerous third party registrations containing restaurant services and pizzeria services were provided to demonstrate the respective services of applicant and registrant are closely related, and consumers are likely to be confused as to the source of restaurant

services and pizzeria services. The services of the parties need not be identical or directly competitive to find a likelihood of confusion. See *Safety-Kleen Corp. v. Dresser Indus., Inc.*, 518 F.2d 1399, 1404, 186 USPQ 476, 480 (C.C.P.A. 1975); TMEP §1207.01(a)(i). Rather, it is sufficient to show that because of the conditions surrounding their marketing, or because they are otherwise related in some manner, the goods and/or services would be encountered by the same consumers under circumstances such that offering the goods and/or services under confusingly similar marks would lead to the mistaken belief that they come from, or are in some way associated with, the same source. In *re Iolo Techs., LLC*, 95 USPQ2d 1498, 1499 (TTAB 2010); see *In re Martin's Famous Pastry Shoppe, Inc.*, 748 F.2d 1565, 1566-68, 223 USPQ 1289, 1290 (Fed. Cir. 1984); TMEP §1207.01(a)(i). [Additional third party registrations and also information from Google have been attached to this Request for Reconsideration].

Registrant's restaurant services, including a variety of Italian food, could expand to include pizzeria services directly. The question is whether consumers are likely to believe that the services emanate from a single source. In this case, the similarity of the marks and the relatedness of the goods and services point towards a family of marks from a single source, and thus source confusion.

Applicant continues to assert that it is the senior user of marks containing the wording "PATSY'S" in connection with food services, but applicant relies on a dead registration to support its position that the Section 2(d) refusal with respect to U.S. Registration No. 3090551 be withdrawn, and the other evidence of prior use is not appropriate for an *ex parte* proceeding. See *In re Calgon Corp.*, 435 F.2d 596, 168 USPQ 278 (C.C.P.A. 1971). Trademark Act Section 7(b), 15 U.S.C. §1057(b), provides that a certificate of registration on the Principal Register is prima facie evidence of the validity of the registration, of the registrant's ownership of the mark, and of the registrant's exclusive right to use the mark in commerce on or in connection with the goods and/or services specified in the certificate. During *ex parte* prosecution, the trademark examining attorney has no authority to review or to decide on matters that constitute a collateral attack on the cited registration. TMEP §1207.01(d)(iv).

Accordingly, the request is denied.

The filing of a request for reconsideration does not extend the time for filing a proper response to a final Office action or an appeal with the Trademark Trial and Appeal Board (Board), which runs from the date the final Office action was issued/mailed. See 37 C.F.R. §2.64(b); TMEP §715.03, (a)(2)(B), (a)(2)(E), (c).

If time remains in the six-month response period to the final Office action, applicant has the remainder of the response period to comply with and/or overcome any outstanding final requirement(s) and/or refusal(s) and/or to file an appeal with the Board. TMEP §715.03(a)(2)(B), (c). However, if applicant has already filed a timely notice of appeal with the Board, the Board will be notified to resume the appeal when the time for responding to the final Office action has expired. See TMEP §715.04(a).

CONTACT THE EXAMINING ATTORNEY

If applicant has questions regarding this Office action, please telephone or e-mail the assigned trademark examining attorney. All relevant e-mail communications will be placed in the official application record; however, an e-mail communication will not be accepted as a response to this Office action and will not extend the deadline for filing a proper response. See 37 C.F.R. §2.191; TMEP §§709.04-.05. Further, although the trademark examining attorney may provide additional explanation pertaining to the refusal(s) and/or requirement(s) in this Office action, the trademark examining attorney may not provide legal advice or statements about applicant's rights. See TMEP §§705.02, 709.06.
