Wealthbuilding Strategies & Services

What is Financed Planning?

You finance your home, a building, a boat, etc...did you know that you could finance your retirement or wealth-building programs? Financed Planning may be the key.

With 20 or fewer working years left, you may not have time to "catch up" on your annual saving goals. Maxing out a traditional, "status quo" plan such as a 401(k), SEP, etc. will not enable you to create that nest egg you need to create an income stream that will sustain you for life.

Your employees, customers and suppliers have always been paid first from your business. Why not pay yourself first for a change?

Use from \$1,000 to \$20,000 monthly of company gross revenue toward a simple payment plan to create an immediate \$120,000 to \$2million asset (for example) that goes to work for you personally in a principal-protected compound-crediting financial product.

**Don't wait, start today, so your business
can pay for your needs tomorrow!**
