BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD ON APPEAL

TRADEMARK EXAMINING ATTORNEY'S REQUEST FOR REMAND

In re Prima Soriano

Serial No. 77439119

The trademark examining attorney requests that the Trademark Trial and Appeal Board remand this case to the examining attorney under 37 C.F.R. §2.142(d) for the following reason: the examining attorney erred in failing to note the applicant's proposed amendment to the identification of services filed as part of the Request for Reconsideration dated August 23, 2009. The proposed amendment raises a new issue that must be addressed in order for the file to be complete for appeal, because the applicant has proposed amending the identification beyond the scope of the services as originally filed.

Respectfully submitted,

Janice L. McMorrow  
Trademark Examining Attorney
