**CORRESPONDENT E-MAIL ADDRESS:**

**REQUEST FOR RECONSIDERATION DENIED**

**ISSUE/MAILING DATE:**

The Office has reassigned this application to the undersigned trademark examining attorney.

The proposed amendment to the identification of goods has been accepted.

Applicant's additional evidence in support of registration has been made of record.

The trademark examining attorney has carefully reviewed applicant's request for reconsideration and is denying the request for the reasons stated below. *See* 37 C.F.R. §2.63(b)(3); TMEP §§715.03(a)(ii)(B), 715.04(a). The following requirement(s) and/or refusal(s) made final in the Office action dated 9/22/14 are maintained and continue to be final: Refusal Under Trademark act Section 2(d) as it relates to U.S. Registration Nos. 0799454, 1526584, 1581195, 2109357, 3503154, 3544541, 3986292, 3986293, 4150483, and 4202676 . *See* TMEP §§715.03(a)(ii)(B), 715.04(a). The following requirement(s) and/or refusal(s) made final in the Office action are withdrawn: as to U.S Registration Nos. 1827339, 3094455, and 3515398. *See* TMEP §§715.03(a)(ii)(B), 715.04(a).

In the present case, applicant's request has not resolved all the outstanding issue(s), nor does it raise a new issue or provide any new or compelling evidence with regard to the outstanding issue(s) in the final Office action. In addition, applicant's analysis and arguments are not persuasive nor do they shed new light on the issues. Accordingly, the request is denied.

The examining attorney maintains that there is a likelihood of confusion between applicant's mark **ECLIPSE** for "backpacks adapted for holding computers, camera cases, decorative magnets sold in sheets, decorative wind socks for indicating wind direction and intensity, eyeglasses and eyeglass cases,

laptop carrying cases, magnets, mousepads, slot machines, sunglasses and sunglass cases, computer storage devices, namely, flash drives; covers for cell phones, portable and handheld electronic digital devices for playing music, namely, MP3 and MP4 players, laptop computers, personal digital assistants, namely, PDAs, and gaming devices, namely, gaming machines, all relating to motion pictures and entertainment,” and registrants’ marks **ECLIPSE** [0799454] for “magnets,” **ECLIPSE** [3986292] for “computer keyboards, computer mice; mouse pads; wireless presenter in the nature of a wireless remote pointer,” **ECLIPSE and Design** [3986293] for “computer keyboards, computer mice, mouse pads, wireless presenter in the nature of a wireless remote pointer,” **ECLIPSE** [1526584] for “mobile sound equipment and accessories, namely, am-fm tuners, cassette, CD and [DAT players,] speakers, amplifiers and equalizers,” **ECLIPSE [Stylized]** [1581195] for “mobile sound equipment and accessories , namely, am-fm tuners, cassette, CD and DAT players , speakers, amplifiers and equalizers,” **SOLAR ECLIPSE** [2109357] for “sunglasses,” **ECLIPSE and Design [3503154]** for “audio and visual equipment, namely, radios, CD players, DVD players, hard disc players, and audio equipment for vehicles, namely, equalizers, amplifiers, speakers, and combination CD/DVD players; navigation apparatus for automobiles in the nature of on-board computers,” **ECLIPSE DOGGY** [ 3544541] for “... decorative wind socks...,” **MIDNIGHT ECLIPSE** [4150483] for “gaming machines, namely, devices which accept a wager,” and **CASH ECLIPSE** [4202676] for “gaming devices, namely, slot machines, with or without video output.”

Applicant’s amendment to indicate that applicant’s goods are all relating to motion pictures and entertainment is not sufficient to avoid a likelihood of confusion because the cited marks have no restrictions as to nature, type, channels of trade, or class of purchasers. Therefore, it is presumed that these goods and/or services “travel in the same channels of trade to the same class of purchasers.” *In re Viterra Inc.*, 671 F.3d 1358, 1362, 101 USPQ2d 1905, 1908 (Fed. Cir. 2012) (quoting *Hewlett-Packard Co. v. Packard Press, Inc.*, 281 F.3d 1261, 1268, 62 USPQ2d 1001, 1005 (Fed. Cir. 2002)). Further, the registrations use broad wording to describe the goods and/or services and this wording is presumed to encompass all goods and/or services of the type described, including those in applicant’s more narrow identification. *See In re Jump Designs, LLC*, 80 USPQ2d 1370, 1374 (TTAB 2006) (citing *In re Elbaum*, 211 USPQ 639, 640 (TTAB 1981)).

In instances where the goods are not identical but closely related, the trademark examining attorney has attached evidence from the USPTO’s X-Search database consisting of a number of third-party marks registered for use in connection with the same or similar goods and/or services as those of both applicant and registrant in this case. This evidence shows that the goods and/or services listed therein, namely laptop computers and accessories for computers are of a kind that may emanate from a single source under a single mark; eye glasses, eyeglass cases and sunglasses are of a kind that may emanate from a single source under a single mark; and mp3 players, mp4 players, speakers, amplifiers, equalizers and audio equipment for vehicles are of a kind that may emanate from a single source under a single mark. *See In re Anderson*, 101 USPQ2d 1912, 1919 (TTAB 2012); *In re Albert Trostel & Sons Co.*, 29 USPQ2d 1783, 1785-86 (TTAB 1993); *In re Mucky Duck Mustard Co.*, 6 USPQ2d 1467, 1470 n.6 (TTAB 1988); TMEP §1207.01(d)(iii).

If no appeal has been filed and time remains in the six-month response period to the final Office action,

applicant has the remainder of the response period to (1) comply with and/or overcome any outstanding final requirement(s) and/or refusal(s), and/or (2) file a notice of appeal to the Board. TMEP §715.03(a)(ii)(B); *see* 37 C.F.R. §2.63(b)(1)-(3). The filing of a request for reconsideration does not stay or extend the time for filing an appeal. 37 C.F.R. §2.63(b)(3); *see* TMEP §§715.03, 715.03(a)(ii)(B), (c).

Cable and Case

The logo for 'Cable and Case' is a stylized, black-and-white line drawing. The word 'Cable' is written in a large, rounded, sans-serif font. The word 'and' is smaller and positioned between 'Cable' and 'Case'. The word 'Case' is also in a large, rounded, sans-serif font. A horizontal line representing a cable runs from the bottom of the 'C' in 'Cable' to the bottom of the 'C' in 'Case'. In the middle of this line is a small, rectangular connector with a notch on its top edge, resembling a USB or similar plug.
