Dear Commissioner:

Exxon Mobil Corporation (the "Potential Opposer") believes it may be damaged by the registration of the mark ELEXSOL in connection with those goods and services identified in United States Trademark Application Serial No. 78/028994 (the "Application") and hereby requests a sixty (60) day extension of time to file its Notice of Opposition, beginning on September 5, 2002 up to and including November 4, 2002. In support of this request, the Potential Opposer alleges that its attorneys have begun an investigation of the facts and circumstances pertaining to the Application, and need more time in order to complete the investigation and determine whether or not a Notice of Opposition should be filed.
