Applicant is requesting reconsideration of a final refusal dated March 24, 2005.

After careful consideration of the law and facts of the case, the examining attorney must deny the request for reconsideration and adhere to the final action as written since no new facts or reasons have been presented that are significant and compelling with regard to the point at issue.

Please note that the attached representative third party registrations and representative web pages found using the Google search engine show that the applicant's services are highly related if not encompassed by the registrant's services. As shown by this evidence, the same companies generally provide both the applicant's and registrant's services.

Accordingly, applicant's request for reconsideration is *denied*. The time for appeal runs from the date the final action was mailed. 37 C.F.R. Section 2.64(b); TMEP Section 715.03(c).

If the applicant has any questions or needs assistance in responding to this Office action, please telephone the assigned examining attorney.
