Monique Tyson, Paralegal Specialist:

On July 19, 2006 the Board acknowledged applicant's notice of appeal and request to divide the application.

Applicant's request to divide was granted by the Intent to Use Divisional/Unit on August 11, 2006. Application Serial No. 78300169 has been designated as the "parent case", while the newly created "child" case, application Serial No, 78977452, has been forwarded for further processing towards issuance into a registration.

The request for reconsideration requires consideration by the Trademark Examining Attorney. The appeal is instituted, but action on it is suspended and the file is herewith remanded to the Examining Attorney.

In the event registrability is found on the basis of this paper, the appeal will be moot and the Board should be

so informed. In the event the refusal of registration is maintained, the file should be returned to the Trademark Trial and Appeal Board, proceedings will be resumed and applicant will be allowed time in which to file its brief on appeal.
