David Mermelstein, Attorney:

On March 28, 2006, potential opposer requested and was granted a 90-day extension, or until June 28, 2006, in which to oppose. Now before the Board is potential opposer's request, filed July 13, 2006, for an additional 30 day extension of time. Mr. Stoller alleges that applicant has consented to the request. Potential opposer's request for a further extension is DENIED.

Potential opposer's request is untimely. On July 14, 2006, the Chief Administrative Trademark Judge issued a sanctions order vacating all extensions of time filed by Leo Stoller and the entities controlled by him since November 2005. Because potential opposer's March 28, 2006 (first), extension has been vacated, the current request - filed well more than thirty days after publication - is untimely.

The subject application will proceed to issuance of a
registration certificate in due course.
