Applicant has filed, on October 18, 2006, a request for remand and an amendment to the Supplemental Register.

Since the amendment to the Supplemental Register may serve to avoid the final refusal to register upon the Principal Register, proceedings in the appeal are suspended and the file of this case is remanded to the Trademark Examining Attorney.

In the event that the Trademark Examining Attorney allows the application on the Supplemental Register, the appeal herein will be moot. If the Examining Attorney ultimately issues a final refusal to register upon the Supplemental Register, the "six-month response" clause appearing on the letter in which such action is taken should

be omitted; and the file of this case should be returned to the Board; action on the appeal will be resumed; and applicant will be allowed sufficient time in which to file its appeal brief.
