REMARKS

In the Office Action, Applicant gratefully acknowledges that the Examiner has withdrawn her previous rejection under Section 2(d) and found Applicant's country of incorporation to be acceptable and made of record. The Examiner has found Applicant's amendment to the identification of goods and services to be unacceptable. Specifically, she indicates that several items remain indefinite and require further clarification.

In response, Applicant respectfully traverses the indefiniteness rejection and states that the recitations of goods and services provide the requisite specificity for the particular goods or services on or in connection with which the Applicant uses the mark, in accordance with TMEP 1402.01 and 1402.03. As such, Applicant requests that the Examiner reconsider and withdraw the indefiniteness rejection of the goods and services.

Respectfully submitted,
