IN THE UNITED STATES PATENT AND TRADEMARK OFFICE  
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

Application Serial No.	79051578
Applicant	VBG GROUP AB (publ)

## Notice of Appeal

Notice is hereby given that VBG GROUP AB (publ) appeals to the Trademark Trial and Appeal Board the refusal to register the mark depicted in Application Serial No. 79051578.

Applicant has filed a request for reconsideration of the refusal to register, and requests suspension of the appeal pending consideration of the request by the Examining Attorney.

The refusal to register has been appealed as to the following classes of goods/services:

- Class 007.

All goods and services in the class are appealed, namely: Devices for loading and unloading of vehicles, namely, tippers and cranes; power operated machines and apparatus for elevating, lifting, holding, manipulating, transporting and placing loads on vehicles; cranes as lifting and hoisting apparatus; hydraulic operated lifting apparatus for elevating, lifting, holding, manipulating, transporting and placing loads on vehicles; winches; hydraulic cylinders for vehicles; machine parts, namely, pneumatic springs and buffer springs; tension sets and tension elements for shafts and hubs, namely, clamping and locking elements, locking assemblies and shrink discs for shaft-hub connections and shaft-shaft connections, all as parts for machines; couplings as parts of machines for connection of shafts and pipes

- Class 012.

All goods and services in the class are appealed, namely: Equipment for vehicles, craft, and means of conveyance, namely, couplings for trailers, drawbeams in the nature of structural parts of vehicles, drawbars in the nature of structural parts of vehicles, drawbar eyes in the nature of structural parts of vehicles, metal beams for connection of couplings for trailers in the nature of structural parts of vehicles, shock absorbing springs for land vehicles, bumpers for land vehicles, trailer couplings with shock absorbing springs to absorb transmitted shocks between two vehicles, couplings and hitches for attaching fifth wheels with or without sliders to land vehicles, under-ride protection bumpers for land vehicles, drop-side pillars in the nature of structural parts for vehicles and curtain side pillars in the nature of structural parts for vehicles, side panel locks in the nature of structural parts of vehicles, front cargo shields and flaps in the nature of fitted liners for the cargo area of vehicles, cargo supports and cargo holders in the nature of cargo carriers for vehicles, attachments and fittings for cargo supports in the nature of structural parts for cargo carriers, cargo platform sides and cargo protection devices in the nature of fitted liners for the cargo area of vehicles, sliding and liftable roofs with or without tarpaulins and parts and structural components for their assembly including devices for pulling and folding mechanics in the nature of sliding roofs for trucks and trailers, anti-skid devices for vehicle tires in the nature of automatically deployed tire chains; automobile chains; driving tire chains for vehicles; tire snow traction chains; structural parts for the aforementioned goods

Respectfully submitted,
