★★★★★ great product

Diameter (in): 3.500 in
Quantity: Sold individually.
Notes: 28-spline yoke. Includes solid, non-greasable U-joints.
In-Store Pickup: Choose In-store pick-up (OH, GA, NV) on our web site.

Get your hot rod, track car, or daily driver moving with these Summit Racing® aluminum driveshafts. These driveshafts are constructed from aluminum to reduce overall weight, which translates into more power getting to the wheels where it can do its job! Summit Racing® uses the best seamless tubing to ensure the ultimate in strength and rigidity. Whether you are looking for another tenth or two off of your ET, or just better throttle response in your hot rod, Summit Racing® will take care of you with these aluminum driveshafts.

5 Customer Reviews for Summit Racing SUM-790300 - Summit Racing® Aluminum Driveshafts

Average Customer Review ★★★★★

[+See All 5 Reviews](#)

★★★★★ **great product**
Summit Racing Verified Purchase

This was at the most a 10 minute install. It was a perfect fit and I can tell smoother ride at high way speeds. Got this installed first before I put 4-10 gears in. And there is nothing to grease.

We want you to have reusable filter elements that outflow ordinary paper filters, without spending an arm and a leg. Summit® reusable air filter elements utilize a cotton gauze with aluminum mesh construction, and have oil already applied. These quality filters are available in many sizes and styles, and are a terrific value.

11 Customer Reviews for Summit Racing SUM-239144 - Summit Racing® Reusable Cotton Gauze Air Filter Elements

Average Customer Review **★★★★★**

★★★★★ Looks good
Summit Racing Verified Purchase
 Looks and fits good on a 14 inch chrome base and top. Didn't come with any instructions on how to clean it. Price is great.

0 of 0 found this review helpful.
 Was this review helpful? [Yes](#) | [No](#) | [report abuse](#)

★★★★★ Not the same color
Summit Racing Verified Purchase
 The filter looks great but it is more purple than red. Doesn't match the red of the K&N filters.

0 of 0 found this review helpful.

★★★★★ Great alternative to higher priced units
Summit Racing Verified Purchase
 Quality is excellent. This is a very good alternative to the more expensive units available. I will buy again.

Is this part right for you? Ask our experts -

800.632.2320

Description Reviews

The 3/4" bore clutch master cylinder with 4 oz. integral reservoir has been designed to exceed the needs of late models, open wheel modifieds, and stock cars. The lightweight master cylinder offer many features that chassis builders and racers will benefit from. Also, the tough aluminum bore houses a hard anodized piston for long service life.
