**REQUEST FOR FURTHER SIXTY (60) DAY EXTENSION OF TIME FOR  
FILING OF APPLICANT'S APPEAL BRIEF IN PART BASED UPON  
FURTHER EFFORTS TO RESOLVE WITH THE EXAMINER AN ACCEPTABLE  
RESOLUTION OF THE MATTER AND TO PERMIT TIME FOR THE  
FURTHER RECEIPT OF INSTRUCTIONS FROM THE CLIENT**

The Applicant by and through its legal counsel, Burton S. Ehrlich of Ladas & Parry LLP, hereby requests a further sixty (60) day extension for the filing of the Applicant's brief to allow for the Applicant to potentially moot the need for this appeal by fully resolving this matter at the Examiner level. The additional time will allow for consulting with the client for the Applicant. In support of this Motion the Applicant submits as follows:

The Applicant previously requested reconsideration of the rejection of registrability in a paper filed with the Trademark Attorney Examiner. When the request for reconsideration was denied the Board subsequently set the briefing schedule of sixty (60) days for the filing of the Applicant's brief.

U.S. Patent and Trademark Office #72

The Applicant's counsel further believes that there still may be a further basis for resolving this matter with an amendment or submissions at the Examiner level. Based upon the current understanding of the situation it is believed that a potential reasonable and acceptable resolution could exist to resolve issues in this application. The Applicant is in the process of seeking further instructions and clarifications from his client on pursuing a potential follow-up action and communication, so as to seek to resolve this matter at the Examiner level and by consultations with the Examiner. In part, additional time is needed for the further consideration of such a comprehensive resolution, which if resolved in this manner could fully moot the appeal. The additional time would include time for consulting with the client and with the Examiner in seeking a potential resolution.

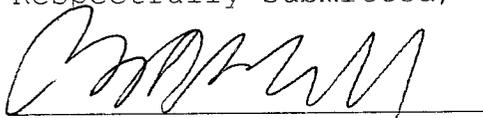

Furthermore, additional time would also be necessary for consulting with the principals for the client on the potential appeal brief, should that become necessary. Foreign legal counsel further needs time to consult with the Applicant about this file and a potential response. Additionally, this revised briefing schedule will also accommodate the busy schedule of the Applicant's counsel and his principals for the client. During the time period Applicant's counsel has been heavily involved in District Court proceedings including activities on a Federal Court case involving Summary Judgment briefing, discovery responses, TTAB adversarial matters, as well as respond to a variety of other intellectual

property deadlines for foreign and domestic based clients on intellectual-property related matters. This extension will allow for counsel to consult and prepare any necessary papers.

Based upon the foregoing, it is respectfully requested that the due date for the brief be reset for sixty (60) days with the Applicant's brief under this extension becoming due on September 19, 2014.
