**REQUEST FOR FURTHER SIXTY (60) DAY EXTENSION OF TIME FOR
FILING OF APPLICANT'S APPEAL BRIEF BASED IN PART UPON
EFFORTS TO RESOLVE WITH THE EXAMINER AN ACCEPTABLE
RESOLUTION OF THE MATTER AND TO PERMIT TIME FOR THE
FURTHER RECEIPT OF INSTRUCTIONS FROM THE CLIENT**

The Applicant by and through its legal counsel, Burton S. Ehrlich of Ladas & Parry LLP, hereby requests a further sixty (60) day extension for the filing of the Applicant's brief to potentially allow for the Applicant to attempt to moot the need for this appeal by fully resolving this matter at the Examiner level. The additional time will allow for further consulting with the foreign based client representatives for the Applicant. In support of this Motion the Applicant submits as follows:

The Applicant previously requested reconsideration of the rejection of registrability in a paper filed with the Trademark Attorney Examiner. When the request for reconsideration was denied the Board subsequently set the briefing schedule of sixty (60) days for the filing of the Applicant's brief.

05-22-2015

The Applicant's counsel further believes that there may still be a further basis for resolving this matter with an amendment or submissions at the Examiner level. Based upon the current understanding of the situation it is believed that a potential resolution could exist to resolve issues.

The Applicant is in the further process of seeking instructions and clarifications from his foreign based client on pursuing a potential follow-up action, so as to seek to resolve this matter at the Examiner level. In part, additional time is needed for the further consideration of such a comprehensive resolution, which if resolved in this manner could fully moot the appeal. The additional time would include time for consulting with the client and with the Examiner in seeking a potential resolution.

During the prior extension period Applicant's counsel was involved in significant Federal Court matters which impeded his ability to properly liaison with the client.

Furthermore, additional time would also be necessary for consulting with the principals for the client on the foreign based representatives potential appeal brief, should that become necessary. Foreign legal counsel further needs time to consult with the Applicant about this file and a potential response. Additionally, this revised briefing schedule will also accommodate the busy schedule of the Applicant's counsel who was during the

time period heavily involved in District Court proceedings and issues, as well as the other impeding deadlines the ability to consult with the foreign based representatives for the Applicant. During the time period Applicant's counsel has also been heavily involved in District Court proceedings including out of state business travel, discovery matters, settlement matters, TTAB adversarial matters, as well as responding to a variety of other intellectual property deadlines for foreign and domestic based clients on intellectual property related matters. This extension will allow for counsel to consult and prepare any necessary papers.

Based upon the foregoing, it is respectfully requested that the due date for the brief be reset for sixty (60) days with the Applicant's brief under this extension becoming due on July 16, 2015.
