IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

Application Serial No.	79116397
Applicant	Bioprocess Pilot Facility B.V.

Notice of Appeal

Notice is hereby given that Bioprocess Pilot Facility B.V. appeals to the Trademark Trial and Appeal Board the refusal to register the mark depicted in Application Serial No. 79116397.

Applicant has filed a request for reconsideration of the refusal to register, and requests suspension of the appeal pending consideration of the request by the Examining Attorney.

The refusal to register has been appealed as to the following classes of goods/services:

- Class 001.
All goods and services in the class are appealed, namely: Chemicals used in industry, namely, chemicals for use in the food, cosmetics, pharmaceutical, medical, chemical, polymers and technical industries; biobased chemicals for use in industry, namely the food, cosmetics, pharmaceutical, medical, chemical, polymers and technical industries; chemical additives for use in the manufacture of food products; chemicals and semi-finished chemical products for preserving foodstuffs; natural preservatives, namely, organic acids and salts thereof namely, lactic acid, lactates, sodium lactate, potassium lactate, buffered lactic acid, propionic acid, propionates, acetic acid and acetates, and mixtures of the aforesaid substances, all aforesaid natural preservatives particularly being for use in the preservation of foodstuffs
- Class 042.
All goods and services in the class are appealed, namely: Scientific and technological services, namely, modular pretreatment and biorefinery services, fermentation processes, downstream processing and separation technology services, and bioconversion processes in the field of biobased chemicals and in the field of development of processes for the manufacture of biobased chemicals and scientific research and design relating thereto in the field of biobased chemicals and in the field of development of processes for the manufacture of biobased chemicals; industrial chemical analysis and research services in the field of biobased chemicals and in the field of development of processes for the manufacture of biobased chemicals; technical advice and consultancy; research and development of new products for third parties in the field of biobased chemicals and in the field of development of processes for the manufacture of biobased chemicals; chemical research in the field of biobased chemicals and in the field of development of processes for the manufacture of biobased chemicals

Respectfully submitted,
