British charity **The Pillion Trust** decided to see just how caring and compassionate Londoners were about the plight of their fellow countrymen. They hire a brave actor to walk around the cold wintery streets of the UK's capital, with large sign that read "F**K THE POOR"

As you can imagine, he was rightfully harassed, challenged and zzed by just about everyone who walked past him - each damning lack of understanding for those in need.

▼ Day later he went to the same area with an entirely different sign what happened next was a major reality check. Point made.

Justin Bieber's feeling better -- in fact, he's feeling good enough to FIGHT ... 'cause he just went after a photog in London ... and screamed, "LL F**KING BEAT THE F**K OUT OF YOU."

Bieber -- flanked by bodyguards -- was leaving a Central London hotel moments ago ... and in the mad scramble to his SUV, he made contact with a waiting photog.

The photog -- NOT a TMZ photog -- was clearly upset by the physical contact and immediately claimed he was assaulted. He then began to cuss out Bieber, who was already inside the waiting SUV.

But Bieber clearly heard the photog's insults ("F**k off back to America", "F**king little moron") ... 'cause the singer opened his SUV door and sprung out of the car ... trying to attack the photog.

While Bieber's bodyguard held him back, the singer screamed ... "What the F**k you say?"

The photog shot back -- "You heard what I said ... you heard what I F**king said, mate."

Bieber replied, "I F**king beat the F**k out of you."

Justin tried to swing at the photog, but his bouncers kept the singer at bay ... and eventually pushed him back inside the SUV.

The car left the scene without further incident.

Bieber just tweeted about the incident ... saying, "Ahhhhhh! Rough morning. Trying to feel better for this show tonight but let the paps get the best of me."
