Watch Faces

With quality and a large selection of Watch Faces, it is easy for you to decide on your next watch project at GoodyBeads.com. Add your own style and twist to a fashionable and functional Watch Face. Try to band on a Leather Strap, while touching it up with some Rivets and Snap Fasteners. Use some Flat Leather for a wrap-around watch bracelet for a trendy look, or add some color with a fun band of your favorite beads and clasps. Do not be limited with just a banded watch. Use a Watch Face as a Pendant for a necklace, attach it to a Key Ring, or make a fun handbag dangle. Whatever your design choice, the timing is always right to design with Watch Faces.

Findings and Components > Clasps

Get yourself connected with our huge selection of clasps! With over 700 items to choose from, you are sure to find the clasp to flawlessly finish off your project. Fewer clasps make up nearly half of our clasp selection. The strength and reliability of our magnetic clasps will never let you down. We carry just the right figure toggle clasp to top off your most fun and sophisticated designs. If you are looking to add a touch of class to your project, you must check out our sterling silver clasps as well as our rhinestone clasps. These are sure to add just a touch more sparkle to an already radiant piece of jewelry. Click here to learn about the safety of products that may fall under California's Proposition 65 lead warning.

Findings and Components

They may not be as bright and colorful as all those new beads in your shopping cart, but don't forget all those findings, like clasps and headpins essential to completing your project! Also, don't miss our gorgeous selection of radiant Swarovski crystal headpins and high quality precious metal findings.

Czech Druks

Czech druks beads are round pressed glass treatises manufactured in the age old Czech tradition by Jabloner, the World's top name in glass beads. Druk beads are consistently uniform in shape and size, and are available in nearly innumerable finish and color combinations. Druk beads are widely used in numerous jewelry designs, and are the perfect combination of quality and economy. These popular and versatile Czech glass beads are hand made in small batches, so some slight color variance is to be expected from batch to batch and size to size.

Vintaj Components

Natural beauty. Rich, distinctive color. Intricate design and fine detail. [Click here.](#)

20WX525
Shape: Name/Geneva Watch Faces
Size: Round
Color: Silver
Finish: Assorted
Material: Base Metal
Made In: China

Description:
Name and Geneva watch companies have merged. Same great quality. Either name may be found on the same style of watch. Fun and fashionable watch faces are an often overlooked design element. You can create a number of different style watches from the same watch face! You can make your design as elegant, playful, sophisticated, or simplistic as you like! If stringing a beaded watchband, or any other bracelet with bead stringing, wire, be sure to use the strongest and thickest diameter that will fit through your beads.

These genuine Swarovski crystals are of the utmost quality and shimmer like diamonds! We have hundreds of Swarovski diamonds in a glittering range of sizes, finishes and colors!

Czech Druks
Czech druk beads are round pressed glass treasures manufactured in the age old Czech tradition by Jablonec, the World's top name in glass beads. Druk beads are consistently uniform in shape and size, and are available in nearly innumerable finish and color combinations. Druk beads are widely used in numerous jewelry designs, and are the perfect combination of quality and economy. These popular and versatile Czech glass beads are hand made in small batches, so some slight color variance is to be expected from batch to batch and size to size.

Reliable, comfortable, elegant

BRACELETS AND CLASPS

Bracelets and clasps play a full part in the unique pleasure of wearing a Rolex watch. Their ergonomics are carefully studied, while their robustness and reliability, their aesthetics and lustre are all inherent to the personality of the timepiece.

Like the Oyster case, they are the product of a complex alchemy of form

craftsmanship.

OYSTERLOCK

No other part of a Rolex is subject to such regular manipulation as the clasp, a tactile bond between the watch and its wearer. Few are so crucial to the security of a Rolex owner's prized possession and to their comfort.

The new-generation Oysterlock clasp reconciles the demands made on the Professional watches, with a sublime blend of robust yet sophisticated engineering, simple handling, smooth lines and, above all, security.

Diving in comfort mode

ROLEX GIDELOCK

RECENTLY VIEWED | WISHLIST | LEGAL NOTICES

ROLEX CHANNELS | PRESS ROOM | LANGUAGES

The bracelet was designed for a life lived underwater. Its patented Rolex Glidelock clasp lets divers expand their band to about 20 mm in 2 mm increments, while the Fliplock extension links enable the band to be adjusted by an additional 26 mm.

This remarkable extension allows for a secure and comfortable fit over the most protective diving suits.

Iconic Identities

OYSTER BRACELET

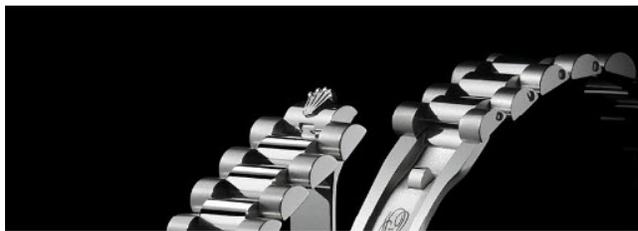

Introduced in the late 1930s, this robust metal bracelet with its flat three-piece links remains the mainstay of the Oyster collection. It is fitted on the entire range of Professional watches, but also on some classic models such as the Datejust, Day-Date and Sky-Dweller. It can be equipped with all types of Rolex clasps (Oysterclasp, Oysterlock and Crownclasp) and can include the Easylink comfort-extension link system.

PRESIDENT BRACELET

[RECENTLY VIEWED](#) | [WISHLIST](#) | [LEGAL NOTICES](#)

[ROLEX CHANNELS](#) | [PRESS ROOM](#) | [LANGUAGES](#)

This refined, exclusive metal bracelet with semi-circular three-piece links was created in 1956 for the launch of the prestigious Oyster Perpetual Day-Date. The President bracelet is still reserved today for the Day-Date and for certain versions of the Datejust for ladies in precious metals. It is always fitted with a Crownclasp, Rolex's elegant concealed clasp.
