In re Nicholas Piggott

Serial No. 79144500

Filed: 10/17/2013

Ellen M. Yowell, Paralegal Specialist:

On November 6, 2015, the Trademark Examining Attorney entered a final office action and forwarded the application to the Board. On November 10, 2015 the Board resumed the appeal.

It has come to the Board's attention that on November 11, 2015, Applicant filed a request for reconsideration of a proposed amendment to the description of its mark through the TEAS system. Applicant should note that because the application was forwarded to the Board for resumption of the appeal, any communication regarding the application should have been filed with the Board. However, now that the filing has come to the Board's attention, the Board will treat this filing as a request for remand. Proceedings in the appeal are suspended, and the application is remanded to the Examining Attorney to consider Applicant's submission.

In the event registrability is found on the basis of Applicant's request, the appeal will be moot and proceedings will be terminated accordingly. In the event the

refusal of registration is maintained, the Board shall be so informed, proceedings will be resumed and Applicant will be allowed time in which to file a supplemental brief if so desired.
