IN THE UNITED STATES PATENT AND TRADEMARK OFFICE  
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

Application Serial No.	79144955
Applicant	Blohm Jung GmbH

## Notice of Appeal

Notice is hereby given that Blohm Jung GmbH appeals to the Trademark Trial and Appeal Board the refusal to register the mark depicted in Application Serial No. 79144955.

Applicant has filed a request for reconsideration of the refusal to register, and requests suspension of the appeal pending consideration of the request by the Examining Attorney.

The refusal to register has been appealed as to the following classes of goods/services:

- Class 007. First Use: 0 First Use In Commerce: 0  
All goods and services in the class are appealed, namely: Machine tools, namely, powered machines for cutting, shaping and finishing metals or other materials; internal and external circular grinders, centerless grinders, non-circular grinders and camshafts, crankshaft grinders, surface grinders and angle grinders, grinding machines; pencil grinders, honing machines; one-dimensional and multi-dimensional laser treatment machines, namely, laser engraving machines, laser welding machines; eroding machines; laser machines, namely, laser machines for cutting, marking and engraving; tool grinders; universal circular grinders; angular infeed grinders; high-speed grinders; internal and external thread grinders; groove grinders; polygonal grinders; cylinder grinders; production grinders; grinders and laser treatment machines, namely, laser engraving machines, pneumatic controls for grinders and laser treatment machines
- Class 009. First Use: 0 First Use In Commerce: 0  
All goods and services in the class are appealed, namely: Instruments for non-medical testing purposes, namely, probes for testing semiconductors, gas testing instruments; measuring apparatus, namely, electric measuring devices, precision measuring apparatus, current meters, electromechanical level gauges, automatic detectors; electrical, magnetic and optical testing apparatus, namely, electric measuring devices, precision measuring apparatus, current meters, electromechanical level gauges, automatic detectors; computer programs for operating grinders and laser treatment machines, computer software for used for electric measuring devices; measuring machines, namely, electric measuring devices, precision measuring apparatus, current meters, electromechanical level gauges, automatic detectors
- Class 037. First Use: 0 First Use In Commerce: 0  
All goods and services in the class are appealed, namely: Installation, maintenance and repair of machine tools, namely, powered machines for cutting or shaping or finishing metals or other materials; internal and external circular grinders, centerless grinders, non-circular grinders and camshafts, crankshaft grinders, surface grinders and angle grinders, grinding machines; pencil grinders, honing machines; one-dimensional and multi-dimensional laser treatment machines, namely, laser engraving machines, laser welding machines; eroding machines; laser machines, namely, laser machines for cutting, marking and engraving; tool grinders; universal circular grinders; angular infeed grinders; high-speed grinders; internal and external thread grinders; groove grinders; polygonal grinders; cylinder grinders; production grinders; grinders and laser treatment machines, namely, laser engraving machines, pneumatic controls for grinders and laser treatment machines
- Class 041. First Use: 0 First Use In Commerce: 0  
All goods and services in the class are appealed, namely: Organization and conducting of workshops and training workshops in the field of commissioning, operating, servicing, maintaining and programming of machine tools, namely, powered machines for cutting or shaping or finishing metals or other materials; internal and external circular grinders, centerless grinders, non-circular grinders and camshafts, crankshaft grinders, surface grinders and angle grinders, grinding machines; pencil grinders, honing machines; one-dimensional and multi-dimensional laser treatment machines, namely, laser engraving machines, laser welding machines; eroding machines; laser machines, namely, laser machines for cutting, marking and engraving; tool grinders; universal circular grinders; angular infeed grinders; high-speed grinders; internal and

external thread grinders; groove grinders; polygonal grinders; cylinder grinders; production grinders; grinders and laser treatment machines, namely, laser engraving machines, pneumatic controls for grinders and laser treatment machines

- Class 042. First Use: 0 First Use In Commerce: 0

All goods and services in the class are appealed, namely: Industrial research and analysis services in the field of industrial design; design and development of computer software; computer programming services; consultancy in connection with information technology

Respectfully submitted,

/ml/
