Operations, Inc.  
Mark: **CYCLE**  
Serial No. 85/026120  
Applicant: FRIZ Biochem Gesellschaft fur Bioanalytik mbH

Dear Sir/Madam:

We are the attorneys of record for potential opposers Roche Diagnostics GmbH and Roche Diagnostics Operations, Inc., who both filed and were granted requests to extend the opposition period for the above-referenced trademark application. The opposition period is currently set to expire on June 18, 2011.

It has now been determined that neither Roche Diagnostics GmbH nor Roche Diagnostics Operations, Inc. will oppose the registration of the mark in Serial No. 85/026120. Accordingly, we ask that you relinquish the extension requests granted on behalf of each of the potential opposers, and forward the above-referenced application accordingly.

Sincerely,

  
Jennifer L. Day
