Technical Program Manager:**

Applicant's request for remand filed November 15, 2013 is noted.

Applicant seeks remand in order for the Examining Attorney to consider the Amendment to Allege Use and an amendment to the Supplemental Register. Since the amendment to the Supplemental Register may serve to avoid the final refusal to register upon the Principal Register, proceedings in the appeal are suspended and the application file is herewith remanded to the Trademark Examining Attorney.

In the event that the Trademark Examining Attorney allows the application on the Supplemental Register, the appeal herein will be moot. If the Examining Attorney ultimately issues a final refusal to register upon the

Supplemental Register, the "six-month response" clause appearing on the letter in which such action is taken should be omitted; the Board shall be so informed; action on the appeal will be resumed; and applicant will be allowed time in which to file its appeal brief.
