Thanks all for your thoughtful contributions. Over two years since the last query:

**Feedback** ucking additions to the commentary at all? This can't exhaust the veritable core of planetary evolution. Doesn't anyone remember the dinner time utterance of our horoina at a return to mother's table after a fairly short foray into the crusty world where she unwittingly remarks, " Please mother, pass the fucking risotto." Tedious indeed. Puzzled by, "Spam?" below? Me too. Even more so about the reference to "Feeling fancy?" just above. Can't comprehend anything from the entire paragraph. But, I did just discover that wordie.org = wordnik.com This being my first visit here I'll admit the commentary seems singularly underwhelming, especially compared to the site's more imaginative exposition. Lately I've been playing at words-brains-means stuff like Personal

**Feedback** ttp://www.visualthesaurus.com/app/view, and... BUT having just d "http://www.w3.org/" here, I'm fucking blown right the fuck out of my fucking mind. Go fuckin figure.

Going back to the original comment on this page, [here](#) is an interesting article on syntax, etc. of sexual terminology, by Jesse Sheidlower. I reiterate the article's

You don't have to understand French to get the joke of [this](#) bilingual (subtitled) video on the perils of cross-cultural non-communication, but it helps to know that the word for the animal "seal" is "phoque", pronounced "fuck". The three-minute clip is funny, not vulgar, with a political point. (There's also an 8-minute version with a lot more "fucks" and "phoques".) It trades on a special type of [false

Alice's Bible reading and is becoming increasingly confused by the descending or "long s" common in ye olde worlde printing. ALICE: Ye are the falt of the earth, and fainted. Sainted. Thou shalt feel...seal your endeavours until ye fit on his right hand. Therefore fight the good fight for his...fake, and he shall be thy f... VICAR: Succour. "And he shall be thy succour," thank you Alice! You really have to watch it, the scene starts around 6:35 on this clip. (Incidentally, Alice's reading has nothing with Song of Solomon 6:2 to do. It's more like a portmanteau Bible verse.)
