Line Wise

Diversified Products has been collaborating with the people on the front line of the utility industry for more than 15 years. In fact, that's how we got our start – listening to the specific demands of linemen – and working with them to develop field-tested solutions to make their jobs more efficient, productive and safe. Diversified's LineWise brand includes a variety of lineman tools, such as energized/static line lifters, auxiliary arms, phase lifters, temporary conductor supports, insulated work platforms and pole pullers. All of these products have been field-tested and approved by transmission and distribution maintenance professionals.
