Designed with you in mind

Fit for your hand

With a soft grip back and subtle curves, the Nexus 9 tablet strikes a slim profile that's light and comfortable for work or play.

High-quality construction

Built with a thin bezel, brushed metal sides, clean lines and unique colors, the Nexus 9 tablet is sleek and sturdy.

Watch, listen, and play

Perfectly sized display

The 8.9" screen is big enough to work and watch on, but small enough to carry around in one hand.

Crisp, clear sound

Sound is more immersive, layered and distortion-free with front-facing HTC BoomSound™ speakers.

Powerful processor

With the 64-bit processor, easily move between tabs to check email, watch videos, and tweak docs — all at once.

Peek-a-boo

Nexus 9 Cover transforms for expanded functionality. Bending one corner of the foldable cover launches the camera, bending two corners turns the case into a convenient stand.

The magnetically attached, fully-responsive keyboard

The magnetically attached, fully-responsive keyboard allows you to type at different angles. Sold separately, it helps you get stuff done at home, at the office, and on the go.

Introducing Lollipop, our sweetest release yet

Nexus devices get the latest Android OS updates first, so you have a superior software experience.
