Tyrone Craven, Lead Paralegal Specialist:

It has come to the Board's attention that on May 28, 2013, the subject application inadvertently matured into Registration No. 4342674. The Board regrets this situation, but is without authority to vacate the issuance of said registration.

Accordingly, the Board will forward the electronic record of the application file to the Office of the Commissioner for Trademarks for consideration of the cancellation of the inadvertently issued registration.

Potential opposer should note that the Board will not suspend the time for filing a notice of opposition for any reason. TBMP § 209.01 (2d ed. June 2003). Accordingly, if potential opposer wishes to preserve its right to oppose, it must continue to file requests for extension of time to oppose, if available, or a notice of opposition.
