THIS PRODUCT IS GREAT ON OLD SKIN

It is one of the best buys for older folks with drying and aging skin that are on a fixed income. It is also highly recommended by my dermatologist

AWESOME PRODUCT

This toner is great! It removes the hidden dirt and makeup and it doesn't sting the skin! The bottle should be alittle bigger so it will last longer

LOVE THIS TONER

I use my toner after I used my Olay facial cleaner. It just makes me face feel refreshed. It never stings and feels so light but clean. It smells really fresh too.

EXCELLENT PRODUCT

Since I tried for the first time up to 4 years now, I couldn't believe how wonderful it is, It helps to keep controled oil excess on my face and take makeup away so great that I'm in love with this product. It's just so hard to find it because it's been removed from almost every store and I don't know why. So I had to start looking for it on the internet and keep using it for as long as it works for me.

ONE OF THEIR BEST PRODUCTS

Have used under moisturizer nightly for over 7 years. A nice gentle cleaner that leaves skin smooth and fresh. Excellent at removing makeup. Best results with cotton rounds (pads) instead of balls. 4 stars because the price went up. liked it a lot when it ws under $4 price point, not so much at over $5. If it hits $6 I will go back to Revlon, after all, it's only a 'toner'.

LOVE THIS TONER

Ok i have acne prone very oily skin at 39 years old and i have tried everyhing on the market from cheap to very expensive and i have been using this toner for about 6 months and it is so great i will never look for a better toner , i dont have near as much oil on my face like i did before when using the toners with a lot alcohol (i thought they were better at killing my bacteria and making my skin super clean but they were causing more oil to form on my face) this cleans all of the left over yuck and makes my face so clean and refreshed and not oily at all and i only get an ocassional breakout at that time of the month. i also use the cleansing cloths for combonation skin they are really good to!!!

EXTRA CLEAN!

I use the Olay toner to cleanse my face & neck twice a day. Once in the morning, (i couldn't believe how much dirt lands on my face while sleeping with a fan in the room!), and once at night after using the Olay Regenerist cleansing cloths. You'd be amazed at how much dirt the toner gets off my face even AFTER the regenerist cloths! I know my face is REALLY clean when I follow up with toner. It's also really quick, so if I only have a few seconds, a quick swipe is all I need. I've noticed that its not drying at all as long as I keep up with my other regenerist moisterizers! And so inexpensive too! Can't live without it!
