Medium/Fine Grind - High Moisture - Dark Colour
Samuel Gawith Celtic Talisman (25g)

A nice tart cherry flavour, combined with notes of vanilla and smoke make this a very pleasent snuff. Easy to use with an excellent amount of moisure and medium nicotine level.

Medium/Coarse Grind - High Moisture - Brown Colour
Samuel Gawith Firedance (25g)

A very popular offering with snuff users. An SP style snuff with notes of Blackberry, Brandy and Vanilla flavours. Very little burn and easy to use. Medium nicotine level.

Fine Grind - High Moisture - Brown Colour
Samuel Gawith Kendal Brown (25g)

One of the original Samuel Gawith Snuff recipes. Rich, plain tobacco taste is complimented with subtle citrus notes. Leathery, peaty and woody notes abound. Heavier burn and drip. Medium nicotine level.

Coarse Grind - High Moisture - Dark Colour
Wilsons of Sharrow Alberta Plain (25g)

A plain SP style snuff with no flavouring added whatsoever, developed for the Alberta market to comply with their strict no-flavouring laws.

Fine Grind - Light Moisture
Wilsons of Sharrow Best SP (25g)

Wilsons of Sharrow most popular snuff with an unchanged recipe for over 250 years. Tobacco flavouring and Bergamont is predominant with subtle aromatics of hay and citrus. Very popular with experienced users. High Nicotine.

Fine Grind - Light Moisture
Wilson's of Sharrow SP100 (25g)

Similar to the Best SP with a variation in the grind, being slightly more silky. Non-mentholated with very strong notes of citrus and a subtle presence of Bergamot. High nicotine level.

Fine Grind - Medium to Dry Moisture
Wilson's of Sharrow Super Menthol (25g)

Strong menthol flavours are combined with delicious citrus notes to balance the blend. Medium Nicotine.

Medium Grind - Medium Moisture
Wilson's of Sharrow SM 500 (25g)

SM stands for Sharrow Medicated, which indicates flavouring of Menthol crystals and Eucalyptus oils. This blend pushes the menthol of Super Menthol to a more instense level well the citrus notes are less present. High nicotine.

Fine Grind - Medium Moisture

Loose Roll Your Own Tobacco

Goodfellas has a wide selection of the best available rolling tobaccos available on the market. From our high quality in-house tobaccos, to Canada's natural tobacco offerings, Goodfellas can offer something to match your tastes.

Goodfellas House East Carolina Ribbon

A beautiful, bright, mild & smooth new belt Virginia ribbon with a slight citrus taste. Smokes cool & is ideal for rolling. A mild smoke, that could be considered as a less processed version of a Canadian cigarette tobacco.

Goodfellas House Golden Virginia

This is a classic flue-cured Virginia tobacco in a fully rubbed-out and finely cut form, making it a good premium tobacco for rolling. Subtle vanilla aromatics, and a full flavour make for an interesting and delicious smoke.

Goodfellas House Sweet Sunny Virginia

A smooth, light to medium-bodied semi-fine cut Virginia mixture. The orange and yellow Virginia grades which make up the bulk of this mixture are mellow, smooth, and produce a wonderful room note. Notes of subtle sweetness and dried fruit aroma make for a pleasent experience while rolling your own.

CNT (Canadian Natural Tobacco)

Manufactured by Kretek international CNT is an additive free tobacco made for the Canadian market. A easy smoking, smooth virginia tobacco.

Drum Regular

Drum is a very fine cut shag, halfzware style of rolling tobacco. Meaning a half strength mix of Virginia and Burley. It is the worl'ds most popular rolling tobacco, especially in Europe.

Drum Mild

Drum is a very fine cut shag, halfzware style of rolling tobacco. Meaning a half strength mix of Virginia and Burley. This is a milder blend of the traditional blend, smokeing lighter on the palette.

KEOPS Golden Virginia

Searching for the famous **Green British Golden Virginia** tobacco in Canada? Goodfellas has your solution! **Keops Golden Virginia** is a direct copy of the famous British rolling tobacco and when tested side by side, no perceivable difference can be found.

Northfield RYO

Northfield is an additive free tobacco grown in Ontario, being produced by a farming collective. The tobacco is mildly stronger than other Canadian tobacco yet still burns fairly smooth.

Northfield Organic RYO

Grown entirely in Canada at an isolated Organic farm, this Pro-Cert certified Organically Grown tobacco offers a high quality smoking experience. The first organically certified product of it's kind grown entirely in Canada.

Yuma RYO

******Unfortunately, it appears Yuma tobacco may no longer be available in Canada. Consistent unavailability has persisted for a year now******

Yuma loose tobacco is an organic tobacco grown in Brazil and packaged in Germany. Yuma brand is produced under strict guidelines in order to meet IMO standards for organic certification. It is a full flavour tobacco.

Papers

Papers for your tobacco, everybody has their own personal preference, let us help you find yours. Thick, thin, organic, rice or hemp - How do you like to roll?

Elements (Size: Single Wide / Double Window)

Elements are a high quality pure rice paper, with a natural sugar gum, that produce no ash while burning. They are very thin, and have a watermark to ensure even burning. No chemicals, no pulp and no hemp.

Gizeh Pure Fine (Size: Single Wide / Double Window)

Gizeh Pure are an unbleached, certified organic hemp paper. It uses natural Arabic gum glue, it burns very slowly, and is of a very high quality. German company, Made in Austria.

Gizeh Pure Extra Fine (Size: 1 1/4)

Gizeh Pure are an unbleached, certified organic hemp paper. It uses natural Arabic gum glue. Extra Fine's are even thinner and use a watermark to burn extremely slowly. Very high quality paper. German company, Made in Austria.

Gizeh Fine (Size: Single Wide / Double Window)

Gizeh fine are a superb rice paper. A magnetic closure protects your papers from waste and Gizeh's natural gum works well. A nice slow burning paper.

Gizeh Super Fine (Size: Single Wide / Double Window)

Gizeh super fine are so thin, that they are almost transparent. This is the thinnest rolling paper available. Uses a natural Arabic

This is the thinnest rolling paper available. Uses a natural Arabic gum and features a magnet to keep the flap closed. German company, Made in Austria.

Juicy Jay's Blueberry Flavour (Size: 1 1/4)

Juicy Jay's are the world's #1 selling flavoured paper. Not just aromatic, but sweet to the taste. Made in the tradition of the original Spanish flavoured papers. Each paper is triple dipped. They are made of hemp. ✔

Bluntarillo's can be smoked as a cigar, or untwisted to reveal three flavoured tobacco wraps as well as a natural outside wrapper. They use the Spanish tradition of flavouring for intense and rich flavour.

Juicy Jay's Bluntarillo Watermelon (Tobacco Blunt Paper)

Bluntarillo's can be smoked as a cigar, or untwisted to reveal three flavoured tobacco wraps as well as a natural outside wrapper. They use the Spanish tradition of flavouring for intense and rich flavour.

Juicy Jay's Bluntarillo Classic Whisky (Tobacco Blunt Paper)

A new format for the same Bluntarillo. The cigar is heavier to make it compliant with Canadian law, but three flavoured tobacco papers remain on the inside if you untwist it. Flavoured using the ✔

papers remain on the inside if you untwist it. Flavoured using the Spanish tradition for intense and rich flavour.

Kingpin Blunt Thin Wraps (Tobacco Blunt Paper)

Kingpin are a traditional tobacco wrap that is unflavoured and fairly thin. They come 20 in a pack, and each one contains a small bottle of extra glue. ✔

OCB Premium Black (Size: Single Wide / Double Window)

Premium French Flax & Hemp paper, and the most popular paper in Europe. This a premium thin paper know for its excellent construction. They use a natural arabic gum. ✔

OCB Organic Hemp (Size: 1 1/4)

A pure Hemp organic paper from France. This was released to cater to the growing crowd of smokers looking for Organic options. An excellent rolling option. ✔

Pure Hemp (Size: 1 1/4)

Pure Hemp offers a pure Hemp paper of moderate thickness. No watermark can occasionally result in unevenburning, but the extra thickness does make it easier to roll. ✔

Pure Hemp Unbleached (Size: 1 1/4)

Pure Hemp offers a pure Hemp paper of moderate thickness, not super thin but not overly thick. No watermark can occasionally result in unevenburning, but the extra thickness does make it easier to roll. The unbleached papers are made entirely from hemp fibres and are chlorine and bleach free. ✔

Raw Classic (Size: Single Wide / Double Window)

Raw unrefined papers transformed the perception of what a rolling paper could be. Made of non-chlorinated plant fibres (Flax & Hemp) and a natural gum. They include a criss-cross watermark for even burn and are Non-GMO, GF, Windmill Powered & Vegan. ✔

Raw Classic (Size: 1 1/4)

Raw unrefined papers transformed the perception of what a rolling paper could be. Made of non-chlorinated plant fibres (Flax & Hemp) and a natural gum. They include a criss-cross watermark for even burn and are Non-GMO, GF, Windmill Powered & Vegan. ✔

Raw Organic Hemp (Size: 1 1/4)

Made from organically grown, unrefined hemp fibres and in an eco-friendly manner. A thin tanned paper, with the Raw watermark to ensure even burn. ✔

Rizzla Silver (Size: Single Wide)

Made from Flax & some wood material, they're one of the world's most used papers. Rizzla Silver is an ultra thin, that provides a slow burn. ✔

Rizzla Blue (Size: Single Wide)

Made from Flax & some wood material, they're one of the world's most used papers. Rizzla Blue is slightly thicker than silver, for a more free burning roll. ✔

Zig Zag White (Size: Single Wide)

Zig Zag's Whites are iconic. Their thickness (thin but not too thin) make for one of the easiest rolls of any paper. It is unclear what the papers are made of. They use an animal byproduct glue, which is very effective, if you don't mind that it's animal based. ✔

Zig Zag Blue (Size: Single Wide)

Zig Zag Blue (Size: Single Wide)

Zig Zag's Blue's are a thicker paper that burns faster, and more typical of a taylor-made cigarette burn. It is unclear what the papers are made of. They use an animal byproduct glue, which is

Raw Organic Hemp (Size: 1 1/4)

Made from organically grown, unrefined hemp fibres and in an eco-friendly manner. A thin tanned paper, with the Raw watermark to ensure even burn.
