Millicent Canady, Paralegal Specialist:

On March 20, 2015, applicant filed a request to divide and an amendment to the subject application.

Accordingly, proceedings in the appeal are suspended and the application is forwarded to the Intent to Use Division of the Office to consider the request to divide.

The Board notes that the final office action dated December 17, 2014, only pertained to class 009, which is subject to this appeal proceeding. Inasmuch as the request to divide will create a new application dividing out class 009 which is not subject to this appeal proceeding, if the request to divide is approved, the Intent to Use Division should forward the newly

created “child” application to the Trademark Examining Attorney for further processing towards a registration.

Once the divisional request is completed, the Board should be notified so that appropriate action can be taken with respect to the “parent” application.
