★★★★★ **This..is the REAL deal!!!**

By Justin T on April 9, 2014

I am in the process of trying to cut and get lean for the summer approaching this year. I'm not so interested in losing weight as I am in losing bodyfat. I started taking these a few weeks ago, one capsule 15 mins prior to my daily half-hour HIIT cardio session, and in that time my bodyfat percentage has dropped from 29% to 26.9%. Absolutely excellent! And best thing is that there are no side effects such as jitters, or uncomfortable heart rate, crash, nothing. Just a very slight warming sensation throughout the body. I will continue to take these for the next several months in order to aid in decreasing my bodyfat.

I am a female in my 40's trying to get rid of that 5-10 lbs that has been hanging around my middle section.... for years. I have been taking W700 for several weeks now- it gives me the extra kick I need in the afternoon to get through the day and power through a great workout! I have lost 5 of the stubborn lbs - without giving up the food or wine that I love :) Thank you Ubervita!!

- Q:** Did anyone received a bottle different than the picture above?
- A:** yes the white bottle was used before the above pictured bottle. I received the white bottle in my last order as well. i will say i think the capsules used in the pictured bottle have a little extra kick. BUT the veggie capsules pills used in the white bottles are still effective. I hope this helps.

★★★★★ I love it my savior!

By andrew jackson on September 30, 2014

Being obese is really hard. Not being able to reach your feet. Having more than one chin. People looking at you every time. shirts that don't fit you. Having a hard time standing up. Weighing scales telling you, "off! Get out of me! Lose some weight!" Having a hard time typing on your phone because of huge fingers.

And I am already worn out of these things and decided to change my body size and weight.

It is not easy. Never easy. I almost starve myself or kill myself with so much exercise and work out. Until I saw this product in Amazon. I tried it and I am so happy with the result, losing 5 pounds in 1 week. I changed my diet from starvation to simple and not-so-strict diet. And also changed my work out from deady to normal and light work outs.

I am continually losing weight and I love it. I will be posting another post after taking 3 bottles to inform you how great it became with me.

I also received the bottles early. I usually receive it on the first day of the expected arriving dates or days even before it. The company is really true with their words.

★★★★★ Works Fine

By M.R. Reviews on August 22, 2014

These supplements does everything they said it would. It helped me lose 15 pound within a month and eliminated my late night snacking cravs. The only thing I didn't really care for was the taste going down. But I will say once it was down I didn't taste any after taste.

★★★★★ A big part of my weight loss plan

By DDJones on October 5, 2014

Verified Purchase

When I started taking this, I was 220 pounds, but after taking his for one and a half months, I have lost over thirty pounds! Taking this garcinia was a big part of my weight loss, but part of it was also watching the carbs and that I ate when I was taking this. It wasn't hard, too, because garcinia always made me feel full even before I started eating! I take a capsule before I eat and suddenly, not so hungry anymore! This is an A+ product and I hope that this helped other people lose weight.

★★★★★ I am now believing

By VThomas23 on September 27, 2014

Verified Purchase

My husband has been taking this extract for more than 2 weeks already. I was not supporting him for taking it because I never believed on diet pills. I am more sure of having a strict diet and consistent exercise to help me lose weight. He is so stubborn and we took two road. I was on a strict diet and exercise while he is on a simple exercise with the diet pill.

You know what happened?

I lost 3 pounds on 2 weeks and he lost 9 pounds. 7 pounds difference? That is huge. I ate everything I said about the product and I purchased my own bottle. I am now believing that they work already. Although I will still be exercising and on a simple diet to help me lose more weight in a small time. This must be a magic pills as what my husband said.
